INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of the Kibo Software 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of the Kibo Software 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 Financial Statements").

Plan management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Plan management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section:

- the amounts and disclosures in the 2021 Financial Statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 Financial Statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of the Kibo Software 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Plan Management for the Financial Statements

Plan management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Plan management's election of the ERISA Section 103(a)(3)(C) audit does not affect Plan management's responsibility for the financial statements.

In preparing the financial statements, Plan management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Kibo Software 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Plan management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Kibo Software 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by Plan management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Kibo Software 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—2021 Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of Plan management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter—Auditor's Report on the 2020 Financial Statement

We were engaged to audit the 2020 financial statement of the Kibo Software 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 13, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statement, and (b) the form and content of the information included in the 2020 financial statement other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Kibo Software 401(k) Plan
Notes to Financial Statements
As of December 31, 2021 and 2020 and for the Year Ended December 31, 2021

1. Description of Plan

The following description of the Kibo Software 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution Plan covering substantially all employees of Kibo Software, Inc. and its participating subsidiaries, affiliates and locations (collectively, the “Company”, “Plan Sponsor” or “Employer”), as described in the Plan document, who are age 18 or older. Employees who are covered by a collective bargaining agreement, unless the agreement requires the employees to be included in the Plan, are ineligible to participate in the Plan. Eligible participants may enter the Plan on the first day of the month. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

On October 10, 2019, Kibo Software, Inc. entered into an agreement to acquire Monetate, Inc. As a result of this acquisition, effective January 1, 2021, the Monetate 401(k) Savings Plan was merged with and into the Plan (see Note 10). Due to the nature and timing of the transfer, the assets of the Monetate 401(k) Savings Plan were still held at December 31, 2020 by the trustee of the Monetate 401(k) Savings Plan, and were physically transferred subsequent to December 31, 2020 to Fidelity Management Trust Company, the trustee of the Plan.

However, for Form 5500 purposes, all assets, liabilities and participants ceased to be part of the Monetate 401(k) Savings Plan as of December 31, 2020 and such amounts are reported as zero on the December 31, 2020 Form 5500 of the Monetate 401(k) Savings Plan. The amounts totaling \$4,278,650 that merged into the Plan from the Monetate 401(k) Savings Plan were considered to be due to the Kibo Software 401(k) Plan on December 31, 2020 and such amounts are reflected in the accompanying statement of net assets available for benefits as “due from affiliated plan” as of December 31, 2020 and a “transfer from affiliated plan” in the statement of changes in net assets available for benefits for the year ended December 31, 2020.

Contributions

Each year, participants may contribute up to 100 percent of their pre-tax eligible annual compensation, as defined in the Plan document. Contributions may also be designated as Roth 401(k) contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled into the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4 percent of eligible compensation and their contributions invested in a designated age-appropriate target date fund until changed by the participant.

The Company may elect to make a discretionary matching employer contribution to the Plan based on a discretionary percentage of base compensation that a participant contributes to the Plan. For the year ended December 31, 2021, the discretionary matching employer contribution was 50 percent of the first 4 percent of the base compensation that participants contribute to the Plan. The Company may, at its discretion, make additional profit-sharing contributions to the Plan on an annual basis. There were no profit-sharing contributions for the year ended December 31, 2021.

Contributions are subject to certain Internal Revenue Service (“IRS”) limits.

Participant Accounts

Each participant’s account is credited with the participant’s contribution as well as any discretionary employer match and profit-sharing contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances,

Notes to Financial Statements

or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants direct the investment of their contributions into various mutual fund and collective investment trusts investment options, as well as a stable value fund offered by the Plan and maintained by the trustee of the Plan. Participants may change their investment options at any time.

Forfeited Amounts

As of December 31, 2021 and 2020, forfeited non-vested accounts totaled \$36,393 and \$10,467, respectively. Forfeitures may be used to pay administrative expenses of the Plan and/or to reduce employer contributions. During the year ended December 31, 2021, forfeitures of \$0 were used to reduce employer contributions and forfeitures of \$29 were used to pay administrative expenses of the Plan.

Vesting

Participants are vested immediately in their contributions, including their elective pre-tax deferral contributions, Roth 401(k) deferrals, and rollover contributions, plus actual earnings thereon.

Each participant is vested in the discretionary matching employer contribution and profit-sharing contributions according to the following schedule based upon years of service:

<u>Years of Service</u>	<u>Percent Vested</u>
Less than 1	0%
1	50%
2	100%

Participants that were merged into the Plan from the Shopatron Inc. 401(k) Plan on November 1, 2016, are vested in their legacy discretionary profit-sharing contributions according to the following schedule based upon years of service:

<u>Years of Service</u>	<u>Percent Vested</u>
Less than 1	0%
1	25%
2	50%
3	75%
4	100%

Participants that merged into the Plan from the Certona Corporation 401(k) Plan on January 1, 2020, are 100% vested in their legacy safe harbor matching contributions.

