INDEPENDENT AUDITOR'S REPORT

To the Trustees of
Trading Technologies 401(K) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Trading Technologies 401(K) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT (Continued)

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Trading Technologies 401(K) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Trading Technologies 401(K) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

INDEPENDENT AUDITOR'S REPORT (Continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Trading Technologies 401(K) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Trading Technologies 401(K) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

INDEPENDENT AUDITOR'S REPORT (Continued)

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Trading Technologies 401(K) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 12, 2021 we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

TRADING TECHNOLOGIES 401(k) PLAN
Notes to the Financial Statements
December 31, 2021 and 2020

NOTE 1 - DESCRIPTION OF PLAN

Trading Technologies International, Inc. (“the Company”) sponsors the Trading Technologies 401(k) Plan (the “Plan”). The following description provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan adopted optional relief items as permitted under the Coronavirus Aid, Relief, and Economic Security (CARES) Act. The following is a summary of significant changes to Plan provisions for impacted participants:

- May receive up to \$100,000 in distributions before December 31, 2020, limited to entire vested balance.
- 10% penalty on early withdrawals is waived.
- Repayment of withdrawal is permitted if repayment occurs within three years of distribution.
- May receive up to \$100,000 in loans, limited to vested balance, for the period March 27, 2020, to September 22, 2020.
- Loan repayments may be delayed for 1 year.

The Plan is a defined contribution plan established for the benefit of the Company’s employees who meet certain age requirements, except for nonresident aliens, collective bargaining employees, interns, and leased employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Nonexcluded employees who have attained the age of twenty-one are eligible to participate in the Plan. Participants may enroll in the Plan on the date on which eligibility is satisfied.

Contributions

Each year, participants may contribute up to \$19,500 of pre-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions up to \$6,500. Participants also have the option of treating their contributions or any portion thereof, as post-tax Roth contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company matches contributions on a discretionary basis, proportional to deferrals, and determined at the end of the plan year. The matching company contribution is invested directly into the investment options proportional to the elective contributions made on behalf of each participant. Additional profit sharing amounts may be contributed at the option of the Company’s board of directors. For the years ended December 31, 2021 and 2020 the Company matched 25% of deferrals up to a

Contributions (Continued)

maximum of 6% of compensation. As a result, the Company accrued \$362,705 and \$352,528 of matching contributions for the years ended December 31, 2021 and 2020, respectively. The Company elected not to make a profit sharing contribution for the years ended December 31, 2021 and 2020.

Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of the Company's matching and profit sharing contributions, and Plan earnings. Earnings are allocated based on each participant's account balance as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the company contribution portion of their accounts is based on years of continuous service and ranges from 25% vesting after two years of service to 100% vesting after five years of service.

Participants automatically become 100% vested upon normal retirement (attainment of age 65), disability, or death. Participants who terminate for any other reason are entitled to the vested amount of their accounts.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account, have a maximum repayment period of 60 months, and currently bear interest at 4.25%, which is commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Benefits under the Plan are payable to participants or their beneficiaries upon death, retirement, disability, proven financial hardship or severance of employment. Benefits are to be paid in a lump-sum. Balances that do not exceed \$5,000 are automatically distributed upon severance of employment.

Forfeited Accounts

Forfeited non-vested accounts can be used to reduce administrative expenses of the Plan or future employer contributions. As of December 31, 2021 and 2020, forfeited non-vested accounts totaled \$45,123 and \$19,248, respectively. No forfeitures were used to reduce employer contributions or administrative expenses in 2021 or 2020.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Administrative Expenses

Trading Technologies International, Inc., at its discretion, pays certain administrative expenses of the Plan.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's policy is to prepare its financial statements under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fully benefit-responsive investment contracts are reported at contract value because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on the trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Notes to the Financial Statements

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payment of Benefits

Benefits are recorded when paid.

Expenses

Fees related to investment advisory fees, the administration of notes receivable from participants and distributions to participants are charged directly to the participant's account and are included in other fees.

Material Events

In March 2020, the World Health Organization declared COVID-19 a global pandemic, and governmental authorities around the world have implemented measures to reduce the spread of COVID-19 including restrictions on business operations, public gatherings and travel, as well as stay-at-home orders, social distancing and quarantines. COVID-19 is having a significant effect on overall economic conditions and has caused volatility in financial markets, which may continue to affect Plan assets. While this is expected to be temporary, the current circumstances are dynamic and the impacts of COVID-19 cannot be reasonably estimated at this time.

Subsequent Events

The Plan has evaluated subsequent events through October 14, 2022, which is the date the final statements were available to be issued.

Effective January 1, 2022, the Plan was restated to incorporate regulatory changes and reflect legislative changes from The Bipartisan Budget Act of 2018 and Final Regulations Relating to Hardship Distributions and from Tax Cuts and Jobs Act. The Internal Revenue Service ("IRS") has determined and informed the Plan sponsor by letter dated March 22, 2021, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan removed age requirements for eligibility. Plan operations previously incorporated other changes to provisions affected by the restatement.

NOTE 3 – FAIR VALUE MEASURES

The Financial Accounting Standards Board established a three-tier hierarchy to measure the fair value of an asset or liability. Level 1 inputs include unadjusted quoted prices in active markets for identical assets or liabilities. Level 2 inputs include market data that are directly or indirectly observable. Level 3 inputs are unobservable and corroborated by little or no market data.

Following is a description of the valuation methodologies used for assets measured at fair value.

TRADING TECHNOLOGIES 401(k) PLAN
Notes to the Financial Statements
December 31, 2021 and 2020

NOTE 3 – FAIR VALUE MEASURES (Continued)

- Mutual funds are valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are mutual funds that are registered with the United States Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are included in Level 1.
- Common stocks and options, included in the participant-directed brokerage accounts, are valued at reported closing market prices.

The valuation methodologies described above may generate a fair value calculation that may not be indicative of net realizable value or future fair values. While the Plan believes the valuation methodologies used are appropriate, the use of different methodologies or assumptions in calculating fair value could result in a different fair value measurement at the reporting date.

The following tables provide a summary of investments at fair value by the input level used to determine fair value.

Assets at Fair Value December 31, 2021

	<u>Level 1</u>
Mutual Funds	\$ 57,404,245
Participant-Directed Brokerage Accounts	<u>2,398,421</u>
Total Investments at Fair Value	\$ <u>59,802,666</u>

NOTE 4 - INVESTMENTS

Participants direct the investment of their accounts, as listed on Schedule A-1. The Plan's trustee, Great-West Trust Company, LLC, provides a menu of investment options from which participants may select. Participants may modify or transfer existing balances each business day. The plan trustee executes all investment transactions and Schedule A-1 summarizes the fair value of investments at December 31, 2021.

TRADING TECHNOLOGIES 401(k) PLAN
Notes to the Financial Statements
December 31, 2021 and 2020

NOTE 4 – INVESTMENTS (Continued)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Great-West Trust Company, LLC.

NOTE 5 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan has invested in a collective investment fund that is fully benefit responsive. A collective investment fund is comprised of units in commingled funds that are not publicly traded. The fund maintains a stable value portfolio comprised of fully-benefit responsive guaranteed investment contracts issued by financial institutions, security-backed investment contracts, separate accounts issued or wrapped by financial institutions, and externally managed stable value commingled investment funds.

As reported to the Plan by Putnam Fiduciary Trust Company, trustee of the collective fund, all of its contracts are “fully-benefit responsive”. The contracts provide that the interest rate credited on the contracts will never be less than zero and that participants execute plan transactions at contract value, which is the participants’ invested principal plus accrued interest.

Because the collective fund is fully benefit-responsive, contract value is the relevant measurement attribute. Contract value represents participant contributions to the investment, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal of their investment at contract value.

Generally, there are no restrictions on a participant’s ability to redeem their investment in the fund. Certain events, such as termination of the Plan or collective fund or changes in laws or regulations, may limit the ability of the Plan to transact at contract value. The Company does not believe that any events that may limit the ability of the Plan to transact at contract value are probable.

NOTE 6 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain administrative expenses were paid by the Company on behalf of the Plan for the year ended December 31, 2021. The Company does not expect reimbursement from the Plan for these expenses. Certain administrative functions are performed by officers and employees of the Company. No officer or employee receives compensation from the Plan for these services.

As of December 31, 2021 and 2020, Plan investments included mutual funds where T. Rowe Price or Putnam Investment Management acted as an advisor and issuer for several of the Plan’s funds which are affiliated with Great-West, the trustee of the Plan.

Notes to the Financial Statements

NOTE 6 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS (Continued)

Certain fees incurred by the Plan are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than by direct payment.

NOTE 7 – INCOME TAX STATUS

The Internal Revenue Service (“IRS”) has determined and the Plan informed by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (“IRC”). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan sponsor believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

NOTE 8 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.
