DAYTON GASTROENTEROLOGY, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

A. DESCRIPTION OF PLAN:

The following description of the Dayton Gastroenterology, Inc. (Company) 401(k) Plan (Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

1. *General.* The Plan is a defined contribution plan covering all full-time employees of the Company who have one year of service and are age 21 or older. The Plan is subject to the provisions of the ERISA. On December 28, 2021, the Plan was merged into the Aon Pooled Employer Plan, and all assets were transferred out of the Plan into that plan. The participant deferrals and related employer match contributions for payrolls paid on December 27, 29, and 30, 2021 were remitted directly to the merged plan. Therefore, these are shown as receivables to the Plan and a related payable to the merged plan. The Board of Trustees is responsible for oversight of the Plan. The Board of Trustees determines the appropriateness of the Plan's investment offerings and monitors investment performance. The Plan was amended on January 1, 2021 to comply with the requirements of the Further Consolidated Appropriations Act, 2020, including the SECURE Act provisions, the CARES Act, and the Consolidated Appropriations Act, 2021.
2. *Contributions.* Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan, limited to the statutory maximum contribution (\$19,500 for 2021 and 2020). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions (\$6,500 for 2021 and 2020). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. On an annual basis each January 1, the participant's elective deferrals will be increased 1% by the Company and communicated to the participant in a timely manner. The Plan allows eligible participants to make Roth 401(k) (after-tax) contributions. The Company has a discretionary match provision, which is determined by the Board of Trustees. For 2021 and 2020, the Company contributed 25 percent that a participant contributed to the Plan. The Company has adopted safe harbor plan provisions, whereby the Company is required to make a profit sharing contribution in the amount of 3 percent of base compensation for eligible participants. During 2021 and 2020, the Company made a \$408,875 and \$381,942, respectively, safe harbor non-elective contribution. The Company also has a discretionary profit sharing provision, which is determined annually by the Board of Trustees. During 2021 and 2020, the Employer made a \$668,810 and \$615,866, respectively, profit sharing contribution to the Plan. The match and profit sharing contributions are directed by the participants into the investment options offered by the Plan. Contributions are subject to certain IRS limitations.
3. *Participant Accounts.* Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

DAYTON GASTROENTEROLOGY, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

A. DESCRIPTION OF PLAN:

4. *Vesting.* Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after six years of credited service.
5. *Notes Receivable From Participants.* Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance (the CARES Act temporarily allowed for a maximum of \$100,000 or 100% of their vested account balance for parts of 2020). The loans are secured by the balance in the participant's account. The loans bear interest at a rate between 4.25 and 6.00 percent, which is commensurate with reasonable rates offered by financial institutions. Principal and interest are paid ratably through bi-weekly payroll deductions.
6. *Payment of Benefits.* On termination of service, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. The plan allows in-service distributions as follows: on the Company's contributions, once they have attained the Plan's normal retirement age; on participant's rollover contributions, there is no restriction; on participant's pretax deferrals, once they have attained age 59 1/2. The plan does not allow in-service distributions on Roth 401(k) contributions. Beginning October 1, 2021, participants may receive a distribution after attainment of age 59 1/2 from all of their Plan accounts. During 2020, the CARES Act allowed for special distributions of up to \$100,000 based on COVID-related circumstances.
7. *Hardship Distributions.* Hardship distributions may be made on account of financial hardship if the participant satisfies certain conditions.
8. *Forfeited Accounts.* At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$0 and \$62,510, respectively. These accounts shall first be used to pay plan certain administrative expenses. To the extent any forfeitures remain, they will then be used to reduce any Company contributions for the plan year in which the forfeiture occurred. Also, in 2021 and 2020, Company contributions were reduced by \$0 and \$17,464, respectively, from forfeited nonvested accounts.

B. SUMMARY OF ACCOUNTING POLICIES:

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

DAYTON GASTROENTEROLOGY, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

B. SUMMARY OF ACCOUNTING POLICIES:

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Board of Trustees determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note E for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 17, 2022, the date the financial statements were available to be issued.

C. CERTIFIED INVESTMENTS:

Certain information related to investments disclosed in the accompanying financial statements, including investments held at December 31, 2021 and 2020, and net appreciation in fair value of investments, and dividends and interest for the years ended December 31, 2021 and 2020, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Matrix Trust Company (a custodian of the Plan). The following certified information is included in the accompanying financial statements and supplemental schedules:

D. PARTY-IN-INTEREST TRANSACTIONS:

Certain Plan investments are collective trust funds invested by Ironshore Financial, LLC and TD Ameritrade, and, therefore, these transactions qualify as party-in-interest transactions. The advisor picks from a pool of bonds, stocks, and mutual funds to develop a managed account that will meet a participant's investment strategy. It is intended to simplify the investment selection process for the participant.

E. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

DAYTON GASTROENTEROLOGY, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

E. FAIR VALUE MEASUREMENTS (continued):

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market funds and Common stock: Valued at the closing price reported on the active market on which the individual securities are traded.

Partnership: Valued at net estimated realizable value, which approximates fair value.

Common/Collective trusts: Valued at the closing price or net asset value (NAV) of the underlying readily marketable securities depending on the classification of the underlying securities - closing price for money market funds, government securities, corporate bonds, and equity securities, and NAV for mutual funds.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020.

DAYTON GASTROENTEROLOGY, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

F. COMMON/COLLECTIVE TRUSTS:

The Plan invests in the Ameritrade IDA Asset Account, MetLife Stable Value Series 25157-Class 0 Fund, New York City REIT Inc (including Class B shares), Phillips & Edison Company Inc., and Business Development Corporation of America, which are common/collective trusts that invest in various readily marketable securities with quoted market prices. The portfolios consist of mutual funds, money market funds, government securities, corporate bonds, equity securities, and insurance contracts. The Plan's interest in the trusts is calculated by applying the Plan's ownership percentage in the trust to the total fair value of the trust.

G. ROLLOVER CONTRIBUTIONS:

In 2020, the Dayton Gastroenterology, Inc. Cash Balance Pension Plan was terminated. All participants in the Dayton Gastroenterology, Inc. Cash Balance Pension Plan became 100% vested in that plan upon termination and were provided the option to have their account balance rolled into any qualified plan (including the Plan) or IRA or receive a lump sum distribution. An aggregate of \$5,639,858 was rolled into the Plan during the year ended December 31, 2020, and is included in participant rollover contributions on the statement of changes in net assets available for benefits.

H. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions. On December 28, 2021, the Plan's assets were transferred to the Aon Pooled Employer Plan.

I. TAX STATUS:

The Plan is a prototype plan designed by their third-party administrator. The IRS has determined and informed the third-party administrator by a letter dated March 31, 2008, that the prototype plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter for the prototype plan, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the federal taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

DAYTON GASTROENTEROLOGY, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

J. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

K. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500:
