INDEPENDENT AUDITOR'S REPORT

The Plan Administrator
Covanta Energy Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of the Covanta Energy Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

(Continued)

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Covanta Energy Savings Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 1 - DESCRIPTION OF PLAN

The Covanta Energy Savings Plan (the "Plan") is a defined contribution plan covering substantially all eligible employees of Covanta Projects, LLC or participating employers ("Covanta Projects" or the "Company"). The Company is the sponsor of the Plan. The Administrative and Investment Committees of the Board of Directors of the Company ("Plan Administrator") control and manage the operation and administration of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). T. Rowe Price Trust Company (the "Trustee") is the Trustee of the Plan.

Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Participation: An employee of the Company is eligible to participate in the Plan on their date of hire unless they are: a temporary or leased employee with less than 1,000 hours of service in a plan year; an intern; a nonresident alien; or covered by a collective bargaining agreement that does not specifically provide for participation in the Plan.

Plan Transfers: Effective January 1, 2020, the account balances of certain participants in the Plan that were former participants in the Covanta Projects Security Fund Plan ("Security Fund Plan") or the Covanta Environmental Solutions 401(k) Plan ("CES Plan") may be transferred from such former plans to the Plan and vice versa. Amounts transferred to the Plan will be subject to the same vesting provisions that previously applied to the account balances under the former plans, see Vesting disclosure for additional detail. Net plan transfers during 2021 of $420,990 were comprised of $339,642 of transfers into the Plan from the Security Fund Plan, $187,752 of transfers into the Plan from the CES Plan, and $106,404 of transfers out of the Plan into the Security Fund Plan.

Contributions: Under the Plan, employees may contribute up to 80% of their eligible annual compensation on a pre-tax basis or Roth basis, considering Internal Revenue Service ("IRS") limitations. All after-tax contributions shall be designated as Roth contributions.

Eligible participants, age 50 or older by December 31, 2021, can make pre-tax catch-up contributions to the Plan. These employees can contribute an additional $6,500 in 2021 to the Plan if, by the end of the Plan year, they have met the lesser of the IRS salary deferral limit or the 80% plan limit. The catch-up contribution limit may be adjusted for inflation in accordance with Section 414(v) of the Internal Revenue Code (the "Code"). Salary deferral and catch-up contributions can be made concurrently.

The Company matches employees' contributions at a rate of 100% up to the first 3% of a participant's eligible annual compensation and 50% of the next 2% of a participant's eligible annual compensation based on the participant's deferral election (the "Company Match"). Catch-up contributions are not eligible for the Company Match.

In addition to the contributions discussed above, the Company may also make an additional discretionary contribution (the "Company Contribution"). During 2021, the Company made discretionary pre-tax contributions to the participant's accounts equal to 3% of the participant's eligible compensation for participants who were actively employed full-time by the Company and part-time employees who completed 1,000 hours of service. For participants who are not regularly scheduled to work 1,000 hours but completes such hours during the Plan year, a true-up contribution will be made to the participant at the end of the Plan year.

A participant's elective contributions, Company Match, and Company Contributions are invested at the direction of the participant.

(Continued)

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Vesting: The Plan provides for immediate vesting of all employee contributions, Company Match, rollover contributions and any investment earnings on these amounts. The Company Contribution will vest 20% for each year of service. For purposes of vesting in the Company Contribution, a "Year of Service" is a 12-month period beginning on the date of hire and ending on the date of termination of service. All employer contributions transferred to the Plan from the CES Plan are subject to a 2-6 year graded vesting schedule. Employer contributions transferred to the Plan from the Security Fund Plan are vested immediately.

Effective January 1, 2013, the Plan was amended to provide for full vesting upon a participant's death, if the participant was an eligible employee at the time of his or her death. Forfeitures of the non-vested portion of the Company Contribution are used to offset employer contributions and Plan expenses. During 2021, the Company utilized forfeited amounts totaling approximately $1,088,000 to offset employer contributions. At December 31, 2021 and 2020, the balance of unused forfeited amounts available to offset future employer contributions and plan expenses totaled approximately $11,000 and $31,000, respectively.

Administrative Expenses: Administrative expenses of the Plan are paid by either the Plan or the Plan's sponsor as provided in the Plan document.

Notes Receivable from Participants: Loans are made to participants at a minimum of $500 and up to the lesser of (i) 50 percent of the vested balance or (ii) $50,000 reduced by the highest outstanding balance of loans during the one-year period ending on the day before the date the loan is made. Loans cannot exceed the limitations of the Tax Reform Act of 1986. The maximum repayment period for a loan is 5 years (10 years if used to acquire a principal residence); however, prepayments of the full loan balance are permitted, without penalty. Upon termination, a loan must be repaid in full within 90 days unless a participant timely elects to continue loan payment directly to the third-party administrator.

The maximum number of loans outstanding at one time for an employee is two loans with only one of the outstanding loans being a residential loan. The loans are secured by the balance in the participant's account and bear a rate of interest equal to the prime rate plus 1% on the first business day of the month during which the loan is made.

In response to the COVID-19 pandemic, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was enacted on March 27, 2020. The CARES Act includes several provisions that affect benefit plans. The Plan has adopted some of the optional changes permitted by the CARES Act including allowing impacted participants to freeze their 401(k) loan repayments through the remainder of 2020 and restart loan repayments in 2021.

Participant Accounts: Each participant's account is credited with the participant's contribution, the Company Match, the Company Contribution, and Plan earnings and is charged with his or her withdrawals and an allocation of expenses and losses which are allocated based on the participant's share of net earnings or losses of their respective elected investment options. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options: Employees may elect to invest their contributions among the various investment alternatives offered under the Plan. If a participant fails to make an investment election under the Plan, such participant's account shall be invested in the Plan's default investment fund, which fund is intended to constitute a "qualified default investment alternative (QDIA)" under Department of Labor Regulations.

(Continued)

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Payment of Benefits: A participant shall be entitled to a distribution of the vested portion of his or her account upon termination of employment, retirement or death. Benefits shall be payable in installments or partial or complete lump sum distributions only. If the value of the participant's vested account balance is greater than $1,000, but less than $5,000, and the participant does not elect to have the distribution paid directly to him or to an eligible retirement plan in a direct rollover, the Plan will distribute the participant's account in a direct rollover to an IRA designated by the Plan Administrator. If the value of the participant's vested account balance is greater than $5,000, a distribution shall be made at the election of the participant. If the value of the participant's vested account balance is $1,000 or less, the Plan will automatically distribute the participant's entire account as a lump sum cash payment to the participant as soon as administratively practicable unless the participant elects a direct rollover to an eligible retirement plan. The Plan also permits in-service withdrawals upon a participant's attainment of age 59 ½. In the event of financial hardship, as defined, a participant may have available for withdrawal all employee-directed contributions. The minimum hardship withdrawal amount is the lesser of $500 or the entire vested balance of the sum of the participant's pre-tax deferrals, Roth deferrals and rollover contributions. Employer contributions are not available for hardship withdrawals.

A participant may withdraw, at any time, all or any portion of the aggregate amount of his or her rollover account, provided that the minimum amount that may be withdrawn is $500 or, if the rollover account is less than $500, then the entire amount of the rollover account must be withdrawn.

Pursuant to the Setting Every Community Up for Retirement Enhancement (SECURE) Act enacted in December 2019 and effective January 1, 2020, the age at which required minimum distributions must begin was increased from 70½ to 72 for participants born after July 1, 1949.

Plan Termination: The Board or the Administrative Committee may amend the Plan at any time. No such amendment, however, may have the effect of diverting to the Company any part of the Plan or of diverting any part of the Plan for any purpose other than for the exclusive benefit of the participants. Likewise, an amendment may not reduce the interest of any participant in the Plan accrued prior to such amendment.

The Board or the Administrative Committee may, however, make such amendment to the extent required to conform the Plan to ERISA or to maintain the continued qualified status of the Plan under the Code.

The Company expects to continue the Plan indefinitely, but reserves the right to suspend contributions or to modify or terminate the Plan at any time. In the event of the Plan's termination, the interest of each participant to benefits accrued to such date, to the extent then funded, is fully vested and non-forfeitable.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment Valuation: All investments are carried at fair value. Refer to Note 3 for further details related to the Plan's valuation methods.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. Principal and interest is paid ratably through payroll deductions. Participant loan discharges, if any, represent unpaid loan balances written off by the Plan upon participant termination. These amounts are treated as taxable benefits to the participant.

