Independent Auditor's Report

Investment Committee
Granicus, LLC 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Granicus, LLC 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (the 2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Emphasis of Matter

As discussed in Note 1 to the financial statements, the GovQA, Inc. 401(k) and Insperity 401(k) Plans merged with the Plan effective November 10, 2021 and November 12, 2021, respectively. All GovQA, Inc. 401(k) and Insperity 401(k) Plan assets were transferred to the Granicus LLC 401(k) Savings Plan. Our ERISA Section 103(a)(3)(C) audit opinion was not modified with respect to this matter.

2021 Supplemental Schedules Required by ERISA

The supplemental schedules, schedule H, line 4a—schedule of delinquent participant contributions for the year ended December 31, 2021, and schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated August 26, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Granicus, LLC 401(k) Savings Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of Granicus, LLC 401(k) Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General: The Plan is a defined contribution plan and is sponsored by Granicus, LLC (the Company). The Company has adopted a nonstandardized prototype plan sponsored by Ascensus LLC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Administrator is responsible for oversight of the Plan. The Plan has an Investment Committee that determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Plan merger: Effective as of November 10, 2021, the GovQA, Inc. 401(k) Plan was merged into the Plan. As a result, participants' account balances totaling approximately \$2,710,000 were transferred from the GovQA, Inc. 401(k) Plan. Effective as of November 12, 2021, the Insperity 401(k) Plan was merged into the Plan. As a result, participants' account balances totaling approximately \$109,000 were transferred from the Insperity 401(k) Plan. The amounts are shown as transfers from other plan on the statement of changes in net assets available for benefits for the year ended December 31, 2021.

Eligibility: Employees are eligible to make salary deferral contributions once they attain age 18. Leased employees, nonresidents and employees covered by a collective bargaining agreement are not eligible to participate in the Plan. Employees enter the Plan on the first day of the payroll period after satisfying the eligibility requirement. In order to share in the discretionary matching and profit sharing contributions, participants must have met the eligibility requirements and be employed on the last day of the plan year.

Contributions: Participants may elect salary deferral contributions (both pre- and post-tax contributions) up to the maximum allowed by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Plan includes an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect otherwise. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in a target date retirement fund unless changed by the participant.

The Company may make a discretionary matching contribution to the Plan, which is currently 100% of the amount of the employee's elective deferrals that do not exceed 1% of the employee's compensation plus 50% of the amount of the employee's elective deferrals that exceed 1%, but do not exceed 6% of the employee's compensation. The Plan also allows for discretionary profit sharing contributions. Profit sharing contributions are allocated on a pro rata basis to a participant based on their compensation divided by the total compensation of all participants. There were no discretionary profit sharing contributions for the year ended December 31, 2021.

Investment elections: Contributions are allocated to the various investment options offered by the Plan as directed by participants. Participants with a balance of \$25,000 or more have an option to self-direct funds outside of the Plan's investment options. As of December 31, 2021 and 2020, there were no funds invested in self-directed accounts.

Participant accounts: Each participant's account is credited with the participant's contributions, the Company's contributions, if any, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Plan earnings and losses are allocated based on account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1. Plan Description (Continued)

Vesting: Participants are always 100% vested in their account balance attributable to salary reductions, rollover contributions and related earnings. The matching contribution and related earnings portion of their account is 100% vested after two years of service. The participant vests 20% each year, beginning after one year of service, and is 100% vested after six years of service, in their employer profit sharing contributions and earnings thereon. Upon termination of employment, any nonvested amount of employer-derived contributions is forfeited.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 and up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. Loan terms range from one to five years. The loans are secured by the vested balance in the participant's account and bear interest at the prime interest rate plus 1.0%. At December 31, 2021, the loans bear interest at 4.25% to 6.50% and are due at various dates through September 2036. Principal and interest are paid ratably through payroll deductions.

Normal retirement: Normal retirement is age 59½; early retirement is not permitted. Participants vest 100% at age 59½ in their employer-derived contributions and earnings thereon.

Payment of benefits: A participant or a participant's beneficiary is entitled to 100% of the account balance in the event of permanent disability or death, or their vested balance at retirement. Account balances of participants who terminate prior to attaining age 59½ with vested benefits of \$1,000 or less are automatically distributed in single lump sums as soon as practicable after the event occurs that entitles the distribution. Terminated participants with account balances outside of these requirements must provide their consent for distribution and may leave their accounts in the Plan. The Plan allows for in-service and hardship distributions, as defined.

