Independent Auditors' Report

Plan Administrator
Ottawa University DC Plan
Ottawa, Kansas

Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit For The 2021 Financial Statements

We have performed an audit of the financial statements of Ottawa University DC Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion On The 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities For The Audit Of The 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis For Opinion On The 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities For The Audit Of The 2021 Financial Statements section of our report. We are required to be independent of Ottawa University DC Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities Of Management For The 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Ottawa University DC Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities For The Audit Of The 2021 Financial Statements

Except as described in the Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit For The 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Ottawa University DC Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Ottawa University DC Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required By ERISA

The supplemental schedule of assets held at year end as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report On The 2020 Financial Statements

We were engaged to audit the statement of net assets available for benefits of Ottawa University DC Plan as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year then ended. As permitted by 29 CFR 2520.103-8 of the Department Of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report, dated September 29, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department Of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

OTTAWA UNIVERSITY DC PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 And 2020

1. Description Of The Plan

The following description of the Ottawa University DC Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Ottawa University (the University) for the benefit of its employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Teachers Insurance And Annuity Association (TIAA) served as a Plan custodian and recordkeeper through March 29, 2021. Effective March 29, 2021, Plan assets were transferred to Lincoln Financial Group Trust Company, Inc. (Lincoln) and Lincoln became the Plan's recordkeeper. After March 29, 2021, all employee and employer contributions were remitted to Lincoln. At the end of 2021, Plan investments were held at both TIAA and Lincoln.

TIAA serves as the issuer of various annuity contracts held by the Plan and prior to March 30, 2021, was the recordkeeper of the Plan. Effective March 29, 2021, Lincoln is the recordkeeper of the Plan.

Eligibility

Employees are immediately eligible to participate in the Plan as a contributing participant upon commencement of employment with the University. Seasonal employees, interns, adjuncts, employees who normally work less than 20 hours per week and students who are employed by the University are generally excluded from participation in the Plan. Participants are required to have one day of service to qualify for employer matching contributions.

Contributions

The Plan permits eligible employees through a salary deferral election to have the employee make annual contributions of up to 100% of eligible pretax compensation. The Plan also permits participants to make after-tax (Roth) contributions. Upon completing three years of service and attaining the age of 30, the employee is required to make mandatory employee salary deferral contributions in the amount of 5% of eligible compensation. Participants may elect to contribute more than the mandatory 5% of eligible compensation.

OTTAWA UNIVERSITY DC PLAN

Notes To Financial Statements (*Continued*)

Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Plan allows for special code section 403(b) catch-up contributions for those participants with 15 years of service. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

The University may make discretionary contributions to the Plan as determined annually. From January 1, 2020 through March 31, 2020, the University made discretionary matching contributions of 4% for eligible compensation. The University suspended its discretionary contributions effective April 1, 2020. Effective January 1, 2021, the University reinstated the discretionary matching contribution at a rate of 2% of eligible contributions.

Participant Investment Account Options

Investment account options available include variable annuity accounts, mutual funds and guaranteed investment accounts. Each participant has the option of directing their deferrals, rollover and employer contributions into any of the investment account options selected by the University, and may change the allocation to the extent permitted by the individual agreements.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. The portion of the participants' accounts attributable to the University's discretionary contributions vests as follows:

Years Of Service	Vesting Percentage
1	0%
2	0%
3	100%

Forfeited Accounts

Forfeitures of nonvested balances in participants' accounts are used to reduce the University's discretionary contributions. In 2021 and 2020, there were no forfeitures used to reduce University contributions. As of December 31, 2021 and 2020, forfeited nonvested accounts totaled \$156,172 and \$140,594, respectively.

OTTAWA UNIVERSITY DC PLAN

Notes To Financial Statements (*Continued*)

Participant Accounts

Each participant's account is credited with the participant's contributions, the University's contributions and allocations of Plan earnings and charged with withdrawals, an allocation of Plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefits to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable From Participants

During 2020, the Plan was amended to allow participants to borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the participant's vested account balance. A participant may not have more than three loans outstanding at any time. The loans are secured by the balance in the participant's accounts and bear annual interest at the prime rate in effect in the month the loan is initiated plus 1%. Rates on outstanding loans at December 31, 2021 were 4.25% per annum. Loans must be repaid within five years. Principal and interest are paid ratably through periodic payroll deductions.

Pursuant to the Coronavirus Aid, Relief, and Economic Security (CARES) Act enacted in March 2020, Plan participants could request a delay of note repayments for repayments that occurred between March 27, 2020 and December 31, 2020. If a delay was granted, the participant note was reamortized and included any interest accrued during the period of delay. The ability to request a delay in note repayments under the CARES Act ceased as of December 31, 2020. In addition, the limit on notes receivable was increased to the lesser of \$100,000 or 100% of the participant's vested account balance. The increased loan limit was available for 180 days after the enactment of the CARES Act.

Benefits

Amounts in a participant's account and earnings or losses thereon are distributed upon retirement, death, disability or other termination of employment. The form of retirement benefit payments are either a lump-sum payment, partial or installment payments or the purchase of an annuity.

