INDEPENDENT AUDITORS' REPORT

To the Retirement Plan Committee and the Participants of
the ManTech International 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of the ManTech International 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from Fidelity Management Trust Company, the Trustee of the Plan, a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report—

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the ManTech International 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these 2021 financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of 2021 financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the 2021 financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the ManTech International 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the ManTech International 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the ManTech International 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the ManTech International 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. DESCRIPTION OF THE PLAN

The following description of the ManTech International 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of ManTech International Corporation (the Company or ManTech) and its subsidiaries. Employees who are on the Company's U.S. payroll are eligible to participate in the Plan, including regular full-time employees and part-time employees scheduled to work 20 or more hours per week. Employees who are not eligible to participate in the Plan include: (i) leased employees; (ii) employees who are employed under the terms of contracts between the Company and the United States government, unless the contracts are designated by the Company as participating in the Plan; and (iii) employees who are employed by a subsidiary or related company that has not adopted the Plan; (iv) employees whose job classification is either temporary, on-call, or student. Plan eligibility and participation criteria applicable to employees working overseas or in accordance with collective bargaining agreements may be different than criteria applicable to other Company employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and was most recently amended effective January 1, 2022 to amend the Company's matching contributions and certain loan criteria.

The Retirement Plan Committee of the Board of Directors of the Company oversees the operation and administration of the Plan. Fidelity Management Trust Company serves as the Trustee of the Plan. The record keeper of the Plan is Fidelity Investment Institutional Operations Company, Inc. (Fidelity), who is responsible for its administration.

Eligibility

Eligible employees may participate in the Plan as soon as the first day of the pay period after hire. Each employee in matching groups one, two, or four, as defined in the Plan document, who is not already a participant will become a participant for purposes of the Company matching contributions on the first day of the pay period following the date on which the employee has completed six months of service, three months of service, or immediately, respectively, regardless of when the employee begins participating in the Plan. Employees in matching group three are not eligible to participate in the Company match.

Contributions

The Plan permits tax-deferred participant contributions to the Plan up to the lesser of an annual maximum determined by the Internal Revenue Service (IRS), which totaled $19,500 for the year ended December 31, 2021, or 60% of eligible compensation. Participants who are eligible for catch-up contributions are permitted to make additional tax-deferred contributions to the Plan up to the lesser of an annual maximum determined by the IRS, which totaled $6,500 for the year ended December 31, 2021, or 30% of eligible compensation. Participants may designate all or part of their contributions as Roth contributions. Total participant contributions to the Plan (tax-deferred plus Roth contributions) cannot exceed the limits set forth above.

1. DESCRIPTION OF THE PLAN – cont'd.

Contributions – cont'd.

The Plan allows for automatic enrollment whereby employees are automatically enrolled in the Plan within 45 days of hire at a contribution rate of 3% of eligible compensation, unless the employee affirmatively elects not to contribute or to contribute a different amount. This percentage increases annually on the anniversary enrollment date for each participant in 1% increments up to a maximum of 10%.

The Company's matching contributions vary based on the matching group to which the employee belongs, as defined in the Plan document. The Company provides matching contributions, on a per payroll basis, on participants' tax-deferred and Roth contributions, but does not provide matching contributions on designated catch-up contributions. For employees in matching group one, the Company matches 100% of employee contributions for the first 4% of the participant's eligible compensation and 50% of employee contributions for the next 2% of the participant's eligible compensation. Prior to January 1, 2021, for employees in matching group two, the Company matched 100% of employee contributions for the first 1% of the participant's eligible compensation and 50% of employee contributions for the next 5% of the participant's eligible compensation. Effective January 1, 2021, for employees in matching group two, the Company matches 100% of employee contributions for the first 2% of the participant's eligible compensation and 50% of employee contributions for the next 6% of the participant's eligible compensation. For employees in matching group four, the Company matches 3% of a participant's eligible compensation for any participant deferring 1-3% of his or her compensation and 100% of employee contributions for any participant deferring 3-8% of eligible compensation. The Company does not provide matching contributions for employees in matching group three.

Participant Accounts

The Plan requires that a separate record or account be maintained for each Plan participant. Participant and Company contributions are credited directly to the corresponding individual account. Each participant elects the investments that comprise his or her individual account. Investment earnings and losses are also allocated into the participant's account based upon each investment's performance. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments

Participants direct the investment of their contributions into various investment options offered by the Plan. Company contributions are automatically invested in the elections made by the participants.

Notes Receivable from Participants

Participants may borrow up to 50% of their vested account balance, not to exceed $50,000, without regard to the intended use of the funds. The minimum note amount is $1,000. Participants may have no more than two notes outstanding at any given time. Notes are collateralized by the participant's vested account balance. Note repayments are facilitated through payroll deductions with interest based on rates comparable to those offered by financial institutions at the time of note origination. Notes for reasons other than the purchase of a primary residence are to be repaid within five years. Notes for the purchase of a primary residence may be repaid over a fifteen-year period. The employees affected by a Plan merger will be subject to the Plan provisions of their prior plan if more advantageous. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

1. DESCRIPTION OF THE PLAN – cont'd.

Notes Receivable from Participants – cont'd.

Participant loans that are not repaid upon employment termination will be considered in default. Loans will also be considered in default if any loan payment is not paid within 90 days of the payment due date.

Notes Receivable from Participants in Default

Loans that did not result in any renegotiation of loan terms or resumption of repayment represent loans in default and are deemed Plan distributions. Loans in default totaled $950,287 for the year ended December 31, 2021. These Plan distributions are included in benefits paid to participants on the accompanying statement of changes in net assets available for benefits. The total amounts of loans that are considered in default have been deducted from notes receivable from participants on the statements of net assets available for benefits as of December 31, 2021 and 2020.

Payment of Benefits

Upon termination of service, death, disability, or attainment of age 59½, a participant or his or her beneficiary in the event of death, is entitled to a distribution of his or her vested account balance. If the vested balance in a participant's account is at least $5,000, such amount may be distributed in cash, rolled over into another employer's qualified plan or into an IRA of the participant's choice, or the vested balance may remain in the Plan and will be considered an inactive participant account. Participants with a vested account balance greater than $1,000 but less than $5,000, the balance can be automatically rolled into a qualified IRA at any time without participant consent. Participants with a vested account balance of less than $1,000 will receive an automatic lump-sum cash distribution unless they request one of the above options.

Upon proof, to the satisfaction of the Plan administrator of an immediate and heavy financial need, the participant's vested account balance may be withdrawn for a hardship purpose. Certain income taxes and penalties may apply to distributions taken prior to age 59 ½.

Distributions are subject to the applicable provisions of the Plan agreement. Benefit payments to participants are recorded upon distribution. As of December 31, 2021 and 2020, there were no net assets available for benefits of the Plan allocated to participants who had elected to withdraw from the Plan but had not received such distributions prior to year-end.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contributions is based on years of continuous service. A participant is 100% vested after two years of credited service. In addition, the Plan allows for accelerated vesting for a participant if certain situations apply, based on the Plan document.

Forfeitures

As of December 31, 2021 and 2020, forfeited nonvested accounts totaled $1,219,925 and $1,073,604, respectively. These accounts are used to reduce future Company contributions or to pay Plan administrative expenses. During the year ended December 31, 2021, Company contributions were reduced by the cumulative amount of $2,253,147 from forfeited nonvested accounts. Forfeitures are used quarterly during the year.

1. DESCRIPTION OF THE PLAN – cont'd.

Plan Expenses

Except for a $25 annual service charge assessed to each participant who remains in the Plan but has terminated his or her employment with the Company, Fidelity does not impose a per-participant fee to cover the costs of recordkeeping and participant service center support. These fees have been factored into the overall asset charges which are automatically deducted from the rates of return of the various Fidelity funds. Fidelity does not impose a separate asset charge for the non-Fidelity managed funds. Asset charges for these funds are already factored into the rates of return for such funds by each fund manager.

Administrative, legal, and other expenses of the Plan are paid for by the Company. Certain expenses for participant-directed administrative services (including qualified domestic relations order processing charges) are paid for by the Plan. Loan and distribution fees are paid by the Plan and its participants. Investment related expenses are included in net appreciation in fair value of investments.

During the year ended December 31, 2020, the Plan incurred expenses related to a lawsuit brought against the Company and the Retirement Plan Committee citing a breach in fiduciary duty. The lawsuit was settled in May 2021. All legal expenses related to the lawsuit were paid by the Company and accordingly no amounts were accrued related to the lawsuit.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for investments in assets that are exposed to risks such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of these investments could occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – cont'd.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Subsequent Events

The Plan evaluated for disclosure any subsequent events through October 17, 2022, the date the financial statements were available to be issued and determined there were no material events that warrant disclosure, except as disclosed in Note 1.

3. INVESTMENTS

All investment information disclosed in the accompanying financial statements and supplemental schedule, including assets held as of December 31, 2021 and 2020, and interest and dividend income and net appreciation in fair value of investments for the year ended December 31, 2021, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Trustee, Fidelity Management Trust Company.

4. FAIR VALUE MEASUREMENT

ASC 820, *Fair Value Measurement*, defines fair value and establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

4. FAIR VALUE MEASUREMENT – cont'd.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Interests in registered investment companies: Valued at the closing price reported in the active market in which the individual funds are traded.

Interests in common/collective trusts: Valued at fair value based on the unit values of the fund. Unit values are determined by the institution sponsoring such funds using the net asset value (NAV) practical expedient by dividing the fund's net assets at fair value by its units outstanding at the valuation date.

Interest in other investments: The Plan's other investments consist of shares of a money market portfolio, which are valued using quoted market values in an active market; common stock, which are valued at the closing price reported in the active market in which the individual securities are traded; corporate debt instruments, which are valued using observable inputs other than quoted market prices; and U.S. governmental securities, which are valued using pricing models maximizing the use of observable inputs for similar securities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used as of December 31, 2021 and 2020.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Interests in registered investment companies	$ 1,248,577,493	$ -	$ -	$ 1,248,577,493
Interest in other investments	13,956,607	-	-	13,956,607
Total investments in the fair value hierarchy	1,262,534,100	-	-	1,262,534,100
Investments valued using the NAV practical expedient - interests in common/ collective trusts [(a)]	N/A	N/A	N/A	179,149,563
Total investments, at fair value	$ 1,262,534,100	$ -	$ -	$ 1,441,683,663

4. FAIR VALUE MEASUREMENT – cont'd.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020:

	Level 1	Level 2	Level 3	Total
Interests in registered investment companies	$ 1,076,539,407	$ -	$ -	$ 1,076,539,407
Interest in other investments	10,048,266	-	-	10,048,266
Total investments in the fair value hierarchy	1,086,587,673	-	-	1,086,587,673
Investments valued using the NAV practical expedient - interests in common/ collective trusts [(a)]	N/A	N/A	N/A	161,137,802
Total investments, at fair value	$ 1,086,587,673	$ -	$ -	$ 1,247,725,475

For the year ended December 31, 2021, there were no significant transfers in or out of Levels 1, 2, or 3.

[(a)] In accordance with ASC 820-10, certain investments that were measured at net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefit.

In accordance with fair value measurement and disclosure guidance, the following table presents the category, fair value, redemption frequency, redemption notice period, and unfunded commitments for Plan investments, the fair value of which are estimated using the net asset value (NAV) per share practical expedient, as of December 31,:

	2021	2020	Redemption Frequency	Redemption Notice Period	Unfunded Commitments
Fidelity Managed Income Portfolio II [(b)]	$ 51,883,126	$ 54,749,790	Daily	Daily	None
Fidelity Contrafund Pool [(c)]	127,266,437	106,388,012	Daily	Daily	None

[(b)] This fund invests in assets, typically fixed income securities or bond funds, and enters into "wrap" contracts issued by third parties. A wrap contract is an agreement by another party, such as a bank or insurance company, to make payments to the fund in certain circumstances. Wrap contracts are designed to allow a stable value portfolio to maintain a constant NAV and protect a portfolio in extreme circumstances. In a typical wrap contract, the wrap issuer agrees to pay a portfolio the difference between the contract value and the market value of the underlying assets once the market value has been totally exhausted.

[(c)] This fund invests primarily in international and domestic "growth" and "value" common stocks in companies whose value is believed by fund managers not to be fully recognized by the public in an effort to achieve a long-term return.

5. INCOME TAX STATUS

The IRS has determined and informed the Company by a letter dated May 24, 2016, that the Plan and related trust were designed in accordance with the applicable regulations of the Internal Revenue Code. The Plan has been amended since receiving the determination letter; however, the Plan administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the Internal Revenue Code and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

ASC 740, *Income Taxes*, prescribes a recognition threshold and a measurement attribute for the financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return as well as guidance on de-recognition, classification, interest and penalties, and financial statement reporting disclosures. For these benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities. As the Plan is tax exempt and has no unrelated business income, these provisions of ASC 740 do not have an impact on the Plan's financial statements. The Plan recognizes interest and penalties accrued on any unrecognized tax exposures as a component of income tax expense. The Plan does not have any amounts accrued relating to interest and penalties as of December 31, 2021 and 2020.

The Plan is subject to routine audits by the IRS and Department of Labor; however, there are currently no audits in progress for any open periods.

6. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Fidelity Investment Institutional Operations Company, Inc., which is a related entity to the Trustee. Fees paid by the Plan for investment management services are included as a reduction of the return earned on each fund. The Plan allows participants to take out loans against their vested account balances. The Company provides certain accounting and administrative services to the Plan for which no fees are charged. Such transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

7. PLAN TERMINATION

Although it has not expressed the intent to do so, the Company has the right under the Plan to discontinue, modify, amend, or terminate the Plan in total, or in part, subject to the provisions of ERISA. In the event of Plan termination, affected participants will become 100% vested in their accounts.

8. RECONCILIATION OF THE FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits reported on the financial statements to net assets available for benefits reported on Form 5500 as of December 31,:

	2021	2020
Net assets available for benefits, per financial statements	$ 1,457,715,553	$ 1,262,775,942

INDEPENDENT AUDITORS' REPORT

To the Retirement Plan Committee and the Participants of
the ManTech International 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of the ManTech International 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from Fidelity Management Trust Company, the Trustee of the Plan, a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report—

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the ManTech International 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these 2021 financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of 2021 financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the 2021 financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the ManTech International 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the ManTech International 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the ManTech International 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the ManTech International 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. DESCRIPTION OF THE PLAN

The following description of the ManTech International 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of ManTech International Corporation (the Company or ManTech) and its subsidiaries. Employees who are on the Company's U.S. payroll are eligible to participate in the Plan, including regular full-time employees and part-time employees scheduled to work 20 or more hours per week. Employees who are not eligible to participate in the Plan include: (i) leased employees; (ii) employees who are employed under the terms of contracts between the Company and the United States government, unless the contracts are designated by the Company as participating in the Plan; and (iii) employees who are employed by a subsidiary or related company that has not adopted the Plan; (iv) employees whose job classification is either temporary, on-call, or student. Plan eligibility and participation criteria applicable to employees working overseas or in accordance with collective bargaining agreements may be different than criteria applicable to other Company employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and was most recently amended effective January 1, 2022 to amend the Company's matching contributions and certain loan criteria.

The Retirement Plan Committee of the Board of Directors of the Company oversees the operation and administration of the Plan. Fidelity Management Trust Company serves as the Trustee of the Plan. The record keeper of the Plan is Fidelity Investment Institutional Operations Company, Inc. (Fidelity), who is responsible for its administration.

