Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the December 31, 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Retirement Savings Plan for Employees of Ferragamo USA, Inc. and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

(Cont.)

Responsibilities of Management for the 2021 Financial Statements (Continued)

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubts about Retirement Savings Plan for Employees of Ferragamo USA, Inc.'s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibility for the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

(Cont.)

Auditor's Responsibility for the 2021 Financial Statements (Continued)

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Retirement Savings Plan for Employees of Ferragamo USA, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Retirement Savings Plan for Employees of Ferragamo USA, Inc.'s ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedules Required by ERISA

The supplemental schedules of Assets Held for Investment Purposes are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RETIREMENT SAVINGS PLAN
FOR EMPLOYEES OF FERRAGAMO USA, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

A. DESCRIPTION OF THE PLAN

The following description of the Retirement Savings Plan (the Plan) of Ferragamo USA, Inc. (the Company) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

The Plan is a defined contribution plan covering all full-time employees of the Company except those, if any, covered by a collective bargaining agreement. Employees who met automatic eligibility requirement of the Plan and have reached an age of 20½ or older will be enrolled in the Plan unless the employee has informed of his/her decision not to participate in the Plan in advance. Deferral starts at the first day of the month following the completion of 2 months of service as per the Plan's eligibility requirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The benefits under this Plan are not insured by the Pension Benefit Guaranty Corporation.

2. Contributions

a) Each employee may contribute through payroll deferral up to the maximum dollar amount permissible under the Internal Revenue Code Rules and Regulations. Participants will automatically be enrolled upon meeting the eligibility requirement of the Plan. Unless participants elect otherwise, 6% of a participant's salary will be automatically deducted as a pre-tax salary deferral contribution and invested in the T. Rowe Price Funds in the Plan. The Company contribution shall be equal to 50% of an eligible participant's deferral but not to exceed 6% of the participant's compensation subject to the maximum permissible by the Internal Revenue Code Rules and Regulations. The automatic deferral percentage of new hires on or after September 15, 2016 is 6%.

b) The eligible participants who are projected to reach age fifty (50) during a plan year will be eligible to make a catch-up contribution at any time during that plan year. Catch-up contributions are contributions that exceed either the statutory limit as defined by the Internal Revenue Code and Regulations, or the limit as defined by the Plan or any restrictions on contributions for certain highly paid employees. The limit on catch-up contributions for the year 2021 was \$6,500 per individual.

Each participant's account is credited with his or her contribution and the Company's matching contribution (limitations of contributions are stated above) during the Plan year. Each participant is entitled to make contributions via pre-tax deferrals and Roth deferrals. Each participant will have full responsibility for the investment results of his or her investment choices offered by the Plan.

Allocations of earnings with respect to amounts contributed to the Stable Fund after the previous anniversary date or other valuation date is determined by using a weighted average method as defined in the Plan. Any additional administration costs of the Plan are paid by the Company from Plan assets. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account, taking into consideration the participant's vesting in the employer's matching contribution, as provided in the Plan.

Eligible employees may transfer funds from other qualified plans with the consent of the administrator, provided that it does not jeopardize the qualified status of the Plan or trust or otherwise create adverse tax consequences for the Company. A separate participant account is credited with the transferred amount and the amount is 100% vested as defined in the Plan. The transferred amount shall be invested and administered as a part of the trust fund.

4. Vesting

The participant shall be vested in his or her Company matching contribution as determined under the schedule set forth below and defined in the Plan.

<u>Years of service</u>	<u>Vested percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

The participant is always 100% vested in his or her own contribution account. Also, the participant will always be automatically 100% vested in his or her Company account upon reaching retirement age (65), at death or disability, or upon termination of the Plan.

For the purpose of vesting, all years of service are credited from the date of hire to determine a participant's vesting period.

5. Payment of benefits

On termination of service or retirement, a participant's benefit may be distributed under one of the optional distribution methods provided in the Plan, as follows:

- (a) One lump sum payment
- (b) Installment payments
- (c) Life annuity
- (d) Joint or survivor annuity
- (e) A vested amount of \$5,000 or less will be paid in a lump-sum
- (f) Term certain annuity with payments guaranteed for 5, 10 or 15 years
- (g) Contingent annuity

6. Loans

A participant can elect to receive a loan from his or her account. A participant may have no more than one (1) outstanding loan at any time. Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balances. The loan is secured by the balance in the participant's account and bears an interest rate from 4.25 percent to 6.50 percent. A sum of \$75 is charged to each borrower as loan set-up charges. Each loan amount (principal and interest) must be completely paid within five (5) years with the exception of loans used for the purchase of a principal residence which may exceed 5 years. Loan and interest repayments are usually deducted from the participant's pay of each pay period ratably based on their loan amortization schedule. Sometimes the participant may directly repay the loan in addition to incurring the payroll deduction.

