Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of **Skjodt-Barrett Contract Packaging, LLC 401(K) Plan** (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits (modified cash basis) as of December 31, 2021, and the related statement of changes in net assets available for benefits (modified cash basis) for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America (GAAP) permitted by the DOL; and

misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting, which is a comprehensive basis of accounting other than GAAP, permitted by the DOL.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting, which is a comprehensive basis of accounting other than GAAP, permitted by the DOL.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — 2021 Supplemental Schedule Required by ERISA

The 2021 supplemental schedule of assets (held at end of year) (modified cash basis) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the 2021 financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Notes to Financial Statements

1. Description of Plan

The following description of the Skjodt-Barrett Contract Packaging, LLC 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement or the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established on January 1, 2012, covering all employees of Skjodt-Barrett Contract Packaging, LLC (the Plan Sponsor), except for non-resident aliens. Employees may enter the Plan on the first day of the month following the date of hire. The Plan is subject to the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Effective November 1, 2021, the Plan was restated and amended to comply with new laws and regulations and to exclude employees who are residents of Puerto Rico.

Contributions

Participants may contribute up to 100% of pretax annual compensation as defined by the Plan, up to the maximum allowable under the Internal Revenue Code (IRC) or designate all or a portion of elective deferrals as Roth elective deferrals. Participant contributions are presented net of prior year excess contributions distributed (if any). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans in the form of rollovers.

To comply with Safe Harbor provisions, the Plan Sponsor makes a matching contribution each pay period. The amount contributed and allocated to each participant's account is calculated as 3% of eligible compensation, plus 50% of participant deferrals that exceed 3% of eligible compensation up to 5% of eligible compensation. The Plan Sponsor may elect to provide a discretionary matching contribution and/or a profit-sharing contribution each plan year. The extent and amount of each year's discretionary contributions, if any, are at the discretion of the Board of Directors. Any profit-sharing contribution will be calculated based on the ratio each participant's compensation bears to the total of such compensation of all participants. The Plan Sponsor did not make any discretionary matching or profit sharing contributions during 2021. Employees become eligible for discretionary matching and profit-sharing contributions upon entering the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, safe harbor matching contributions, allocations of the Plan Sponsor discretionary contributions (if any), and Plan earnings or losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct their investments into various options offered by the Plan. The Plan offers 31 variable investment options through a pooled separate account and one guaranteed fixed interest account as investment options for participants.

Notes to Financial Statements

in the United States of America (US GAAP). The presentation is permitted by the Department of Labor (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Cash basis financial statements that adjust securities investments to fair value are considered to be prepared on a modified cash basis of accounting. Under the modified cash basis of accounting, certain additions and related assets are recognized when received rather than when earned and certain deductions are recognized when paid rather than when the obligation is incurred.

The principal items that would be required to be reflected in the financial statements by US GAAP (the amounts of which are not practicable to determine) are as follows:

- Accrual of all contributions owed at each year-end but not received until the following year.
- Accrual of dividends declared but not paid.
- Accrual of interest income from participant loans earned at each year-end but not received until the following year.
- Accrual of the Plan expenses and management fees incurred at year-end but not paid until the following year.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Notes Receivable From Participants

Participant loans are classified as notes receivable from participants and are measured at the unpaid principal balance. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. Defaulted loans are deemed distributed and recorded as benefits paid to participants in the statement of changes in net assets available for benefits. During 2021, the Plan had no deemed distributions.

Fair Value Measurement

The Plan has determined the fair value of investments using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Skjodt-Barrett Contract Packaging, LLC 401(k) Plan

Notes to Financial Statements

The Plan had a concentration in individual investment funds greater than 10% in four funds totaling \$1,729,266 and \$1,424,051 at December 31, 2021 and 2020, respectively, as elected by participants.

Payment of Benefits

Benefits are recorded when paid.

