INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of
CAM Integrated Solutions, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of CAM Integrated Solutions, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statement section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i as of and for the year ended December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 5, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

CAM Integrated Solutions, LLC 401(k) Plan

Notes to Financial Statements

December 31, 2021

Note 1 - Description of the Plan

The following description of the CAM Integrated Solutions, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the *Plan Document* for a more complete description of the Plan's provisions.

General

The Plan, established on January 1, 2016, with its latest amendment, effective January 1, 2022, is a defined contribution and profit sharing plan covering all eligible employees who are at least 18 years of age and have completed three months of service with CAM Integrated Solutions, LLC and participating employers (collectively, the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Nationwide Trust Company, FSB ("Custodian") is the custodian of the Plan.

Participant and employer contributions

The Plan provides for voluntary pre-tax and after-tax participant contributions expressed as a percentage of the participant's eligible compensation, as defined, up to the maximum amounts set by the Internal Revenue Code ("IRC"), which limits the annual amount of salary deferrals that may be made by any participant. Eligible participants may also make catch-up contributions upon attaining 50 years of age, as defined by the IRC. Through April 26, 2020, the Company made matching contributions equal to 100% of the first 4% of eligible compensation (as defined in the *Plan Document*) deferred by a participant. Effective April 27, 2020, through Plan amendment, the Company ceased making safe harbor matching contributions. The Company may also make discretionary contributions determined annually. There were no discretionary profit sharing contributions made for the 2021 and 2020 Plan years.

Participants are immediately vested in their contributions plus actual earnings thereon. Participants are also immediately vested in the Company's matching contributions and earnings thereon. A participant is vested in the Company's discretionary contributions and related earnings as follows:

<u>Year(s) of Service</u>	<u>Vested Percentage</u>
1	33%
2	66%
3	100%

Participant accounts

Each participant's account is credited with the participant's contribution, the Company's matching and discretionary contributions, if any, and an allocation of Plan earnings. The account is charged for participant withdrawals, an allocation of Plan losses, and administrative expenses. Allocations are based on participant compensation and account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

CAM Integrated Solutions, LLC 401(k) Plan

Notes to Financial Statements

December 31, 2021

Note 1 - Description of the Plan (Continued)Notes receivable from participants

Participants may borrow from their accounts a minimum of \$1,000 and a maximum equal to the lesser of \$50,000 reduced by the highest outstanding note receivable balance in the participant's account during the prior 12-month period or 50% of the participant's vested account balances. Additionally, a participant may not have more than one note receivable outstanding at any time. Each note receivable under the Plan must mature within five years from the date on which it was made unless the note receivable is used to acquire a principal residence, in which case the note receivable may permit a longer repayment term. The notes receivable are secured by the vested balance in the participant's account and bear a reasonable rate of interest.

Participant withdrawals

Participants are eligible for distributions of their vested account balances upon the event of death, disability or hardship, retirement, reaching age 59 ½, or termination of employment.

Upon severance of employment, distributions may be made in a lump-sum payment. If the vested account balance exceeds \$5,000, participants must elect how to receive their distribution. If the vested account balance is less than \$1,000, the payment will be made in cash in a single lump-sum without the participant's consent. If the participant's vested account balance is between \$1,000 and \$5,000 and the participant does not affirmatively consent to receive a distribution, the balance will be rolled into an individual retirement account established on behalf of the participant. Any taxable distribution paid by the Custodian directly to the participant will be subject to mandatory federal income tax withholding of 20% of the requested distribution.

Investment options

Plan participants can direct the investment of their contributions into any or all of the investment options available under the Plan. Participants can change their investment allocation among the various investment options either through direct transfer from one option to another or by changing the participant allocation of future contributions.

Forfeitures

If a participant terminated employment before having a fully vested interest in his or her account, the non-vested balance of the account will be forfeited. Forfeitures are used to pay administrative expenses of the Plan and may also be used to reduce future employer contributions. No forfeitures were applied for the years ended December 31, 2021 and 2020. The unused forfeitures balance as of December 31, 2021 and 2020 was \$6,667 and \$7,316, respectively.

CAM Integrated Solutions, LLC 401(k) Plan

Notes to Financial Statements

December 31, 2021

Note 2 - Summary of Significant Accounting PoliciesBasis of accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Plan termination

Although it has not expressed any intent to do so, management of the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

Investment valuation and income recognition

The Plan's investments in pooled separate accounts are stated at fair value based on quoted market prices as of year-end, which represents the net asset value of shares held by the Plan. See Note 3 regarding fair value measurements.

The guaranteed investment account is a fully benefit-responsive investment contract with Nationwide Life Insurance Company and is reported at contract value in the statements of net assets available for benefits.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Unrealized appreciation or depreciation in the fair value of investments held at year-end is determined using the fair value at the beginning of the year or the purchase price if the investment is acquired during the year.

The realized gain or loss on the sale of investments is determined using historical cost. Upon the sale of an investment, the current year unrealized appreciation or depreciation is adjusted for unrealized gains and losses recognized in prior years. Unrealized appreciation or depreciation and realized gains and losses are reported as net appreciation or depreciation in fair value of investments in the statements of changes in net assets available for benefits.

Plan expenses

All administrative expenses, unless paid by the Company, are paid by the Plan.

Participant withdrawals

Participant withdrawals are recorded when paid.

Use of estimates

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from these estimates.

CAM Integrated Solutions, LLC 401(k) Plan

Notes to Financial Statements

December 31, 2021

Note 2 - Summary of Significant Accounting Policies (Continued)Financial instruments and credit risk

Financial instruments that potentially subject the Plan to credit risk include investments in pooled separate accounts and a guaranteed investment account. Investments are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statements of net assets available for benefits. Plan participants bear the risk of any investment losses.

Note 3 - Fair Value Measurements

The Plan uses a hierarchy for grouping assets and liabilities, based on the significance of inputs. The hierarchy of fair value measurements is described below:

- Level 1 – quoted prices in active markets for identical assets or liabilities;
- Level 2 – inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of these assets or liabilities; or
- Level 3 – unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The pooled separate accounts are valued daily at the net asset value per share (or its equivalent) as a practical expedient (not classified in the fair value hierarchy) of the units held by the Plan based on the quoted market value of the underlying funds. Fair value of shares of the underlying fund equals the number of shares of the respective underlying fund multiplied by the closing net asset value per share quoted by that fund. All investments can be redeemed daily and have no unfunded commitments. Distributions from the underlying funds are reinvested in additional shares on that date.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the valuation methods are considered appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

CAM Integrated Solutions, LLC 401(k) Plan

Notes to Financial Statements

December 31, 2021

Note 4 - Investment Contract with Insurance Company

The Plan invests in a fully benefit-responsive investment contract with Nationwide Life Insurance Company. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

Contract value, as reported to the Plan by the Custodian, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct withdrawals or transfers of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates may change from time to time. Any such change by Nationwide Life Insurance Company shall be declared in advance and shall become effective as of the first day of the month immediately following the date notice of such change is given.

Note 5 - Income Tax Status

The volume submitter plan adopted by the Company received its latest advisory letter dated March 31, 2014, in which the Internal Revenue Service (the "IRS") stated that the Plan, as then designed, was in compliance with applicable requirements of the IRC. The Plan has been amended since receiving the advisory letter, however, the Plan administrator believes that the Plan is currently designed and being operated within the applicable requirements of the IRC. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

Note 6 - Information Certified by the Custodian

For 2021 and 2020, the financial information included in the Plan's financial statements and supplemental schedule, except for contributions receivable, contributions, participant withdrawals, and administrative expenses, has been derived from information certified as complete and accurate by the Custodian, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 7 - Party-In-Interest Transactions

The Plan's investments are managed by the Custodian, and therefore these transactions qualify as party-in-interest transactions.

Note 8 - Subsequent Events

Effective January 1, 2022, the Plan was amended and restated to remain in compliance with the IRS Cycle 3 restatement process.

Effective January 28, 2022, the Plan changed custodians from Nationwide to John Hancock.

Effective August 12, 2022, employer match was reinstated and the Company will match 100% of the first 2% of eligible compensation.

Plan management has evaluated subsequent events through October 14, 2022, which was the date that the financial statements were available to be issued, and has determined that there are no other subsequent events to be reported.