7. Forfeited accounts

Forfeited accounts, as defined in the Plan, will be applied first to pay Plan expenses and any remaining balance will be applied to reduce the employer match. The plan administrator may use the forfeiture for discretionary employer matching. At December 31, 2021 and 2020, forfeited non-vested accounts totaled \$536,863 and \$264,198, respectively. Forfeited non-vested balances were included in the investments at contract value and reflected in the statement of net assets available for benefits. If forfeited credits at December 31, 2021 and 2020, respectively, are excluded from the investments the total net assets available for benefits would be \$51,664,644 and \$51,217,432 at December 31, 2021 and 2020, respectively. During the Plan year, the Company has used \$87,914 and \$54,142, for the employer match for 2021 and 2020, respectively.

B. SUMMARY OF ACCOUNTING POLICIES

Date of management's review

Subsequent events were evaluated through October 15, 2022, which is the date the financial statements were available to be issued.

Basis of financial statements

These financial statements are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

The guaranteed investment contract is presented on the face of the statement of net assets available for benefit at contract value.

Investment valuation and income recognition

The Plan's investments are stated at fair value except for its fully benefit-responsive investment contract, which is valued at contract value (Note F). Quoted market prices are used to value investments. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurement. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded at ex-dividend date. Net appreciation includes the Plan's unrealized gains on investments held at the end of the year.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

B. SUMMARY OF ACCOUNTING POLICIES(CONT.)

Notes receivable from participants

Loans to participants are reported at their unpaid principal balances plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2021 and 2020, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of benefits

Benefits are recorded when paid. However, \$2,235,233 of allocated balances as of December 31, 2021 (\$13,253,469 as of December 31, 2020) for terminated participants were not paid because participants did not request the withdrawal of their vested balances.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

C. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits except the Stable Fund which is valued at contract value. The method used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets and Level 3 inputs are unobservable and have the lowest priority.

FOR EMPLOYEES OF FERRAGAMO USA, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

C. FAIR VALUE MEASUREMENTS (CONT.)

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net assets values of the shares as reported by the fund. The mutual funds held by the Plan are open-ended mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net assets value and transact at that price. The mutual funds held by the Plan are considered to be actively traded. The fair value of common stock are based on the closing price reported on the active market where the individual securities are traded.

Level 2 Fair Value Measurements

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

Level 2 inputs are derived principally from external markets that are not actual fair value but are parameters that help estimate fair value; or that offer market prices for assets and liabilities that are similar to but not the same as the assets or liabilities for which fair value is being estimated. In this case, some judgment is needed to adjust the available market price for similar assets and liabilities to estimate the fair value of assets and liabilities.

An adjustment to active market data to reflect the impact of restrictions or other characteristics that might make the fair value different from Level 1 value would result in the classification of the assets or liability as Level 2 or possibly Level 3. No Level 2 and Level 3 inputs are available in the Plan.

According to the Plan investment advisor, Transamerica Retirement Solutions Corporation, and its affiliate Transamerica Life Insurance Company Inc., the Stable fund is a fully benefit-responsive fund that is valued at contract value and is not part of the fair value hierarchy.

E. INVESTMENTS IN PERSONAL CHOICE RETIREMENT ACCOUNT

According to the Plan, employee deferrals and rollover contributions go to PCRA investments and employer matching contributions in the absence of direction go to the Stable Fund.

F. INVESTMENT CONTRACTS WITH INSURANCE COMPANIES

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract with the Transamerica Financial Life Insurance Company Inc. ("TFLIC"). TFLIC maintains the contributions in a general account. The account is credited with actual earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and specified interest rate guaranteed to the Plan.

Because the guaranteed investment contract meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for the benefits at contract value.

Contract value represents employer and employee contributions made under the contract plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct withdrawal or transfer of all or a portion of their investment at contract value.

The contracts are included in the financial statements at contract value as reported to the Plan by TFLIC.

The Stable Fund is divided into Stable Fund Segments ("Segments"). Typically, deposits are allocated to a specific Segment during its first contract year. TFLIC establishes for each Segment a maturity date, a declared rate of interest on a contract year basis, and a guaranteed rate of interest, which is in effect through the segment's maturity date. The maturity period for a Segment is typically 5 years, but may be 3 or 7 years. The credited interest rate will be the greater of the Segment's declared rate of interest and the guaranteed rate of interest. The plan sponsor may elect to have the contract value of a Segment transferred to a different investment option or to a successor Segment on its maturity date. If the plan sponsor does not make a timely written election before the maturity date, the contract value of the Segment will automatically be transferred to a successor Segment on the maturity date.

The Stable Fund in which the Plan is invested is provided under a group annuity contract issued by TFLIC. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The credit interest rate is based on an agreed-upon formula with the issuer, but can not be less than 0.70%.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

F. INVESTMENT CONTRACTS WITH INSURANCE COMPANIES (CONT.)

Certain events allow TFLIC (the issuer) to terminate the contract and settle at an amount different from contract value. (Note: The Plan sponsor may elect an alternative termination option which permits payment at contract value.) Such events may include the following:

- a. The plan no longer constitutes a tax qualified plan according to Section 401(a) or 403(a) of the Internal Revenue Code.
- b. TFLIC does not receive deposits required under the terms of the contract.
- c. TFLIC determines it can no longer provide benefits under the contract because of a change in the Plan.
- d. TFLIC is advised that TFLIC's service agent, Transamerica, has received or has given notice that it will no longer be providing record keeping and administrative services to the Plan.
- e. TFLIC receives written notice from the contract holder to transfer contract assets to a successor funding agent.
- f. Deposits are made to any fund that is not included in the contract or is not available under the terms of the contract.
- g. In the opinion of TFLIC, the contract holder violates any provision in the contract.

Upon suspension of the contract, TFLIC will withdraw the suspense account (unallocated assets, e.g., forfeiture or advanced deposit account), if any, and pay such balance (contract value) as directed by the contract holder. There is no market value adjustment or other termination charges applied to such balance as a result of contract suspension.

The contract values of the investment contract as of December 31, 2021 and 2020 is \$5,866,367 and \$5,902,110 respectively. This contract value includes forfeited balances of \$536,863 and \$264,198, respectively as of December 31, 2021 and 2020.

G. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan termination participants will become 100 percent vested in their accounts. Any unallocated assets of the Plan should be allocated to participant accounts and distributed in such a manner as the Company may determine.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

H. TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2008 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirement of the IRC and therefore believe that the Plan is qualified and related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to tax examinations for years prior to 2018.

I. RELATED-PARTY TRANSACTIONS

Transamerica Retirement Solutions Corporation ("Transamerica") provide certain necessary duties and responsibilities for the operation of the trust as per the contract with the State Street Bank and Trust Company. Transamerica has a servicing agreement for certain trustee services rendered by the State Street Bank and Trust Company. Certain investments are shares in mutual funds or the Stable Fund managed by Transamerica and TFLIC, respectively. Transamerica is an affiliate of TFLIC. These transactions qualify as party-in-interest. Participants are also a party-in-interest insofar as notes receivable are concerned.

J. RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefit.

L. CARES ACT AND COVID-19

The Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") was enacted in 2020 in reaction to the worldwide public health crisis that was triggered by an outbreak of a novel strain of coronavirus ("COVID-19"). Portions of the CARES Act made changes to existing law. The CARES Act expanded and permitted penalty-free distributions and distribution options, and enacted favorable tax treatment for up to \$100,000 of coronavirus-related distributions from eligible retirement plans (including section 401(k) plans) to qualified individuals, while implementing special rollover rules with respect to such distributions. It increased the limit on the amount a qualified individual may borrow from an eligible retirement plan and permitted a plan sponsor to allow qualified individuals up to an additional year to repay their plan loans. Plan Management implemented the provisions of the CARES Act in 2020.

The penalty exemptions offered by the CARES Act ended on December 31, 2020. The continuation of the effects of COVID-19 could result in significant disruption of global financial markets, however, the ultimate impact of COVID-19 on the financial performance of the Plan's investments cannot be reasonably estimated at this time.

M. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 15, 2022 which is the date the financial statements were available to be issued.
