Scope and Nature of the ERISA 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of The Noller Companies Salary Reduction Plan & Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits (modified cash basis) as of December 31, 2021, and the related statement of changes in net assets available for benefits (modified cash basis) for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- The information in the accompanying 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditor's Report

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of The Noller Companies Salary Reduction Plan & Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting discussed in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the 2021 financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Noller Companies Salary Reduction Plan & Trust's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Independent Auditor's Report

Auditor's Responsibilities for the Audit of the 2021 Financial Statements (continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Noller Companies Salary Reduction Plan & Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Noller Companies Salary Reduction Plan & Trust's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Independent Auditor's Report

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at year-end) and schedule of delinquent participant contributions as of and for the year ended December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of The Noller Companies Salary Reduction Plan & Trust. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 15, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and, accordingly, we did not express an opinion on the 2020 financial statements and supplemental schedules, and (b) the form and content of the information included in the 2020 financial statements and supplemental schedules, other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements
December 31, 2021 and 2020

1. Description of the Plan

The following description of The Noller Companies Salary Reduction Plan & Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan of The Noller Companies (Employer), which includes Laird Noller Ford, Inc., Laird Noller Automotive, Inc., Noller Lincoln-Mercury, Inc., Laird Noller of Hutchinson, Inc., and Noller Automotive Group, Inc., is a defined contribution plan available to all employees who have completed one year of service and reached 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Trustees are responsible for oversight of the Plan, including reviewing the appropriateness of the Plan's investment offerings and monitoring investment performance.

Contributions

Each year participants may contribute up to 100% of their pre-tax compensation, as defined in the Plan. Participants may also make Roth 401(k) contributions, limited to allowable amounts under current income tax regulations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Employer is allowed to make matching contributions equal to a discretionary percentage, to be determined by the Employer on an annual basis, of the participant's salary reductions. The Employer's actual contribution may be reduced by certain available forfeitures, if any, during the Plan year. The discretionary percentage was a match of 25% of the first 5% of the participants' elective contributions in 2021 and 2020.

The Plan also allows for a discretionary Employer contribution each year to be allocated based on each participant's eligible compensation as a percentage of total eligible compensation for the Plan. No discretionary contribution has been made for the years ended December 31, 2021 and 2020. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, Employer matching contributions, an allocation of the Employer's discretionary contribution, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

THE NOLLER COMPANIES
SALARY REDUCTION PLAN & TRUST

Notes to Financial Statements
December 31, 2021 and 2020

1. Description of the Plan (continued)

Vesting

Participants are immediately fully vested in their own compensation deferral contributions, rollover contributions, and any earnings attributable to these contributions. Vesting in the Employer matching and discretionary contributions is based upon years of service. Each participant is 20% vested following two years of service, and is vested an additional 20% for each additional year of service. Participants are fully vested after six years of credited service. A participant becomes fully vested, regardless of the years of service, upon attainment of retirement age, or due to total and permanent disability or death.

Notes Receivable from Participants

The Plan allows participants to borrow not less than \$1,000 and up to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the participant's vested balance. Such loans bear interest at the available market rate and must be repaid to the Plan within a five-year period unless the loan is used for the purchase of a residence, in which case the maximum repayment period may exceed five years. The Employer establishes the specific terms and conditions of such loans. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

The Plan provides for payment of benefits upon death, disability, retirement, or termination of employment. A separated participant with a vested balance exceeding \$5,000 may elect to receive a lump-sum distribution or to receive their balances in installments. If a separated participant has a vested balance that does not exceed \$5,000, they will receive a lump-sum distribution rather than receiving installments.

Forfeited Accounts

At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$0 and \$200, respectively. These accounts will be used to reduce future Employer contributions. Employer contributions were reduced by \$15,515 and \$23,031 from forfeited nonvested accounts in 2021 and 2020, respectively.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the modified cash basis of accounting. The modified cash basis is used for the Plan's financial reporting under ERISA. The modified cash basis of accounting adopted by the Plan differs from the accrual basis in that revenues, except for unrealized gains and losses on investments, are recognized when received rather than when earned, and expenses are recognized when paid rather than when the obligation is incurred. Gains and losses on investments are recognized as revenue or expense whenever fluctuations in the market value occur.

**THE NOLLER COMPANIES
SALARY REDUCTION PLAN & TRUST**

Notes to Financial Statements
December 31, 2021 and 2020

2. Summary of Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in accordance with the modified cash basis of accounting requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustees determine the Plan's valuation policies utilizing information provided by the investment advisors, custodian, and insurance company. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income and dividends are recorded when received. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Interest income is recorded when received. Related fees are recorded as administrative expenses and are expensed when they are paid. No allowance for credit losses has been recorded at December 31, 2021 or 2020. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in investments.

Notes to Financial Statements
December 31, 2021 and 2020

3. Information Prepared and Certified by the Plan's Custodian

Certain information related to the investments disclosed in the accompanying financial statements was obtained or derived from information supplied by the Plan administrator and certified as complete and accurate by Sentry Life Insurance Company (Sentry), the custodian.

