Independent Auditor's Report

Plan Administrator
Berg Companies, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Berg Companies Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of January 3, 2022 and December 31, 2021, and the related statements of changes in net assets available for benefits for the period and year then ended, respectively, and the related notes to the financial statements (2022 and 2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 and 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of January 3, 2022 and December 31, 2022 and for the period/year ended January 3, 2022 and December 31, 2021, respectively, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 and 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 and 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2022 and 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C)

Basis for Opinion on the 2022 and 2021 Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 and 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter—Plan Merger

As discussed in Note 1 to the financial statements, the Board of Directors of the Berg Companies, Inc., the Plan's sponsor, voted to merge the Plan into the Hunter Defense Technologies, Inc. 401(k) Retirement Plan (HDT 401(k) Plan) effective January 1, 2022. All plan assets were transferred to the control of the HDT 401(k) Plan on January 3, 2022. Our opinion has not been modified with respect to this matter.

Responsibilities of Management for the 2022 and 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 and 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 and 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated August 31, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Berg Companies, Inc. 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of the Berg Companies, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Plan merger: Effective January 1, 2022, the Plan merged into the Hunter Defense Technologies Inc. 401(k) Retirement Plan (HDT 401(k) Plan). In connection with the merger, the Plan transferred \$8,972,815 into the HDT 401(k) Plan subsequent to year-end. Legal control was assumed by the HDT 401(k) Plan on January 1, 2022.

General: The Plan is a 401(k) defined contribution plan originally effective January 1, 2003, sponsored by Berg Companies, Inc. (the Company). The Plan was restated February 1, 2018. The Plan, which is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and all statutory revisions thereto, was created for the benefit of all eligible employees of the Company. To be eligible to participate in the Plan, employees must be at least 18 years of age and have three-months of service with the Company. The Plan excludes union employees.

On March 27, 2020, the President of the United States signed into law the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act), a significant tax-and-spending package intended to provide economic stimulus to address the impact of the COVID-19 pandemic. The CARES Act includes a number of provisions affecting qualified retirement plans. The Plan adopted certain provisions of the CARES Act including permitting qualified employees affected by COVID-19 to withdraw up to \$100,000 from their eligible retirement plans, including IRAs, between January 1, 2020 and December 31, 2020.

These coronavirus-related distributions were not subject to the additional ten percent tax that generally applies to distributions made before reaching 59 ½ years old, however distributions were still subject to regular income tax. Participants may include those distributions as income on tax returns over a three-year period. Participants may repay the distributions to the Plan within three years. Also, the Plan relaxed its loan repayment terms allowing deferments until January 1, 2021.

Contributions: Each year, participants may contribute voluntary pre-tax traditional and Roth contributions of up to 100% of their eligible compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Company is required to make a safe harbor employer matching contribution equal to 100% of participant contributions up to 4% of compensation, as defined in the Plan agreement. The Company may also authorize discretionary non-elective contributions to the Plan for the related year. There were no discretionary non-elective contributions authorized for the year ended December 31, 2021. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant accounts: Each participant's account is credited with the participant's contribution and allocations of the employer contributions and Plan's earnings and is charged with an allocation for administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately 100% vested in their employee contributions and the employer's contributions plus actual earnings thereon.

Berg Companies, Inc. 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Notes receivable from participants: Participants may borrow money within certain limits from their individual accounts. The notes are secured by the balance in the participant's account. Such notes bear interest at a reasonable rate commensurate with current interest rates charged for loans made under similar circumstances by persons in the business of lending money. Principal and interest is paid ratably through payroll deductions.

Payment of benefits: Upon termination of service due to death, disability, or retirement, a participant may elect to receive a partial withdrawal of any portion of the participant's vested interest in his or her account. If the participant's vested interest in his or her account is between \$1,000 and \$5,000, the Plan Administrator may make an automatic rollover of the account balance to a qualified individual retirement account. If the participant's account balance is less than \$1,000, the Plan Administrator may direct the trustee to make a lump-sum distribution. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Distributions of a participant's 401(k) account balance may be authorized at any time under certain hardship conditions.

Administrative expenses: When applicable, the Plan's administrative expenses are paid either by the Plan or the Company as provided by the Plan agreement.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value as reported by Fidelity Management Trust Company (Fidelity), the trustee of the Plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Benefit payments: Benefits are recorded when paid.

Berg Companies, Inc. 401(k) Plan

Notes to Financial Statements

Note 2. Significant Accounting Policies (Continued)

Risks and uncertainties: The Plan holds various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

As of December 31, 2021 and 2020, three mutual funds, all individually greater than 10%, comprised approximately 39% and 51%, respectively, of the Plan's total investments. This is considered a concentration of credit risk.

Subsequent events: The Plan Administrator has evaluated subsequent events for potential recognition and/or disclosure through October 12, 2022, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by Fidelity

The following is a summary of the Plan's asset information as of December 31, 2021 and 2020 and for the year ended December 31, 2021, included throughout the Plan's financial statements and supplemental schedule that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. There were no remaining Plan assets as of January 3, 2022. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

	2021	2020
Investments, at fair value:		
Mutual funds	\$ 8,661,770	\$ 9,016,871
Money market account	47,659	41,422
	<u>\$ 8,709,429</u>	<u>\$ 9,058,293</u>
Notes receivable from participants	<u>\$ 247,746</u>	<u>\$ 252,781</u>

Fidelity also certified to the completeness and accuracy of the following for the period/year ended January 3, 2022 and December 31, 2021, respectively:

	2022	2021
Interest and dividend income	<u>\$ 81</u>	<u>\$ 814,833</u>

Berg Companies, Inc. 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements

Accounting standards established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under Accounting Standards Codification 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at January 3, 2022, December 31, 2021 and 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market account: Valued at cost which approximates fair value and is generally \$1 per share/unit.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Plan management evaluates the significance of transfers between levels based upon the nature the investments and the size of the transfer relative to the total net assets available for benefits. There were no transfers in or out of level 3.

Berg Companies, Inc. 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of January 1, 2022, December 31, 2021 and 2020:

	2022 and 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 8,661,770	\$ -	\$ -	\$ 8,661,770
Money market account	47,659	-	-	47,659
Total assets in the fair value hierarchy	<u>\$ 8,709,429</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 8,709,429</u>
	2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 9,016,871	\$ -	\$ -	\$ 9,016,871
Money market account	41,422	-	-	41,422
Total assets in the fair value hierarchy	<u>\$ 9,058,293</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 9,058,293</u>

Note 5. Party-In-Interest Transactions

Certain Plan investments are managed by affiliates of Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Fidelity for the year ended December 31, 2021 were approximately \$35,000.

Note 6. Tax Status

The Plan has adopted a volume submitter plan sponsored by Fidelity. The volume submitter plan provider has received an advisory letter from the IRS as to the volume submitter plan's qualified status. The volume submitter plan advisory letter has been relied upon by the Plan. The Plan has been amended since the volume submitter plan received the advisory letter. The Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