Eligibility

Eligible employees may participate in the Plan as soon as the first day of the pay period after hire. Each employee in matching groups one, two, or four, as defined in the Plan document, who is not already a participant will become a participant for purposes of the Company matching contributions on the first day of the pay period following the date on which the employee has completed six months of service, three months of service, or immediately, respectively, regardless of when the employee begins participating in the Plan. Employees in matching group three are not eligible to participate in the Company match.

Contributions

The Plan permits tax-deferred participant contributions to the Plan up to the lesser of an annual maximum determined by the Internal Revenue Service (IRS), which totaled $19,500 for the year ended December 31, 2021, or 60% of eligible compensation. Participants who are eligible for catch-up contributions are permitted to make additional tax-deferred contributions to the Plan up to the lesser of an annual maximum determined by the IRS, which totaled $6,500 for the year ended December 31, 2021, or 30% of eligible compensation. Participants may designate all or part of their contributions as Roth contributions. Total participant contributions to the Plan (tax-deferred plus Roth contributions) cannot exceed the limits set forth above.

1. DESCRIPTION OF THE PLAN – cont'd.

Contributions – cont'd.

The Plan allows for automatic enrollment whereby employees are automatically enrolled in the Plan within 45 days of hire at a contribution rate of 3% of eligible compensation, unless the employee affirmatively elects not to contribute or to contribute a different amount. This percentage increases annually on the anniversary enrollment date for each participant in 1% increments up to a maximum of 10%.

The Company's matching contributions vary based on the matching group to which the employee belongs, as defined in the Plan document. The Company provides matching contributions, on a per payroll basis, on participants' tax-deferred and Roth contributions, but does not provide matching contributions on designated catch-up contributions. For employees in matching group one, the Company matches 100% of employee contributions for the first 4% of the participant's eligible compensation and 50% of employee contributions for the next 2% of the participant's eligible compensation. Prior to January 1, 2021, for employees in matching group two, the Company matched 100% of employee contributions for the first 1% of the participant's eligible compensation and 50% of employee contributions for the next 5% of the participant's eligible compensation. Effective January 1, 2021, for employees in matching group two, the Company matches 100% of employee contributions for the first 2% of the participant's eligible compensation and 50% of employee contributions for the next 6% of the participant's eligible compensation. For employees in matching group four, the Company matches 3% of a participant's eligible compensation for any participant deferring 1-3% of his or her compensation and 100% of employee contributions for any participant deferring 3-8% of eligible compensation. The Company does not provide matching contributions for employees in matching group three.

Participant Accounts

The Plan requires that a separate record or account be maintained for each Plan participant. Participant and Company contributions are credited directly to the corresponding individual account. Each participant elects the investments that comprise his or her individual account. Investment earnings and losses are also allocated into the participant's account based upon each investment's performance. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments

Participants direct the investment of their contributions into various investment options offered by the Plan. Company contributions are automatically invested in the elections made by the participants.

Notes Receivable from Participants

Participants may borrow up to 50% of their vested account balance, not to exceed $50,000, without regard to the intended use of the funds. The minimum note amount is $1,000. Participants may have no more than two notes outstanding at any given time. Notes are collateralized by the participant's vested account balance. Note repayments are facilitated through payroll deductions with interest based on rates comparable to those offered by financial institutions at the time of note origination. Notes for reasons other than the purchase of a primary residence are to be repaid within five years. Notes for the purchase of a primary residence may be repaid over a fifteen-year period. The employees affected by a Plan merger will be subject to the Plan provisions of their prior plan if more advantageous. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

1. DESCRIPTION OF THE PLAN – cont'd.

Notes Receivable from Participants – cont'd.

Participant loans that are not repaid upon employment termination will be considered in default. Loans will also be considered in default if any loan payment is not paid within 90 days of the payment due date.

Notes Receivable from Participants in Default

Loans that did not result in any renegotiation of loan terms or resumption of repayment represent loans in default and are deemed Plan distributions. Loans in default totaled $950,287 for the year ended December 31, 2021. These Plan distributions are included in benefits paid to participants on the accompanying statement of changes in net assets available for benefits. The total amounts of loans that are considered in default have been deducted from notes receivable from participants on the statements of net assets available for benefits as of December 31, 2021 and 2020.

Payment of Benefits

Upon termination of service, death, disability, or attainment of age 59½, a participant or his or her beneficiary in the event of death, is entitled to a distribution of his or her vested account balance. If the vested balance in a participant's account is at least $5,000, such amount may be distributed in cash, rolled over into another employer's qualified plan or into an IRA of the participant's choice, or the vested balance may remain in the Plan and will be considered an inactive participant account. Participants with a vested account balance greater than $1,000 but less than $5,000, the balance can be automatically rolled into a qualified IRA at any time without participant consent. Participants with a vested account balance of less than $1,000 will receive an automatic lump-sum cash distribution unless they request one of the above options.

Upon proof, to the satisfaction of the Plan administrator of an immediate and heavy financial need, the participant's vested account balance may be withdrawn for a hardship purpose. Certain income taxes and penalties may apply to distributions taken prior to age 59 ½.

Distributions are subject to the applicable provisions of the Plan agreement. Benefit payments to participants are recorded upon distribution. As of December 31, 2021 and 2020, there were no net assets available for benefits of the Plan allocated to participants who had elected to withdraw from the Plan but had not received such distributions prior to year-end.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contributions is based on years of continuous service. A participant is 100% vested after two years of credited service. In addition, the Plan allows for accelerated vesting for a participant if certain situations apply, based on the Plan document.

Forfeitures

As of December 31, 2021 and 2020, forfeited nonvested accounts totaled $1,219,925 and $1,073,604, respectively. These accounts are used to reduce future Company contributions or to pay Plan administrative expenses. During the year ended December 31, 2021, Company contributions were reduced by the cumulative amount of $2,253,147 from forfeited nonvested accounts. Forfeitures are used quarterly during the year.

1. DESCRIPTION OF THE PLAN – cont'd.

Plan Expenses

Except for a $25 annual service charge assessed to each participant who remains in the Plan but has terminated his or her employment with the Company, Fidelity does not impose a per-participant fee to cover the costs of recordkeeping and participant service center support. These fees have been factored into the overall asset charges which are automatically deducted from the rates of return of the various Fidelity funds. Fidelity does not impose a separate asset charge for the non-Fidelity managed funds. Asset charges for these funds are already factored into the rates of return for such funds by each fund manager.

Administrative, legal, and other expenses of the Plan are paid for by the Company. Certain expenses for participant-directed administrative services (including qualified domestic relations order processing charges) are paid for by the Plan. Loan and distribution fees are paid by the Plan and its participants. Investment related expenses are included in net appreciation in fair value of investments.

During the year ended December 31, 2020, the Plan incurred expenses related to a lawsuit brought against the Company and the Retirement Plan Committee citing a breach in fiduciary duty. The lawsuit was settled in May 2021. All legal expenses related to the lawsuit were paid by the Company and accordingly no amounts were accrued related to the lawsuit.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for investments in assets that are exposed to risks such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of these investments could occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – cont'd.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Subsequent Events

The Plan evaluated for disclosure any subsequent events through October 17, 2022, the date the financial statements were available to be issued and determined there were no material events that warrant disclosure, except as disclosed in Note 1.

3. INVESTMENTS

All investment information disclosed in the accompanying financial statements and supplemental schedule, including assets held as of December 31, 2021 and 2020, and interest and dividend income and net appreciation in fair value of investments for the year ended December 31, 2021, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Trustee, Fidelity Management Trust Company.

4. FAIR VALUE MEASUREMENT

ASC 820, *Fair Value Measurement*, defines fair value and establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

4. FAIR VALUE MEASUREMENT – cont'd.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Interests in registered investment companies: Valued at the closing price reported in the active market in which the individual funds are traded.

Interests in common/collective trusts: Valued at fair value based on the unit values of the fund. Unit values are determined by the institution sponsoring such funds using the net asset value (NAV) practical expedient by dividing the fund's net assets at fair value by its units outstanding at the valuation date.

Interest in other investments: The Plan's other investments consist of shares of a money market portfolio, which are valued using quoted market values in an active market; common stock, which are valued at the closing price reported in the active market in which the individual securities are traded; corporate debt instruments, which are valued using observable inputs other than quoted market prices; and U.S. governmental securities, which are valued using pricing models maximizing the use of observable inputs for similar securities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used as of December 31, 2021 and 2020.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021:

Total investments, at fair value	$ 1,086,587,673	$ -	$ -	$ 1,247,725,475

For the year ended December 31, 2021, there were no significant transfers in or out of Levels 1, 2, or 3.

[(a)] In accordance with ASC 820-10, certain investments that were measured at net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefit.

In accordance with fair value measurement and disclosure guidance, the following table presents the category, fair value, redemption frequency, redemption notice period, and unfunded commitments for Plan investments, the fair value of which are estimated using the net asset value (NAV) per share practical expedient, as of December 31,:

	2021	2020	Redemption Frequency	Redemption Notice Period	Unfunded Commitments
Fidelity Managed Income Portfolio II [(b)]	$ 51,883,126	$ 54,749,790	Daily	Daily	None
Fidelity Contrafund Pool [(c)]	127,266,437	106,388,012	Daily	Daily	None

[(b)] This fund invests in assets, typically fixed income securities or bond funds, and enters into "wrap" contracts issued by third parties. A wrap contract is an agreement by another party, such as a bank or insurance company, to make payments to the fund in certain circumstances. Wrap contracts are designed to allow a stable value portfolio to maintain a constant NAV and protect a portfolio in extreme circumstances. In a typical wrap contract, the wrap issuer agrees to pay a portfolio the difference between the contract value and the market value of the underlying assets once the market value has been totally exhausted.

[(c)] This fund invests primarily in international and domestic "growth" and "value" common stocks in companies whose value is believed by fund managers not to be fully recognized by the public in an effort to achieve a long-term return.

5. INCOME TAX STATUS

The IRS has determined and informed the Company by a letter dated May 24, 2016, that the Plan and related trust were designed in accordance with the applicable regulations of the Internal Revenue Code. The Plan has been amended since receiving the determination letter; however, the Plan administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the Internal Revenue Code and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

ASC 740, *Income Taxes*, prescribes a recognition threshold and a measurement attribute for the financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return as well as guidance on de-recognition, classification, interest and penalties, and financial statement reporting disclosures. For these benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities. As the Plan is tax exempt and has no unrelated business income, these provisions of ASC 740 do not have an impact on the Plan's financial statements. The Plan recognizes interest and penalties accrued on any unrecognized tax exposures as a component of income tax expense. The Plan does not have any amounts accrued relating to interest and penalties as of December 31, 2021 and 2020.

The Plan is subject to routine audits by the IRS and Department of Labor; however, there are currently no audits in progress for any open periods.

6. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Fidelity Investment Institutional Operations Company, Inc., which is a related entity to the Trustee. Fees paid by the Plan for investment management services are included as a reduction of the return earned on each fund. The Plan allows participants to take out loans against their vested account balances. The Company provides certain accounting and administrative services to the Plan for which no fees are charged. Such transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

7. PLAN TERMINATION

Although it has not expressed the intent to do so, the Company has the right under the Plan to discontinue, modify, amend, or terminate the Plan in total, or in part, subject to the provisions of ERISA. In the event of Plan termination, affected participants will become 100% vested in their accounts.

8. RECONCILIATION OF THE FINANCIAL STATEMENTS TO FORM 5500
