Independent Auditors' Report

To the Participants and Plan Administrator of
Liberty Management Non-Union Employee Stock Ownership 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Liberty Management Non-Union Employee Stock Ownership 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter — 2021 Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 5, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Liberty Management Non-Union Employee Stock Ownership 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

1. Description of the Plan

The following description of the Liberty Management Non-Union Employee Stock Ownership 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

Liberty Behavioral Management Group, Inc. (the Company) established the Plan effective as of January 1, 2017. The 401(k) component of the Plan is administered by the Investment Committee of the Company's Board of Directors who determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Company's Board of Directors.

The Plan consists of an employee stock ownership component (ESOP) and a contributory 401(k) component and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (the IRC), and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended, (ERISA). GreatBanc Trust Company is the Plan's trustee for the ESOP component and Massachusetts Mutual Life Insurance Company is the custodian of the 401(k) component.

Effective September 1, 2017, the Liberty Management Non-Union 401(k) Plan legally merged into the Plan. Plan assets of \$12,097,877 were transferred in to the Plan on December 31, 2017 as a result of the merger of which \$12,071,814 was contributed in 2017 and \$26,063 was contributed to the Plan in 2018.

On September 28, 2017, the Plan's Trust purchased all of the shares (65,316,506 shares) of the Company's common stock with cash of \$138,176 and a loan of \$46,059 (see Note 12) between the Plan and the Company. The Company common stock is held in a trust established under the Plan. The Company common stock was purchased at a price of \$.00282 per share, for an aggregate purchase price of \$184,235.

The borrowing is collateralized by the unallocated shares of Company common stock. The Company has no rights against shares of Company common stock once allocated to participants in accordance with terms of the ESOP. Accordingly, the financial statements of the Plan as of and for the years ended December 31, 2021 and 2020, present separately the assets and liabilities and changes therein pertaining to:

- (a) the accounts of participants with rights in allocated Company common stock; and
- (b) Company common stock not yet allocated to participants (unallocated).

As part of the ESOP transaction, the Company purchased all of the stock of Conifer Park, Inc. and Arms Acres, Inc. for \$2,035,870 and the Company purchased and redeemed 134,683,484 shares of its common stock from its shareholders for \$379,895, both of which were financed principally by seller notes. These amounts were recorded in the Company financial statements.

Employee Stock Ownership Plan (ESOP) Component

Eligibility

An employee becomes eligible to participate in the ESOP component on the January 1 or July 1 coincident with or next following the date that he or she completes 1,000 hours of eligible service and attains age 21.

Liberty Management Non-Union Employee Stock Ownership 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

Contributions

The Company shall make a contribution to the Plan in an amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on the loan. ESOP contributions made in the form of Company common stock and Company common stock transferred to the released and unallocated account shall be allocated to the ESOP accounts in proportion to each eligible participant's compensation for the plan year. The shares so allocated shall have a fair market value as determined by an independent appraiser. Allocations to participants within each ESOP account shall be made pursuant to the terms of the Plan.

Such Company contributions are remitted to GreatBanc Trust Company (GreatBanc or trustee) and are invested in Company common stock, to the extent Company common stock is available. A qualified participant, as defined in the plan document, may elect to diversify a portion of allocated Company common stock in accordance with the Plan (see Diversification section). Contributions are subject to certain Internal Revenue Service (IRS) limitations.

For the year ended December 31, 2020, the Company made a nonelective contribution to the Plan of 3% of eligible compensation which amounted to \$326,866. The Company did not make a nonelective contribution for the year ended December 31, 2021. In addition, contributions of \$2,926 were made in 2021 and 2020 to pay the Company loan payable.

Participant Accounts

Each participant's account (other than the three former shareholders of the Company) is credited as of the last day of each plan year with an allocation of shares of the Company's common stock released by the trustee from the unallocated account and forfeitures of terminated participants' nonvested accounts. Those participants who are eligible employees of the Company as of the last day of the plan year and complete 1,000 hours will receive an allocation. Participants who terminate employment during the plan year due to normal or early retirement as defined in the Plan, death or disability do not have to be employed on the last day of the plan year or complete 1,000 hours to receive an allocation. For employees hired before January 1, 2019, normal retirement is age 60. For all other employees normal retirement age is 65. For employees hired before January 1, 2019, early retirement is age 55 and the completion of four years of service. For all other employees there is no early retirement age. Allocations are based on a participant's eligible compensation relative to total eligible compensation of all eligible participants in the Plan. Forfeitures of terminated nonvested account balances allocated to remaining participants at December 31, 2021 and 2020 totaled \$11,623 and \$14,688, respectively. Plan earnings are allocated to each participant's account based on the ratio of the participant's account balance to the total of all participant account balances in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Vesting in the Company's nonelective ESOP contribution is based on years of continuous service. Participants are 100% vested on a graduated schedule after four years of credited service and upon plan termination, the occurrence of normal retirement age, death or disability (permanent and total) while actively employed.

<u>Years of Service</u>	<u>Percentage</u>
Less than one year	0 %
One year but less than two years	25
Two years but less than three years	50
Three years but less than four years	75
Four or more	100

Liberty Management Non-Union Employee Stock Ownership 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

Payment of Benefits

Distributions on account of death, disability or normal or early retirement commence in the plan year following the event. Distributions for other separations from service generally commence in the sixth plan year following the separation from service and are made in annual installments over a period not to exceed the greater of (i) five (5) years or (ii) in case of a participant with an account balance greater than \$1,165,000 for 2021 and \$1,500,000 for 2020, five (5) years plus one year for each \$230,000 for 2021 and 2020 that the balance exceeds \$1,165,000 for 2021 and \$1,150,000 for 2020, respectively. The amount to be distributed is based upon the immediately preceding valuation date. Distributions are made in cash.

The Company is obligated to repurchase participant shares which have been distributed under the terms of the Plan as long as the shares are not publicly traded or if the shares are subject to trading limitations.

Diversification

Diversification is offered to certain participants so that they may have the opportunity to move part of the value of their investment in Company common stock into investments which are more diversified. Participants who are at least 55 with at least ten years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage increases to 50%. The election to diversify is made subsequent to year-end based upon the shares of Company common stock in the participant's account at year-end and no participant may elect to reinvest if the fair market value of their account is \$500 or less.

Voting Rights

All Company common stock held by the Plan will generally be voted by the trustee. A participant shall be entitled to direct the trustee to exercise any voting rights attributable to stock allocated to their ESOP account with respect to the approval or disapproval of any corporate merger or consolidation, recapitalization, reclassification, liquidation, dissolution, sale of substantially all of the assets of a trade or business or other similar transaction.

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account in the limited circumstances set forth above and will be notified by the Plan's trustee prior to the time that such rights are to be exercised. In the limited circumstances set forth above, the Plan's trustee is not permitted to vote any allocated shares for which instructions have not been given by a participant. The Plan's trustee is required, however, to vote any unallocated shares on behalf of the collective best interest of plan participants and beneficiaries.

Put Option

Federal income tax regulations require that Company common stock that is held by the Plan and its participants and is not readily traded on an established market or is subject to trading limitations, include a put option. The put option is a right to demand that the Company buy any shares of its common stock distributed to participants for which there is no market. The put price is representative of the current appraised value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately receive cash.

Liberty Management Non-Union Employee Stock Ownership 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

401(k) Component

Eligibility

An employee who is age 21 and completes three consecutive months of eligible service is eligible to make 401(k) contributions and receive discretionary matching contributions.

Contributions

The Plan permits participants to contribute up to 100% of their compensation up to the maximum limits on participant contributions set forth by the IRC. In addition, there are further limitations on contributions made by highly compensated employees. The Plan has an automatic enrollment feature whereby employees who are age twenty-one or older and have completed three consecutive months of service are automatically enrolled in the Plan at a 3% deferral rate, unless they choose in writing not to participate. Participants may designate all or a portion of their deferral contributions as after-tax contributions into a Roth account. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

The Company may, in its sole discretion, make a discretionary matching contribution to the Plan if participants have completed at least 1,000 hours of service during the plan year and are employed by the Company on the last day of the plan year. No discretionary matching contributions were made in 2021 or 2020. Participants who terminate employment during the plan year due to early or normal retirement age do not have to be employed on the last day of the plan year or complete 1,000 hours to receive a matching contribution.

Participants direct the investment of all 401(k) contributions into various investment options offered by the Plan. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and the Company's discretionary matching contribution as well as the earnings on a participant's investments. Participants are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary matching contribution portion of their accounts is based on years of continuous service. Participants are 100% vested on a graduated schedule after four years of credited service and upon reaching normal retirement age, death or disability while employed.

Notes Receivable From Participants

Participants may borrow from their 401(k) accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Only one loan may be outstanding at any given time and participants cannot borrow from their ESOP account. The loans are secured by the balance in the participant's account. Interest is charged at a rate similar to commercial loans on the date on which the loan originates and ranged from 4.25% to 6.50% at December 31, 2021 and 2020. Principal and interest is paid ratably through bi-weekly payroll deductions. Terms range from one to five years.

Liberty Management Non-Union Employee Stock Ownership 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant may receive a lump-sum distribution equal to the value of the participant's vested interest in their account. In addition, the Plan allows for hardship distributions if certain criteria are met.

Forfeited Accounts

At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$31,893 and \$24,897, respectively. These accounts will be used to restore forfeitures, reduce Company contributions or to pay plan expenses. Forfeitures of \$487 and \$408 were used to reduce expenses in 2021 and 2020, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the custodian and trustee. See Note 4 for a discussion of fair value measurements.

The shares of Company common stock are reported at fair value on December 31, 2021 and 2020. Fair value is determined annually by an independent appraiser.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation includes the gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses other than Company common stock are included in (depreciation) appreciation of fair value of mutual funds.

Liberty Management Non-Union Employee Stock Ownership 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

Payment of Benefits

Distributions to participants are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through October 17, 2022, the date the financial statements were available to be issued.

3. Investment

The Plan's investment in Company common stock at December 31, 2021 and 2020 is as follows:

	2021		2020	
	Allocated	Unallocated	Allocated	Unallocated
Number of shares	51,258,711.2652	12,247,652.5485	50,442,398.7749	13,063,965.0388
Cost	\$ 144,583	34,546	\$ 142,280	\$ 36,849
Estimated fair value	\$ 6,663,632	\$ 1,592,195	\$ 10,592,904	\$ 2,743,432

The estimated fair value of Company common stock was \$.13 and \$.21 per share at December 31, 2021 and 2020, respectively.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Liberty Management Non-Union Employee Stock Ownership 401(k) Plan

Notes to Financial Statements
December 31, 2021 and 2020

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Money market fund is valued at the quoted net asset value (NAV) of shares held by the Plan at year-end.

The Company common stock is valued based on unobservable inputs as observable inputs are not available. The valuation methodology used to determine the fair value of Company common stock is based upon an appraisal which was based upon consideration of a weighted average model which incorporates market approach value and discounted cash flow models. The weighted method used by the appraiser included discounted cash flow, guideline public company and guideline merged and acquired company methods. The valuation process involves the selection of an appraiser under terms of a contract. Company management accumulates the data for the appraiser from historical and projected financial information of the Company. The appraiser prepares a report of estimated per share value that a participant will received upon distribution. The trustee reviews and approves the valuation report.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The collective trust funds are valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trusts, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Investments Measured Using NAV per Share Practical Expedient

The following table summarizes investments for which fair value is measured using NAV per share practical expedient as of December 31, 2021 and 2020. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

5. Related-Party and Party In Interest Transactions

The Plan's investment in Company common stock qualifies as a party in interest transaction. Certain of the Plan's investments are managed by Massachusetts Mutual Life Insurance Company (MassMutual), Reliance Trust Company and GreatBanc, and therefore, these transactions qualify as party in interest transactions. On December 31, 2020, Empower Retirement acquired the retirement business of MassMutual. Fees incurred by the Plan for the investment manager services are included in net appreciation (depreciation) in the fair value of the mutual funds, as they are paid through revenue sharing, rather than a direct payment. Additionally, the Plan issues loans to participants, which are secured by the participants' account balances. These transactions qualify as party in interest transactions.

Liberty Management Non-Union Employee Stock Ownership 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their Company contributions.

Upon termination of the Plan, the Company shall direct the Plan's trustee to pay all liabilities of the trust fund and to sell shares of financed stock held in the loan suspense account to the extent it determines such sale to be necessary to repay the loan. Subsequently, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the plan terms and the IRC.

7. Tax Status

The IRS has determined and informed the Company by letter dated May 22, 2018, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

As of December 31, 2021 and 2020, the Plan had investments of \$11,004,683 and \$16,671,296, respectively, that were concentrated in two investments.

9. Information Certified by Custodian and Trustees

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2021 and 2020. Accordingly, MassMutual, the custodian and Reliance Trust Company and GreatBanc, the trustees of the Plan, have certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2021 and 2020 and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2021, and the related investment activity reported in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2021 and 2020.

Notes to Financial Statements

December 31, 2021 and 2020

10. Fully Benefit-Responsive Investment Contract

The Plan holds a separate account guaranteed investment contract with MassMutual. The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses. The value of the contract was \$2,748,856 and \$3,334,960 at December 31, 2021 and 2020, respectively.

The contract issuer is contractually obligated to repay the principal and interest at the specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0%. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the IRC or the failure of the trust to be tax-exempt under Section 501(a) of the IRC
2. Premature termination of the contract
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer.

11. Administration of Plan Assets

The Plan's assets are administered under contracts with MassMutual, the custodian of the Plan and Reliance Trust Company and GreatBanc, the trustees of the Plan. The custodian and trustees invest funds received from contributions, investment sales, interest and dividend income and make distribution payments to participants.

12. Loan Payable

In 2017, the Plan entered into a \$46,059 loan agreement with the Company. The proceeds of the loan were used to purchase shares of the Company's common stock. Unallocated shares are collateral for the loan. The Plan uses the principal and interest method for determining the release of Company common stock from unallocated investments over a 20 year period. During 2021, 816,312.4903 shares were allocated to participants at a value of \$106,121. During 2020, 816,312.4903 shares were allocated to participants at a value of \$171,426. The loan balance at December 31, 2021 and 2020 was \$35,972 and \$37,912, respectively. The interest rate is 2.60% and is payable annually. Annual principal and interest payments were \$2,926 in 2021 and 2020.

The scheduled amortization of the loan for the next five years and thereafter is as follows:

Years ending December 31:	
2022	\$ 1,991
2023	2,043
2024	2,094
2025	2,151
2026	2,206
Thereafter	<u>25,487</u>
Total	<u>\$ 35,972</u>