The following table presents the values of the Plan's investments at December 31, as certified by the custodian:

	<u>2021</u>	<u>2020</u>
Investments:		
Fully benefit-responsive investment contract, at contract value	\$ 1,661,808	\$ 1,704,763
Pooled separate accounts	<u>8,970,197</u>	<u>7,989,000</u>
Total investments	<u>\$10,632,005</u>	<u>\$ 9,693,763</u>

The custodian also certified the completeness and accuracy of the following investment activity for the years ended December 31:

	<u>2021</u>	<u>2020</u>
Investment income:		
Net realized and unrealized appreciation in investments	\$ 1,040,689	\$ 1,036,330
Interest	<u>25,985</u>	<u>28,783</u>
Total investment income	<u>\$ 1,066,674</u>	<u>\$ 1,065,113</u>

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

4. Fair Value Measurements (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets at fair value. There have been no changes in the methodology used at December 31, 2021 and 2020:

- *Pooled separate accounts* – Valued at the net asset value (NAV) of the shares held by the Plan at year-end. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

<u>December 31, 2021:</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Pooled separate accounts at net asset value (a)				<u>\$8,970,197</u>
Investments at fair value				<u>\$8,970,197</u>
<u>December 31, 2020:</u>				
Pooled separate accounts at net asset value (a)				<u>\$7,989,000</u>
Investments at fair value				<u>\$7,989,000</u>

- (a) In accordance with Subtopic 820-10, the pooled separate accounts are measured at net asset value per share and have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Employer evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2021 and 2020, there were no significant transfers in or out of Levels 1, 2 or 3.

Fair Value of Investments that Calculate Net Asset Value

The following table summarizes investments measured at fair value based on net asset value (NAV) per share as of December 31, 2021 and 2020:

<u>December 31, 2021</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (If Currently Eligible)</u>	<u>Redemption Notice Period</u>
Pooled separate accounts	\$8,970,197	None	Daily	None
<u>December 31, 2020</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (If Currently Eligible)</u>	<u>Redemption Notice Period</u>
Pooled separate accounts	\$7,989,000	None	Daily	None

5. Fully Benefit-Responsive Insurance Contract

Sentry Guaranteed Fund

In 2019, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract (contract) with Sentry totaling \$1,661,808 and \$1,704,763 at December 31, 2021 and 2020, respectively. Sentry maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1.50% in 2021 and 1.70% for 2020. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Sentry, represents the amount of the initial purchase payment allocated under the contract to the Guaranteed Account, plus any other purchase payments and interest credited to the contract value, less withdrawals, transfers, applicable premium taxes, and annuity consideration applied from the contract value to one of the annuity options. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

5. Fully Benefit-Responsive Insurance Contract (continued)

Sentry Guaranteed Fund (continued)

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

- 1) The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code.
- 2) Premature termination of the contracts.
- 3) Plan termination or merger.
- 4) Changes to the Plan's prohibition on competing investment options.
- 5) Bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Sentry reserves the right to unilaterally discontinue the contract upon 60 days written notice to the contractholder if any of the following events occur:

- 1) The contractholder fails to pay any expense charges.
- 2) The contractholder fails to provide Sentry with any information or contributions required under the contract.
- 3) Sentry is notified that the Plan is no longer a qualified Plan pursuant to Section 401(a) of the Internal Revenue Code.
- 4) The contractholder fails to make contributions, over and above any expense charges, totaling at least \$75,000 over a period of three consecutive contract years.
- 5) There is a complete or a partial Plan termination.

At December 31, 2021, no events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

6. Party-in-Interest Transactions

Certain Plan investments are pooled separate accounts and a guaranteed fund that are issued by Sentry. Fees paid to Sentry are included in administrative expenses. Sentry is the custodian and recordkeeper of the Plan, and therefore, these transactions qualify as party-in-interest transactions.

Additionally, Plan loans are managed by Sentry and are considered party-in-interest transactions.

**THE NOLLER COMPANIES
SALARY REDUCTION PLAN & TRUST**

Notes to Financial Statements
December 31, 2021 and 2020

7. Plan Termination

Although they have not expressed any intent to do so, The Noller Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Employer contributions.

8. Tax Status

The Employer adopted a Volume Submitter Profit Sharing Plan with CODA (cash or deferred arrangement) which received a favorable opinion letter from the IRS on March 31, 2014, which stated that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has since been amended. However, the Employer believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and that, therefore, the Plan qualifies under Section 401(a) and the related trust is tax-exempt as of December 31, 2021. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

10. Subsequent Events

The Plan has assessed subsequent events through October 17, 2022, the date that the financial statements were available to be issued.

In April 2022, the Plan moved from Sentry to CUNA Mutual Retirement Solutions for its recordkeeping and custodial services.
