Independent Auditor's Report

Plan Administrator and Mille Lacs Corporate Ventures Retirement Committee
Mille Lacs Corporate Ventures Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the plan financial statements of Mille Lacs Corporate Ventures Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The plan financial statements comprise the statement of fiduciary net position as of December 31, 2021, the related statement of changes in fiduciary net position for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for 12 months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Management has omitted management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. Our report on the basic financial statements is not affected by this missing information.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i—Schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements, or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Mille Lacs Corporate Ventures Retirement Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of Mille Lacs Corporate Ventures Retirement Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a complete description of the Plan's provisions.

General: The Plan is a defined contribution plan established for the benefit of certain employees of Mille Lacs Corporate Ventures (Corporate Ventures). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is administered by Corporate Ventures, which appointed Reliance Trust Company (the trustee) to be the trustee of the Plan. The Corporate Ventures' Retirement Committee is responsible for the oversight of the Plan and determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Corporate Ventures' Board of Directors.

Eligibility: Employees of Corporate Ventures who have reached 21 years of age and have completed 60 days of service, as defined by the plan, are eligible to participate in the Plan.

Contributions: Each year, participants may make salary deferral contributions up to the maximum dollar amount permitted by law. Corporate Ventures makes a 401(k) safe harbor contribution of 100% of participants' deferrals up to 5% of the participants' qualified compensation, as defined by the Plan. In addition, Corporate Ventures may also make discretionary employer contributions. There were no discretionary employer contributions for the year ended December 31, 2021. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover), or make Plan-to-Plan transfers as defined in the Plan document. Contributions are subject to certain Internal Revenue Service (IRS) limits.

Participant accounts: Each participant's account is credited with the participant's contributions, Corporate Ventures' safe harbor contributions, allocations of Corporate Ventures' discretionary employer contributions, if any, plan investment results and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant compensation, account balance or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants' investment options: Upon enrollment in the Plan, a participant may direct contributions to various investment options, as more fully described in the Plan's literature. All options vary in types of investments, rates of return and investment risk. Participants may make transfers between funds on a daily basis.

Vesting: The participants are always 100% vested in their own contributions, and the 401(k) safe harbor contributions and related income. The portion of the participants' accounts attributable to Corporate Ventures' discretionary profit sharing contributions and related income vests at a rate of 20% for each year of service until 100% vested after five years of service.

Forfeited accounts: Forfeited nonvested accounts may be used to cover certain plan administrative expenses and to fund Corporate Ventures' contributions to the Plan. At December 31, 2021 and 2020, forfeited nonvested accounts totaled approximately \$0 and \$8,000, respectively. There were approximately \$73,000 of forfeited nonvested accounts used to cover certain administrative expenses for the year ended December 31, 2021.

Mille Lacs Corporate Ventures Retirement Plan

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Payment of benefits: Upon termination of service, a participant can elect to receive a lump-sum amount or installments equal to the vested balance in his or her account or directly roll the vested balance over to an individual retirement account. Upon termination, participants may also elect to hold their investments in the Plan, unless the vested balance is less than \$5,000, in which case the vested balance is automatically distributed. A participant may elect to receive an in-service distribution upon attainment of age 59½ or meeting certain financial need qualifications.

Notes receivable from participants: Under the terms of the Plan, participants may borrow from their accounts a minimum of \$1,000 and up to the lesser of 50% of the participant's vested account balance or \$50,000. The notes are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 6.50% as of December 31, 2021, which are commensurate with the prime rate plus 1%. The term of the note may not exceed five years, except for purchase of the participant's primary residence, for which the Plan may allow a repayment period of up to 10 years. Principal and interest are paid ratably through payroll deductions.

Note 2. Summary of Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting standards promulgated by the Governmental Accounting Standards Board (GASB). This Plan is sponsored by Mille Lacs Corporate Ventures, a corporate body politic and political subdivision of the Mille Lacs Band of Ojibwe Indians (Band). These financial statements present only the Plan and are not intended to present the financial statements of the Band.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Plan investments are reported at fair value. Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Retirement Committee determines the Plan's valuation policies utilizing information provided by investment advisors, trustee and other third parties. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Payment of benefits: Benefits are recorded when paid.

Investment policy and risks:

Investment policy: The Plan offers a broad range of diversified investments that enable the participant to construct a portfolio with aggregate risk and return characteristics at any point within the participant's desired range. Adherence to the specific investment objectives and criteria contained therein will be evaluated over a full market cycle, which historically has been five to seven years.

Mille Lacs Corporate Ventures Retirement Plan

Notes to Financial Statements

Note 2. Summary of Accounting Policies (Continued)

Interest rate risk: This is the risk that changes in market interest rates will adversely affect the fair value of an investment. Investments with longer maturities have greater sensitivity to fair value changes based on market interest rates. The bond funds, balanced funds, and collective trust funds are exposed to this risk.

Credit risk: Credit risk exists when there is a possibility that the issuer or other counterparty to an investment may be unable to fulfill its payments on a security under the original term. The bond funds, balanced funds, and the collective trust fund are exposed to this risk.

Administrative expenses: Certain expenses of maintaining the Plan are paid directly by Corporate Ventures and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included as an offset to net appreciation in fair value of investments.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. If a participant ceases to make loan repayments, and the Plan Administrator deems the participant's loan to be in default, the participant note balance is reduced, and a benefit payment is recorded.

Notes receivable from participants are classified as an investment for Form 5500 reporting purposes and, accordingly, have been included as an investment in the supplemental schedule, Schedule H, Line 4i—Schedule of assets (held at end of year).

Subsequent events: The Plan has evaluated subsequent events through October 15, 2022, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by the Trustee

The following is a summary of the Plan's asset information as of December 31, 2021 and 2020, and for the year ended December 31, 2021, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by Reliance Trust Company, the trustee of the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that the information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule related to the following assets:

	December 31	
	2021	2020
Investments:		
Collective trust fund	\$ 8,626,935	\$ 8,137,646
Registered investment companies	75,806,084	68,347,601
Self-directed brokerage accounts	214,646	188,997
Notes receivable from participants	1,759,138	1,972,092

Mille Lacs Corporate Ventures Retirement Plan

Notes to Financial Statements

Note 3. Information Certified or Provided by the Trustee (Continued)

The trustee also certified to the completeness and accuracy of \$7,122,874 of net appreciation in fair value of investments, \$4,312,636 of interest and dividends related to the aforementioned investments, and \$94,286 of interest income on notes receivable from participants for the year ended December 31, 2021.

Note 4. Fair Value Measurements

To the extent available, the Plan's investments are recorded at fair value as of December 31, 2021 and 2020. GASB Statement No. 72 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. This statement establishes a hierarchy of valuation inputs based on the extent to which the inputs are observable in the marketplace. Inputs are used in applying the various valuation techniques and take into account the assumptions that market participants use to make valuation decisions. Inputs may include price information, credit data, interest and yield curve data, and other factors specific to the financial instrument. Observable inputs reflect market data obtained from independent sources. In contrast, unobservable inputs reflect the entity's assumptions about how market participants would value the financial instrument. Valuation techniques should maximize the use of observable inputs to the extent available.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following describes the hierarchy of inputs used to measure fair value and the primary valuation methodologies used for financial instruments measured at fair value on a recurring basis:

Level 1: Investments whose values are based on quoted prices (unadjusted) for identical assets in active markets that a government can access at the measurement date.

Level 2: Investments with inputs—other than quoted prices included within Level 1—that are observable for an asset, either directly or indirectly.

Level 3: Investments classified as Level 3 have unobservable inputs for an asset and may require a degree of professional judgment.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

Investments at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used between December 31, 2021 and 2020.

Shares of registered investment companies: Shares of registered investment companies are valued at quoted market prices for identical assets in active markets for shares held by the Plan at year-end.

Self-directed brokerage accounts: Accounts hold investments in mutual funds, which are valued at the quoted market prices of shares held by the Plan at year-end, and investments in common stock, which are valued at the closing price reported on the active market on which the individual securities are traded.

The valuation of investments measured at the net asset value (NAV) per share, or its equivalent, is presented in the following table.

	Fair Value as of December 31		Unfunded Commitment	Redemption Frequency	Redemption Notice Period

Collective trust fund (a)	<u>\$ 8,626,935</u>	<u>\$ 8,137,646</u>	None	Daily	None

(a) *Collective trust fund:* This collective trust fund seeks to maintain safety of principal through investing in an actively managed and diverse portfolio of investment contracts, and the associated portfolio of underlying investments. All investment contract issuers and securities utilized by the collective trust fund must be rated investment grade at the time of purchase. There are no participation redemption restrictions for this fund, the redemption notice period is applicable only to the Plan. The fair value of the collective trust fund has been determined using the NAV per share of the underlying pool of securities as a practical expedient, which was provided to the Plan by the trustee.

Note 5. Related-Party Transactions and Party-in-Interest Transactions

Reliance Trust Company is the trustee of the Plan, and Massachusetts Mutual Life Insurance Company is the recordkeeper, as defined by the Plan. Fees paid by the Plan to the trustee and recordkeeper are included in administrative expenses in the statement of changes in fiduciary net position.

Certain plan investments are shares of registered investment companies managed by Massachusetts Mutual Life Insurance Company. Massachusetts Mutual Life Insurance Company is the recordkeeper as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Notes to Financial Statements

Note 6. Plan Termination

Although it has not expressed any intent to do so, Corporate Ventures has the right under the Plan to change or to discontinue contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts. Any unallocated assets of the Plan would be allocated to participant accounts and distributed in such a manner as Corporate Ventures may determine.

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2021 statement of fiduciary net position.

Note 8. Tax Status

Effective January 1, 2016, the Plan adopted a volume submitter plan document sponsored by Massachusetts Mutual Life Insurance Company. The volume submitter plan has received an opinion letter from the IRS that the volume submitter plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The volume submitter plan opinion letter has been relied upon by this Plan. The Plan has been amended subsequent to the date of the opinion letter.

Note 9. Related Plan

In addition to this Plan, certain employers under the Corporate Ventures umbrella also maintain a separate plan for qualifying employees. When employees transfer employment between these qualifying entities, they are permitted to transfer their retirement plan accounts accordingly. Transfers to and from related plans are recorded on the statement of changes in fiduciary net position available for benefits.

Note 10. Reconciliation of Financial Statement to Form 5500

Schedule C Soft Dollar Compensation Eligible Indirect Compensation (“EIC”) Statement

Mutual fund investments with a retirement plan (whether held directly or indirectly through a separate investment account) can have soft dollar arrangements pursuant to which the investment advisor or sub-advisor of the mutual fund (and/or its affiliates) may direct trades to certain brokers in exchange for research and other services. The Securities and Exchange Act of 1934 contains guidance regarding the use of soft dollar arrangements.

For plans that invest directly or indirectly in the MassMutual Funds, soft dollar compensation is disclosed on the Schedule C and the Schedule C Formula Description and/or EIC Statement Description Attachment. For all other mutual funds, a Schedule C Soft Dollar Compensation Disclosure Attachment is provided and should be filed along with the Form 5500.

For additional information regarding soft dollar compensation, refer to the respective mutual fund’s Statement of Additional Information (“SAI”) for details regarding brokerage allocation and other practices.
