INDEPENDENT AUDITOR'S REPORT

October 7, 2022

To the Retirement Plan Committee of
Union College Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Union College Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Union College Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

INDEPENDENT AUDITOR'S REPORT

(Continued)

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Union College Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Union College Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit Section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

(Continued)

INDEPENDENT AUDITOR'S REPORT

(Continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Union College Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Union College Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

(Continued)

INDEPENDENT AUDITOR'S REPORT

(Continued)

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Union College Retirement Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 9, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

UNION COLLEGE RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

1. THE PLAN

The following description of the Union College Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is an Internal Revenue Service (IRS) Code Section 403(b) defined contribution plan. Prior to July 1, 2010, Union Graduate College (UGC) was a controlled group, under a common control agreement between UGC's and Union College's (UC) Board of Trustees, thus allowing employees of both UGC and UC participation in the Plan. Effective July 1, 2010, UGC was no longer a controlled group of UC and employees of UGC were no longer allowed to participate in the Plan. Assets of UGC participants contributed prior to June 30, 2010 and held by TIAA and CREF remain in the Plan. At December 31, 2021 and 2020, Fidelity is the custodian of certain Plan investments. Also, TIAA and CREF are insurance companies and authorized agent of TIAA, FSB, a directed custodian of certain assets. The Plan is administered by the management of UC and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). UGC employees are no longer eligible to participate.

Eligibility

All UC employees, except student employees, are eligible to begin salary deferrals upon their date of employment.

Cash

The Plan holds an interest bearing and non-interest bearing cash account. The balances may at times exceed federally insured limits. The Plan has not experienced any losses in these accounts and believes it is not exposed to any significant risk with respect to cash.

Investment Options

During the years ended December 31, 2021 and 2020, the Plan offered various investment options through regulated investment companies, a pooled separate account, and unallocated annuity contracts. Participants may change their investment options daily.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer contributions, and an allocation of Plan earnings and losses on all contributions. Allocations are based on participant earnings and losses or account balances, according to specific terms provided by the Plan.

Contributions

Participants may contribute a percentage of their annual compensation subject to certain IRS limitations. Contributions are remitted to Fidelity and TIAA and CREF and are invested in accordance with the provisions of the Plan. Participants are also eligible to receive a discretionary employer contribution starting on the first day of the quarter following the completion of one year of service and attaining age 21. A participant will receive credit for years of service performed with other institutions of higher education if they were eligible for the other institution's 403(b) plan. As defined by the Plan document, UC contributes on behalf of eligible Plan participants in an amount equal to 11% of eligible compensation.

1. THE PLAN (Continued)

Contributions (Continued)

In July 2020, UC implemented a temporary pause on the 11% employer retirement contribution for all employees who were expected to earn more than \$30,000 during UC's fiscal year ending June 30, 2021. The 11% employer retirement contribution was reinstated effective July 1, 2021. In addition, UC made special contributions during 2021 to all employees whose employer contributions were paused and were eligible to participate in the Plan during the period from July 1, 2020 to June 30, 2021, equal to 11% of eligible compensation during that period.

Vesting

Participants are immediately fully vested in their voluntary contributions and actual investment earnings and losses thereon. Participants hired before July 1, 2011 are 100% vested in employer contributions upon receipt. Participants hired after July 1, 2011 are not vested in employer contributions until after 3 years of service, at which time the participant will be fully vested.

Forfeitures

Forfeitures are first used to pay any administrative expenses. Any remaining forfeitures may be used to reduce future employer profit sharing contributions. Approximately \$230,000 and \$51,000 of forfeitures were used to reduce expenses during 2021 and 2020, respectively.

Payment of Benefits

Upon termination, retirement, death, or permanent disability, a participant is entitled to receive an amount equal to the value of the participant's vested interest in their account. If the account is less than \$1,000, the benefit will be distributed in a single lump sum payment. Distributions of a participant's account are made in the form of installments or lump-sum payments. In addition, participants may elect to contribute to unallocated annuity contracts offered through TIAA and CREF. Based on these contracts, participants may receive distribution payments in the form of an annuity. In addition, benefits to terminated participants are recorded when paid.

Hardship Withdrawals

Prior to age 59 $\frac{1}{2}$, a participant may withdraw only his or her participant contributions and certain employer contributions for reasons of hardship. All hardship withdrawals must comply with the rules relating to hardships, which are uniformly applicable to all participants.

Plan Loans

Plan loans are issued directly from the funds owned by TIAA and CREF and not directly from a participant's account. Adequate security is required and a portion of the participant's investment in the TIAA and CREF Traditional Annuity is reserved, or held in collateral, to cover 110% of the outstanding loan in case of default. Accordingly, only the defaulted plan loans are included as part of Plan assets in the accompanying statement of assets available for benefits. Total Plan loans were approximately \$982,000 and \$1,270,000 at December 31, 2021 and 2020, respectively. Plan loans in default at December 31, 2021 and 2020 were approximately \$368,000 and \$480,000, respectively. Plan loans in default are benefit responsive and included within fixed annuity contracts on the statement of assets available for benefits.

1. THE PLAN (Continued)

Notes Receivable From Participants

Participants may borrow from their account up to a maximum amount that is equal to the lesser of \$50,000 or 50 percent of their account balance. No loans less than \$1,000 will be made. Generally, loan terms may range from 1-15 years. The loans are secured by the balance in the participant's account and bear interest at a rate established by the Plan administrator. As of December 31, 2021 and 2020, interest rates on participant loans were 4.25% - 6.50%. Principal and interest is paid in equal installments through payroll deductions, over a period generally not to exceed 60 months. If the loan is used to acquire a participant's residence, the repayment term is not to exceed 120 months.

Administrative Expenses

The Plan permits the payment of Plan expenses to be made from Plan assets. Substantially all administrative expenses associated with the Plan are paid by Plan participants as a reduction of investment income.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenue and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, currency and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the financial statements.

Investments

The Plan invests in registered investment companies, pooled separate accounts, and fixed annuity contracts. Registered investment companies, pooled separate accounts and non-benefit responsive fixed annuity contracts are reported at fair value. Fully benefit responsive annuity contracts are stated at contract value as this is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Purchases and sales of securities are reflected on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. All investments are participant directed.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value Measurement - Definition and Hierarchy

Accounting Standards Codification (ASC) Section 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair market value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC Section 820 are described below:

- Level 1 - Valuations based on quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access. Valuation adjustments are not applied to Level 1 instruments. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these products does not entail a significant degree of judgment.
- Level 2 - Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, directly or indirectly.
- Level 3 - Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Registered investment company accounts: Registered investment companies include mutual funds, which are valued at the net asset value of shares held at year end based on quoted market prices in active markets.

Pooled separate accounts: The fair values of interests in pooled separate accounts are measured based upon Net Asset Value ("NAV") published on a daily basis using the fair value of the fund's underlying assets. The account is comprised of investments in real estate properties and real estate-related investments. The account's value is principally derived from the fair value of the underlying real estate holdings or other real estate-related investments. Real estate holdings are valued principally using external appraisals, which are estimates of property values based on a professional's opinion.

Non-benefit responsive fixed annuity contracts: Value is calculated as accumulated cash contributions and interest credited to the Plan's contracts, less any withdrawals.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. CERTIFIED INVESTMENT INFORMATION

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity and TIAA and CREF, have certified that the following data included in the financial statements and accompanying supplemental schedule is complete and accurate as of December 31, 2021 and 2020, and the years then ended:

	<u>2021</u>	<u>2020</u>
Cash	\$ 214,920	\$ 3,013

4. FAIR VALUE MEASUREMENTS

At December 31, 2021, the Plan's investments are measured at fair value on a recurring basis and are valued as follows:

	Level 1 <u>Inputs</u>	Level 2 <u>Inputs</u>	Level 3 <u>Inputs</u>	<u>Total</u>
Registered investment company contracts	\$ 285,185,530	\$ -	\$ -	\$ 285,185,530

4. FAIR VALUE MEASUREMENTS (Continued)

The following is a reconciliation of the beginning and ending balances for the Plan's assets at fair value on a recurring basis using significant unobservable inputs (Level 3), as shown in the statement of changes in net assets available for benefits:

	<u>2021</u>	<u>2020</u>
Balance at January 1, 2021	\$ 88,287,822	\$ 89,832,852
Realized gains	7,885,433	2,439,479
Unrealized (losses) gains	(5,194,930)	341,533
Interest income	440,056	830,493
Purchases	7,107,978	10,342,777

Balance at December 31, 2021	<u>\$ 87,577,695</u>	<u>\$ 88,287,822</u>

The following table represents the Plan's level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs:

<u>Type</u>	<u>Fair Value</u>	<u>Valuation technique</u>	<u>Significant unobservable inputs</u>	<u>Range</u>

* Unobservable inputs include discount rate applied.

5. FIXED ANNUITY CONTRACTS

The Plan's investment in fixed annuity contracts is comprised of guaranteed insurance contracts established between the Plan's participants and TIAA and CREF. These contracts guarantee the participants' principal and a minimum interest rate. In addition, participants have the opportunity to earn amounts in excess of the guaranteed rate.

The Plan has non-benefit responsive fixed annuity contracts and fully benefit-responsive fixed annuity contracts with TIAA and CREF. TIAA and CREF maintain Plan contributions in separate accounts. The accounts are credited with contributions and earnings on the underlying investments and are charged for Plan withdrawals.

For fixed annuity contracts, TIAA and CREF determine the contract value, which approximates fair value, using two different methods; a discounted cash flow model and a theoretical transfer value. The discounted cash flow method is calculated using a risk-adjusted market discount rate which correlates closely with Plan's fixed annuity interest rate. The interest rate associated with the Plan's Fixed Annuity Contract can range from 3% to 5% based on the current market environment. The theoretical transfer value method presumes that contributions into the annuity represent transactions between a willing buyer and seller, and therefore, establish a market.

5. FIXED ANNUITY CONTRACTS (Continued)

The fixed annuity contracts guaranteed minimum returns are supported by the TIAA and CREF General Account portfolio, which invests primarily in U.S. debt instruments and investment grade corporate bonds; however, it is also permitted to invest in higher risk securities, including but not limited to, sub-investment grade corporate bonds, common stock and real estate. The assets and earnings from this portfolio are used to pay the guaranteed interest rate associated with the annuity contracts, as well as future annuity payments.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, UC has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their account.

7. TAX STATUS

The Plan is exempt from federal income tax under Section 403(b) of the Code. The Plan is required to operate in conformity with the Internal Revenue Code to maintain its tax exempt status for Plan participants. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income tax has been included in the Plan's financial statements.

8. PARTY-IN-INTEREST TRANSACTIONS

The Plan allows participants of the Plan to invest in certain funds that are managed by Fidelity and TIAA and CREF. As such, transactions between the participants investing in these funds and the Plan qualify as party-in-interest transactions.

The Plan also allows participants of the Plan to receive participant and plan loans under specific circumstances. As such, transactions between the participants that have loans and the Plan qualify as party-in-interest transactions.

9. RECONCILIATION TO FORM 5500

Certain items have been classified differently between the financial statements and Form 5500. Net assets available for benefits and changes in net assets available for benefits per the financial statements agree to Form 5500 in total as of December 31, 2021 and 2020.

10. SUBSEQUENT EVENTS

Subsequent events have been evaluated through October 7, 2022, which is the date the financial statements were available to be issued.
