Independent Auditors' Report

To the Plan Administrator of
The Employee 401(k) Retirement Plan-Keystone Consolidated Industries, Inc.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of The Employee 401(k) Retirement Plan-Keystone Consolidated Industries, Inc. (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, are complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude, whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at year end) as of December 31, 2021, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 12, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

Note 1 - Description of Plan and significant accounting policies:

General. The following description of The Employee 401(k) Retirement Plan-Keystone Consolidated Industries, Inc. (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan for employees of Keystone Consolidated Industries, Inc. and its subsidiaries including Engineered Wire Products, Inc. and Keystone Bar Products, Inc. ("Keystone" or the "Employer"). Employees are eligible to participate in the Plan immediately upon hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Keystone was a wholly-owned subsidiary of Contran Corporation ("Contran") until December 31, 2018 when Contran sold all of the outstanding stock of Keystone to Liberty Steel Holdings, USA ("LSH"). LSH is a GFG Alliance Company and is 100% beneficially owned by Mr. Sanjeev Gupta through intermediary holdings companies. Consequently, Mr. Gupta may be deemed to control Keystone and the Plan.

During 2021, the Plan changed trustees from Massachusetts Mutual Life Insurance Company to Great-West Trust Company LLC ("Trustees"). This initiated a blackout period from May 13, 2021 to May 26, 2021.

Participant and Employer Contributions. The Plan permits participants to defer 1% to 100% (certain highly-compensated employees' maximum deferral percentage may be limited) of their annual compensation, as defined by the Plan, as contributions, not to exceed a combined pre-tax and Roth 401(k) deferral of \$19,500 in 2020 and 2021 (subject to adjustment in future years), through payroll deductions. Participants who will be at least age 50 by the end of the Plan year may elect to make "catch-up" contributions, not to exceed an additional combined pre-tax and Roth 401(k) deferral of \$6,500 in 2020 and 2021 (subject to adjustments in future years) through payroll deductions.

New employees who have not otherwise elected to participate in the Plan are automatically enrolled in the Plan at their first eligible date (unless they have elected to not participate in the Plan), with a default deferral rate established by the Employer of 3%, and deferrals are invested in the Plan's qualified default investment alternatives (unless otherwise elected by the participant). The Employer in its adoption agreement elected to automatically increase certain employees' default deferral rates by 1% each year until the maximum deferral rate elected by the Employer is reached (10%). Only those employees who were automatically enrolled in the Plan, have been automatically enrolled for a period of at least twelve months and who have not made a deferral election change since that time, including an election not to defer, will have their default deferral rate automatically increased by their Employer.

The Employer may contribute to the Plan based on its discretion. The Employer's contribution is reduced, as provided by the Plan, by nonvested amounts forfeited by its participants who withdraw from the Plan. At December 31, 2020 and 2021, unallocated forfeited nonvested accounts were \$74,948 and \$3,028, respectively. Forfeitures of \$45,071 and \$4,949 were used to reduce employer contributions for the years ended December 31, 2020 and 2021. Pursuant to the Internal Revenue Code, total participant contributions (pre-tax and after-tax but excluding catch-up contributions) and employer contributions are limited to an aggregate of \$56,000 and \$57,000 per participant from all employer defined contribution plans in 2020 and 2021.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was signed into law. The CARES Act allows for certain provisions to participants impacted by COVID-19 such as in-service distributions up to \$100,000, loan borrowings up to \$100,000, and suspension of loan payments and required minimum distributions. In accordance with the CARES Act, the Plan has until December 31, 2022, to formally amend the plan documents.

Vesting and Benefits. Participants immediately vest in their voluntary contributions to the Plan plus allocated earnings thereon and vest in the remainder of their accounts at a rate of 20% per year of service, as defined by the Employer.

Upon termination of employment, retirement, or death, a participant (or beneficiary, if applicable) may elect to receive a distribution in the form of (i) a lump sum amount not to exceed the vested value of the participant's accounts; (ii) installments over a period of time not exceeding the greater of the life expectancy of the participant or the joint and last survivor expectancy of the participant and designated beneficiary, or (iii) a combination of (i) and (ii). Without the consent of a participant, the Plan shall make a lump sum distribution of a participant's account balance if the vested portion of the participant's account (excluding any rollover account balances) is not greater than \$5,000, and in the event of such a mandatory distribution greater than \$1,000 (including any rollover account balances), the Plan will automatically rollover a participant's account balance to an individual retirement account designated by the Plan if the participant does not make an election to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or receive a cash distribution directly.

Participants' accounts. The Plan provides participants with options to invest in publicly-traded mutual or collective trust. Participants can direct the Plan administrator to invest, in 1% increments, their account balances in any of the Plan's investment fund options. Each participant's account is credited with the participant's contributions, an allocation of the Company's contribution and Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant contributions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

In addition to the Plan's investment fund options, a "Loan Fund" is maintained to account for notes receivable from participants, as permitted by the Plan. These notes, which are secured by the balance in the participants' accounts bear interest at 4.25% to 6.5%, and mature through 2028.

Investment valuation. Mutual funds and collective trusts are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. The Plan presents the net change in fair value of mutual funds and common collective trusts, which consists of realized gains or losses, unrealized appreciation (depreciation), and any income or capital gain distributions from such investments, in the accompanying statement of changes in net assets available for benefits.

Plan termination. The Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, in compliance with the provisions of ERISA. In the event the Plan is terminated, the accounts of all participants would become fully vested.

Basis of accounting. The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP). Valuation of investments is more fully described in Note 2.

Expenses of administering the Plan. To the extent not paid by the Employer, administrative expenses are paid by the Plan.

Management estimates. The preparation of the Plan's financial statements in conformity with GAAP requires the Plan administrator to make significant estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period and disclosures of contingent assets and liabilities at the date of the financial statements. Actual results may, in some instances, differ from previously estimated amounts.

Risks and uncertainties. The Plan provides for various investment options in a variety of mutual funds and other investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Plan's statements of net assets available for benefits.

Tax status. The Plan obtained a favorable determination letter dated March 31, 2014 from the Internal Revenue Service. The Plan had no significant uncertain tax positions for the years ending December 31, 2020 and 2021. The Plan's Annual Return/Report of Employee Benefit Plan is subject to examination by the IRS for three years from the date of filing.

Income recognition. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Payment of benefits. Benefits are recorded when paid.

Cash and cash equivalents. Cash equivalents consist principally of bank time deposits with original maturities of three months or less.

Notes receivable from participants. Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Note 2 - Investments:

The assets of the Plan were held and the related investment transactions were executed by the Trustees as trustees of the Plan in 2020 and 2021. The Plan's mutual funds are stated at fair value based on quoted market prices. The Plan's interest in the collective trust is based on the fair value of the collective trust's underlying investments as based on information reported by the investment advisor using the audited financial statements of the collective trust at year-end. Net appreciation for the year is reflected in the Plan's statement of changes in net assets available for benefits. The net appreciation consists of realized gains or losses and unrealized appreciation or depreciation on investments.

Note 3 - Information certified by the Trustees (unaudited):

The following information was compiled from data certified by the Trustees as complete and accurate, but has not been audited by the Plan's independent accountants:

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the independent auditors not to perform any auditing procedures with respect to the following information certified as complete and accurate by the trustees and party-in-interest as defined by ERISA, as of December 31, 2020 and 2021 and for the years then ended, except for comparing such information certified by the trustees to information included in the Plan's financial statements and supplemental schedule. This information consists of the following:

	2020	2021
Cash equivalents	\$ -	\$ 3,061
Mutual funds	36,218,640	41,218,761
Collective trusts	10,258,933	6,378,336

Notes receivable from participants	969,885	887,367
Total	<u>\$ 54,566,251</u>	<u>\$ 52,740,116</u>
Interest and dividends	<u>\$ 1,123,357</u>	<u>\$ 1,174,614</u>
Interest income on notes receivable from participants	<u>\$ 47,180</u>	<u>\$ 41,500</u>
Net appreciation in fair value of investments	<u>\$ 6,462,429</u>	<u>\$ 3,978,798</u>

Note 4 – Fair Value Measurements

Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurements and Disclosures*, establishes a consistent framework for measuring fair value and beginning on January 1, 2008 this framework is generally applied to all financial statement items required to be measured at fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: These investments are public investment vehicles valued using the net asset value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying asset owned by the fund, less its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

Collective trusts: The Plan holds investments in collective trusts which are managed by the Trustees and which invest in assets, including fixed income investments, bonds and real estate. The fair value of the units of these investments is valued at NAV per unit, as determined by the Trustee. The NAV is used as the practical expedient to estimate fair value.

The Plan also holds other assets not measured at fair value on a recurring basis, including employer contributions receivable. The fair value of these assets approximates the carrying amounts in the accompanying financial statements due to the short maturity of the instruments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2021:

	Level 1	Level 2	Level 3	Total
December 31, 2020				
Mutual funds	36,218,640	-	-	36,218,640
Collective trusts*	-	-	-	10,258,933
	<u>\$ 36,218,640</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 46,477,573</u>
	Level 1	Level 2	Level 3	Total
December 31, 2021				
Mutual funds	41,218,761	-	-	41,218,761
Collective trusts*	-	-	-	6,378,336
	<u>\$ 41,218,761</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 47,597,097</u>

*Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Note 5 – Investment Contract with Insurance Company

The Plan entered into a fully benefit-responsive investment contract with the Trustees. The Trustees maintain the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported by the Trustees. The guaranteed account issuer is contractually obligated to repay the principal at the specified interest rate that is guaranteed to the Plan.

Because the guaranteed account is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events may limit the ability of the Plan to transact at Contract Value. Such events include but may not be limited to the following: (1) the complete or partial termination of the Plan; (2) the establishment or activation of, or material change in, any Plan investment fund, or an amendment to the Plan or a change in the administration or operation of the Plan, including the removal of a group of employees from Plan coverage as a result of the sale or liquidation of a subsidiary or division or as a result of group layoffs or early retirement programs.

Note 6 – Related Party Transactions and Party-in-Interest Transactions

Certain Plan investments are managed by the Trustees, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment.

Note 7 – Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2020:

Net assets available for benefits per the financial statements	\$ 55,616,208
Differences in previous year accruals	<u>6,503</u>
Net assets available for benefits per the Form 5500	<u><u>\$ 55,622,711</u></u>

Note 8 – Subsequent Events

Plan management evaluated subsequent events through the date the financial statements were available to be issued and concluded that no additional disclosures are required.
