Part I	Asset and Liability Statement
---------------	--------------------------------------

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

Independent Auditor's Report

To the Plan Administrator and Plan Participants of the
M S International, Inc. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of M S International, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of M S International, Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from the qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of M S International, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about M S International, Inc. 401(k) Profit Sharing Plan’s ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan’s transactions that are presented and disclosed in the financial statements are in conformity with the plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements. In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the M S International, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about M S International, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of Form 5500 Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statement

We were engaged to audit the 2020 financial statements of M S International, Inc. 401(k) Profit Sharing Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 15, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

M S International, Inc. 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2021 and 2020

Note 1. Description of the Plan

The following description of the M S International, Inc. 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan was adopted on January 1, 2006 to qualify as a defined contribution plan for eligible employees of M S International, Inc. (the “Company” or “Employer”). The Plan has a pre-tax salary reduction provision as defined under Section 401(k) and an employer matching contribution under 401(m) of the Internal Revenue Code (the “IRC”). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Participant Eligibility

Each of the Company’s employees is eligible to participate in the Plan with the exception of employees covered by collective bargaining agreements, leased employees, and non-resident aliens with no U.S income. Eligible employees may participate in the Plan upon attaining the age of 21 and completion of one year with a minimum of 1,000 hours of service. An eligible participant may enter the Plan on the first day of the first, fourth, seventh and tenth month and the fifteenth of the third month of the Plan year.

Contributions

The Company’s eligible employees may contribute up to 100% of their compensation, subject to the limitations as defined by the IRC, each year on a pre-tax basis by salary reduction. Effective February 1, 2021, the Plan also allows participants to make Roth (after-tax) deferral contributions. A participant’s Roth deferral contributions will be allocated to a separate account maintained for such contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions as defined by the IRC.

The Company may make a discretionary matching and/or a safe harbor matching contribution without regard to the Company’s current or accumulated profits as determined each year by resolution of the Company’s Board of Directors. The Company’s safe harbor matching contribution for the year ended December 31, 2021 was equal to 100% of the participant’s deferral contributions not to exceed 3% of compensation plus 50% of the participant’s deferrals up to the next 2% of the participant’s annual compensation.

Participants direct the investment of all contributions to their account into various investment options offered by the Plan.

Note 1. Description of the Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contribution, the participant's allocation of the Company's discretionary matching and/or safe harbor matching contributions, and Plan earnings less an allocation of investment and operating expenses charged to the Plan. Company contributions are allocated to eligible participants who are employed on the last day of the Plan year. Allocations of fund earnings are based upon the ratio that each participant's fund balance bears to the total investment fund balance.

Vesting

Participants are 100% vested in their contributions, the safe harbor matching contributions and earnings on these contributions. Each participant's interest in their Company discretionary matching contributions and Plan earnings accounts are vested as follows:

Years of Service for Vesting	Percent Vested
Less than one year of service	0%
One year, but less than two years of service	25%
Two years, but less than three years of service	50%
Three years, but less than four years of service	75%
Four or more years of service	100%

Forfeitures

Amounts forfeited from terminating participants' non-vested portion of their Company contributions and earnings on Company contributions are used to pay administrative expenses of the Plan or reduce Company contributions. During the year ended December 31, 2021, no forfeitures were utilized to pay plan administrative expenses or reduce the Company contribution. As of December 31, 2021 and 2020, there were approximately \$10,000 and \$4,000 of unutilized forfeitures available, respectively.

Safe Harbor Election

For the year ended December 31, 2021, the Plan has elected to be a Safe Harbor Plan according to IRC regulations. Accordingly, the Plan must meet certain requirements relating to Company contributions and vesting schedules and meet the applicable Safe Harbor requirements. If the Plan meets the "Safe Harbor" requirements it is not subject to the ADP or ACP discrimination tests required by the IRC.

Note 1. Description of the Plan (continued)

Notes Receivable from Participants

Participants may borrow from their accounts up to a maximum of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and must be repaid at a fixed interest rate which is commensurate with local prevailing rates as determined by the Plan. Generally, loans must be repaid within five years, unless the loan was for the purchase of a principal residence. In this case, the repayment period may be extended. Delinquent or defaulted notes receivables from participants are written off as "deemed" distributions at the end of the quarter following the quarter in which the default occurs.

The Plan classifies participant loans as notes receivable from participants in the statements of net assets available for benefits and measures them at their unpaid principal balance plus any accrued interest.

Plan Administrative Expenses

The Company provides or pays for certain accounting, legal and management services without charge to the Plan.

The Plan entered into an agreement which certain administrative expenses may be paid by the Plan's expense budget account, which is derived from revenue sharing payments received by the Plan's investment contract issuer for administrative services related to various insurance contracts offered in the Plan. During the year ended December 31, 2021, approximately \$193,300 was made available to be used for the Plan's expenses and are included in other income on the Plan's statement of net assets available for benefits. As of December 31, 2021 and 2020, there was approximately \$165,600 and \$146,400 of unallocated amounts in the expense budget account, respectively and approximately \$174,100 were allocated to participants on a pro rata basis during the year ended December 31, 2021.

Fees related to the administration of notes receivable from participants and certain fees related to distributions are charged directly to participant's accounts and are included in administration fees. Additionally, Plan record-keeping fees that are not paid by forfeitures, if any, are charged directly to Participant accounts. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Payment of Benefits

Retired or terminated participants receive the vested portion of their Company discretionary matching and/or safe harbor matching contributions and earnings on their Company contributions and 100% of their pre-tax contribution as soon as administratively possible following retirement, termination or upon becoming disabled.

Note 1. Description of the Plan (continued)

If a participant's vested account balance is \$5,000 or less, the participant will receive a distribution in a single lump-sum payment regardless of whether the participant consents to the distribution or not. If the participant's vested account balance is more than \$1,000 but less than \$5,000, their distribution will be directly rolled over to an Individual Retirement Account ("IRA") as designated by the plan administrator in absence of the participant's affirmation election to either receive or roll over the distribution. Amounts in the participant's rollover account will not be considered as part of the \$5,000 threshold used to determine whether the participant must consent to a distribution. If the participant's vested account balance exceeds \$5,000, and the participant has obtained normal retirement age of 65, the participant will receive a distribution in a single lump sum payment regardless of whether the participant consents to the distribution or not.

Active participants can withdraw all or a portion of their vested account balance due to financial hardship and/or in service distributions are allowed from a participant's discretionary matching on funds held for 5 years.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America and present the net assets available for benefits and the changes in those assets. Except for the expense budget account (see Note 1), the Plan's net assets are allocated entirely to individual participants' accounts.

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Revenue Recognition

All investments are carried at fair value or an approximation of fair value except for the fully benefit-responsive investment contract which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee, or equivalent, determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians and investment contract issuer. See Note 5 for discussion of fair value measurements and Note 3 for discussion of the fully benefit-responsive investment contract.

Purchases and sales of investment securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2. Summary of Significant Accounting Policies (continued)

Non-Distributed Benefits

The Plan does not accrue non-distributed benefits related to participants who have drawn from the Plan, but recognizes such benefits as a deduction from net assets in the period in which such benefits are paid.

Funding Policy

The participant deferrals are funded on a consistent basis following the issuance of each Company payroll. Company discretionary contributions, if any, and safe harbor contributions are funded on an annual basis.

Subsequent Events

The Company has evaluated all events subsequent to December 31, 2021, the date of the statement of net assets available for benefits, through the date of the Independent Auditor's Report, the date which the financial statements were available to be issued.

Note 3. Guaranteed Interest Account

The Plan participates in the Transamerica Stable Value Core Option Fund ("the Fund"), which is a fund that is part of a group annuity contract. The Fund offers a full guarantee on principal and interest by Transamerica Life Insurance Company Inc. ("Transamerica"), the investment contract issuer. The contract is considered fully-benefit responsive. Investment contracts held in a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under terms of the Plan. The group annuity contract promises contract value for a benefit event (termination, death, disability and retirement), however, there are possible market value adjustments when funds are withdrawn prior to their maturity. There may be withdrawal restrictions associated with this contract based on certain Plan level initiated transactions.

The interest crediting rate is determined semi-annually. The interest crediting rate for the year ended December 31, 2021 resulted in an average annual yield earned and credited to participants of approximately 0.75%. The interest crediting rate is calculated based upon many factors, including current economic and market conditions, the general interest rate environment, and both the expected and actual experience of a reference portfolio within Transamerica's general account. As of December 31, 2021 and 2020, the crediting interest rate on the contract was 0.75% and 0.80%, respectively.

Note 4. Information Certified by the Investment Contract Issuer

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to the following information certified by Transamerica Life Insurance Company Inc., an investment contract issuer, as complete and accurate, except for comparing such information certified by the investment contract issuer to information included in the Plan's financial statements and supplemental schedule:

c) Supplemental Schedule:

Form 5500 Schedule H, Line 4i – Schedule of Assets (Held at End of Year) *

**Notes receivable from participants are participant loans allowed under the related regulations. The participant loans as of December 31, 2021 and 2020 are not certified by the investment contract issuer but are included as investments on the supplemental schedule, Form 5500 Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.*

Note 5. Fair Value Measurements

Fair value measurements are based on a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Note 5. Fair Value Measurements (continued)

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means;

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2021 and 2020:

Pooled separate accounts: The Plan participates in a contract with Transamerica, whereby the assets of the Plan are pooled with those of other unrelated plans. The Plan owns units of participation in the fair value of the account's underlying assets. Transamerica holds these assets in trust for the participating plans. These investments are public investment securities valued using the Net Asset Value ("NAV") as a practical expedient provided by the investment custodian. The NAV is quoted on a private market that is not active; however, the unit price is based on the underlying investments. A majority of the investments held by each fund are traded on an active market.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

As of December 31, 2021 and 2020, the Plan did not hold any investments requiring fair value measurement leveling within the fair value hierarchy.

Certain of the pooled separate account investment funds restrict transfers into the investment fund to once in any rolling 30 day period once a transfer has been made. Transfers "out" are allowed with no restriction. There are no other redemption restrictions, redemption notice requirements, or unfunded commitments related to the pooled separate account investment funds as of December 31, 2021 and 2020.

Note 6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 8. Tax Status

The Company has adopted a standardized prototype plan which obtained its latest opinion letter on March 31, 2014 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, no provision was made for federal income taxes in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's tax returns generally remain open for Federal tax audits for three years from the filing date.

Note 9. Related Party and Party-In-Interest Transactions

Certain Plan investments are units of pooled separate accounts and a guaranteed interest account which are managed by Transamerica. Transamerica is the investment contract issuer as defined by the Plan. Fees incurred by the Plan for investment management services are included in net appreciation (depreciation) in fair value of investments. These fees are paid to the investment fund managers, Transamerica, other investment custodians and investment advisors.

Additionally, as noted in Note 1, certain administrative expenses related to recordkeeping fees are paid directly to Transamerica and are included in administrative fees. Certain fees may be paid to service providers that are consider parties-in-interest under ERISA and are included in administrative expenses.

Note 9. Related Party and Party-In-Interest Transactions (continued)

The Plan also allows for the issuance of notes receivable to participants in accordance with the related regulations.

These transactions qualify as party-in-interest transactions for which there are statutory exemptions.