(Continued)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Benefits: Benefits are recorded when paid.

Net Appreciation (Depreciation) in Fair Value of Investments: In the statement of changes in net assets available for benefits, the Plan presents the net appreciation (depreciation) in the fair value of investments which consists of the net realized gains (losses) and the net unrealized appreciation (depreciation) on those investments.

Security Transactions and Investment Income: Purchases and sales of securities are recorded on the trade date of the transactions. Dividend income is recorded on the ex-dividend date. Income from other investments is recorded as earned on the accrual basis. Realized gains and losses from security transactions are reported on the average cost method.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the Plan's management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results may differ from those estimates.

NOTE 3 - FAIR VALUE MEASUREMENTS

Fair value is the exit price associated with the sale of an asset or transfer of a liability in an orderly transaction between market participants at the measurement date.

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Collective Trusts: The fair values of participation units held in collective trusts are based on the net asset values per unit as reported by the fund managers. The collective trusts provide for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement.

Self-directed brokerage accounts: Accounts primarily consist of mutual funds and common stocks that are determined by obtaining quoted prices on nationally recognized securities exchange (Level 1).

Assets recorded at fair value are categorized using defined hierarchical levels directly related to the amount of subjectivity associated with the inputs to valuation of an asset. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs.

The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1 (unadjusted quoted prices in active markets); Level 2 (observable inputs available at the measurement date, other than quoted prices included in Level 1); and Level 3 (unobservable inputs that cannot be corroborated by observable market data).

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

(Continued)

NOTE 3 - FAIR VALUE MEASUREMENTS (Continued)

The following tables represent the Plan's fair value hierarchy for its financial assets measured at fair value on a recurring basis as of December 31, 2021 and 2020:

	Fair Value Measurements as of December 31,			
	2021		2020	
	Total	Quoted Market Prices in Active Markets For Identical Assets	Total	Quoted Market Prices in Active Markets For Identical Assets
Mutual Funds	$ 417,617,809	$ 417,617,809	$ 380,124,208	$ 380,124,208
Collective Trusts*	515,697,758	-	477,539,327	-
Self-directed brokerage account	19,352,826	19,352,826	14,936,990	14,936,990
Total investments, at fair value	$ 952,668,393	$ 436,970,635	$ 872,600,525	$ 395,061,198

* Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets available for benefits.

NOTE 4 - CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by T. Rowe Price Trust Company (the trustee of the Plan).

NOTE 5 - TAX STATUS

The Plan received a determination letter from the IRS dated September 16, 2013 stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended and restated. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by the Department of Labor or Internal Revenue Service, however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2018.

(Continued)

NOTE 6 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, liquidity, credit and overall market risk, including global events, such as the coronavirus pandemic. Due to the level of risk associated with certain investment securities and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7 - RECONCILIATION TO THE FORM 5500

The following is a reconciliation of net assets available for benefits per the Plan's financial statements at December 31, 2021 and 2020 to the Form 5500:

	December 31	
	2021	2020
Net assets available for benefits per the financial statements	$ 968,706,759	$ 889,288,561
Change in notes receivable from participants	-	(954)
Net assets available for benefits per the Form 5500	$ 968,706,759	$ 889,287,607

The following is a reconciliation of the net decrease for the year ended December 31, 2021, per the financial statements to the net income reported in the 2021 Form 5500:

Net increase prior to transfers per the financial statements	$ 78,997,208
Change in notes receivable from participants	954
Net income per the Form 5500	$ 78,998,162

NOTE 8 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some party-in-interest transactions are exempt from the prohibited transaction rules under ERISA, including: (i) expenses paid for by the Plan, (ii) the Plan's investments in mutual funds issued by an affiliate of the Plan's Trustee, including those held by the self-directed brokerage account, (iii) the collective trusts managed by the Trustee, and (iv) notes receivable from participants. The custodian and recordkeeper of the self-directed brokerage account is Charles Schwab, a party-in-interest to the Plan.

NOTE 9 - SUBSEQUENT EVENTS

The Company has evaluated all significant activities through October 17, 2022, the date these financial statements were available to be issued.
