INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and participants of the
Olé Mexican Foods, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of the Olé Mexican Foods, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) which comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (the 2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from the qualified institutions as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of the report,

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying 2021 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current Plan instrument, including all Plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of the accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – 2021 Supplemental Schedule Required by ERISA

The 2021 supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and is not a required part of the 2021 financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2021 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule

that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter – Report on the 2020 Financial Statements

We were engaged to audit the statement of net assets available for benefits of the Plan as of December 31, 2020. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institution. Our audit report, dated October 14, 2021, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the information certified by the qualified institution were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Olé Mexican Foods, Inc. 401(k) Plan

Notes to Financial Statements December 31, 2021 and 2020

1. Description of Plan

The following description of the Olé Mexican Foods, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement, copies of which are available from the plan administrator, for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of Olé Mexican Foods, Inc., and certain subsidiaries, La Quesera Mexicana, LLC, Urumex, LLC, Nina's Mexican Food, Inc., Bak E-Z, LLC, and Good Harvest Grains, LLC (collectively the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Prior to August 1, 2020, employees of the Company were eligible to enter the Plan on January 1 or July 1 following the completion of one year of service and attaining age 21. Effective August 1, 2020, the Plan was amended to allow participants to enter the Plan on the first day of the quarter following the date that the participant attains 21 years of age and three months of consecutive service with a minimum of 250 hours of service. If the 250 hours of service are not completed within the first three consecutive months of service, the employee satisfies the service requirement following completion of one year of service. Participants meeting the eligibility requirements at August 1, 2020 were permitted to enter the Plan on that date.

Contributions

Participants may make pre-tax contributions up to 25% of eligible compensation, not to exceed \$19,500 in 2021. Employees that attained the age of 50 during the Plan year may also make "catchup" contributions up to \$6,500 in 2021. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

The Company may make a discretionary profit sharing contribution as well as a discretionary matching contribution. No discretionary profit sharing contributions were made during 2021. The Company made a discretionary matching contribution equal to 15% of the first 3% of each contributing participant's eligible compensation during 2021.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, the Company's contributions, and earnings or losses on the investments in their account and is charged with participant transaction fees. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may change their investment options on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Olé Mexican Foods, Inc. 401(k) Plan

Notes to Financial Statements December 31, 2021 and 2020

Vesting

Participants are immediately vested in their contributions and earnings thereon. Participants vest in the matching and profit sharing contributions at 20% per year beginning at the completion of their second year of service and each year thereafter and are fully vested after six years.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to a lesser of \$50,000 reduced by the highest outstanding note balance in the previous 12 months or 50% of the participant's vested account balance. A participant may have one note outstanding at any time. The notes are secured by the participant's account and bear interest at the local prevailing rates as determined quarterly by the plan administrator. During 2021, notes had fixed interest rates between 1.64% and 4.25% for their terms, not to exceed five years or an extended term length if used for the purchase of a principal residence. Principal and interest are paid through payroll deductions.

Payment of Benefits

At the time of death, disability, termination of service or retirement, the participant or their beneficiary may receive payment of the vested interest in their account in a lump-sum distribution or installment payments. In-service distributions are allowed for participants who have attained age 59½. The participant's contributions may also be withdrawn for certain hardship situations. The Plan allows for force-out distributions, at the time of termination, for terminating participants with an account balance equal to or less than \$1,000.

Forfeited Accounts

Forfeited non-vested accounts totaled \$372 and \$168 at December 31, 2021 and 2020, respectively. Forfeited amounts are maintained in an unallocated account and may be used to reduce administrative expenses or to fund employer matching contributions. During 2021, \$7,542 of forfeitures were used to pay administrative expenses.

Administrative Expenses

Certain participant transaction fees are charged directly to the participant. These expenses are paid to a service provider of the Plan and therefore qualify as party-in-interest transactions. The Company pays all other administrative expenses not paid by participants or paid through forfeitures. The Company does not expect reimbursement from the Plan for any expenses paid on behalf of the Plan. The Plan has an ERISA spending account where the qualified institution deposits revenue sharing payments that are used to pay certain plan administrative expenses. During 2021, \$6,834 was deposited to the account and used to pay administrative expenses during the year. Deposits to this account are included in net change in fair value of investments

Olé Mexican Foods, Inc. 401(k) Plan

in the accompanying statement of changes in net assets available for benefits. The account had a balance of \$0 as of December 31, 2021 and 2020. Expenses are recorded in the year paid.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Contributions

Participant contributions are considered payable to the Plan upon the withholding of contributions from the participant's paycheck. The discretionary matching contributions are considered payable to the Plan when the related participant's contributions are payable to the Plan and approved by the plan administrator. Any unfunded participant or employer contribution would be included in the participant or employer contributions receivable on the statements of net assets available for benefits as of December 31, 2021 and 2020, if applicable.

Valuation of Investments and Recognition of Income

The Plan's investments are stated at fair value, except for the stable value core account and the group annuity contract, which are stated at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Net change in fair value of investments includes interest, dividends, and realized and unrealized gains and losses and fees charged for investment and administrative services on those investments. Interest income is recorded when received.

Notes Receivable from Participants

Notes receivable from participants are carried at their outstanding balances. Interest income is recognized when received by the Plan. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. If a participant ceases to make note repayments and the plan administrator deems the participant note to be in default, the participant note balance is reduced, and a benefit payment is recorded as a deemed distribution. Notes receivable from participants also qualify as party-in-interest transactions.

Olé Mexican Foods, Inc. 401(k) Plan

Notes to Financial Statements December 31, 2021 and 2020

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 14, 2022, which is the date the financial statements were available to be issued.

3. Information Certified by the Qualified Institutions

All investment information in the accompanying financial statements and supplemental schedule regarding investments held and notes receivable from participants at December 31, 2021 and 2020, and net change in fair value of investments, net change in contract value of investments, and interest on notes receivable from participants for the year ended December 31, 2021, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Transamerica Financial Life Insurance Company (Transamerica) as of December 31, 2021 and for the period January 23, 2021 through December 31, 2021 and Minnesota Life Insurance Company (Minnesota Life) as of December 31, 2020 and for the period January 1, 2021 through January 22, 2021, the Plan's qualified institutions.

4. Investments

Certain Plan investments are units of pooled separate accounts, and the stable value core account managed by Transamerica as of December 31, 2021, and a group annuity contract managed by Minnesota Life as of December 31, 2020. Transamerica and Minnesota Life are the qualified institutions of the Plan; therefore, transactions in these investments qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are netted with net changes in fair value of investments and net change in contract value of investments on the accompanying statement of changes in net assets available for benefits as they are paid through revenue sharing rather than as a direct payment.

Investments are exposed to various risks such as interest rate, market, currency, and credit risks. Market risks include U.S. and global events which could impact the value of Plan investments. Such events would include healthcare crises, such as a pandemic, international conflicts, supply chain disruptions, global monetary policy decisions, significant exogenous economic influences, and significant cybersecurity attacks, among others. It is at least reasonably possible that changes in their fair value will occur in the near term and that such changes could materially affect participants' account balances.

Olé Mexican Foods, Inc. 401(k) Plan

Notes to Financial Statements December 31, 2021 and 2020

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three levels. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities, and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 – other observable data, including quoted prices for identical assets in inactive markets

Level 3 – unobservable inputs

Observable inputs are those based on market data obtained from sources independent of the Plan, and unobservable inputs reflect the Plan's own assumptions based on the best information available. The input levels are not necessarily an indication of the risk or liquidity associated with financial instruments at that level but rather the degree of judgment used in determining those values.

Following is a description of the valuation methodologies used for assets measured at fair value.

Investments in pooled separate accounts are valued daily using net asset value (NAV). The NAVs are based on the fair value of the underlying mutual funds, stocks, debt instruments, and other securities in the accounts. Participants can trade the pooled separate accounts daily at the published NAV, but the market is considered inactive, therefore, management has categorized them as Level 2.

The following table summarizes the Plan's investments carried at fair value based on the inputs used to determine their fair values as of December 31, 2021 and 2020:

	Level 2	
	2021	2020
Pooled separate accounts	\$ 4,848,114	\$ 4,194,956
Total investments at fair value	\$ 4,848,114	\$ 4,194,956

The Plan has a fully benefit-responsive investment contract through the stable value core account issued by Transamerica. This is an investment based on the general unallocated account of Transamerica. Transamerica pays interest and guarantees the Plan's capital deposit regardless of the activity in the general account. The investment, as a deposit liability of Transamerica has no direct investments on behalf of the Plan. The investment value is based on the general unallocated account of Transamerica and the risk of investment is based on Transamerica's

Olé Mexican Foods, Inc. 401(k) Plan

Notes to Financial Statements December 31, 2021 and 2020

insurance ratings. The effective annual interest rate is established every six months. Interest is credited, based upon the daily balance, at a rate that is the daily equivalent of the effective annual rate of interest applicable for the six month period.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of the investment at contract value.

The contract does not have a maturity date and there are no contract provisions that require a distribution at contract value at any specified time. Although Plan participants may direct withdrawals at any time without restrictions, a hold can apply in the event the Company requests a full distribution from the investment. The Plan has no intention to request a full distribution at this time.

The Plan's ability to receive amounts due is dependent on Transamerica's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events might limit the ability of the Plan to transact at contract value with the issuer. At this time, the plan administrator is not aware of any events that may limit the ability of the Plan to transact at contract value with the contract issuer or limit the ability of the Plan to transact at contract value with the participants.

The group annuity contract is a fully benefit-responsive investment contract and is a general obligation of Minnesota Life. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value of the group annuity contract represents deposits made to the contract, plus earnings at the annual crediting rate determined by the insurance company, less withdrawals and fees. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on the claims paying ability of the insurance company. Such interest rates are reviewed on an annual basis for resetting.

There has been significant volatility in the investment markets both nationally and globally since December 31, 2021, which has resulted in a significant decline in the value of the Plan's investment portfolio. The duration of these uncertainties and the ultimate financial effects on the Plan cannot be reasonably estimated at this time.

Olé Mexican Foods, Inc. 401(k) Plan

Notes to Financial Statements December 31, 2021 and 2020

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their employer contributions.

6. Income Tax Status

The Company adopted a Prototype Basic Plan Document (Prototype) created by Transamerica Retirement Solutions, LLC, which received a favorable opinion letter from the Internal Revenue Service on March 31, 2014 which stated that the Prototype is designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the Prototype opinion letter and has not obtained an individual determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. The Plan's income tax returns for the past three years are subject to examination by tax authorities and may change upon examination.

The Plan's administrator has not completed the discrimination testing for the years ended December 31, 2021 and 2020. Upon completion of the testing, the Plan may have to take corrective action by either 1) refunding excess contributions and earnings thereon to participants, or 2) making a qualified non-elective contribution to identified non-highly compensated employees. The plan administrator believes any effect of the discrimination testing results would not be material to the financial statements.

7. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2021 and 2020 to the Form 5500:
