Report of Independent Auditors

To the Administrator of Medical Mutual of Ohio Employees' Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying 2021 financial statements of Medical Mutual of Ohio Employees' Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The 2021 financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, including the related notes (collectively referred to as the "2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be

independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Other Matter – 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan, which comprise the statement of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year then ended (not presented herein, other than the statement of net assets available for benefits). As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 12, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material

if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021 ("supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures,

including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Medical Mutual of Ohio Employees' Retirement Savings Plan

Notes to Financial Statements

December 31, 2021 and 2020

1. Description of the Plan

The following description of the Medical Mutual of Ohio Employees' Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan, as amended and restated, is comprised of a defined contribution employee retirement savings portion (the "401(k) Portion") and a defined contribution standard non-elective portion (the "Horizons Portion") covering eligible employees of Medical Mutual of Ohio ("MMO") and certain subsidiaries (the "Company" and "Plan Sponsor"). All regular full-time and part-time employees are eligible the first day of service. Temporary employees and interns are eligible after completing 1,000 hours of eligibility service in a Plan year ending December 31. The Plan is designed to encourage eligible employees to develop a program of systematic individual savings, to provide for employer contributions thereto, and to create arrangements for investing such savings and contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Effective January 1, 2020, the employees of Superior Dental Company were eligible to participate in the Plan.

Administration and Trustee

The Plan is administered by the Medical Mutual of Ohio Benefits Administration Committee ("Committee") comprised principally of management. The Committee appointed Fidelity Management Trust Company ("Fidelity") as trustee of the Plan. Fidelity is designated as the trustee and investment manager of the Plan. Fidelity holds all contributions made to the Plan and allocates the amounts among various investment alternatives as directed by participants. An affiliate of Fidelity is recordkeeper of the Plan.

Contributions

401(k) Portion

A participant in the Plan can elect to make tax-deferred or after-tax contributions from 0% to a maximum of 75%, in the aggregate, of their eligible compensation. The Company contributes 100% of the first 3% of compensation that a participant contributes to the Plan and 50% of the next 2% of compensation that a participant contributes in tax-deferred contributions to the Plan.

New employees are given a 35 day "grace period" to opt in or out of the Plan before they are automatically enrolled with a contribution equal to 5% of annual compensation. Before the effective date of the automatic enrollment, a notice is provided to allow participants the opportunity to revoke or modify the deemed salary deferral agreement.

Horizons Portion

The Company may make, at its discretion, contributions which are calculated as a percentage of the employees' covered compensation. The percentages range from 3% to 8%, using an age plus years of service-graded scale. An employee's covered compensation includes their base salary, bonuses, sales compensation, overtime pay, and shift differential. The Company may contribute an additional amount, ranging from 3.0% to 5.7%, based on an employee's compensation in excess of the Social Security Wage Base.

The maximum combined amount that the participant and the Company can contribute to all qualified plans is the lesser of 100% of a participant's total compensation, which is subject to federal income tax withholding, or \$58,000 in 2021 and \$57,000 in 2020. In addition, participants aged 50 and over are permitted to make additional contributions of up to \$6,500 in 2021 and 2020. Participants may roll over funds into the Plan from other qualified plans.

Medical Mutual of Ohio Employees' Retirement Savings Plan

Notes to Financial Statements

December 31, 2021 and 2020

The Plan accepts Roth 401(k) contributions made on behalf of participants. Unless specifically stated otherwise, Roth 401(k) contributions will be treated as tax-deferred contributions for all purposes under the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and the Plan's earnings. Certain plan investments generate revenue sharing that is maintained in a separate account and is used to pay eligible plan expenses. Each year, the Pension Investment Committee reviews and approves an allocation back to eligible participants defined in the service agreement on a pro-rata basis.

Vesting

Plan participants are immediately vested in their contributions and in the Company's contributions plus any actual earnings thereon.

Investment Options

Upon enrollment in the Plan, a participant may direct all contributions into any combination of the specific investment funds offered by the Plan. The investment menu is determined and monitored by plan fiduciaries that are the members of the Pension Investment Committee and an outside consultant, currently Highland Consulting. Participants can also choose investments through Fidelity self-directed brokerage accounts ("BrokerageLink").

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to the lesser of \$50,000 or 50% of their vested account balance (excluding Horizons contributions). Loan terms range from one to five years or up to 15 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined monthly by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Benefit payments are typically made in a lump-sum payment, although periodic payment alternatives are available. Distributions generally occur upon termination of a participant's employment with the Company. A participant may withdraw all or a portion of their account balance upon attaining the age of 59½ or incurring a financial hardship (if certification requirements are satisfied) while remaining employed with the Company. The age 59½ and hardship distributions exclude the Horizons contributions.

Plan Termination

Although it has not expressed any intent to do so, the Company may terminate the Plan at any time, subject to the provisions of ERISA. Upon termination, the assets of the Plan shall be distributed to each participant in proportion to their interest in the Plan, which shall consist of the participant's contributions and the Company's contributions made on behalf of each participant, adjusted for the participant's interest in fund earnings or losses.

2. Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Medical Mutual of Ohio Employees' Retirement Savings Plan

Notes to Financial Statements

December 31, 2021 and 2020

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates that affect amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan holds units in the T. Rowe Price Stable Value Common Trust Fund P (the "Fund"), a common/collective trust, which invests in fully benefit-responsive investment contracts. The Fund is valued at net asset value ("NAV") of units held. The NAV is used as a practical expedient to estimate fair value. Were the Plan to initiate a full redemption of Fund units, the trustee reserves the right to temporarily delay withdrawal from the Fund to ensure that securities liquidations will be carried out in an orderly business manner. The Plan has no unfunded commitments related to investments in the Fund.

All other investments held by the Plan are reported at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants, at the measurement date (Exit Price). See Note 4 for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

Realized gains or losses on the sale of investments are computed on the specific identification basis. Net changes in appreciation or depreciation of investments are combined with realized gains or losses and are reflected as net appreciation in fair value of investments in the statement of changes in net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest, which ranges from 3.25% to 8.63% at December 31, 2021 and 2020. Notes receivable have various maturities through 2043 at December 31, 2021 and 2020. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are recorded when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Contributions

Employee contributions are made through regular payroll deductions and are remitted to the Plan bi-weekly. Discretionary employer contributions are remitted to the Plan in the year subsequent to when they were earned.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan's provisions. Administrative expenses paid by the Plan include external fiduciary, recordkeeping and trustee fees.

Notes to Financial Statements

Subsequent Events

The Plan evaluated subsequent events from the end date of the most recent fiscal year through October 14, 2022, the date the financial statements were available to be issued and no events were noted other than indicated below.

Employee Services, Inc ("ESI"), a subsidiary of MMO, was acquired on March 1, 2021. The employees of ESI became part of the Plan effective January 1, 2022. The former ESI Profit Sharing Plan ("ESI Plan") was terminated and assets totaling \$5,272,952 were rolled into the plan on January 7, 2022. The employees of ESI are only eligible to enroll in the defined contribution employee retirement savings portion of the Plan.

3. Certified Financial Information

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the plan administrator has obtained certification from Fidelity, the trustee, that the following Plan financial information and data included in the Plan's financial statements and supplemental schedule as of December 31, 2021 and 2020 and for the year ended December 31, 2021 is complete and accurate.

	2021	2020
Statements of Net Assets Available for Benefits		
Investments, at fair value	\$ 702,793,983	\$ 618,136,867
Notes receivable from participants	5,916,632	5,595,262
Statement of Changes in Net Assets Available for Benefits		
Net appreciation in fair value of investments	57,867,302	
Interest and dividends	32,345,079	
Interest income on notes receivable from participants	231,688	

4. Fair Value Measurements

The fair value framework establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy are described below:

- Level 1 Values are unadjusted quoted prices for identical assets in active markets accessible at the measurement date.
- Level 2 Inputs include quoted prices for similar assets in active markets, quoted prices from those willing to trade in markets that are not active, or other inputs that are observable or can be corroborated by market data for the term of the instrument. Such inputs include market interest rates and volatilities, spreads, and yield curves.
- Level 3 Certain inputs are unobservable (supported by little or no market activity) and significant to the fair value measurement. Unobservable inputs reflect the Plan's best estimate of what hypothetical market participants would use to determine a transaction price for the asset or liability at the reporting date.

Medical Mutual of Ohio Employees' Retirement Savings Plan

Notes to Financial Statements

December 31, 2021 and 2020

The following is a description of the valuation methodologies used for Plan assets measured at fair value:

Registered Investment Companies: Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Stock: Valued at the quoted closing price on the active market on which the individual securities are traded. These securities are held within the self-directed brokerage accounts.

Common/Collective Trust: Valued at the NAV of units held by the Plan at year end. The net asset value of units held by the Plan is based on the most recent bid prices in the principal market in which such securities are normally traded for underlying securities for which notations are readily available and for underlying securities for which qualifications are not readily available. See Note 2 for further information regarding common/collective trust.

Money Market Funds: Original cost-plus accrued interest or at amortized cost.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The following table summarizes fair value measurements at December 31, 2021 and 2020, for assets measured at fair value on a recurring basis:

	2021			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 612,755,626	\$ -	\$ -	\$ 612,755,626

(1) Certain investments that are measured at fair value using the net asset value per share (or its equivalent practical expedient) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

Medical Mutual of Ohio Employees' Retirement Savings Plan

Notes to Financial Statements

December 31, 2021 and 2020

The following table summarizes investments measured at fair value based on NAV, as a practical expedient, as of December 31, 2021 and 2020:

<u>December 31, 2021 and 2020</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Common/collective trust - 2021	\$ 64,530,080	None	Daily	Daily
Common/collective trust - 2020	\$ 70,925,464	None	Daily	Daily

Self-directed brokerage accounts primarily consist of registered investment companies, common stocks and money market funds. During 2021 and 2020, there were no transfers of securities between the fair value levels.

5. Related-Party and Party-in-Interest Transactions

The Plan holds interests in registered investment companies managed by Fidelity. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA. The Plan also maintains notes receivable from participants which are exempt from prohibited transaction rules.

Per the recordkeeper agreements, Fidelity is authorized to receive compensation for the recordkeeping and shareholder services they provide to certain funds in the form of annual distribution fees or shareholder servicing fees. Any fees received by Fidelity related to the Plan's investments in excess of the revenue threshold, in accordance with its revenue sharing arrangement, are deposited on a quarterly basis back into an administrative budget account, from which certain administrative expenses for the Plan are paid. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

The Company also provides certain accounting, recordkeeping and administrative services to the Plan for which it is not compensated.

6. Tax Status

The underlying volume submitter plan has received an advisory letter from the Internal Revenue Service (IRS) dated March 31, 2014, stating that the form of the plan is qualified under Section 401 of the Internal Revenue Code (the Code) and therefore, the related trust is tax-exempt. In accordance with Revenue Procedures 2011-49 and 2011-44 I.R.B. 608, the plan administrator has determined that it is eligible to and has chosen to rely on the current IRS volume submitter advisory letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code, including any amendments made subsequent to the advisory letter, and therefore believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing

Notes to Financial Statements

December 31, 2021 and 2020

jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The outbreak of the novel coronavirus, or COVID-19, severely impacted global economic activity and caused significant volatility and negative pressure in the financial markets, and it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect Participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Reconciliation of Financial Statements to 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31:

	2021	2020
Net assets available for benefits per the financial statements	\$ 723,369,430	\$ 638,471,443
ESI Plan transfer in	5,272,952	-
Net assets available for benefits per the Form 5500	<u>\$ 728,642,382</u>	<u>\$ 638,471,443</u>

The Form 5500 reflects the transfer from the ESI Plan as of December 31, 2021, as described in Note 2.

Report of Independent Auditors

To the Administrator of Medical Mutual of Ohio Employees' Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying 2021 financial statements of Medical Mutual of Ohio Employees' Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The 2021 financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, including the related notes (collectively referred to as the "2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be

independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Other Matter – 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan, which comprise the statement of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year then ended (not presented herein, other than the statement of net assets available for benefits). As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 12, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material

if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021 ("supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures,

including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Medical Mutual of Ohio Employees' Retirement Savings Plan

Notes to Financial Statements

December 31, 2021 and 2020

1. Description of the Plan

The following description of the Medical Mutual of Ohio Employees' Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan, as amended and restated, is comprised of a defined contribution employee retirement savings portion (the "401(k) Portion") and a defined contribution standard non-elective portion (the "Horizons Portion") covering eligible employees of Medical Mutual of Ohio ("MMO") and certain subsidiaries (the "Company" and "Plan Sponsor"). All regular full-time and part-time employees are eligible the first day of service. Temporary employees and interns are eligible after completing 1,000 hours of eligibility service in a Plan year ending December 31. The Plan is designed to encourage eligible employees to develop a program of systematic individual savings, to provide for employer contributions thereto, and to create arrangements for investing such savings and contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Effective January 1, 2020, the employees of Superior Dental Company were eligible to participate in the Plan.

Administration and Trustee

The Plan is administered by the Medical Mutual of Ohio Benefits Administration Committee ("Committee") comprised principally of management. The Committee appointed Fidelity Management Trust Company ("Fidelity") as trustee of the Plan. Fidelity is designated as the trustee and investment manager of the Plan. Fidelity holds all contributions made to the Plan and allocates the amounts among various investment alternatives as directed by participants. An affiliate of Fidelity is recordkeeper of the Plan.

Contributions

401(k) Portion

A participant in the Plan can elect to make tax-deferred or after-tax contributions from 0% to a maximum of 75%, in the aggregate, of their eligible compensation. The Company contributes 100% of the first 3% of compensation that a participant contributes to the Plan and 50% of the next 2% of compensation that a participant contributes in tax-deferred contributions to the Plan.

New employees are given a 35 day "grace period" to opt in or out of the Plan before they are automatically enrolled with a contribution equal to 5% of annual compensation. Before the effective date of the automatic enrollment, a notice is provided to allow participants the opportunity to revoke or modify the deemed salary deferral agreement.

Horizons Portion

The Company may make, at its discretion, contributions which are calculated as a percentage of the employees' covered compensation. The percentages range from 3% to 8%, using an age plus years of service-graded scale. An employee's covered compensation includes their base salary, bonuses, sales compensation, overtime pay, and shift differential. The Company may contribute an additional amount, ranging from 3.0% to 5.7%, based on an employee's compensation in excess of the Social Security Wage Base.

The maximum combined amount that the participant and the Company can contribute to all qualified plans is the lesser of 100% of a participant's total compensation, which is subject to federal income tax withholding, or \$58,000 in 2021 and \$57,000 in 2020. In addition, participants aged 50 and over are permitted to make additional contributions of up to \$6,500 in 2021 and 2020. Participants may roll over funds into the Plan from other qualified plans.

Medical Mutual of Ohio Employees' Retirement Savings Plan

Notes to Financial Statements

December 31, 2021 and 2020

The Plan accepts Roth 401(k) contributions made on behalf of participants. Unless specifically stated otherwise, Roth 401(k) contributions will be treated as tax-deferred contributions for all purposes under the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and the Plan's earnings. Certain plan investments generate revenue sharing that is maintained in a separate account and is used to pay eligible plan expenses. Each year, the Pension Investment Committee reviews and approves an allocation back to eligible participants defined in the service agreement on a pro-rata basis.

Vesting

Plan participants are immediately vested in their contributions and in the Company's contributions plus any actual earnings thereon.

Investment Options

Upon enrollment in the Plan, a participant may direct all contributions into any combination of the specific investment funds offered by the Plan. The investment menu is determined and monitored by plan fiduciaries that are the members of the Pension Investment Committee and an outside consultant, currently Highland Consulting. Participants can also choose investments through Fidelity self-directed brokerage accounts ("BrokerageLink").

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to the lesser of \$50,000 or 50% of their vested account balance (excluding Horizons contributions). Loan terms range from one to five years or up to 15 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined monthly by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Benefit payments are typically made in a lump-sum payment, although periodic payment alternatives are available. Distributions generally occur upon termination of a participant's employment with the Company. A participant may withdraw all or a portion of their account balance upon attaining the age of 59½ or incurring a financial hardship (if certification requirements are satisfied) while remaining employed with the Company. The age 59½ and hardship distributions exclude the Horizons contributions.

Plan Termination

Although it has not expressed any intent to do so, the Company may terminate the Plan at any time, subject to the provisions of ERISA. Upon termination, the assets of the Plan shall be distributed to each participant in proportion to their interest in the Plan, which shall consist of the participant's contributions and the Company's contributions made on behalf of each participant, adjusted for the participant's interest in fund earnings or losses.

2. Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Medical Mutual of Ohio Employees' Retirement Savings Plan

Notes to Financial Statements

December 31, 2021 and 2020

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates that affect amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan holds units in the T. Rowe Price Stable Value Common Trust Fund P (the "Fund"), a common/collective trust, which invests in fully benefit-responsive investment contracts. The Fund is valued at net asset value ("NAV") of units held. The NAV is used as a practical expedient to estimate fair value. Were the Plan to initiate a full redemption of Fund units, the trustee reserves the right to temporarily delay withdrawal from the Fund to ensure that securities liquidations will be carried out in an orderly business manner. The Plan has no unfunded commitments related to investments in the Fund.

All other investments held by the Plan are reported at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants, at the measurement date (Exit Price). See Note 4 for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

Realized gains or losses on the sale of investments are computed on the specific identification basis. Net changes in appreciation or depreciation of investments are combined with realized gains or losses and are reflected as net appreciation in fair value of investments in the statement of changes in net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest, which ranges from 3.25% to 8.63% at December 31, 2021 and 2020. Notes receivable have various maturities through 2043 at December 31, 2021 and 2020. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are recorded when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Contributions

Employee contributions are made through regular payroll deductions and are remitted to the Plan bi-weekly. Discretionary employer contributions are remitted to the Plan in the year subsequent to when they were earned.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan's provisions. Administrative expenses paid by the Plan include external fiduciary, recordkeeping and trustee fees.

Medical Mutual of Ohio Employees' Retirement Savings Plan

Notes to Financial Statements

December 31, 2021 and 2020

Subsequent Events

The Plan evaluated subsequent events from the end date of the most recent fiscal year through October 14, 2022, the date the financial statements were available to be issued and no events were noted other than indicated below.

Employee Services, Inc ("ESI"), a subsidiary of MMO, was acquired on March 1, 2021. The employees of ESI became part of the Plan effective January 1, 2022. The former ESI Profit Sharing Plan ("ESI Plan") was terminated and assets totaling \$5,272,952 were rolled into the plan on January 7, 2022. The employees of ESI are only eligible to enroll in the defined contribution employee retirement savings portion of the Plan.

3. Certified Financial Information

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the plan administrator has obtained certification from Fidelity, the trustee, that the following Plan financial information and data included in the Plan's financial statements and supplemental schedule as of December 31, 2021 and 2020 and for the year ended December 31, 2021 is complete and accurate.

	2021	2020
Statements of Net Assets Available for Benefits		
Investments, at fair value	\$ 702,793,983	\$ 618,136,867
Notes receivable from participants	5,916,632	5,595,262
Statement of Changes in Net Assets Available for Benefits		
Net appreciation in fair value of investments	57,867,302	
Interest and dividends	32,345,079	
Interest income on notes receivable from participants	231,688	

4. Fair Value Measurements

The fair value framework establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy are described below:

- Level 1 Values are unadjusted quoted prices for identical assets in active markets accessible at the measurement date.
- Level 2 Inputs include quoted prices for similar assets in active markets, quoted prices from those willing to trade in markets that are not active, or other inputs that are observable or can be corroborated by market data for the term of the instrument. Such inputs include market interest rates and volatilities, spreads, and yield curves.
- Level 3 Certain inputs are unobservable (supported by little or no market activity) and significant to the fair value measurement. Unobservable inputs reflect the Plan's best estimate of what hypothetical market participants would use to determine a transaction price for the asset or liability at the reporting date.

Medical Mutual of Ohio Employees' Retirement Savings Plan

Notes to Financial Statements

December 31, 2021 and 2020

The following is a description of the valuation methodologies used for Plan assets measured at fair value:

Registered Investment Companies: Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Stock: Valued at the quoted closing price on the active market on which the individual securities are traded. These securities are held within the self-directed brokerage accounts.

Common/Collective Trust: Valued at the NAV of units held by the Plan at year end. The net asset value of units held by the Plan is based on the most recent bid prices in the principal market in which such securities are normally traded for underlying securities for which notations are readily available and for underlying securities for which qualifications are not readily available. See Note 2 for further information regarding common/collective trust.

Money Market Funds: Original cost-plus accrued interest or at amortized cost.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The following table summarizes fair value measurements at December 31, 2021 and 2020, for assets measured at fair value on a recurring basis:

	2021			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 612,755,626	\$ -	\$ -	\$ 612,755,626
Self-directed brokerage accounts	25,508,277	-	-	25,508,277
Total assets in the fair value hierarchy	638,263,903	-	-	638,263,903
Common/collective trust ⁽¹⁾				64,530,080
Total investments, at fair value	\$ 638,263,903	\$ -	\$ -	\$ 702,793,983

	2020			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 526,193,761	\$ -	\$ -	\$ 526,193,761
Self-directed brokerage accounts	21,017,642	-	-	21,017,642
Total assets in the fair value hierarchy	547,211,403	-	-	547,211,403
Common/collective trust ⁽¹⁾				70,925,464
Total investments, at fair value	\$ 547,211,403	\$ -	\$ -	\$ 618,136,867

(1) Certain investments that are measured at fair value using the net asset value per share (or its equivalent practical expedient) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

Medical Mutual of Ohio Employees' Retirement Savings Plan

Notes to Financial Statements

December 31, 2021 and 2020

The following table summarizes investments measured at fair value based on NAV, as a practical expedient, as of December 31, 2021 and 2020:

<u>December 31, 2021 and 2020</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Common/collective trust - 2021	\$ 64,530,080	None	Daily	Daily
Common/collective trust - 2020	\$ 70,925,464	None	Daily	Daily

Self-directed brokerage accounts primarily consist of registered investment companies, common stocks and money market funds. During 2021 and 2020, there were no transfers of securities between the fair value levels.

5. Related-Party and Party-in-Interest Transactions

The Plan holds interests in registered investment companies managed by Fidelity. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA. The Plan also maintains notes receivable from participants which are exempt from prohibited transaction rules.

Per the recordkeeper agreements, Fidelity is authorized to receive compensation for the recordkeeping and shareholder services they provide to certain funds in the form of annual distribution fees or shareholder servicing fees. Any fees received by Fidelity related to the Plan's investments in excess of the revenue threshold, in accordance with its revenue sharing arrangement, are deposited on a quarterly basis back into an administrative budget account, from which certain administrative expenses for the Plan are paid. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

The Company also provides certain accounting, recordkeeping and administrative services to the Plan for which it is not compensated.

6. Tax Status

The underlying volume submitter plan has received an advisory letter from the Internal Revenue Service (IRS) dated March 31, 2014, stating that the form of the plan is qualified under Section 401 of the Internal Revenue Code (the Code) and therefore, the related trust is tax-exempt. In accordance with Revenue Procedures 2011-49 and 2011-44 I.R.B. 608, the plan administrator has determined that it is eligible to and has chosen to rely on the current IRS volume submitter advisory letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code, including any amendments made subsequent to the advisory letter, and therefore believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing

Medical Mutual of Ohio Employees' Retirement Savings Plan

Notes to Financial Statements

December 31, 2021 and 2020

jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The outbreak of the novel coronavirus, or COVID-19, severely impacted global economic activity and caused significant volatility and negative pressure in the financial markets, and it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect Participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Reconciliation of Financial Statements to 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31:

	2021	2020
Net assets available for benefits per the financial statements	\$ 723,369,430	\$ 638,471,443
ESI Plan transfer in	5,272,952	-
Net assets available for benefits per the Form 5500	<u>\$ 728,642,382</u>	<u>\$ 638,471,443</u>

The Form 5500 reflects the transfer from the ESI Plan as of December 31, 2021, as described in Note 2.