A participant is 100 percent vested upon death, disability, normal retirement age (65) or early retirement (age 55 and completion of five years of vesting service).

CARES Act Provisions Adopted

Effective March 27, 2020, the Plan adopted provisions under the Coronavirus Aid, Relief and Economic Security Act (the "CARES Act") including:

- Permitting qualified participants to receive coronavirus-related distributions. Eligible coronavirus-related distributions could be taken up to December 30, 2020 and may be repaid within three years; and
- Allowing for qualified participants to suspend loan repayments due through December 31, 2020. Suspended loan repayments resumed during 2021, and the loans were reamortized to extend the payoff period by one year and include accrued interest for the suspension period.

Payment of Benefits

On termination of service due to death, disability, retirement or otherwise, a participant may elect to receive a lump sum or partial amount equal to the value of the participant's vested interest in his or her account. In circumstances when a terminated participant has a vested account balance less than \$5,000, the participant's

Kibo Software 401(k) Plan
Notes to Financial Statements
As of December 31, 2021 and 2020 and for the Year Ended December 31, 2021

vested account balance shall be distributed in a lump sum. In the event of a mandatory distribution greater than \$1,000, if the participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly, then the Plan administrator will pay the distribution in a direct rollover to an individual retirement account designated by the Plan administrator. Hardship and in-service distributions are also permitted from participant accounts, based on the terms of the Plan document.

Notes Receivable from Participants

Participants may borrow from their accounts at a maximum amount equal to the lesser of \$50,000 or 50 percent of their vested account balances. A participant may only have two loans outstanding at any time. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions. Loan terms shall not extend beyond five years from the date of the loan, unless the loan is for the purchase of a participant's primary residence.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to the fully benefit-responsive investment contract because the contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The financial statements include the fully benefit-responsive investment contract and its related activity on a contract value basis (see Note 5).

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price). The Plan's investment committee determines the Plan's investment policies utilizing information provided by the investment advisors and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants (participant loans for Form 5500 reporting purposes) are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payments of Benefits

Benefits are recorded when paid.

Administrative Expenses

All reasonable administrative expenses, including trustee, custodial and third party administration fees necessary to operate and administer the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses of

Kibo Software 401(k) Plan
Notes to Financial Statements
As of December 31, 2021 and 2020 and for the Year Ended December 31, 2021

maintaining the Plan that are paid directly by the Company are excluded from these financial statements. A participant's account may be charged for expenses associated with a specific optional feature, including administration of participant loans, elected by that participant, and are included in administrative expenses. Certain investment related expenses are included in the net appreciation in fair value of investments.

Excess Contributions Payable

The Plan is required to return contributions received during the Plan year in excess of Internal Revenue Code limits. At December 31, 2020, the Plan had excess contributions. Such excess contributions are recorded as a liability with a corresponding reduction in contributions. The Plan distributed the 2020 excess contributions to the applicable participants during 2021.

3. Information Certified by a Qualified Institution

The Plan administrator having determined that it is permissible in the circumstances elected to have the audit of the Plan performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information included in the accompanying financial statements and ERISA-required supplemental schedule of assets (held at end of year) was obtained or derived from information obtained by the Plan administrator and certified as complete and accurate by Fidelity Management Trust Company, a qualified institution and trustee of the Plan, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

- Investments, at fair value, fully benefit-responsive investment contract, at contract value, accrued income and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Investment activity, including interest and dividend income, net appreciation in fair value of investments, and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2021.
- The information for all registered investment companies (mutual funds), collective investment trusts and participant loans listed in the schedule of assets (held at end of year) as of December 31, 2021 as shown in the ERISA-required supplemental schedule.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the Financial Accounting Standards Board ("FASB") Accounting Standards Codification are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Kibo Software 401(k) Plan
Notes to Financial Statements
As of December 31, 2021 and 2020 and for the Year Ended December 31, 2021

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used as of December 31, 2021 and 2020.

<i>Mutual funds:</i>	Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The shares of mutual funds held by the Plan are deemed to be actively traded.
<i>Common investment trusts:</i>	Valued at the net asset value or equivalent based on units of the collective investment trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is generally based on the fair value of the underlying investments held by the collective investment trust less its liabilities. This practical expedient is not used when it is determined to be probable that the collective investment trust will sell the investment for an amount different than the reported NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Investments, at fair value:				
Mutual funds	\$ 6,194,264	\$ 6,194,264	\$ -	\$ -
Collective investment trusts (*)	18,896,206	-	-	-
Total	<u>\$ 25,090,470</u>	<u>\$ 6,194,264</u>	<u>\$ -</u>	<u>\$ -</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements as of December 31, 2020:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Investments, at fair value:				
Mutual funds	\$ 4,456,743	\$ 4,456,743	\$ -	\$ -
Collective investment trusts (*)	13,155,676	-	-	-
Total	<u>\$ 17,612,419</u>	<u>\$ 4,456,743</u>	<u>\$ -</u>	<u>\$ -</u>

*In accordance with fair value measurement guidance, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented as investments in the statements of net assets available for benefits.

Kibo Software 401(k) Plan
Notes to Financial Statements
As of December 31, 2021 and 2020 and for the Year Ended December 31, 2021

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2021, there were no transfers in or out of levels 1, 2, or 3.

The following table sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share (or its equivalent) as of December 31, 2021 and 2020.

<u>Investment Type</u>	<u>Fair Value</u>	<u>Fair Value</u>	<u>Unfunded</u>	<u>Redemption</u>	<u>Redemption</u>
	<u>December 31,</u>	<u>December 31,</u>			
	<u>2021</u>	<u>2020</u>	<u>Commitments</u>	<u>Frequency</u>	<u>Notice</u>
					<u>Period</u>
Collective investment trusts	\$ 18,896,206	\$ 13,155,676	\$ -	Daily	Daily

The Plan's investment options include collective investment trusts which are designed to mirror the investment strategies of similar registered investment companies (mutual funds), including target date funds of Fidelity Institutional Asset Management ("FIAM"). These collective investment trusts are redeemable at net asset value under agreements with the underlying collective investment trusts. However, it is possible that these redemption rights may be restricted by the collective investment trusts in the future in accordance with underlying fund agreements. Due to the nature of the investments held by the collective investment trusts, changes in market conditions and the economic environment may significantly impact the net asset value of the collective investment trusts, and consequently, the fair value of the Plan's interest in the collective investment trusts. Furthermore, changes in the liquidity provisions of the funds may significantly impact the fair value of the Plan's interest in the collective investment trusts.

5. Fully Benefit-Responsive Investment Contracts

As of December 31, 2020, the Plan, through the Fidelity Blended Stable Value Fund, held the Great West Key Guaranteed Portfolio Fund, a traditional investment contract in the amount of \$78,059. This contract was transferred to the Plan through the merger of the Certona Corporation 401(k) Plan with and into the Plan. This contract met the fully benefit-responsive investment contract criteria and therefore was reported at contract value. During 2021, the lock-up provisions of the contract were satisfied, and the remaining amounts related to this contract held through the Fidelity Blended Stable Value Fund were transferred to the Fidelity Government Market Fund which are also held through the Fidelity Blended Stable Value Fund.

6. Related Party and Party-in-Interest Transactions

Certain Plan investments are shares of registered investment companies (mutual funds), collective investment trusts, and a stable value fund (fully benefit-responsive investment contract) managed by Fidelity Management Trust Company ("FMTC") or affiliates. FMTC is the trustee and recordkeeper of the Plan. Therefore, these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA. Fees incurred by the Plan for investment management services are included in the net appreciation in fair value of investments. Fees paid directly from participant accounts, including those for the administration of participant loans, are included in administrative expenses. Additionally, for participants who have elected to take a participant loan, the loans are secured by the respective participant's account balance.

Kibo Software 401(k) Plan
Notes to Financial Statements
As of December 31, 2021 and 2020 and for the Year Ended December 31, 2021

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will remain 100 percent vested in their accounts.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Tax Status

Effective November 1, 2016, through the adoption of a Fidelity Volume Submitter Defined Contribution Plan, the Plan was amended and restated. The IRS issued an advisory letter dated March 31, 2014, stating that the volume submitter profit sharing plan document as then designed was in accordance with applicable Internal Revenue Code ("IRC") requirements. Although the Plan has been amended since receiving the advisory letter, management of the Plan believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes the Plan, as amended, is qualified and the related trust is tax-exempt. Therefore, no provision for incomes taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

10. Plan Amendments

Effective January 1, 2021, the Plan was amended to merge the Monetate 401(k) Savings Plan with and into the Plan.

11. Subsequent Events

Effective May 9, 2022, the Plan was amended and restated by adopting a Fidelity pre-approved defined contribution plan in order to make general administrative changes, including incorporating past amendments and adopting required amendments pursuant to statutory changes.

The Plan has evaluated subsequent events through October 14, 2022, the date the financial statements were available to be issued.