Active participants who experience a qualifying financial hardship may withdraw all or part of their account. Hardship withdrawals will be approved only if they conform to Plan provisions and established IRS safe harbors.

Active participants may also take a withdrawal from their rollover account.

The Plan also permitted participants to request up to \$100,000 in coronavirus related distributions, with repayment terms of up to three years, in accordance with the CARES Act. The ability to request coronavirus related distributions under the CARES Act ceased as of December 31, 2020.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the University.

Reclassifications

Certain 2020 amounts have been reclassified to conform to the 2021 presentation. These reclassifications have no impact on previously reported net assets available for benefits.

2. Summary Of Significant Accounting Policies

Basis Of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Estimates And Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation And Income Recognition

The Plan's investments are stated at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

OTTAWA UNIVERSITY DC PLAN

Notes To Financial Statements (*Continued*)

Investment contracts held by a defined contribution plan are generally reported at contract value except for those contracts that are non-fully benefit-responsive. In that instance, these contracts are required to be reported at fair value. A portion of the Plan's investment in the TIAA Traditional Annuity account is not a fully benefit-responsive investment contract and is reported at fair value in the statement of net assets available for benefits. The remainder of the balance in the TIAA Traditional Annuity and the investment in the TIAA Stable Value investment are fully-benefit responsive and have been reported at contract value in the statement of net assets available for benefits.

Interest income is recorded as earned on the accrual basis. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade date basis. Net change in fair value of investments represents the difference between the aggregate fair value of investments at year end and the values at the beginning of the year and includes any realized gains and losses in securities that were bought and sold during the year.

Notes Receivable From Participants

For notes receivable from participants that are issued by the Plan, these notes receivable are measured at their unpaid principal balance plus any accrued, but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan Agreement.

Prior to the Plan permitting loans beginning in 2020, TIAA issued loans to Plan participants outside the scope of the Plan. Participants pledged, as security, a portion of their balance in the TIAA Traditional Annuity account, which represents 110% of the outstanding loan balance. These loans are not considered Plan assets. Participant account balances held as collateral for loans at December 31, 2021 and 2020 were approximately \$39,900 and \$38,400, respectively. In the event that a participant defaults on one of these loans, TIAA will continue to track the outstanding balance on the loan and include it on the statements of net assets available for benefits. Defaulted loans reported on the statement of net assets available for benefits totaled \$36,228 and \$34,835 at December 31, 2021 and 2020, respectively.

Payment Of Benefits

Benefits are recorded when paid.

Subsequent Events

Management evaluates subsequent events through the date financial statements were available for issue, which is the date of the Independent Auditors' Report.

OTTAWA UNIVERSITY DC PLAN

Notes To Financial Statements (*Continued*)

3. Certified Investment Information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net change in fair value of investments and interest and dividends for the years then ended, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Teachers Insurance And Annuity Association and College Retirement Equities Fund (TIAA-CREF), and by Lincoln. This information has not been audited by the Plan's independent auditors.

Accordingly, as permitted by CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule related to the following assets as of December 31:

	<u>2021</u>	<u>2020</u>
Guaranteed investment accounts	\$ 6,789,918	\$ 7,417,454
Mutual funds	17,969,235	14,047,826
Variable annuity accounts	18,497,972	17,038,322
Fully benefit-responsive investment contracts		
at contract value	1,447,478	1,748,716
Notes receivable from participants	39,901	10,532

TIAA-CREF and Lincoln also certified to the completeness and accuracy related the following investment income and interest income on notes receivable from participants for the years ended December 31:

	<u>2021</u>	<u>2020</u>
Interest and dividends	\$ 36,705	\$ 72,107
Net change in fair value of investments	4,862,105	4,858,449
Interest income on notes receivable		
from participants	893	151

Guaranteed Investment Contracts

The Plan offers as investment options the TIAA Stable Value and the TIAA Traditional Annuity. The TIAA Traditional Annuity is offered through a variety of contract types, including: the Group Retirement Annuity (GRA); Retirement Choice Annuity (RC); Group Supplemental Retirement Annuity (GSRA); Supplemental Retirement Annuity (SRA); and the Retirement Choice Plus Annuity (RCP).

The TIAA Traditional Annuity and the TIAA Stable Value (collectively, the Annuities) are fixed-dollar annuity and investment products offered by TIAA, an insurance company. The Annuities are maintained in the TIAA general account. Contributions to one of the Annuities purchases a contractual or guaranteed amount of future benefits for the participants and are secured by the general assets of TIAA.

Group Retirement Annuity And Retirement Choice Annuity

The GRA and RC are not fully benefit-responsive and reported at fair value, which approximates contract value as estimated by TIAA. The GRA and RC contain liquidity restrictions where lump-sum withdrawals are permitted within 120 days following termination of employment, are subject to a 2.5% surrender charge, and contain certain limitations on the number of periodic installment payments.

