Independent Auditor's Report

To the Plan Sponsor and Administrator of the
Sandridge Food Corporation Profit Sharing Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of the Sandridge Food Corporation Profit Sharing Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Sandridge Food Corporation Profit Sharing Plan and Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Sandridge Food Corporation Profit Sharing Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Sandridge Food Corporation Profit Sharing Plan and Trust's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Sandridge Food Corporation Profit Sharing Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Report on the 2020 Financial Statements

We were engaged to audit the statement of net assets available for benefits of the Plan as of December 31, 2020 and the related statement of changes in net assets available for benefits for the period then ended. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institution. Our audit report, dated July 8, 2021 indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements and supplemental schedule, and (b) the form and content of the information included in the 2020 financial statements and supplemental schedule other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Sandridge Food Corporation Profit Sharing Plan and Trust

Notes to the Financial Statements

December 31, 2021 and 2020

A. PLAN DESCRIPTION

The following description of the Sandridge Food Corporation (the "Company") Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General - The Plan is a defined contribution plan with an Internal Revenue Service ("IRS") Code Section 401(k) arrangement, which allows plan participants to elect a percentage of their salary to be contributed to the Plan, known as employee salary deferrals.

The Plan covers all employees of Sandridge Food Corporation ("SFC"), Mark D. Sandridge Inc. ("MDS"), and RMH Foods, LLC ("RMH") (the "Employers") who are age twenty-one or older, and who are not (1) covered by a collective bargaining agreement, (2) a leased employee, or (3) members of the summertime, seasonal, and supplemental labor pool and have completed 60 days of service. Other eligibility and allocation requirements are:

	<u>Service and entry date</u>	<u>Allocation</u>
Salary deferrals	60 days	Meet age and service
Discretionary matching	60 days	Meet age and service
Discretionary profit sharing	1 year	Meet age and service, and Must be employed on last day of plan year

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan amended and changed its year end from September 30 to December 31 effective October 1, 2020.

Contributions - Contributions to the Plan include both employee salary deferrals and employer contributions.

Participant Deferrals - Each year, participants may contribute either on a pre-tax or post-tax basis ("Roth") up to the maximum permitted by law and defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

Newly eligible employees are automatically enrolled in the Plan at a rate of 3% of compensation on a pre-tax or post-tax basis, unless they elect not to participate. On an annual basis, the deferral rate of participants automatically enrolled and contributing less than 10% is automatically escalated by 1% unless they elect not to have the automatic escalation feature applied.

Participant Rollovers - The Plan also permits certain rollover contributions from other qualified retirement plans.

Employer Discretionary Matching - The Company may make matching contributions based on the amount of participants' salary deferral contributions. This discretionary matching contribution is determined annually by the Board of Directors. The matching contribution is 50% of the first 6% of the employees' compensation contributed to the Plan resulting in a maximum employer match of 3% of employees' compensation.

Employer Profit Sharing Contributions - The Company may elect to make profit sharing contributions. No profit sharing contributions were made for the year ended December 31, 2021.

Sandridge Food Corporation Profit Sharing Plan and Trust

Notes to the Financial Statements

December 31, 2021 and 2020

Participant Accounts - Each participant's account is credited with the participant's contributions, employer matching and discretionary contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which the participant is entitled is the benefit that can be provided from the participant's vested account.

Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may change their allocation of contributions or transfer money between investment options any time during the year.

Vesting - Participants are immediately vested in their contributions and related earnings. The vesting of employer contributions including related earnings is based on years of service as defined by the Plan. Participants become fully vested after six years of service or upon death, permanent and total disability, or attaining the retirement age of 65.

Minimum vesting under the Plan occurs in accordance with the following schedule:

<u>Years of Service</u>	<u>Vested Amount</u>
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Notes Receivable from Participants - Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years unless used for the purchase of a primary residence, in which case longer terms are permitted. The loans are secured by the balance in the participant's account and bear interest at the prime rate, as defined. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits - Upon termination of service, death, disability, retirement or other reasons, a participant may elect to receive his or her vested account balance as a lump sum payment. Effective October 1, 2019 the Plan was amended to allow for installment distributions.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Excess Contributions - Amounts refunded to participants for contributions in excess of amounts allowed by the IRS are included in benefits paid to participants.

