Independent Auditors' Report

The Plan Administrator and Plan Participants
The Lamar Savings and Profit Sharing Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of The Lamar Savings and Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

KPMG LLP, a Delaware limited liability partnership and a member firm of the KPMG global organization of independent member firms affiliated with KPMG International Limited, a private English company limited by guarantee.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. generally accepted accounting principles, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. generally accepted accounting principles.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Part IV, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021and Schedule H, Part IV, line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 20, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information was presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

(1) Description of the Plan

The following description of the Lamar Savings and Profit Sharing Plan (the Plan) is provided for general information. Participants should refer to the plan document for a complete description of the Plan's provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

(a) General

The Plan is a defined-contribution plan established effective January 1, 1988. The Plan was amended and restated effective January 1, 2018. The Plan is administered by the Investment Committee, (the Plan Administrator) which is appointed by the board of directors of the Company. Employees, who are classified by Lamar Media Corp. (the Company) as temporary or seasonal, shall become eligible to participate upon completing one year of service with the Company and attaining the age of 21. Any other employee becomes eligible the later of the first day of becoming an employee or the date he or she attains the age of 21.

(b) Administrative Expenses

The trustee of the Plan is T. Rowe Price Trust Company, a qualified institution (the Trustee). Administrative expenses for each investment fund are deducted by the Trustee before investment earnings or losses are credited to participants' accounts. Expenses in connection with notes receivable from participants are charged to participants' accounts. Total administrative expenses amounted to $92,353 in 2021. All expenses, except the Trustee expenses, related to the Plan are paid out of the participants' accounts unless paid by the Company. In addition, certain investment-related expenses reduced investment income presented in the accompanying statement of changes in net assets available for benefits.

(c) Contributions and Participation

Each participant's account is credited with the participant's and Company's contributions and allocation of plan earnings and losses. Earnings and losses are allocated by fund based on the ratio of a participant's account invested in a particular fund to all participants' investments in that fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants may contribute an amount equal to any whole or fractional percentage not in excess of 50% of their plan compensation, as defined, for the contribution period subject to certain limitations provided by federal income tax regulations. If an eligible employee has not executed a deferral agreement, within 30 days of becoming a participant, in which the employee affirmatively specifies a percentage deferral of compensation (including a 0% deferral or an affirmative election not to make deferral contributions), the employee will be automatically enrolled for a 5% contribution. If, as of the first day of a plan year, an employee is making deferral contributions (either through an affirmative election or automatic enrollment) of less than 5%, the deferral contribution percentage will automatically be increased to the next higher whole percentage effective as of the first day of that plan year unless (i) the employee has in effect an affirmative election of a 0% deferral of compensation or an affirmative election not to make contributions; (ii) the employee has made an affirmative deferral contribution election within 45 days before the beginning of the plan year; (iii) the employee has in

(Continued)

effect an affirmative election to opt out of automatic increases in the deferral percentage; or (iv) the employee is classified as a temporary or seasonal employee.

The Company may make matching contributions in an amount to be determined by the Company. The Company may also make discretionary nonelective contributions. During 2021, the Company matched 50% of employee contributions up to 5% of compensation.

Participants may also make rollover contributions from other qualified plans. Participants direct the investment of their and Company contributions into various investment options offered by the Plan. The Plan currently offers a common/collective trust fund and mutual funds as investment options for participants. Participants for whom investment elections are not received are invested by the Trustee in the various T. Rowe Price Retirement Date funds depending on participants' retirement date. Participant contributions are recorded in the period during which the Company makes payroll deductions from the participant's earnings.

(d) Vesting

Participants are immediately vested in their own contributions plus actual earnings thereon. Vesting in the Company's contribution portion of its accounts is based on years of services, as defined. A participant becomes 100% vested after three years of service for contributions made on or after January 1, 2002. However, if an active participant dies prior to attaining the normal retirement age, the participant's account becomes 100% vested. If a participant is not 100% vested when he/she receives a distribution, the amount that is not vested is forfeited. After that, forfeitures are used to reduce matching contributions under the Plan. Any remaining forfeitures are used to pay the cost of administering the Plan.

(e) Distributions

On termination of service, disability, or death, a participant will receive a lump-sum amount equal to the value of the vested portion of his/her account. Distributions are subject to the applicable provisions of the plan agreement.

(f) Notes Receivable from Participants

Participants may make loans against their account balance in the Plan subject to specific rules as defined in the Plan. Loan amounts may be no less than $1,000 and the total outstanding loan balance may not exceed the lesser of (1) $50,000 less the highest outstanding balance of all prior loans during the one-year period ending the day before the new loan is made, or (2) the greater of $10,000 or one half of the total account balance. The term of the loan cannot exceed 5 years, unless the loan is used to acquire a principal residence, in which case the maximum term is 30 years. A loan is collateralized by the balance in the participant's account and bears interest at one percentage point above the prime rate listed in *The Wall Street Journal* on the date of the loan. The interest rate is fixed for the entire term of the loan. Interest rates on outstanding loans ranged from 4.25% to 9.25% at December 31, 2021 with maturities at various dates through October 2051.

Failure to repay a loan will result in a cancellation of the loan and be considered a deemed distribution to the participant. For the year ended December 31, 2021, deemed distributions totaled $444,068.

(g) Plan Termination

Although it has not expressed any intent to do so, the Company reserves the right to terminate or amend the Plan provided that contributions previously made are not affected. Termination would result in participants becoming 100% vested in their account balances.

(h) Administration of the Plan

As a result of the COVID-19 outbreak in March 2020, the Plan changed the Plan provisions to provide assistance for impacted employees through the end of 2020. On March 27, 2020, the CARES Act was passed by Congress, which provides immediate and temporary relief for retirement plan sponsors and their participants with respect to employer contributions, distributions and participant loans. The Employer adopted certain of the provisions outlined in the CARES Act, including Coronavirus-Related Distributions ("CRDs") and loan payment suspensions. Participants impacted by COVID-19 were eligible through the end of 2020 to take CRDs from the Plan balance of up to $100,000. These CRDs were not penalized for early withdrawal and can be repaid over a period of up to three years. CRDs will be considered standard hardship withdrawals and loans.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles (U.S. GAAP) and under the requirements of ERISA.

(b) Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Realized gains (losses) on the sale of investments and unrealized appreciation (depreciation) in fair value of investments held are shown as net appreciation in fair value of investments in the statement of changes in net assets available for benefits.

(c) Notes Receivable from Participants

Notes receivable from participants are valued at amortized cost, consisting of principal outstanding and any related accrued interest.

(d) Benefit Payments to Participants

Benefits are recorded when paid.

(e) Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(3) Fair Value Measurements

The FASB Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure the fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under ASC Topic 820 are described below:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.
- Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the investments measured at fair value:

(a) Mutual Funds

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish the daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are, therefore, categorized in Level 1 of the fair value hierarchy.

(b) Common/Collective Trust Fund

Common/collective trust fund is valued at the NAV per share as determined by the manager of the funds multiplied by the number of shares held as of the measurement date. These funds trade on a daily basis at the established NAV, which is available to participants and therefore are classified as Level 1 investments.

The following tables set forth by level within the fair value hierarchy the Plan's investment assets at fair value as determined by plan management as of December 31, 2021 and 2020:

	December 31, 2021			
	Quoted prices in active markets for identical assets (Level 1)	Significant other observable inputs (Level 2)	Significant unobservable inputs (Level 3)	Total
Investments:				
Mutual funds	$ 409,147,511			409,147,511
Common/collective trust fund – stable value	41,525,283			41,525,283
Total investments	$ 450,672,794	—	—	450,672,794

	December 31, 2020			
	Quoted prices in active markets for identical assets (Level 1)	Significant other observable inputs (Level 2)	Significant unobservable inputs (Level 3)	Total
Investments:				
Mutual funds	$ 350,198,380	—	—	350,198,380
Common/collective trust fund – stable value	42,346,903	—	—	42,346,903
Total investments	$ 392,545,283	—	—	392,545,283

During 2021 and 2020, there were no transfers between levels.

(4) Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated October 26, 2017 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code of 1986 (IRC), as amended. Although the Plan has been amended and restated since receiving the determination letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for the years prior to 2017.

(5) Risks and Uncertainties

The Plan offers a number of investment options to participants that are exposed to various risks, such as interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term.

(6) Information Certified by the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for reporting under ERISA. The financial statements of the Plan are prepared based upon information received from and certified as complete and accurate by the Trustee. This information includes a listing of all investments and notes receivable from participants reported in the accompanying statements of net assets available for benefits and notes to financial statements as of December 31, 2021 and 2020 and Schedule H, part IV, line 4i – Schedule of Assets (held at end of year) as of December 31, 2021, and interest and dividend income, net appreciation in fair value of investment and interest income from notes receivable from participants in the accompanying statement of changes in net assets available for benefits and notes to financial statements for the year ended December 31, 2021. The following is a summary of the unaudited information regarding the Plan, included in the Plan's financial statements, notes to financial statements, and supplemental schedule that was certified as complete and accurate by the Trustee.

	December 31	
	2021	**2020**
Investments, at fair value	$ 450,672,794	392,545,283
Notes receivable from participants	6,424,243	6,406,676

	Year ended December 31, 2021
Interest and dividend income, investments	$ 30,816,682
Net appreciation in fair value of investments	28,640,655
Interest income on notes receivable from participants	326,079

(7) Related-Party Transactions

Plan assets include investments in funds managed by the Trustee of the Plan. Transactions with the Trustee qualify as party-in-interest transactions under ERISA. Personnel and facilities for the Company have been used to perform administrative functions for the Plan at no charge to the Plan. Notes receivable from participants loans also qualify as party-in-interest transactions.

(Continued)

(8) Forfeitures

Forfeitures result from nonvested employer contributions remaining in the Plan from terminated employees. The forfeiture reserve of $197,855 and $104,086 as of December 31, 2021 and 2020, respectively, is available to offset employer contributions, which would be otherwise payable by the employer. During the year ended December 31, 2021, $684,699 in forfeitures were used to offset employer contributions.

(9) Nonexempt Transaction

As reported on Supplemental Schedule 2, certain employee contributions totaling $2,870 were not remitted to the trust within the time frame specified by the DOL's Regulation 29 CFR 2510.3-102, thus constituting nonexempt transactions between the Plan and the Company for the year ended December 31, 2021. Lost earnings on such remittances were not corrected as of the date of the report.

(10) Subsequent Events

The Plan has evaluated subsequent events through October 17, 2022, the date the financial statements were available to be issued. No events were identified that required disclosure in the financial statements.
