December 31, 2021

Independent Auditor's Report

Administrative Committee and Participants
Marcone Appliance Parts Center 401(k) Profit Sharing Plan
St. Louis, Missouri

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Marcone Appliance Parts Center 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Marcone Appliance Parts Center 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Marcone Appliance Parts Center 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Marcone Appliance Parts Center 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Marcone Appliance Parts Center 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Marcone Appliance Parts Center 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statement

We were engaged to audit the 2020 financial statement of Marcone Appliance Parts Center 401(k) Profit Sharing Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statement, and (b) the form and content of the information included in the 2020 financial statement other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Marcone Appliance Parts Center 401(k) Profit Sharing Plan

Notes to the Financial Statements

Note 1: Description of Plan

The following description of the Marcone Appliance Parts Center 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Marcone Appliance Parts Co. and Marcone APW, LLC, an adopting affiliated company (collectively, the "Company"), who meet certain eligibility requirements. The Plan is subject to the provision of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility

Employees of the Company who are not covered under a collective bargaining agreement and have completed at least 90 days of service are eligible to participate in the Plan.

Contributions

Participants may elect to reduce their salary and have the amount contributed to the Plan. The elective deferral amount may not be more than the lesser of (a) maximum dollar limit allowed under requirements of the Internal Revenue Code (IRC) or (b) such lesser amount as determined by discrimination tests for the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Rollover contributions to participants from another qualified plan are permitted as defined in the Plan. The Company may make discretionary matching contributions of employees' salary reduction amounts at a percentage to be determined by the Company. The Company made a discretionary matching contribution in an amount equal to 50% of the first 3% of each participant's salary deferral in 2021. The Company may also make discretionary profit-sharing contributions to be determined by the Company. No profit-sharing contributions were made in 2021. Participants may direct the investment of their contributions into various investment options offered by the Plan. Participants may change their investment options at any time pursuant to procedures established in the Plan document.

Participant Accounts

Each participant's account is credited with the participant's elective and, if applicable, rollover contributions, and allocations of (a) the Company's matching contribution, (b) administrative expenses and (c) Plan earnings. Allocations are based on participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Marcone Appliance Parts Center 401(k) Profit Sharing Plan

Notes to the Financial Statements

Note 1: Description of Plan (Continued)

Vesting

Participants are immediately vested in their elective deferral and, if applicable, rollover contributions plus earnings thereon. Participants are vested in matching contributions after four years of continuous service as follows:

After one year of service	10 %
After two years of service	30 %
After three years of service	60 %
After four years of service	100 %

Notes Receivable From Participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Upon termination of service due to death, disability, retirement or other reasons, a participant may elect to receive the value in his or her account in a lump-sum distribution or installments over a period of time as defined in the Plan equal to the value of his or her account. Hardship withdrawals are also permitted under circumstances provided by the Plan.

Forfeited Accounts

At December 31, 2021 and 2020, forfeited non-vested accounts totaled \$3,849 and \$10,781, respectively. These accounts will be used to reduce future employer contributions and pay Plan administrative expenses. In 2021, employer contributions were reduced by \$9,572 from the forfeited non-vested account.

Marcone Appliance Parts Center 401(k) Profit Sharing Plan

Notes to the Financial Statements

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The Plan follows the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP, requires the Plan sponsor to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimated amounts.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's administrative committee determines the Plan's valuation policies utilizing information provided by the investment trustee and insurance company. See Note 3 for a discussion of fair value measurements. See Note 4 for a discussion regarding the Plan's investment contracts with insurance companies.

Purchases and sales of securities are recorded on trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold during the year as well as held during the year. Management fees and operating expenses charged to the Plan for investments in registered investment companies are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Payment of Benefits

Benefits are recorded upon distribution.

Plan Expenses

Certain administrative functions applicable to the Plan are performed by officers or employees of the Company. No such officer receives compensation from the Plan. Certain other expenses may be paid by the Plan unless paid by the Company.

Subsequent Events

The Plan has evaluated subsequent events through October 17, 2022, which is the date the financial statements were available to be issued.

Marcone Appliance Parts Center 401(k) Profit Sharing Plan

Notes to the Financial Statements

Note 2: Summary of Significant Accounting Policies (Continued)

Subsequent Events (Continued)

During 2022, the Plan Sponsor changed the Plan's trustee, and the Plan Sponsor acquired certain businesses, which the Plan was amended to allow employees of these newly acquired businesses to participate in the Plan.

Note 3: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level III). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Level 1 – Quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. Level 2 inputs include: quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Unobservable inputs for the asset or liability for which there is little, if any, market activity for the asset or liability at the measurement date. Unobservable inputs reflect the trustee's own assumptions about what market participants would use to price the asset or liability. These inputs may include internally developed pricing models, discounted cash flow methodologies, as well as instruments for which the fair value determination requires significant management judgment.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Registered Investment Companies: Registered investment companies are valued at the closing price reported on the active market on which the individual securities are traded.

Marcone Appliance Parts Center 401(k) Profit Sharing Plan

Notes to the Financial Statements

Note 3: Fair Value Measurements (Continued)

Guaranteed Interest Account: The guaranteed interest account is valued at the fair value based on a formula specified in the Plan's group annuity contract with Voya Retirement Insurance and Annuity Company, which takes into account currently credited interest rates. See Note 4 for additional information.

Self-directed Brokerage Accounts: The self-directed brokerage accounts are composed of common stocks, money market funds, and interest-bearing cash and cash equivalents. Common stock is valued at the closing price reported on the active market on which the individual securities are traded. The money market funds are valued at the amount of interest-bearing cash held by the Plan's money market funds at year-end. Interest-bearing cash and cash equivalents are valued at cost, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuations or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

Fair Value Measurements				
December 31, 2021	Total	Level 1	Level 2	Level 3
Investments at fair value:				
Registered investment companies	\$ 15,432,420	\$ 15,432,420	\$ -	\$ -
Guaranteed interest account	1,958,694	-	-	1,958,694
Self-directed brokerage accounts	102,552	102,552	-	-
Totals	\$ 17,493,666	\$ 15,534,972	\$ -	\$ 1,958,694

Fair Value Measurements				
December 31, 2020	Total	Level 1	Level 2	Level 3
Investments at fair value:				
Registered investment companies	\$ 15,068,581	\$ 15,068,581	\$ -	\$ -
Guaranteed interest account	2,147,708	-	-	2,147,708
Self-directed brokerage account	175,627	175,627	-	-
Totals	\$ 17,391,916	\$ 15,244,208	\$ -	\$ 2,147,708

Marcone Appliance Parts Center 401(k) Profit Sharing Plan

Notes to the Financial Statements

Note 3: Fair Value Measurements (Continued)

The following table presents quantitative information about significant unobservable inputs used in Level 3 fair value measurements at December 31, 2021 and 2020:

Instrument	2021	2020	Valuation Technique	Unobservable Input	Range (Weighted Average)
Guaranteed Interest Account	\$ 1,958,694	\$ 2,147,708	Discounted cash flow	Discount Rate	1 %

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2021, there were no transfers in or out of Level 3.

Note 4: Guaranteed Interest Account

During 2014, the Plan entered into a guaranteed interest account ("GIA") with Voya Retirement Insurance and Annuity Company. Voya Retirement Insurance and Annuity Company maintains the Plan's deposit in the GIA, to which it adds interest at the contract rate of 1.00% as of December 31, 2021. The account is credited with earnings on the underlying investments and is charged for participant withdrawals and expenses. Voya Retirement Insurance and Annuity Company is contractually obligated to repay principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is determined by the issuer for each calendar year, but it may not be less than 1.00%. The contract has been determined to not be fully benefit-responsive, as market value adjustments are made for certain types of withdrawals. The GIA is stated at fair value. The fair value is \$1,958,694 and \$2,147,708 at December 31, 2021 and 2020, respectively. The contract value is \$1,908,432 and \$2,008,781 at December 31, 2021 and 2020, respectively.

The guaranteed interest account contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Notes to the Financial Statements

Note 5: Information Certified by Trustee

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to be complete and accurate by Voya Institutional Trust Company ("Voya") for the year ended and as of December 31:

	2021	2020
Investments, at fair value		
Registered investment companies	\$ 15,432,420	\$ 15,068,581
Self-directed brokerage accounts	102,552	175,627
Guaranteed interest account	1,958,694	2,147,708
Total investments, at fair value	17,493,666	17,391,916
Notes receivable from participants	246,983	246,147
Net appreciation from investments, at fair value	\$ 604,210	
Dividend income	1,599,080	
Interest income on notes receivable from participants	9,746	

Note 6: Tax Status

The Plan is a non-standardized prototype plan document that received a favorable determination letter from the Internal Revenue Service on September 1, 2014, which stated that the Plan, as then designed, was in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, Plan management believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

GAAP requires Plan management to evaluate tax positions taken by the Plan. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

Note 7: Related Party Transactions

Certain plan investments are shares of funds managed by Voya. Voya is the Plan's trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Fees paid by the Plan to Voya for investment management and administrative services amounted to \$15,681 for the year ended December 31, 2021.

Marcone Appliance Parts Center 401(k) Profit Sharing Plan

Notes to the Financial Statements

Note 8: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants would become 100% vested in their account balances.

Note 9: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10: Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2021 and 2020 to Form 5500:
