Participants and Plan Administrator
Jackson Hospital & Clinic, Inc. 403(b) Plan
Montgomery, AL

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We were engaged to perform an audit of the financial statements of Jackson Hospital & Clinic, Inc. 403(b) Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Disclaimer of Opinion on the 2021 Financial Statements

We do not express an opinion on the accompanying 2021 financial statements of Jackson Hospital & Clinic, Inc. 403(b) Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion for the 2021 Financial Statements section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion on the 2021 Financial Statements

As described in Note 2 to the financial statements, the Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not reasonably determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion on the 2021 Financial Statements section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021 and the supplemental schedule of delinquent participant contributions for the year ended December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion for the 2021 Financial Statements section of our report, it is inappropriate to and we do not express an opinion on these supplemental schedules.

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution.

The Plan has excluded from the 2020 financial statements certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded from the 2020 financial statements. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the 2020 financial statements.

FORVIS

In our report dated October 12, 2021, we indicated that because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements.

Notes to Financial Statements

1. Description of Plan

The following description of Jackson Hospital & Clinic, Inc. 403(b) Plan (Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined-contribution plan established by Jackson Hospital & Clinic, Inc. ("the Sponsor" and "the Hospital") under the provisions of Section 403(b) of the Internal Revenue Code (IRC). All employees are immediately eligible to make elective deferrals. All employees shall be eligible for Sponsor contributions upon the completion of one year of service except for those employees specifically excluded per the plan document. Management of the Hospital controls and manages the operation and administration of the Plan, AIG Federal Savings Bank serves as custodian of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was passed by Congress. The CARES Act, among other things, includes several relief provisions available to tax qualified retirement plans and their participants. Plan management evaluated the impact of the CARES Act on the Plan and adopted several of the provisions regarding the expansion of allowed Plan distributions, the repayment of loans and the suspension of required minimum distributions. These temporary CARES Act provisions expired at the end of 2020. The Plan will be amended to reflect these changes prior to the December 31, 2025 deadline.

Contributions

Participants may voluntarily contribute a portion of their compensation as specified in the elective deferral agreement, subject to certain limitations under the IRC. Additionally, participants who have attained the age of 50 by the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Under the Plan document, the Sponsor may make a discretionary contribution to be determined annually by the Board of Directors. The Company matched 50% of each participant's contribution, up to 3% of eligible wages for the year ended December 31, 2021. Contributions are subject to certain limitations. All contributions are available for investment direction by the participants.

Investment options

Participants direct the investments of their accounts into various investment options offered by the Plan. The Plan currently offers mutual funds, a money market fund, and an insurance investment contract as investment options for participants.

Participant accounts

Each participant's account is credited with the participant's elective deferrals and allocations of the Sponsor's contributions and Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participant vesting in the Sponsor's discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. Any participant who attains normal retirement age, becomes disabled, or dies, becomes fully vested regardless of length of service. In the event participants terminate employment, they receive no vesting credit until they have earned three years of credited service at which time, they become 100% vested.

Notes receivable from participants

Participants may borrow from their fund accounts up to a maximum amount equal to the lesser of \$50,000 or 50 percent of their vested interest in the Plan. The loans are secured by the balance in the participant's account and bear interest between 4.25% and 6.50% at December 31, 2021, which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid by the participants directly to the custodian.

Payment of benefits

Upon termination of service, due to separation, death, disability or retirement, participants may elect to receive either a lump-sum amount equal to the value of the vested interest in their account, a qualified joint and survivor annuity or a life annuity. If a participant's account balance is less than \$1,000 upon termination of employment, the participant will automatically receive a lump-sum payment in an amount equal to the aggregated vested value of his or her account. The distribution may be taken in cash or may be deposited in another employer's retirement plan or in an Individual Retirement Account (IRA). A participant may elect to withdraw all or part of the elective contributions and the vested portion of the account for Sponsor contributions due to financial hardship (as defined by Internal Revenue Service (IRS) regulations), disability, or attainment of the age of 59 1/2 or later.

Forfeitures

Forfeitures of terminated participants' nonvested accounts may be used to reduce future Sponsor contributions. At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$26,104 and \$8,513, respectively. There were \$24,815 forfeited nonvested accounts used to reduce Company contributions during the year ended December 31, 2021.

2. Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (GAAP).

Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates and assumptions.

Investment valuation and income recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the custodian. See Note 3 for a discussion of fair value measurements.

Investments in fully benefit-responsive investment contracts are reported at contract value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Jackson Hospital & Clinic, Inc. 403(b) Plan
Notes to Financial Statements

Purchases and sales of securities are recorded on a trade-date basis. Interest income on notes receivable from participants is recorded when received. All other interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of benefits

Benefits are recorded upon distribution.

Administrative expenses

The Plan's administrative expenses are paid by either the Plan or the Sponsor, as provided by the Plan document. Certain administrative functions are performed by employees of the Sponsor. No such employee receives compensation from the Plan. Expenses relating to specific participant transactions (notes receivable from participants and distributions) are charged directly to the participant's account.

Subsequent events

Management has evaluated subsequent events and their potential effects on these financial statements through October 17, 2022, which is the date the financial statements were available to be issued.

Excluded contracts and accounts

The plan administrator has elected to exclude certain contracts and accounts from plan assets in accordance with Department of Labor (DOL) Field Assistance Bulletin No. 2009-02 due to the fact that:

- The contract or account was issued to a current or former employee before January 1, 2009;
- The Hospital ceased to have any obligation to make contributions, and in fact stopped making contributions to the contract or account before January 1, 2009;
- All the rights under the contract or account are legally enforceable against the insurer or custodian by the individual owner of the contract or account without any involvement by the Hospital; and
- The individual owner of the contract is fully vested in the contract or account.

The total amount of assets excluded from plan assets at December 31, 2021 and 2020, are \$5,790,895 and \$5,758,946, respectively.

3. Fair Value Measurements

Fair value as defined under GAAP is an exit price, representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include:

- Level 1:** Observable inputs such as quoted prices in active markets.
- Level 2:** Inputs other than quoted prices in active markets that are either directly or indirectly observable.
- Level 3:** Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2021 and 2020.

Mutual and money market funds

Mutual funds are publicly traded investments and are valued daily at the closing price reported on the active market on which the funds are traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets accounted for at fair value on a recurring basis as of December 31, 2021 and 2020:

Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual and money market funds	<u>\$ 39,643,171</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 39,643,171</u>

Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Mutual and money market funds	<u>\$ 33,044,152</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 33,044,152</u>

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Fully Benefit-Responsive Investment Contracts

The Plan offers a Group Fixed Unallocated Annuity Contract (Investment Contract) with The Variable Annuity Life Insurance Company (VALIC), an affiliate of AIG Federal Savings Bank. This contract meets the fully benefit-responsive investment contract criteria and is therefore reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if

Jackson Hospital & Clinic, Inc. 403(b) Plan
Notes to Financial Statements

they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The Investment Contract held by the Plan is a guaranteed traditional investment contract and had a balance of \$11,153,444 and \$11,562,742 at December 31, 2021 and 2020, respectively. The issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuers or otherwise. The crediting interest rate is based on a formula agreed upon with the issuers, but it may not be less than 2%. Such interest rates are reviewed periodically, but not less than annual, for resetting.

The Plan's ability to receive amounts due in accordance with this fully benefit-responsive investment contract is dependent on the VALIC's ability to meet its financial obligations. VALIC's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with VALIC. Such events include the following: (1) amendments to the plan document (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) premature termination of the contract, (4) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (5) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

In addition, certain events allow VALIC to terminate the contract with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material representation or (4) a material amendment to the agreements without the consent of VALIC. The plan administrator does not believe that the occurrence of such events is probable.

5. Unaudited Information Certified By Custodian

The accompanying financial statements include the following unaudited information as of December 31, 2021 and 2020, and for the year ended December 31, 2021, that was obtained from data prepared and certified to be complete and accurate by AIG Federal Savings Bank, the Plan's custodian:

	<u>2021</u>	<u>2020</u>
Investments*	<u>\$ 50,796,615</u>	<u>\$ 44,606,894</u>
Notes receivable from participants	<u>\$ 299,984</u>	<u>\$ 295,137</u>
Net appreciation in fair value of investments	<u>\$ 2,688,683</u>	
Interest	<u>\$ 242,961</u>	
Dividends	<u>\$ 2,824,536</u>	
Interest income on notes receivable from participants	<u>\$ 12,503</u>	

The certification mentioned above includes all investment information discussed in Note 3 and 4.

* All investments are certified at fair value with the exception of the group annuity contract, which is certified at contract value.

6. Tax Status

The Plan terms have been drafted in reliance on the sample language provided by the Internal Revenue Service in Revenue Procedure 2007-71. The Plan is required to operate in conformity with the IRC to maintain its tax exemption. Plan management believes the Plan is currently designed and operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Exempt Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds and a general investment account managed by VALIC. VALIC is an affiliate of AIG Federal Savings Bank (AIG), the custodian as defined by the Plan. Additionally, the Plan holds investments in a money market fund provided by AIG. These transactions qualify as party-in-interest transactions. Fees paid by the Plan to VALIC were \$175,413 for the year ended December 31, 2021.

8. Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their sponsor contributions.

9. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 at December 31:

	<u>2021</u>	<u>2020</u>

Change in sponsor contributions receivable	(20,273)
Change in defaulted loans, not foreclosed	<u>30,601</u>
Net income per Form 5500	<u>\$ 6,225,168</u>

11. Non-exempt Party-In-Interest Transactions

During 2021, the Plan Sponsor inadvertently failed to deposit approximately \$126,000 of participant deferrals within the required timeframe as stated by the DOL. The DOL considers late deposits to be prohibited transactions. The Plan Sponsor is in the process of making the prescribed corrections.

Supplementary Information
