Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of G.S. Wiring Systems, Inc. Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 15, 2021 we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

G.S. WIRING SYSTEMS, INC. SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

Note 1—Description of the Plan

The following description of the G.S. Wiring Systems, Inc. Savings Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established on July 1, 1992 for the benefit of eligible employees of G.S. Wiring Systems, Inc. and Japan West (collectively, the Company or Plan Sponsor). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Plan amendments

In 2020, the Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019, which laws require the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable laws and Internal Revenue Service (IRS) guidance.

Contributions

Eligible employees may elect to defer a portion of their compensation to be contributed to the Plan not to exceed the dollar limit set by law. Participants who have attained the age of fifty before the end of the Plan year are eligible to make catch-up contributions. In addition, participants are eligible to receive a discretionary matching and discretionary profit-sharing contribution set by the Plan Sponsor. For the year ended December 31, 2021, the Company elected to match 50% of the first 5% of each participant's deferral contribution. There were no discretionary profit sharing contributions for the year ended December 31, 2021.

The Plan includes an auto-enrollment provision, whereby all newly eligible employees are automatically enrolled in the Plan on the employee's date of hire and will be eligible for the discretionary employer matching contribution. The amount of the automatic deferral is 3% of the participant's eligible compensation and their contributions are invested in a designated balanced fund until changed by the participant.

Rollover contributions

Participants may contribute funds previously held for their account in another qualified employee benefit plan to the Plan. A participant shall be fully vested at all times in such amounts transferred into the Plan. Rollover contributions share in income and earnings under the terms of the Plan, but no employer contributions are made with respect to any rollover contribution.

G.S. WIRING SYSTEMS, INC. SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2021 and 2020

Note 1—Description of the Plan—continued

Participant accounts

Each participant's account is credited with the participant's contribution, the Company's discretionary matching contribution (when made) and an allocation of (a) the Company's discretionary profit sharing contribution (when made) (b) Plan earnings (losses) and (c) charged with an allocation of administration expenses, if any, of their respective elected investment option. Participants who initiate a loan or benefit payment are charged a fee for that transaction. Allocations are based on participant compensation, account balances or specific participant transactions, as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes receivable from participants

Participants may borrow from their vested account balance a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance, whichever is less. The \$50,000 is reduced by the highest note receivable balance during the past 12 months minus the loan balance on the date a new note receivable is made. The note receivable term may not be longer than five years. Notes receivables are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates at the time the notes are issued. Principal and interest are paid ratably through payroll deductions. Notes receivables are secured with at least 50% of the present value of the participant's vested interest in the Plan. The Plan allows for participants to have two notes receivable outstanding at a time.

Pursuant to the CARES Act, plan participants could request a delay of note repayments for repayments that occurred between March 27, 2020 and December 31, 2020 for one year. The participant's note would be re-amortized and include any interest accrued during the period of delay. In addition, plan participants were permitted to borrow up to \$100,000 or 100% of their vested account balance, whichever is less. The ability to request a delay in note repayments and the extended note amounts under the CARES Act ceased as of December 31, 2020.

Payment of benefits

Upon termination of service due to retirement, death or disability, if earlier, or termination, a participant may elect to receive either a lump-sum equal to the value of the participant's vested interest in his or her account, or annual installment payments, as defined by the plan agreement. If a participant's balance was less than \$5,000 and a distribution election was not made, the full value of the account was to be distributed in a single lump-sum within a reasonable period of time, either directly to the participant if the balance did not exceed \$1,000, or to an individual retirement account if the balance was between \$1,000 and \$5,000. Further, the Plan Administrator may permit a participant who experiences a qualified financial hardship, as defined, to receive a lump-sum distribution of a portion of the participant's account balance.

G.S. WIRING SYSTEMS, INC. SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2021 and 2020

Note 1—Description of the Plan—continued

Payment of benefits—continued

Pursuant to the CARES Act, participants who were currently receiving required minimum distributions were offered the option to waive their 2020 distribution and participants who were due to receive their first required distribution in 2020 had their distribution automatically waived. Additionally, the CARES Act permitted plan participants to request up to \$100,000 in coronavirus-related distributions, with repayment terms of up to three years. The ability to request special waivers with respect to required minimum distributions and coronavirus-related distributions under the CARES Act ceased as of December 31, 2020.

Vesting

Participants are 100% vested in their contributions plus any earnings thereon. Vesting in the Plan Sponsor's discretionary contributions plus earnings thereon is based on years of continuous service. A participant is 20%, 40%, 60%, 80% and 100% vested after 1, 2, 3, 4, and 5 years of credited service, respectively.

Forfeitures

Forfeitures of terminated participants' non-vested accounts are used to reduce the Plan's administrative expenses or to reduce future employer discretionary contributions. The Plan must reinstate the participant's non-vested account balance if the participant is re-employed prior to five consecutive one-year service breaks. At December 31, 2021 and 2020, forfeited non-vested accounts totaled \$2,205 and \$1,253, respectively. During the year ended December 31, 2021, forfeitures of \$22,202 were used to offset employer contributions.

Administrative expenses

Fees related to the administration of the Plan or associated with the investment of Plan assets may be paid by the Plan or by the Company. Administrative expenses that are paid by the Company are excluded from these financial statements. Fees incurred as a result of the participant's investment decision will be allocated to that participant. Participants are charged processing fees directly for distributions, including in-service distributions, hardship distributions and loan originations and these fees are excluded from administrative expenses.

Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Plan Sponsor may determine.

Subsequent events

The Plan Sponsor has evaluated subsequent events through October 17, 2022, the date the financial statements were available to be issued and has determined there are no subsequent events that require disclosure.

NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2021 and 2020

Note 2—Summary of significant accounting policies

Basis of accounting

The Plan maintains its records on the accrual basis, whereby income is recognized when earned and expenses are recognized when the obligations are incurred.

Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Investment valuation and income recognition

The Plan's investments are stated at fair value with the exception of the Guaranteed Interest Fund (a fully benefit-responsive investment contract) which is valued at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion and disclosures related to fair value measurements. Contract value is the relevant measure for fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Investment transactions are accounted for on a trade-date basis and realized gains and losses on sales of securities are determined using the average cost method. Income from investments is recognized when earned. Purchases and sales of securities are recorded on a trade date basis. Interest and dividend income are rewarded on the accrual basis.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If the participant ceases to make loan repayments and the Plan Administrator deems the note receivable to be in default, the participant note receivable is reduced and a benefit payment is recorded.

Contributions

Employee deferrals and employer contributions are included in income during the period the related compensation is earned.

Benefits paid to participants

Benefit payments to participants are recorded when paid.

NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2021 and 2020

Note 3—Investments

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held as of December 31, 2021 and 2020, and net realized and unrealized appreciation (depreciation) in fair value of investments, interest, dividends, and notes receivable from participants for the year ended December 31, 2021, was obtained or derived from information supplied to the Plan Sponsor and certified by Great-West Life & Annuity Company and Great-West Trust Company, LLC (the Trustees), as complete and accurate in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information has not been examined by independent auditors. Participant accounts are allocated among the investment options as directed by the participants.

Note 4—Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification Topic 820, Fair Value Measurement, are described as follows:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include:

- a. Quoted prices for similar assets or liabilities in active markets;
- b. Quoted prices for identical or similar assets or liabilities in inactive markets;
- c. Inputs other than quoted prices that are observable for the asset or liability;
- d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value by the Plan. There have been no changes in methodologies used at December 31, 2021 and 2020.

G.S. WIRING SYSTEMS, INC. SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2021 and 2020

Note 4—Fair value measurements—continued

Mutual Funds- valued at quoted market prices that represent the net asset value of shares held by the Plan at year end and are classified as Level 1. The net asset value is based on the value of the underlying assets owned by the fund, less its liabilities, then divided by the number of shares outstanding. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price and, therefore, are deemed to be actively traded.

Common Collective Trusts- valued at the net asset value of units of a collective trust. The net asset value, as provided by the Trustees, is used as a practical expedient to estimate fair value and are not assigned a level in the fair value hierarchy. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. The net asset value would not be used when it is determined to be probable that the investment will be sold for an amount different than the reported net asset value. If the Plan initiates a full redemption of the common collective trusts, the issuer reserves the right to require a delay withdrawal in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies and assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets that are measured at fair value.

Description	Total	Fair Value Measurements at December 31, 2021 Using		
		Level (1)	Level (2)	Level (3)
Mutual funds	\$ 1,719,044	\$ 1,719,044	\$ 0	\$ 0
Total investments in the fair value hierarchy	1,719,044	\$ 1,719,044	\$ 0	\$ 0
Investments measured at net asset value (a)	5,259,761			
Total investment assets at fair value	\$ 6,978,805

Note 4—Fair value measurements—continued

Description	Total	Fair Value Measurements at December 31, 2020 Using		
		Level (1)	Level (2)	Level (3)
Mutual funds	\$ 1,357,115	\$ 1,357,115	\$ 0	\$ 0
Total investments in the fair value hierarchy	1,357,115	\$ 1,357,115	\$ 0	\$ 0
Investments measured at net asset value (a)	5,221,125			
Total investment assets at fair value	\$ 6,578,240			

- (a) In accordance with Subtopic 820-10, certain investments that were measured at the net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The common collective trusts have no unfunded commitments, have a daily redemption frequency and require a redemption period ranging from 1-day to 12 months. The fair value of the common collective trusts' is \$5,259,761 and \$5,221,125 at December 31, 2021 and 2020, respectively.

Note 5—Fully benefit-responsive investment contract with an insurance company

The Plan has a fully benefit-responsive investment contract with Great-West Life & Annuity Insurance Company. Great-West Life & Annuity Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Total value of the contract was \$2,213 and \$3,281 as of December 31, 2021 and 2020, respectively. Interest crediting rates are reviewed on a quarterly basis for resetting. The crediting interest rate and the yield for the fixed annuity contract was 1.15% and 1.20% as of December 31, 2021 and 2020, respectively.

Participants may transfer their account balance to any other investment option offered under the Plan by the Trustees at any time with no restrictions or penalties. If a participant transfers out of the investment contract, Great-West Life & Annuity Insurance Company reserves the right to restrict transfers for up to 30 days. If the Plan Sponsor chooses to terminate the investment contract, there may be participant transfer restrictions until the money is paid to the next provider. If there is a Plan Sponsor initiated event, a market value adjustment is assessed on participant distributions for a period of 12 or 36 months, depending on market conditions. These transactions are processed after the resolution of closed or disrupted financial exchanges or markets.

Note 6—Related party and party in interest transactions

Certain Plan investments are managed by the Trustees. Accordingly, as defined by the Plan, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the administration services are deducted directly from participant accounts. The Plan made direct payments to the Trustees in the amount of approximately \$22,220 during 2021.

Note 7—Tax status

Effective March 1, 2021, the Plan was restated under a prototype plan established by Great-West Trust Company, LLC. The Internal Revenue Service has provided an opinion to Great-West Trust Company, LLC by letter dated June 30, 2020, that the prototype plan is designed in accordance with applicable sections of the Internal Revenue Code.

Prior to January 1, 2020, the Plan was designed based on a different prototype plan established by Great-West Trust Company. The Internal Revenue Service had provided an opinion to Great-West Trust Company by letter dated March 31, 2014, that the prototype plan is designed in accordance with applicable sections of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require the plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8—Risks and uncertainties

The Plan invested in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the financial statements.