Forfeited accounts: Forfeited nonvested accounts totaled \$105,634 and \$103,800 at December 31, 2021 and 2020, respectively. These accounts will be used to fund future employer contributions. During 2021, there were no forfeitures used to fund employer contributions.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Valuation of investments and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisors, custodian and other third parties. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Granicus, LLC 401(k) Savings Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020.

Notes receivable from participants have been classified as an investment asset for Form 5500 reporting purposes and, accordingly, have been included as an investment in the supplemental schedule, schedule H, line 4i—schedule of assets (held at end of year).

Benefits paid: Benefits paid to participants are recorded when paid.

Administrative expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of distributions and notes receivable from participants are charged directly to the participants' accounts and are included in administrative expenses. Investment-related expenses are included as an offset to net investment results.

Subsequent events: The Plan Administrator has evaluated subsequent events through October 17, 2022, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by the Agent on Behalf of the Custodian

The following is a summary of the Plan's asset information as of December 31, 2021 and 2020, and for the year ended December 31, 2021, included throughout the Plan's financial statements and ERISA-required supplemental schedule, schedule h, line 4i—schedule of assets (held at end of year), obtained by management and agreed to or derived from information provided by Ascensus, Inc., as agent for Ascensus Trust Company. The Plan Administrator has obtained certifications from the agent on behalf of the custodian that information provided to the Plan Administrator by the agent on behalf of the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to information that appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets:

	December 31	
	2021	2020
Investments at fair value:		
Mutual funds	\$ 34,948,272	\$ 26,648,831
Collective trust fund	746,746	778,195
Interest-bearing cash	1,861	97,499
Notes receivable from participants	349,997	274,273

Notes to Financial Statements

Note 3. Information Certified or Provided by the Agent on Behalf of the Custodian (Continued)

Ascensus, Inc., as agent for Ascensus Trust Company, also certified to the completeness and accuracy of \$3,925,732 of net appreciation in fair value of investments, \$601,030 of interest and dividends related to the aforementioned investments, and \$13,182 of interest income on notes receivable from participants for the year ended December 31, 2021.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification (ASC) Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Classification within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Mutual funds are valued at the daily closing price reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Granicus, LLC 401(k) Savings Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Collective trust fund: The collective trust fund is valued at the NAV of units of a collective trust. The NAV as provided by the trustee is used as a practical expedient to estimate fair value and is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Interest-bearing cash: Interest-bearing cash is valued at the NAV of the unit as reported by the investment manager at year-end.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020:

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 34,948,272	\$ -	\$ -	\$ 34,948,272
Interest-bearing cash	-	1,861	-	1,861

Investment measured at net asset value (a)				746,746
Investments at fair value				<u>\$ 35,696,879</u>

Assets at Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 26,648,831	\$ -	\$ -	\$ 26,648,831
Interest-bearing cash	-	97,499	-	97,499
Total investments in the fair value hierarchy	<u>\$ 26,648,831</u>	<u>\$ 97,499</u>	<u>\$ -</u>	26,746,330
Investment measured at net asset value (a)				778,195
Investments at fair value				<u>\$ 27,524,525</u>

- (a) In accordance with ASC Subtopic 820-10, certain investments that were measured at NAV or its equivalent have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Granicus, LLC 401(k) Savings Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2021 and 2020:

	Fair Value as of December 31		Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
	2021	2020			
Collective trust fund	\$ 746,746	\$ 778,195	N/A	Daily	60 days

Note 5. Related-Party Transactions and Party-in-Interest Transactions

Certain plan investments are managed by Wheeler Associates (Wheeler), which also provides investment management services for the Plan. Wheeler is not compensated by the Plan, but receives indirect compensation from the Plan's investments. In addition, the Plan pays Ascensus, Inc. for the administration of the Plan. Fees paid by the Plan for plan administration are included in the statement of changes in net assets available for benefits. The Company directly paid other fees related to the Plan's operations. These transactions qualify as party-in-interest transactions.

Note 6. Tax Status

The Plan adopted a nonstandardized prototype plan sponsored by Ascensus LLC. The prototype plan sponsor obtained its most recent determination letter dated January 1, 2018, in which the IRS stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended subsequent to the version of the prototype plan receiving the determination letter, the Plan Administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC, and therefore, believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2021 statement of net assets available for benefits.

Notes to Financial Statements

Note 9. Nonexempt Prohibited Transactions

During 2021 and 2020, the Company inadvertently failed to deposit \$1,520 and 7,256, respectively, of participant deferrals within the required timeframe as stated by the United States Department of Labor (DOL) regulations. The Company intends to reimburse the Plan for lost interest. The Company intends to file Form 5330 and intends to pay the applicable excise tax in 2022. The excise tax payments will be made from the Company's assets and not from assets of the Plan.