Group Supplemental Retirement Annuity, Supplemental Retirement Annuity, And Retirement Choice Plus Annuity

The GSRA, SRA and RCP are fully benefit-responsive and are reported at contract value. The contract value equals the accumulated cash contributions, interest credited to the Plan's contracts, and transfers, if any, less any withdrawals and transfers, if any.

The GSRA and SRA provide a guarantee of principal, a guaranteed minimum rate of interest of 3% and the potential for additional interest, if declared by TIAA. The RCP provides a guarantee of principal, a guaranteed minimum rate of interest between 1% to 3% redetermined annually each March 1, and the potential for additional interest, if declared by TIAA. Additional interest, when declared, remains in effect for the "declaration year," which begins each March 1. Additional interest is not guaranteed for future years. The crediting rate is supported by the investment performance of a large, diversified portfolio, is correlated with the highest quality debt security yields, and is adjusted for contract liquidity.

TIAA Stable Value

The TIAA Stable Value is fully benefit-responsive and reported at contract value. The contract value equals the accumulated cash contributions, interest credited to the Plan's contracts, and transfers, if any, less any withdrawals and transfers, if any.

The TIAA Stable Value provides a guarantee of principal, a guaranteed minimum rate of interest between 1% to 3% redetermined annually each March 1, and the potential for additional interest, if declared by TIAA. Additional interest, when declared, remains in effect for the "declaration year," which begins each March 1. Additional interest is not guaranteed for future years. The crediting rate is supported by the investment performance of a large, diversified portfolio, is correlated with the highest quality debt security yields, and is adjusted for contract liquidity.

4. Fair Value Measurements

The Plan utilizes an established framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include: <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability; |

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Guaranteed Investment Account

Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Variable Annuity Accounts

Certain variable annuity accounts are valued at the daily closing price as reported by the investment. These variable annuity accounts held by the Plan are open-end registered investment companies that are registered with the Securities and Exchange Commission. These investments are required to publish their daily NAV and to transact at that price. These variable annuity accounts held by the Plan are deemed to be actively traded.

OTTAWA UNIVERSITY DC PLAN

Notes To Financial Statements (*Continued*)

The remainder of the variable annuity accounts are valued at the NAV of units held by the Plan at year end. The individual variable annuity accounts are comprised, primarily, of shares of registered investment companies held through subaccounts of a separate account of an insurance company at December 31, 2021 and 2020, respectively. The Plan has concluded that the NAV as adjusted (for mutual fund dividends, mutual fund splits and administrative maintenance charges and other items) and reported by the insurance company approximates fair value of the investments. The investments are redeemable daily at the adjusted NAV under agreements with the insurance company. However, it is possible that the redemption rights may be restricted or eliminated in the future. Due to the nature of the investments, changes in the market conditions, liquidity requirements, and the economic environment may significantly affect the NAV of the variable annuity accounts and, consequently, the fair value of the Plan's investments.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

	December 31, 2021			
	Level 1	Level 2	Level 3	Total

- (a) Certain investments that are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

During 2021 and 2020, there were no transfers of assets into or out of Level 3 of the Fair Value hierarchy. During 2021 and 2020, there were \$282,463 and \$572,811, respectively, purchases or issues of level 3 assets.

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, the significant unobservable inputs and the ranges of values for those inputs as of December 31, 2021:

Instrument	Fair Value	Principal Valuation Technique	Unobservable Inputs	Range Of Significant Input Values
Guaranteed Investment Accounts	\$ 6,789,918	Discounted cash flow	Risk-adjusted discount rate applied	2.00% - 3.90%
		Theoretical transfer (exit value)		

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, the significant unobservable inputs and the ranges of values for those inputs as of December 31, 2020:

Instrument	Fair Value	Principal Valuation Technique	Unobservable Inputs	Range Of Significant Input Values
Guaranteed Investment Accounts	\$ 7,417,454	Discounted cash flow	Risk-adjusted discount rate applied	1.75% - 4.45%
		Theoretical transfer (exit value)		

There have been no changes in the methodologies used at December 31, 2021 or 2020.

5. Income Tax Status

The Plan adopted a volume submitter 403(b) plan document sponsored by New Pinnacle Consulting Group. New Pinnacle Consulting Group received an opinion letter dated March 31, 2017 from the IRS stating that the volume submitter 403(b) plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The University has determined that it is eligible to, and has chosen to, rely on the current IRS volume submitter 403(b) plan opinion letter. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with applicable requirements of the IRC and, as such, is exempt from Federal income taxes.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

6. Plan Termination

Although it has not expressed any intent to do so, the University has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. Party In Interest Transactions

Certain Plan investments are managed by Lincoln and entities related to TIAA, the Plan's custodians. The Plan's investments in annuities are maintained in TIAA's general account. The related transactions with Lincoln and TIAA and their related entities qualify as allowable party in interest transactions.

Certain employees have outstanding loans with the Plan as of December 31, 2021 and 2020. These loans are considered party in interest transactions.

8. Risks And Uncertainties

The Plan invests in various investment securities, which in general are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