Sandridge Food Corporation Profit Sharing Plan and Trust

Notes to the Financial Statements

December 31, 2021 and 2020

Investment Valuation and Income Recognition - Investments are reported at fair value, except for the guaranteed interest account with insurance company which is reported at contract value (see Note D). Fair value is the price that would be received to sell an asset or paid to transfer a liability to an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investments advisors, custodian, and trustees. See Note E for discussion of fair value instruments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits - Benefits are recorded when paid or accrued.

Administrative Expenses - Administrative expenses, including third party administrative expenses and investment management fees, are paid by the Plan. Fees attributable to distributions are paid by the participants. All other expenses of maintaining the Plan are paid by the Company.

Forfeited Accounts - Unvested amounts forfeited by terminated participants may be used by the Plan for the payment of Plan expenses or used to reduce employer matching contributions. No forfeitures were used to reduce plan expenses for the year ended December 31, 2021. Forfeitures used to reduce employer contributions totaled approximately \$32,000 for the year ending December 31, 2021. Accumulated and unused forfeitures totaled \$98,610 and \$22,483 as of December 31, 2021 and 2020, respectively.

C. INFORMATION CERTIFIED

The Plan Administrator has elected to restrict the scope of the auditor's examination with regard to statements or information prepared and certified by Great-West Life & Annuity Insurance Company ("Great-West"), the agent of the trustee and custodian of unallocated contracts, and Reliance Trust Company ("Reliance"), the trustee.

Great-West and Reliance have certified as to the completeness and accuracy of the investments they hold and changes in net assets arising from said investment activity as of December 31, 2021 and 2020 and for the year ended December 31, 2021.

Great-West and Reliance have certified as to the completeness and accuracy of the schedule of assets (held at end of year) as of December 31, 2021.

D. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan holds Guaranteed Interest Accounts that meet the fully benefit-responsive investment contract criteria, and therefore is reported at contract value, which approximates fair value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than 0%. Such rates are reviewed on a quarterly basis for resetting.

Sandridge Food Corporation Profit Sharing Plan and Trust

Notes to the Financial Statements

December 31, 2021 and 2020

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

The Guaranteed Interest Account does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants. In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value.

E. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The levels of the fair value hierarchy under the FASB guidance in these financial statements are as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Sandridge Food Corporation Profit Sharing Plan and Trust

Notes to the Financial Statements

December 31, 2021 and 2020

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission ("SEC"). These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	<u>2021</u>	<u>2020</u>
	<u>Level 1</u>	<u>Level 1</u>
Mutual funds	<u>\$ 21,274,391</u>	<u>\$ 19,944,428</u>
Total assets at fair value	<u>\$ 21,274,391</u>	<u>\$ 19,944,428</u>

F. RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Great-West and Reliance as of December 31, 2021 and 2020, the agents of the trustee and recordkeeper; therefore, these transactions qualify as party-in-interest transactions. In 2021, administrative expenses paid to Great-West were \$14,245.

Great-West provides certain administrative services to the Plan pursuant to a Service Agreement between the Company and the mutual funds held in the group annuity contract. Great-West receives revenue from mutual fund service providers for services Great-West provides to the funds. This revenue is used to offset fees charged by Great-West.

G. PLAN TERMINATION

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions to the Plan at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, each participant shall become 100% vested, and the trust fund would be liquidated, and all remaining assets distributed to participants and former participants in proportion to their respective account balances.

H. TAX STATUS

The Company has chosen not to obtain a determination letter on its Plan agreement as it is using Massachusetts Mutual Life Insurance Company's prototype document which received IRS approval on March 31, 2014. The Plan Administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, the Plan Administrator believes that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

Notes to the Financial Statements

December 31, 2021 and 2020

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

I. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The COVID-19 pandemic and other current world events have significantly disrupted financial markets, economies, the workforce, healthcare, and other events. As noted above, investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

J. PLAN AMENDMENTS

Effective October 1, 2020, the Plan was amended to change its year end from September 30 to December 31.

The Plan adopted the distribution provision of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act that was signed into law on March 27, 2020. A CARES Act distribution allows the Plan's participants to take a COVID-19 related distribution up to \$100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020. Participants may pay back the distributions over a three-year period from the date of distribution, without being subject to income taxes. If the distribution is not repaid to the Plan, participants have the option to pay the income taxes on the distribution over a three-year period.

K. SUBSEQUENT EVENTS

On January 1, 2022, the Plan was restated as part of the required Cycle 3 restatement.

The Plan has evaluated subsequent events through October 14, 2022, the date that the Plan's annual financial statements were available to be issued.
