INDEPENDENT AUDITOR'S REPORT

Equinox Gold Corp., U.S. OPS 401(k) Plan
To the Plan Administrator of
Brawley, CA 92227

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Equinox Gold Corp., U.S. OPS 401(k) Plan (previously known as Western Mesquite Mines, Inc. 401k Plan) (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedule of assets (Held at End of Year) as of December 31, 2021 and schedule of delinquent participant contributions for the year ended December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information. In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 28, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

EQUINOX GOLD CORP., U.S. OPS 401(K) PLAN

Notes to Financial Statements
December 31, 2021 and 2020

NOTE 1. DESCRIPTION OF THE PLAN

The following description of the Equinox Gold Corp., U.S. OPS 401(k) Plan (previously known as Western Mesquite Mines, Inc. 401k Plan) (the Plan) provides only general information. More complete information regarding the Plan's provisions can be found in the Plan documents.

General: The Plan is a defined contribution plan covering all United States employees of Western Mesquite Mines, Inc. (the Company or Employer) who have completed one month of service. The Plan is a defined contribution plan and is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Western Mesquite Mines, Inc. acts as the Administrator of the Plan. Principal Trust Company (Principal) served as the Plan's custodian and Contract Administrator through June 10, 2021. Effective June 11, 2021 John Hancock Life Insurance Company (U.S.A.) (John Hancock) became the trustee of the Plan and all of the assets of the Plan, except for Fixed Income Securities were transferred to John Hancock. The Plan excludes employees who are covered by collective bargaining agreements and covered employees acquired in an asset or stock acquisition, merger, or similar transaction described in code section 401(b)(6)(c) until such time as the Employer extends coverage to such employees. Effective June 2021 the Plan was amended to allow entry to the Plan on the first day of the month following the date the participant satisfies the eligibility condition of completing 60 days of service.

Contributions: Eligible employees may elect to make pre-tax 401(k) contributions and/or Roth 401(k) contributions as defined in the Plan. The Employer may make matching contributions of up to 6% of the employee wages for participating employees. For the Plan year 2021 and 2020, the Employer matching contribution was \$1,843,117 and \$1,610,255, respectively, to eligible participants who were employed on December 31, 2021 and 2020. The maximum employee deferral permitted by the Internal Revenue Service (IRS) was \$19,500 for 2021 and 2020. Participants who had attained age 50 before the end of the Plan year were eligible to make catch-up contributions of up to \$6,500 for 2021 and 2020.

Participant contributions are recorded and remitted to the custodian each bi-weekly payroll period and recorded in the year withheld from a participant's check.

Participant Accounts: Each participant's interest in the Plan is maintained in four sub-accounts within one main account. These sub-accounts are: an employee pre-tax contribution, an employee Roth contribution, an Employer matching contribution, and rollover contribution from an employee's previous plan(s). The sub-accounts are credited or charged with the appropriate contributions and any earnings and/or losses resulting from the investment of those contributions.

Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Employer's contribution portion of their account plus actual earnings thereon are based on years of continuous service and at least 1,000 hours of service per year and is vested as follows:

Years of Service	Vested Percentage
Less than 1 year	0%
1 year but less than 2	50%
2 years or more	100%

EQUINOX GOLD CORP., U.S. OPS 401(K) PLAN

Notes to Financial Statements
December 31, 2021 and 2020

NOTE 1. DESCRIPTION OF THE PLAN (Continued)

Vesting (continued): Notwithstanding the above, if a participant (1) attains the age of 65, (2) dies, or (3) terminates employment by reason of permanent disability, the Employer contribution amounts become 100% vested without regard to years of service.

Investment Options: Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Loans: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$15,000 or 50% of their vested account balance. Effective April 4, 2019, the Plan was amended to allow the loan maximum to equal the lesser of \$50,000 or 50% of the participant's vested account balance. The loans are secured by the balance in the participant's account and bear interest at the prevailing market rate as mutually determined quarterly by the Plan and the Contract Administrators. Principal and interest is paid ratably through payroll deductions. Loans must be repaid over a period not to exceed 5 years (unless the loan is taken for the purchase of a primary residence).

In July 2021, the Plan was amended to limit participant loan amounts to a maximum of \$5,000, with repayment period of two years for non-principal residence purchases.

Payment of Benefits: On termination of service due to death, disability or retirement, if the participant's vested account balance does not exceed \$1,000, distribution is made in a lump sum. If the participant's vested account balance exceeds \$1,000, the participant or beneficiary may elect to receive a lump sum payment or defer the receipt of payment according to Plan provisions.

An in-service distribution can also be made to participants who have attained the age of 59-1/2, upon disability or when experiencing financial hardship.

Forfeiture: Participants who are not 100% vested will forfeit the non-vested portion of the Employer matching contribution upon termination of employment. Forfeitures may be used to either pay Plan expenses or offset Employer's contributions. Forfeitures used to reduce Employer contributions were \$28,199, and \$9,582 for the years ended December 31, 2021 and 2020, respectively. Forfeitures included in the net assets available for benefits were \$17,263 and \$15,715 at December 31, 2021 and 2020, respectively.

Administrative Expenses: The Plan's expenses are paid either by the Plan or the Company, as provided by the Plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Special expenses like distribution fees, loan fees, hardship withdrawal fees, etc., are charged directly to the particular participant using the service.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Accounting for Fully Benefit-Responsive Investments: Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

Risks and Uncertainties: The Plan provides for various investment options in mutual funds and other investment securities. Investment securities are exposed to various risk factors including, but not limited to, interest rates, market conditions, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Payment of Benefits: Benefits are recorded when paid.

Investment Valuation and Income Recognition: The Plan's investments are stated at fair value (except for fully benefit-responsive investment contracts). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value.

The Plan presents in the statements of changes in net assets the net appreciation/depreciation in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation or depreciation of those investments. Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

NOTE 3. CERTIFIED FINANCIAL INFORMATION

The The Plan Administrator has elected the method of compliance permitted by Section 29 CFR 2520.103-8 of the Department of Labor (DOL)'s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the financial information included in the Plan's financial statements as it relates to investment assets, notes receivable from participants, investment transactions, investment income, and the schedule of assets held at the end of year have been derived from information certified as complete and accurate by Principal , the former custodian of the Plan and John Hancock, the current trustee of the Plan. This information was not audited in accordance with the Plan Administrator's instructions, and as permitted by Section 29 CFR 2520.103-8 of the DOL Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 4. FAIR VALUE MEASUREMENTS

Accounting guidance establishes a fair value hierarchy that prioritizes valuation inputs into three levels based on the extent to which inputs used in measuring fair value are observable in the market. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- quoted prices for similar assets or liabilities in active markets
 - quoted prices for identical or similar assets or liabilities in inactive markets
 - inputs other than quoted prices that are observable for the asset or liability
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Pooled Separate Accounts and mutual Funds – The underlying investments of the pooled separate accounts are principally mutual funds. Mutual funds are valued using quoted market prices, which represent the net asset value of shares held by the Plan at year-end.

EQUINOX GOLD CORP., U.S. OPS 401(K) PLAN

Notes to Financial Statements
December 31, 2021 and 2020

NOTE 4. FAIR VALUE MEASUREMENTS (Continued)

Common Collective Trust – The Principal Trust Income and Target Funds are held in common collective funds, which consist of investments in mutual funds, collective trusts and pooled separate accounts. These investments are valued at their Net Asset Value (NAV) per share as of the close of business on the valuation date. The NAV is quoted on a private market that is not active; however, the unit price is based on the value of the underlying investment assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ 31,146,430	\$ --	\$ --	\$ 31,146,430
Total investments in the fair value hierarchy	<u>\$ 31,146,430</u>	<u>\$ --</u>	<u>\$ --</u>	<u>31,146,430</u>
Investments at fair value				<u>\$ 31,146,430</u>

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 16,231,767	\$ --	\$ --	\$ 16,231,767
Total investments in the fair value hierarchy	<u>\$ 16,231,767</u>	<u>\$ --</u>	<u>\$ --</u>	<u>16,231,767</u>
Investments measured at net assets value (NAV) ^(a)				<u>9,323,742</u>
Investments at fair value				<u>\$ 25,555,509</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

NOTE 5. GUARANTEED INVESTMENT CONTRACT

The Plan invests in the Principal Fixed Income Guaranteed Option (PFIGO), a fully benefit-responsive guaranteed investment contract. PFIGO, a group annuity contract, is backed by the assets of the general account of Principal Life Insurance Company (Principal Life). Principal Life, the guaranteed investment contract issuer, is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by Principal Life which may not be less than the guaranteed minimum interest rate under the contract. The crediting rate is reviewed and reset semiannually. The crediting rate for the year ended December 31, 2021 was 0.90% and for the year ended December 31, 2020 was in the range of 0.95% to 1.15%.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses.

EQUINOX GOLD CORP., U.S. OPS 401(K) PLAN

Notes to Financial Statements
December 31, 2021 and 2020

NOTE 5. GUARANTEED INVESTMENT CONTRACT (Continued)

Benefit payments are made at contract value (no termination or surrender charges) for Plan benefit events and investment transfers initiated by Plan participants. An employer initiated liquidation or transfer of assets is subject to a 12-month advance notice or 5% surcharge as the employer chooses. Thus, this contract is considered fully benefit-responsive and is reported in the financial statements at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

NOTE 6. PARTY-IN-INTEREST TRANSACTIONS

At December 31, 2021 and 2020, certain Plan investments are invested in funds managed by Principal Trust Company, the Plan's former custodian. As such, transactions with Principal Trust Company qualify as party-in-interest transactions under ERISA. At December 31, 2021 certain Plan investments are invested in American Funds managed by John Hancock, the Plan's current Trustee. As such, transactions with John Hancock qualify as party-in-interest transactions under ERISA. The Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are party in interest transactions under ERISA.

NOTE 7. FEDERAL INCOME TAX-EXEMPT STATUS

The Plan has has an opinion letter dated June 30, 2020, in which the IRS stated that the Plan, as then designed, was acceptable under section 401(k) of the IRC. The Plan has since been amended. However, the Plan Administrator and the Plan's management believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authority. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021 and 2020, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress. The Plan Administrator believes that the Plan is no longer subject to income tax examinations for years prior to December 31, 2018.

EQUINOX GOLD CORP., U.S. OPS 401(K) PLAN

Notes to Financial Statements
December 31, 2021 and 2020

NOTE 8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants will become 100% vested in their employer contribution accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Employer may determine.

NOTE 9. PARTICIPANT WITHDRAWALS AND DISTRIBUTIONS

At December 31, 2021 and 2020, there were no distributions outstanding on accounts of participants who have elected to withdraw from participation in the Plan but had not yet been paid.

NOTE 10. CONTINGENCY

Plan management is closely monitoring the impact of COVID-19 and the resulting economic downturn on all aspects of the Plan, including the potential volatility in the Plan's investment portfolio. The long-term impact of this public health crisis on the Plan will depend on future developments that are highly uncertain and difficult to predict.

NOTE 11. DELINQUENT CONTRIBUTIONS

During the year ended December 31, 2021, the Employer inadvertently failed to deposit participant deferrals timely in the amounts of \$253,632. The DOL considers late deposits to be prohibited transactions. The Company is in the process of self-correcting the delinquencies.

During the years ended December 31, 2020 and 2019, the Employer inadvertently failed to deposit participant deferrals timely in the amounts of \$131,786 and \$20,174, respectively. The Company has self-corrected the delinquencies.

NOTE 12. SUBSEQUENT EVENTS

In March 2022, the fixed income securities were transferred from Principal to John Hancock.

The Plan's Management has evaluated subsequent events for recognition and disclosure through October 14, 2022, the date the financial statements were available to be issued.
