INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of
Kinetics Noise Control Employee Investment Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Kinetics Noise Control Employee Investment Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits – modified cash basis as of December 31, 2021, and the related statement of changes in net assets available for benefits – modified cash basis for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the 2021 audit of Kinetics Noise Control Employee Investment Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section –

- the amounts and disclosures in the accompanying 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting as described in Note 2.
- the information in the accompanying 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Kinetics Noise Control Employee Investment Plan and Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the 2021 financial statements.

Basis of Accounting

We draw attention to Note 2 of the financial statements which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting as described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements and circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Kinetics Noise Control Employee Investment Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Kinetics Noise Control Employee Investment Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Kinetics Noise Control Employee Investment Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental Schedules of Assets (Held at End of Year) as of December 31, 2021 and Delinquent Participant Contributions for the year ended December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules (modified cash basis), we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedules – modified cash basis, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

The 2020 financial statements and supplemental schedule of Kinetics Noise Control Employee Investment Plan and Trust were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditor not to perform, and they did not perform, any auditing procedures with respect to the information certified by a qualified institution. Their report dated October 13, 2021, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the 2020 financial statements and supplemental schedule, and (b) the form and content of the information included in the 2020 financial statements and supplemental schedule other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

KINETICS NOISE CONTROL EMPLOYEE INVESTMENT PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

1. DESCRIPTION OF PLAN:

The following description of the Kinetics Noise Control Employee Investment Plan and Trust, (the “Plan”), provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution pension plan established January 1, 1990, and most recently amended and restated January 1, 2022. The Plan covers substantially all employees of the Kinetics Noise Control, Inc. who have met certain eligibility requirements (any leased employees are excluded). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Administration of the Plan

Kinetics Noise Control, Inc. is the Plan sponsor and is responsible for the monitoring and administration of the Plan. Associated Trust Company, N.A. (“Associated Bank”), is the Plan’s third-party administrator and is responsible for the general administration of the Plan. Associated Bank also serves as the asset custodian of the Plan.

Eligibility

Effective October 1, 2021, the Plan was amended so that all employees are eligible for employee deferrals after the completion of one hour of service during the first three months of employment and are 21 years of age. Prior to October 1, 2021, all employees were eligible for employee deferrals on the first day of the month after one year of service. A year of service is the period where a participant has worked 1,000 hours. The first year of service begins on the date a participant is hired and ends on the day before a participant’s first anniversary. Employees are eligible for employer matching contributions after one year of service.

Contributions

Participants may contribute up to 100% of pretax annual compensation as defined in the Plan agreement and as allowable by law. Participants are also allowed to contribute a portion of annual compensation on an after-tax basis (Roth contributions). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Plan provides for employer matching contributions equal to 100% of the first 3% of eligible participant compensation, plus 50% of salary deferrals, up to the next 2%, for a maximum 4% of annual compensation.

If a participant meets certain Plan criteria, the Company, at its option, may make a discretionary profit-sharing contribution to the Plan. The Company made discretionary profit-sharing contributions in the amounts of \$480,958 for the year 2020 and \$590,000 for the year 2019 during the years ended December 31, 2021 and 2020, respectively.

Participant accounts

Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s contribution and (b) the participant’s share of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

1. DESCRIPTION OF PLAN: (CONTINUED)

Vesting

Participants are immediately and fully vested in their contributions, Company matching contributions, Company discretionary profit-sharing contributions plus earnings thereon.

Payments of benefits

The full value of a participant's account becomes payable upon retirement age of 65, disability or death. Upon termination of employment for any other reason, a participant's account becomes payable. All benefits will be paid as a lump-sum distribution, or at the option of the participant, benefits can be paid through the purchase of an annuity. In addition, the Plan includes a provision for participants to make withdrawals from their account under certain hardship circumstances. The Plan also provides for participants who have attained the age of 59 ½ to make a withdrawal from their account, subject to certain restrictions. On termination of service, if a participant's account is less than \$5,000, the participant must receive a lump-sum amount equal to the value of his or her account balance.

CARES Act

On March 27, 2020, the Coronavirus Aid, Relief and Economic Security Act ("CARES Act") was signed into law. The CARES Act allows retirement plans to provide participants who are impacted by COVID-19 (as defined in the CARES Act) with greater access to their savings. As permitted by the CARES Act, the Plan opted to implement the following provisions:

- Through December 31, 2020, qualified individuals are permitted to take a distribution in an amount up to \$100,000 from the Plan. Any such distribution is not subject to the 10% early distribution penalty or the mandatory 20% federal income tax withholding rate. Participants who take a qualified distribution have the option to have the distribution taxed over a three-year period, with the ability to recontribute up to the full amount of the distribution within three years and not be subject to federal income tax as a result.
- From March 27, 2020 to September 22, 2020, participants were allowed to borrow the lesser of up to \$100,000 (an increase from \$50,000 previously allowed) or 50% of their vested balance.

Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.

Basis of accounting

The accompanying financial statements of the Plan have been prepared on the modified cash basis of accounting. Certain contributions and the related assets are recognized when received rather than when earned. The accompanying financial statements are not intended to present the Plan's financial position and results of operations in conformity with accounting principles generally accepted in the United States of America ("GAAP").

KINETICS NOISE CONTROL EMPLOYEE INVESTMENT PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Use of estimates

The preparation of the financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). All investments are participant directed.

The Plan administrator is responsible for determining the Plan's valuation policies and analyzing information provided by the investment advisors and record keeper that is used to determine the fair value of the Plan's investments. See Note 4 for further discussion of fair value measurements.

In accordance with the policy of stating investments at fair value, net unrealized appreciation for the year is reflected in the statements of changes in net assets available for benefits. The net appreciation in the fair value of its investments consists of realized gains or losses and unrealized appreciation or depreciation on those investments.

Purchases of securities are recorded on a trade date basis. Investment income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Earnings on investments are allocated on a pro rata basis to individual participant accounts based on the type of investment and the ratio of participant's individual account balance to the aggregate of participant account balances.

Payment of benefits

Benefits are recorded when paid.

Plan expenses

Certain plan expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company (see Note 7). Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of benefits paid to participants or their beneficiaries are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

KINETICS NOISE CONTROL EMPLOYEE INVESTMENT PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

3. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE:

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under Employee Retirement Income Security Act of 1974. Accordingly, Associated Bank, the trustee of the Plan, certified to the Plan administrator the fair value and physical custody of investments to be complete and accurate as of December 31, 2021 and 2020, and investment transactions which are included in the Statements of Net Assets Available for Benefits, as well as investment income, net appreciation in the fair value of investments included in the Statements of Changes in Net Assets Available for Benefits and the information contained in Note 4 concerning investments, and the information included in the Schedule of Assets (Held at End of Year).

4. FAIR VALUE MEASUREMENTS:

U.S. GAAP established a fair value hierarchy that prioritizes the inputs to measure the fair value of the assets or liabilities being measured. Fair value is defined as the exchange value that would be received on the measurement date to sell an asset or to value the amount paid to transfer a liability in the principal or most advantageous market available to the entity in an orderly transaction between market participants. The three levels of the fair value hierarchy are as follows:

- Level 1 Inputs are unadjusted quoted market prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date. Level 1 inputs provide the most reliable measure of fair value as of the measurement date.
- Level 2 Inputs are based on significant observable inputs, including unadjusted quoted market prices for similar assets and liabilities in active markets, unadjusted quoted prices for identical or similar assets or liabilities in markets that are not active or inputs other than quoted prices that are observable for the asset or liability.
- Level 3 Inputs are significant unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (SEC). These funds are valued at the closing price recorded on the active market in which these individual securities are traded. The mutual funds held by the Plan are deemed to be actively traded.

KINETICS NOISE CONTROL EMPLOYEE INVESTMENT PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

4. FAIR VALUE MEASUREMENTS: (CONTINUED)

Common trust fund: Valued at the NAV provided by the administrator of the fund. Issues and redemptions of units are recorded upon receipt of unit holder's instructions based on the determined NAV per unit, which is determined daily. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the instrument for an amount different than the reported NAV. For this fund, there are no unfunded commitments, redemption restrictions and participants can transact daily.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

Fair Value Measurements at December 31, 2021				
	Total Fair Value	Level 1	Level 2	Level 3
Investments at fair value:				
Mutual funds	\$ 24,996,399	\$ 24,996,399	\$ -	\$ -

KINETICS NOISE CONTROL EMPLOYEE INVESTMENT PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

5. TAX STATUS:

The Plan operates under a volume submitter Plan document with an opinion letter dated June 30, 2020 in which the Internal Revenue Service stated that the Plan and related trust, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving this opinion letter. However, the Plan administrator and Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

During the year ended December 31, 2021, the Company failed to remit certain participant contributions to the Plan totaling \$30,903 within the time period prescribed by the Department of Labor Regulations. Delays in remitting contributions and loans to the Plan were due to procedural errors. Any lost earnings due to delays were immaterial.

During 2018, Plan management discovered an operational failure whereby certain eligible employees had inadvertently been excluded from Plan participation. During 2020, Plan management determined the extent of this omission, submitted corrective actions with the IRS Voluntary Correction Program and remitted approximately \$140,000 to the Plan. The failure was fully corrected as of December 31, 2020. The final outcome of the correction process did not have a material impact on the Plan's financial statements or the Plan's qualified tax status.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021 there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2018.

6. RISKS AND UNCERTAINTIES:

The Plan provides for various investment fund options in any combination of mutual funds and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits – modified cash basis.

During 2020, there was an outbreak of the novel coronavirus ("COVID-19") which impacted the financial, global, national and local economy. COVID-19 has affected, and may continue to affect, the economic activity globally, nationally and locally.

KINETICS NOISE CONTROL EMPLOYEE INVESTMENT PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

7. RELATED PARTY AND PARTIES-IN-INTEREST TRANSACTIONS:

Associated Bank manages the Plan's investments and is the custodian, as defined by the Plan, and is the third-party administrator of the Plan. As such fees paid to Associated Bank are party-in-interest transactions. Investment management fees, investment advisory fees and distribution fees paid by the Plan to Associated Bank totaled \$54,521 and \$50,004, respectively, for the years ended December 31, 2021 and 2020.

Investment related expenses are charged to participant accounts and are included in net appreciation of investments.

8. SUBSEQUENT EVENTS:

Management has evaluated subsequent events through October 15, 2022, the date on which the financial statements were available to be issued.

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of
Kinetics Noise Control Employee Investment Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Kinetics Noise Control Employee Investment Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits – modified cash basis as of December 31, 2021, and the related statement of changes in net assets available for benefits – modified cash basis for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the 2021 audit of Kinetics Noise Control Employee Investment Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section –

- the amounts and disclosures in the accompanying 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting as described in Note 2.
- the information in the accompanying 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Kinetics Noise Control Employee Investment Plan and Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the 2021 financial statements.

Basis of Accounting

We draw attention to Note 2 of the financial statements which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting as described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements and circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Kinetics Noise Control Employee Investment Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Kinetics Noise Control Employee Investment Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Kinetics Noise Control Employee Investment Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental Schedules of Assets (Held at End of Year) as of December 31, 2021 and Delinquent Participant Contributions for the year ended December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules (modified cash basis), we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedules – modified cash basis, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

The 2020 financial statements and supplemental schedule of Kinetics Noise Control Employee Investment Plan and Trust were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditor not to perform, and they did not perform, any auditing procedures with respect to the information certified by a qualified institution. Their report dated October 13, 2021, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the 2020 financial statements and supplemental schedule, and (b) the form and content of the information included in the 2020 financial statements and supplemental schedule other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

KINETICS NOISE CONTROL EMPLOYEE INVESTMENT PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

1. DESCRIPTION OF PLAN:

The following description of the Kinetics Noise Control Employee Investment Plan and Trust, (the “Plan”), provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution pension plan established January 1, 1990, and most recently amended and restated January 1, 2022. The Plan covers substantially all employees of the Kinetics Noise Control, Inc. who have met certain eligibility requirements (any leased employees are excluded). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Administration of the Plan

Kinetics Noise Control, Inc. is the Plan sponsor and is responsible for the monitoring and administration of the Plan. Associated Trust Company, N.A. (“Associated Bank”), is the Plan’s third-party administrator and is responsible for the general administration of the Plan. Associated Bank also serves as the asset custodian of the Plan.

Eligibility

Effective October 1, 2021, the Plan was amended so that all employees are eligible for employee deferrals after the completion of one hour of service during the first three months of employment and are 21 years of age. Prior to October 1, 2021, all employees were eligible for employee deferrals on the first day of the month after one year of service. A year of service is the period where a participant has worked 1,000 hours. The first year of service begins on the date a participant is hired and ends on the day before a participant’s first anniversary. Employees are eligible for employer matching contributions after one year of service.

Contributions

Participants may contribute up to 100% of pretax annual compensation as defined in the Plan agreement and as allowable by law. Participants are also allowed to contribute a portion of annual compensation on an after-tax basis (Roth contributions). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Plan provides for employer matching contributions equal to 100% of the first 3% of eligible participant compensation, plus 50% of salary deferrals, up to the next 2%, for a maximum 4% of annual compensation.

If a participant meets certain Plan criteria, the Company, at its option, may make a discretionary profit-sharing contribution to the Plan. The Company made discretionary profit-sharing contributions in the amounts of \$480,958 for the year 2020 and \$590,000 for the year 2019 during the years ended December 31, 2021 and 2020, respectively.

Participant accounts

Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s contribution and (b) the participant’s share of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

1. DESCRIPTION OF PLAN: (CONTINUED)

Vesting

Participants are immediately and fully vested in their contributions, Company matching contributions, Company discretionary profit-sharing contributions plus earnings thereon.

Payments of benefits

The full value of a participant's account becomes payable upon retirement age of 65, disability or death. Upon termination of employment for any other reason, a participant's account becomes payable. All benefits will be paid as a lump-sum distribution, or at the option of the participant, benefits can be paid through the purchase of an annuity. In addition, the Plan includes a provision for participants to make withdrawals from their account under certain hardship circumstances. The Plan also provides for participants who have attained the age of 59 ½ to make a withdrawal from their account, subject to certain restrictions. On termination of service, if a participant's account is less than \$5,000, the participant must receive a lump-sum amount equal to the value of his or her account balance.

CARES Act

On March 27, 2020, the Coronavirus Aid, Relief and Economic Security Act ("CARES Act") was signed into law. The CARES Act allows retirement plans to provide participants who are impacted by COVID-19 (as defined in the CARES Act) with greater access to their savings. As permitted by the CARES Act, the Plan opted to implement the following provisions:

- Through December 31, 2020, qualified individuals are permitted to take a distribution in an amount up to \$100,000 from the Plan. Any such distribution is not subject to the 10% early distribution penalty or the mandatory 20% federal income tax withholding rate. Participants who take a qualified distribution have the option to have the distribution taxed over a three-year period, with the ability to recontribute up to the full amount of the distribution within three years and not be subject to federal income tax as a result.
- From March 27, 2020 to September 22, 2020, participants were allowed to borrow the lesser of up to \$100,000 (an increase from \$50,000 previously allowed) or 50% of their vested balance.

Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.

Basis of accounting

The accompanying financial statements of the Plan have been prepared on the modified cash basis of accounting. Certain contributions and the related assets are recognized when received rather than when earned. The accompanying financial statements are not intended to present the Plan's financial position and results of operations in conformity with accounting principles generally accepted in the United States of America ("GAAP").

KINETICS NOISE CONTROL EMPLOYEE INVESTMENT PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Use of estimates

The preparation of the financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). All investments are participant directed.

The Plan administrator is responsible for determining the Plan's valuation policies and analyzing information provided by the investment advisors and record keeper that is used to determine the fair value of the Plan's investments. See Note 4 for further discussion of fair value measurements.

In accordance with the policy of stating investments at fair value, net unrealized appreciation for the year is reflected in the statements of changes in net assets available for benefits. The net appreciation in the fair value of its investments consists of realized gains or losses and unrealized appreciation or depreciation on those investments.

Purchases of securities are recorded on a trade date basis. Investment income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Earnings on investments are allocated on a pro rata basis to individual participant accounts based on the type of investment and the ratio of participant's individual account balance to the aggregate of participant account balances.

Payment of benefits

Benefits are recorded when paid.

Plan expenses

Certain plan expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company (see Note 7). Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of benefits paid to participants or their beneficiaries are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

KINETICS NOISE CONTROL EMPLOYEE INVESTMENT PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

3. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE:

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under Employee Retirement Income Security Act of 1974. Accordingly, Associated Bank, the trustee of the Plan, certified to the Plan administrator the fair value and physical custody of investments to be complete and accurate as of December 31, 2021 and 2020, and investment transactions which are included in the Statements of Net Assets Available for Benefits, as well as investment income, net appreciation in the fair value of investments included in the Statements of Changes in Net Assets Available for Benefits and the information contained in Note 4 concerning investments, and the information included in the Schedule of Assets (Held at End of Year).

4. FAIR VALUE MEASUREMENTS:

U.S. GAAP established a fair value hierarchy that prioritizes the inputs to measure the fair value of the assets or liabilities being measured. Fair value is defined as the exchange value that would be received on the measurement date to sell an asset or to value the amount paid to transfer a liability in the principal or most advantageous market available to the entity in an orderly transaction between market participants. The three levels of the fair value hierarchy are as follows:

- Level 1 Inputs are unadjusted quoted market prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date. Level 1 inputs provide the most reliable measure of fair value as of the measurement date.
- Level 2 Inputs are based on significant observable inputs, including unadjusted quoted market prices for similar assets and liabilities in active markets, unadjusted quoted prices for identical or similar assets or liabilities in markets that are not active or inputs other than quoted prices that are observable for the asset or liability.
- Level 3 Inputs are significant unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (SEC). These funds are valued at the closing price recorded on the active market in which these individual securities are traded. The mutual funds held by the Plan are deemed to be actively traded.

KINETICS NOISE CONTROL EMPLOYEE INVESTMENT PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

4. FAIR VALUE MEASUREMENTS: (CONTINUED)

Common trust fund: Valued at the NAV provided by the administrator of the fund. Issues and redemptions of units are recorded upon receipt of unit holder's instructions based on the determined NAV per unit, which is determined daily. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the instrument for an amount different than the reported NAV. For this fund, there are no unfunded commitments, redemption restrictions and participants can transact daily.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

Fair Value Measurements at December 31, 2021				
	Total Fair Value	Level 1	Level 2	Level 3
Investments at fair value:				
Mutual funds	\$ 24,996,399	\$ 24,996,399	\$ -	\$ -
Investments measured at net asset value:				
Common trust fund	1,228,027			
Total investments at fair value	\$ 26,224,426			
Fair Value Measurements at December 31, 2020				
	Total Fair Value	Level 1	Level 2	Level 3
Investments at fair value:				
Mutual funds	\$ 24,783,163	\$ 24,783,163	\$ -	\$ -

KINETICS NOISE CONTROL EMPLOYEE INVESTMENT PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

5. TAX STATUS:

The Plan operates under a volume submitter Plan document with an opinion letter dated June 30, 2020 in which the Internal Revenue Service stated that the Plan and related trust, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving this opinion letter. However, the Plan administrator and Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

During the year ended December 31, 2021, the Company failed to remit certain participant contributions to the Plan totaling \$30,903 within the time period prescribed by the Department of Labor Regulations. Delays in remitting contributions and loans to the Plan were due to procedural errors. Any lost earnings due to delays were immaterial.

During 2018, Plan management discovered an operational failure whereby certain eligible employees had inadvertently been excluded from Plan participation. During 2020, Plan management determined the extent of this omission, submitted corrective actions with the IRS Voluntary Correction Program and remitted approximately \$140,000 to the Plan. The failure was fully corrected as of December 31, 2020. The final outcome of the correction process did not have a material impact on the Plan's financial statements or the Plan's qualified tax status.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021 there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2018.

6. RISKS AND UNCERTAINTIES:

The Plan provides for various investment fund options in any combination of mutual funds and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits – modified cash basis.

During 2020, there was an outbreak of the novel coronavirus ("COVID-19") which impacted the financial, global, national and local economy. COVID-19 has affected, and may continue to affect, the economic activity globally, nationally and locally.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

7. RELATED PARTY AND PARTIES-IN-INTEREST TRANSACTIONS:

Associated Bank manages the Plan's investments and is the custodian, as defined by the Plan, and is the third-party administrator of the Plan. As such fees paid to Associated Bank are party-in-interest transactions. Investment management fees, investment advisory fees and distribution fees paid by the Plan to Associated Bank totaled \$54,521 and \$50,004, respectively, for the years ended December 31, 2021 and 2020.

Investment related expenses are charged to participant accounts and are included in net appreciation of investments.

8. SUBSEQUENT EVENTS:

Management has evaluated subsequent events through October 15, 2022, the date on which the financial statements were available to be issued.
