Opinion

We have audited the accompanying financial statements of WebBank 401(k) Plan Employee Benefit Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statements of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of WebBank 401(k) Plan Employee Benefit Plan as of December 31, 2021 and 2020, and the changes in its net assets available for benefits for the year ended December 31, 2021, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of WebBank 401(k) Plan Employee Benefit Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about WebBank 401(k) Plan Employee Benefit Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our

opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is

higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of WebBank 401(k) Plan Employee Benefit Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about WebBank 401(k) Plan Employee Benefit Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Assets Held at End of Year as of December 31, 2021 is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

WebBank 401(k) Plan

Notes to Financial Statements

Years Ended December 31, 2021 and 2020

1. Description of Plan

General

The following description of the WebBank 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan is a participant-directed defined contribution plan, under which participants may direct their contributions into various investment options (generally mutual funds) offered by the Plan. The Plan was established on January 1, 1998, by WebBank (Plan Sponsor), to provide benefits to eligible employees, as defined in the Plan document. The Plan is currently designed to be qualified under the applicable requirements of the Internal Revenue Code (the Code), and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

CARES and SECURE Act

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions.

Participant Contributions

Participants may elect to contribute their eligible pre-tax or after-tax compensation (as Roth contributions) to the Plan up to the amount allowable under the Plan document and Internal Revenue Service guidelines, which were \$19,500 for 2021 and 2020. Participants who are at least age 50 or will attain age 50 before the end of the calendar year are eligible to defer additional amounts ("catch-up contribution") to the Plan. The maximum catch-up contribution that one eligible participant can make was \$6,500 in 2021 and 2020. Participants who have the Plan Sponsor contribute a portion of their compensation to the Plan agree to accept an equivalent reduction in taxable compensation. Contributions withheld are invested in accordance with the participant's direction. The participants may elect to participate in a participant directed fund of their choosing.

Participants are also allowed to make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions.

Employer Contributions

The Plan Sponsor may elect to make contributions to the Plan in the form of discretionary matching contributions, as defined in the Plan and as approved by the Board of Directors.

WebBank 401(k) Plan
Notes to Financial Statements (continued)
Years Ended December 31, 2021 and 2020

1. Description of Plan (continued)

Employer Contributions (continued)

During 2021 and 2020, the Plan Sponsor matched 100% of each eligible participant's contribution up to a maximum of 6% of the participant's eligible compensation. The plan administrator performs a true up calculation at the end of the year for employer match to ensure the accuracy. As a response to COVID-19, the Plan elected to stop matching contributions as of May 1, 2020. Matching contributions were reinstated as of January 1, 2021.

Participant Accounts

Each participant's account is credited with the participant's contribution, plan earnings or losses, and an allocation of the Plan Sponsor's contributions, if any. Allocation of WebBank's contributions is based on participant contributions or eligible employee compensation, as defined in the Plan.

Vesting

Participants are immediately vested in their contributions. Participants are also immediately fully vested in the employer's matching contributions.

Payment of Benefits

Upon termination, the participants or beneficiaries may elect to leave their account balance in the Plan, receive their total benefits in a lump sum amount equal to the value of the participant's vested balance of less than \$1,000 may be automatically paid out by the Plan upon termination or participation in the Plan. Any terminated participants with a vested balance between \$1,000 and \$5,000 may still be paid out if their balance is rolled into a qualified individual Retirement Account (IRA). Distributions may also be made at the participant's election prior to termination upon attainment of age 59 ½ or eligible hardship, as defined in the Plan document.

Notes Receivable from Participants

The Plan allows participants to borrow not less than \$1,000 up to the lesser of \$50,000 or 50% of their vested account balance. The notes receivable are secured by the participant's vested balance. Such notes receivable bear interest at the available market financing rates and must be repaid to the Plan within a five-year period, unless the proceeds are used for the purchase of a principal residence in which case the maximum repayment period may be up to 15 years. The specific terms and conditions of such notes receivable are established by the Committee. Outstanding notes receivable at December 31, 2021, carry interest rates ranging from 4.00% to 6.5%.

Termination of the Plan

The Plan Sponsor intends to continue the Plan indefinitely for the benefit of its participants; however, it reserves the right to terminate or modify the Plan at any time by resolution of its Board of Directors and subject to the provisions of ERISA. In the event the Plan is terminated, participants would become fully vested in their accounts.

WebBank 401(k) Plan

Notes to Financial Statements (continued)

Years Ended December 31, 2021 and 2020

1. Description of Plan (continued)

Custodian and Administration of the Plan

The Plan Sponsor has appointed a Retirement Committee (the Committee) to manage the operation and administration of the Plan. The record-keeper and third-party administrator of the Plan is Wasatch Employee Benefit Service, Inc.

Charles Schwab (the "Custodian") holds the assets of the Plan, and acts as the trustee and custodian. The Custodian holds all assets of the Plan including those that hold participant directed funds in accordance with the provisions of the service provider contract with the Plan Sponsor. All assets of the Plan are in investment accounts with the Custodian.

2. Significant Accounting Policies

Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting and present the net assets available for plan benefits and the changes in those net assets in accordance with accounting principles accepted in the United States of America.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities during the reporting period. Actual results could differ from those estimates and assumptions.

Investment Valuation and Income Recognition

The investments are reported at the fair value. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and/or sold as well as held during the year.

Payment of Benefits

Benefits are recorded when distributed. Total distributions for the year ended December 31, 2021 was \$1,347,133.

WebBank 401(k) Plan
Notes to Financial Statements (continued)
Years Ended December 31, 2021 and 2020

2. Significant Accounting Policies (continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the occurrence of a distributable event as described in the terms of the Plan document. As of December 31, 2021 and 2020, the notes receivable from participants had a balance of \$105,799 and \$46,544, respectively. Management of the Plan estimates that these notes receivable from participants are fully collectible, and therefore, has no reserve for bad debt against them.

Risks and Uncertainties

The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations, and credit risks. Due to the risk associated with certain investment securities, it is at least reasonably possible that changes in market values, interest rates, or other factors in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

3. Fair Value Measurements

The fair value measurements standard (FASB ASC 820, Fair Value Measurements and Disclosures) establishes a framework for measuring fair value. That framework provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the standard are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

WebBank 401(k) Plan

Notes to Financial Statements (continued)

Years Ended December 31, 2021 and 2020

3. Fair Value Measurements (continued)

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds and Money Market Fund: Valued at the daily closing price as reported on the active market as reported by the Custodian. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. The mutual funds held by the Plan are deemed to be actively traded.

Self Directed Funds: The accounts hold mutual funds. All these investments are valued at the daily closing price as reported on the active market as reported by the Custodian. The investments are registered with the U.S. Securities and Exchange Commission and are deemed to be actively traded.

This includes basing values on yields currently available on comparable securities of issuers with similar credit ratings.

There have been no changes in the techniques and inputs used at December 31, 2021 and 2020.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2021 and 2020:

<u>2021</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

<u>2020</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Investments at fair value	<u>\$ 9,444,107</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 9,444,107</u>

4. Transactions with Parties in Interest

Related parties and parties in interest include the Third-party administrator, the Custodian, the Auditor, and the Plan Sponsor. In addition, certain employees of the Plan Sponsor are considered to be parties in interest, such as the Plan administrator, owners, executives, directors, or members of the investment committee.

The Plan pays for all expenses related to Plan operations and investment activities to various service providers. These transactions are considered to be party in interest transactions. During 2021 and 2020 employees, including some of the parties in interest as noted above, contributed to the Plan and received an employer match contribution. None of the transactions mentioned above were identified as prohibited transactions.

5. Other Uncertainties

On March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act"), which included several relief provisions available to tax qualified retirement plans and their participants. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the Plan document. Plan management has adopted the Coronavirus-related distribution and participant loan provisions of the CARES Act as of the date of these financial statements.

6. Tax Status

On March 31, 2014, the United States Treasury Department advised the TPA that the Prototype Standardized Profit Sharing Plan with was acceptable under Section 401(a) of the IRC and was therefore exempt from federal income taxes. Although the Plan has been amended since receiving the IRS determination letter, the Plan administrator and the Plan's legal counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code, and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

WebBank 401(k) Plan
Notes to Financial Statements (continued)
Years Ended December 31, 2021 and 2020

6. Tax Status (continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the applicable taxing authorities. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. With few exceptions, the Plan is no longer subject to tax examinations by the U.S. federal, state, or local tax authorities for years before 2018.

7. Subsequent Events

The Plan evaluated all events and transactions that occurred after December 31, 2021 through October 17, 2022, the date these financial statements were available to be issued. During this period, the Plan did not have any material recognizable subsequent events.