3. Information Certified by the Plan's Custodian

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA as of December 31, 2021 and 2020, and for the year ended December 31, 2021. Accordingly, the following investment information included in the accompanying financial statements and supplemental schedule as of and for the year ended December 31, 2021, was obtained and derived from the information supplied to the Plan administrator and certified as complete and accurate by the Plan's custodian, Great-West Life & Annuity Insurance Company (Great-West). Notes to Financial Statements

Trust Company, LLC Plan Document, as then designed, was in compliance with the applicable requirements of the IRC. The determination letter has not been updated for any Plan amendments. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, no provision for income taxes is included in the Plan's financial statements.

The Plan reviews its tax positions for uncertainty and records a provision for tax positions which may not be sustained based on their technical merits if examined by taxing authorities. At December 31, 2021 and 2020, there were no matters requiring a provision for uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of **Skjodt-Barrett Contract Packaging, LLC 401(K) Plan** (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits (modified cash basis) as of December 31, 2021, and the related statement of changes in net assets available for benefits (modified cash basis) for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America (GAAP) permitted by the DOL; and

misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting, which is a comprehensive basis of accounting other than GAAP, permitted by the DOL.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting, which is a comprehensive basis of accounting other than GAAP, permitted by the DOL.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Skjodt-Barrett Contract Packaging, LLC 401(k) Plan

Notes to Financial Statements

Trust Company, LLC Plan Document, as then designed, was in compliance with the applicable requirements of the IRC. The determination letter has not been updated for any Plan amendments. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, no provision for income taxes is included in the Plan's financial statements.

The Plan reviews its tax positions for uncertainty and records a provision for tax positions which may not be sustained based on their technical merits if examined by taxing authorities. At December 31, 2021 and 2020, there were no matters requiring a provision for uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Subsequent Events

Subsequent events were evaluated through October 17, 2022, the date the financial statements were available to be issued.

Fee and Compensation Disclosure Report

Please refer to the plan's ERISA Section 408(b)(2) Disclosure materials, including the 408(b)(2) Disclosure Statement(s), Investment Option Disclosure(s), Service Agreement and Contract Amendments and 408(b)(2) Disclosure Statement Change Notices (the "408(b)(2) Disclosure Materials") previously delivered to you. You can also access copies of your 408(b)(2) Disclosure Materials through your MassMutual plan sponsor portal or you can contact your account manager for assistance.

The 408(b)(2) Disclosure Materials and this document, together, can assist a plan administrator ("you") in completing the Form 5500 Schedule C¹ by identifying different types of services and the different types of compensation paid with respect to the product utilized by your plan.

As permitted under the Schedule C rules, compensation is disclosed in the attached report as an actual dollar amount, an estimate or a formula or rate.

- Where an actual dollar amount of compensation is disclosed, no further notation regarding compensation calculations is generally provided.
- Where an estimate of the compensation amount is disclosed, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount.
- Where a formula or rate is provided to report compensation, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount. This formula or rate may be disclosed to describe the compensation to which it applies under the Schedule C rules. Alternatively, for purposes of Schedule C disclosure or in connection with your fiduciary review of the compensation paid with respect to the services, products and investment options utilized by the plan, you may calculate and disclose an actual or estimated dollar amount by multiplying the rate by the total assets to which it applies.

Please note that, unless otherwise indicated in the descriptions contained in this report, direct compensation is presented on a plan year basis 01/01/2021 - 12/31/2021 and indirect compensation is presented on a calendar year basis ending 12/31/2021.

This report includes compensation actually paid to or by MassMutual within the indicated plan year as part of your MassMutual-serviced product. *(Note: If the plan year period or plan year end indicated in this Schedule C reporting package is incorrect, please notify your MassMutual customer service representative immediately).* This report does not include amounts deducted from plan assets and paid to third parties (other than MassMutual). In addition, the report does not include compensation related to investments held by the plan that are not serviced on our recordkeeping system. You should contact your other service providers for reportable compensation information. You may also receive information on the compensation reported here from other service providers as is described below.

Please note that we have provided suggested service codes (based on the information in our records) with respect to services provided through our product. Please review all Schedule C and other Form 5500 materials with your experienced benefits counsel and other professionals to determine the most appropriate codes for your plan. In addition, please note that because plans with fewer than 100 participants (as of the beginning of the plan year) are generally not required to file Schedule C, you should refer to the instructions provided by the IRS for Schedule C and/or review the applicability of Schedule C to your plan with your experienced tax/benefits counsel, to determine whether it is necessary for the plan to report the information contemplated by this report.

Please contact your MassMutual Service Team should you require additional information regarding the compensation paid to or by MassMutual with respect to your plan.

Information provided in this document and related materials we provide are not intended to be and shall not be deemed tax advice, tax form preparation services, legal advice, advice to plans regarding compliance with ERISA reporting compliance, or accounting or other professional services. As described above, the information contained in this report may not cover all of the compensation received by the plan's service providers. We strongly encourage you to review all Schedule C and other Form 5500 materials with experienced benefits counsel and other professionals.

¹Please refer to the Schedule C of the Form 5500 and its instructions (available at: <http://www.dol.gov/ebsa/5500main.html>), and please confer with experienced benefits counsel and other professionals, to determine the applicability of Schedule C to your plan.

Indirect Compensation

Non Monetary Compensation

Please note that items of nonmonetary compensation need to be reported for Schedule A or C (Form 5500) purposes if they exceed certain *de minimus* amounts. Transactions generating nonmonetary compensation may include gifts, gratuities, or certain types of in-kind benefits. In addition, if applicable to the plan, MassMutual agents may qualify for certain forms of non-monetary compensation as a result of the sale of MassMutual contracts. These forms of non-monetary compensation include health, vision, life and disability coverage; matching contributions to 401(k) plans; cash balance and nonqualified pension plan contributions; participation at MassMutual-sponsored conferences based on recognition; and other non-monetary compensation (meals, entertainment, prizes, awards, gifts). If applicable, each plan in the agent's book of business is allocated compensation based on a pro rata basis using the number of plans representing the agent's book of business as of 12/31/2021. Information concerning reportable transactions undertaken between or among non-MassMutual parties may not be available to MassMutual. Please consult with your legal or tax advisors if you have any questions.

Under the variable investment options available through your plan's group annuity contract or funding agreement, contract values are invested in insurance company separate accounts that, in turn, invest in underlying registered investment companies (i.e., mutual funds) and collective investment funds.

The above list includes any investment option held by the plan on at least one month end during the 2021 calendar year. To arrive at an estimate of the dollar amount that MassMutual received from each investment option, multiply the rate of fees received from each investment option by your plan's year-end balance (or if the investment option was liquidated prior to year end, the balance on the liquidation date) and, if applicable, the per participant fee by the number of participants in the investment option at year end (or the liquidation date if earlier). This will be an estimate because your plan's balance and number of participants will vary over the course of the year, so the year-end balance and number of participants may be higher or lower than the daily balance. In addition, these fees are calculated on a daily basis.

Independent Auditor's Report

To the Plan Administrator, Trustees, and Participants
Skjodt-Barrett Contract Packaging, LLC 401(k) Plan
Lebanon, Indiana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of **Skjodt-Barrett Contract Packaging, LLC 401(K) Plan** (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits (modified cash basis) as of December 31, 2021, and the related statement of changes in net assets available for benefits (modified cash basis) for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America (GAAP) permitted by the DOL; and

misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting, which is a comprehensive basis of accounting other than GAAP, permitted by the DOL.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting, which is a comprehensive basis of accounting other than GAAP, permitted by the DOL.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Notes to Financial Statements

1. Description of Plan

The following description of the Skjodt-Barrett Contract Packaging, LLC 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement or the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established on January 1, 2012, covering all employees of Skjodt-Barrett Contract Packaging, LLC (the Plan Sponsor), except for non-resident aliens. Employees may enter the Plan on the first day of the month following the date of hire. The Plan is subject to the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Effective November 1, 2021, the Plan was restated and amended to comply with new laws and regulations and to exclude employees who are residents of Puerto Rico.

Contributions

Participants may contribute up to 100% of pretax annual compensation as defined by the Plan, up to the maximum allowable under the Internal Revenue Code (IRC) or designate all or a portion of elective deferrals as Roth elective deferrals. Participant contributions are presented net of prior year excess contributions distributed (if any). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans in the form of rollovers.

To comply with Safe Harbor provisions, the Plan Sponsor makes a matching contribution each pay period. The amount contributed and allocated to each participant's account is calculated as 3% of eligible compensation, plus 50% of participant deferrals that exceed 3% of eligible compensation up to 5% of eligible compensation. The Plan Sponsor may elect to provide a discretionary matching contribution and/or a profit-sharing contribution each plan year. The extent and amount of each year's discretionary contributions, if any, are at the discretion of the Board of Directors. Any profit-sharing contribution will be calculated based on the ratio each participant's compensation bears to the total of such compensation of all participants. The Plan Sponsor did not make any discretionary matching or profit sharing contributions during 2021. Employees become eligible for discretionary matching and profit-sharing contributions upon entering the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, safe harbor matching contributions, allocations of the Plan Sponsor discretionary contributions (if any), and Plan earnings or losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct their investments into various options offered by the Plan. The Plan offers 31 variable investment options through a pooled separate account and one guaranteed fixed interest account as investment options for participants.

Notes to Financial Statements

in the United States of America (US GAAP). The presentation is permitted by the Department of Labor (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Cash basis financial statements that adjust securities investments to fair value are considered to be prepared on a modified cash basis of accounting. Under the modified cash basis of accounting, certain additions and related assets are recognized when received rather than when earned and certain deductions are recognized when paid rather than when the obligation is incurred.

The principal items that would be required to be reflected in the financial statements by US GAAP (the amounts of which are not practicable to determine) are as follows:

- Accrual of all contributions owed at each year-end but not received until the following year.
- Accrual of dividends declared but not paid.
- Accrual of interest income from participant loans earned at each year-end but not received until the following year.
- Accrual of the Plan expenses and management fees incurred at year-end but not paid until the following year.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Notes Receivable From Participants

Participant loans are classified as notes receivable from participants and are measured at the unpaid principal balance. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. Defaulted loans are deemed distributed and recorded as benefits paid to participants in the statement of changes in net assets available for benefits. During 2021, the Plan had no deemed distributions.

Fair Value Measurement

The Plan has determined the fair value of investments using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Skjodt-Barrett Contract Packaging, LLC 401(k) Plan

Notes to Financial Statements

The Plan had a concentration in individual investment funds greater than 10% in four funds totaling \$1,729,266 and \$1,424,051 at December 31, 2021 and 2020, respectively, as elected by participants.

Payment of Benefits

Benefits are recorded when paid.

3. Information Certified by the Plan's Custodian

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA as of December 31, 2021 and 2020, and for the year ended December 31, 2021. Accordingly, the following investment information included in the accompanying financial statements and supplemental schedule as of and for the year ended December 31, 2021, was obtained and derived from the information supplied to the Plan administrator and certified as complete and accurate by the Plan's custodian, Great-West Life & Annuity Insurance Company (Great-West). The investment information as of December 31, 2020, was supplied and certified as complete and accurate by Massachusetts Mutual Life Insurance Company (MassMutual), the Plan's former trustee which was acquired by Great-West on December 31, 2020:

The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Skjodt-Barrett Contract Packaging, LLC 401(k) Plan

Notes to Financial Statements

Trust Company, LLC Plan Document, as then designed, was in compliance with the applicable requirements of the IRC. The determination letter has not been updated for any Plan amendments. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, no provision for income taxes is included in the Plan's financial statements.

The Plan reviews its tax positions for uncertainty and records a provision for tax positions which may not be sustained based on their technical merits if examined by taxing authorities. At December 31, 2021 and 2020, there were no matters requiring a provision for uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of **Skjodt-Barrett Contract Packaging, LLC 401(K) Plan** (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits (modified cash basis) as of December 31, 2021, and the related statement of changes in net assets available for benefits (modified cash basis) for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America (GAAP) permitted by the DOL; and

misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting, which is a comprehensive basis of accounting other than GAAP, permitted by the DOL.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting, which is a comprehensive basis of accounting other than GAAP, permitted by the DOL.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — 2021 Supplemental Schedule Required by ERISA

The 2021 supplemental schedule of assets (held at end of year) (modified cash basis) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the 2021 financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. The following description of the Skjodt-Barrett Contract Packaging, LLC 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement or the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established on January 1, 2012, covering all employees of Skjodt-Barrett Contract Packaging, LLC (the Plan Sponsor), except for non-resident aliens. Employees may enter the Plan on the first day of the month following the date of hire. The Plan is subject to the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Effective November 1, 2021, the Plan was restated and amended to comply with new laws and regulations and to exclude employees who are residents of Puerto Rico.

Contributions

Participants may contribute up to 100% of pretax annual compensation as defined by the Plan, up to the maximum allowable under the Internal Revenue Code (IRC) or designate all or a portion of elective deferrals as Roth elective deferrals. Participant contributions are presented net of prior year excess contributions distributed (if any). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans in the form of rollovers.

To comply with Safe Harbor provisions, the Plan Sponsor makes a matching contribution each pay period. The amount contributed and allocated to each participant's account is calculated as 3% of eligible compensation, plus 50% of participant deferrals that exceed 3% of eligible compensation up to 5% of eligible compensation. The Plan Sponsor may elect to provide a discretionary matching contribution and/or a profit-sharing contribution each plan year. The extent and amount of each year's discretionary contributions, if any, are at the discretion of the Board of Directors. Any profit-sharing contribution will be calculated based on the ratio each participant's compensation bears to the total of such compensation of all participants. The Plan Sponsor did not make any discretionary matching or profit sharing contributions during 2021. Employees become eligible for discretionary matching and profit-sharing contributions upon entering the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, safe harbor matching contributions, allocations of the Plan Sponsor discretionary contributions (if any), and Plan earnings or losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct their investments into various options offered by the Plan. The Plan offers 31 variable investment options through a pooled separate account and one guaranteed fixed interest account as investment options for participants.

Notes to Financial Statements

in the United States of America (US GAAP). The presentation is permitted by the Department of Labor (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Cash basis financial statements that adjust securities investments to fair value are considered to be prepared on a modified cash basis of accounting. Under the modified cash basis of accounting, certain additions and related assets are recognized when received rather than when earned and certain deductions are recognized when paid rather than when the obligation is incurred.

The principal items that would be required to be reflected in the financial statements by US GAAP (the amounts of which are not practicable to determine) are as follows:

- Accrual of all contributions owed at each year-end but not received until the following year.
- Accrual of dividends declared but not paid.
- Accrual of interest income from participant loans earned at each year-end but not received until the following year.
- Accrual of the Plan expenses and management fees incurred at year-end but not paid until the following year.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Notes Receivable From Participants

Participant loans are classified as notes receivable from participants and are measured at the unpaid principal balance. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. Defaulted loans are deemed distributed and recorded as benefits paid to participants in the statement of changes in net assets available for benefits. During 2021, the Plan had no deemed distributions.

Fair Value Measurement

The Plan has determined the fair value of investments using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Notes to Financial Statements

The Plan had a concentration in individual investment funds greater than 10% in four funds totaling \$1,729,266 and \$1,424,051 at December 31, 2021 and 2020, respectively, as elected by participants.

3. Information Certified by the Plan's Custodian

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA as of December 31, 2021 and 2020, and for the year ended December 31, 2021. The Plan reviews its tax positions for uncertainty and records a provision for tax positions which may not be sustained based on their technical merits if examined by taxing authorities. At December 31, 2021 and 2020, there were no matters requiring a provision for uncertain tax positions. Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of **Skjodt-Barrett Contract Packaging, LLC 401(K) Plan** (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits (modified cash basis) as of December 31, 2021, and the related statement of changes in net assets available for benefits (modified cash basis) for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America (GAAP) permitted by the DOL; and

misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting, which is a comprehensive basis of accounting other than GAAP, permitted by the DOL.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting, which is a comprehensive basis of accounting other than GAAP, permitted by the DOL.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — 2021 Supplemental Schedule Required by ERISA

The 2021 supplemental schedule of assets (held at end of year) (modified cash basis) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the 2021 financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the

Notes to Financial Statements

1. Description of Plan

The following description of the Skjodt-Barrett Contract Packaging, LLC 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement or the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established on January 1, 2012, covering all employees of Skjodt-Barrett Contract Packaging, LLC (the Plan Sponsor), except for non-resident aliens. Employees may enter the Plan on the first day of the month following the date of hire. The Plan is subject to the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Effective November 1, 2021, the Plan was restated and amended to comply with new laws and regulations and to exclude employees who are residents of Puerto Rico.

Contributions

Participants may contribute up to 100% of pretax annual compensation as defined by the Plan, up to the maximum allowable under the Internal Revenue Code (IRC) or designate all or a portion of elective deferrals as Roth elective deferrals. Participant contributions are presented net of prior year excess contributions distributed (if any). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans in the form of rollovers.

To comply with Safe Harbor provisions, the Plan Sponsor makes a matching contribution each pay period. The amount contributed and allocated to each participant's account is calculated as 3% of eligible compensation, plus 50% of participant deferrals that exceed 3% of eligible compensation up to 5% of eligible compensation. The Plan Sponsor may elect to provide a discretionary matching contribution and/or a profit-sharing contribution each plan year. The extent and amount of each year's discretionary contributions, if any, are at the discretion of the Board of Directors. Any profit-sharing contribution will be calculated based on the ratio each participant's compensation bears to the total of such compensation of all participants. The Plan Sponsor did not make any discretionary matching or profit sharing contributions during 2021. Employees become eligible for discretionary matching and profit-sharing contributions upon entering the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, safe harbor matching contributions, allocations of the Plan Sponsor discretionary contributions (if any), and Plan earnings or losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct their investments into various options offered by the Plan. The Plan offers 31 variable investment options through a pooled separate account and one guaranteed fixed interest account as investment options for participants.

Skjodt-Barrett Contract Packaging, LLC 401(k) Plan

Notes to Financial Statements

in the United States of America (US GAAP). The presentation is permitted by the Department of Labor (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Cash basis financial statements that adjust securities investments to fair value are considered to be prepared on a modified cash basis of accounting. Under the modified cash basis of accounting, certain additions and related assets are recognized when received rather than when earned and certain deductions are recognized when paid rather than when the obligation is incurred.

The principal items that would be required to be reflected in the financial statements by US GAAP (the amounts of which are not practicable to determine) are as follows:

- Accrual of all contributions owed at each year-end but not received until the following year.
- Accrual of dividends declared but not paid.
- Accrual of interest income from participant loans earned at each year-end but not received until the following year.
- Accrual of the Plan expenses and management fees incurred at year-end but not paid until the following year.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Notes Receivable From Participants

Participant loans are classified as notes receivable from participants and are measured at the unpaid principal balance. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. Defaulted loans are deemed distributed and recorded as benefits paid to participants in the statement of changes in net assets available for benefits. During 2021, the Plan had no deemed distributions.

Fair Value Measurement

The Plan has determined the fair value of investments using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Skjodt-Barrett Contract Packaging, LLC 401(k) Plan

Notes to Financial Statements

The Plan had a concentration in individual investment funds greater than 10% in four funds totaling \$1,729,266 and \$1,424,051 at December 31, 2021 and 2020, respectively, as elected by participants.

Payment of Benefits

Benefits are recorded when paid.

3. Information Certified by the Plan's Custodian

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA as of December 31, 2021 and 2020, and for the year ended December 31, 2021. Accordingly, the following investment information included in the accompanying financial statements and supplemental schedule as of and for the year ended December 31, 2021, was obtained and derived from the information supplied to the Plan administrator and certified as complete and accurate by the Plan's custodian, Great-West Life & Annuity Insurance Company (Great-West). The investment information as of December 31, 2020, was supplied and certified as complete and accurate by Massachusetts Mutual Life Insurance Company (MassMutual), the Plan's former trustee which was acquired by Great-West on December 31, 2020:

The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Skjodt-Barrett Contract Packaging, LLC 401(k) Plan

Notes to Financial Statements

Trust Company, LLC Plan Document, as then designed, was in compliance with the applicable requirements of the IRC. The determination letter has not been updated for any Plan amendments. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, no provision for income taxes is included in the Plan's financial statements.

The Plan reviews its tax positions for uncertainty and records a provision for tax positions which may not be sustained based on their technical merits if examined by taxing authorities. At December 31, 2021 and 2020, there were no matters requiring a provision for uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Subsequent Events

Subsequent events were evaluated through October 17, 2022, the date the financial statements were available to be issued.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of **Skjodt-Barrett Contract Packaging, LLC 401(K) Plan** (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits (modified cash basis) as of December 31, 2021, and the related statement of changes in net assets available for benefits (modified cash basis) for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America (GAAP) permitted by the DOL; and

misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting, which is a comprehensive basis of accounting other than GAAP, permitted by the DOL.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting, which is a comprehensive basis of accounting other than GAAP, permitted by the DOL.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — 2021 Supplemental Schedule Required by ERISA

The 2021 supplemental schedule of assets (held at end of year) (modified cash basis) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the 2021 financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. 1. Description of Plan

The following description of the Skjodt-Barrett Contract Packaging, LLC 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement or the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established on January 1, 2012, covering all employees of Skjodt-Barrett Contract Packaging, LLC (the Plan Sponsor), except for non-resident aliens. Employees may enter the Plan on the first day of the month following the date of hire. The Plan is subject to the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Effective November 1, 2021, the Plan was restated and amended to comply with new laws and regulations and to exclude employees who are residents of Puerto Rico.

Contributions

Participants may contribute up to 100% of pretax annual compensation as defined by the Plan, up to the maximum allowable under the Internal Revenue Code (IRC) or designate all or a portion of elective deferrals as Roth elective deferrals. Participant contributions are presented net of prior year excess contributions distributed (if any). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans in the form of rollovers.

To comply with Safe Harbor provisions, the Plan Sponsor makes a matching contribution each pay period. The amount contributed and allocated to each participant's account is calculated as 3% of eligible compensation, plus 50% of participant deferrals that exceed 3% of eligible compensation up to 5% of eligible compensation. The Plan Sponsor may elect to provide a discretionary matching contribution and/or a profit-sharing contribution each plan year. The extent and amount of each year's discretionary contributions, if any, are at the discretion of the Board of Directors. Any profit-sharing contribution will be calculated based on the ratio each participant's compensation bears to the total of such compensation of all participants. The Plan Sponsor did not make any discretionary matching or profit sharing contributions during 2021. Employees become eligible for discretionary matching and profit-sharing contributions upon entering the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, safe harbor matching contributions, allocations of the Plan Sponsor discretionary contributions (if any), and Plan earnings or losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct their investments into various options offered by the Plan. The Plan offers 31 variable investment options through a pooled separate account and one guaranteed fixed interest account as investment options for participants.

Notes to Financial Statements

in the United States of America (US GAAP). The presentation is permitted by the Department of Labor (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Cash basis financial statements that adjust securities investments to fair value are considered to be prepared on a modified cash basis of accounting. Under the modified cash basis of accounting, certain additions and related assets are recognized when received rather than when earned and certain deductions are recognized when paid rather than when the obligation is incurred.

The principal items that would be required to be reflected in the financial statements by US GAAP (the amounts of which are not practicable to determine) are as follows:

- Accrual of all contributions owed at each year-end but not received until the following year.
- Accrual of dividends declared but not paid.
- Accrual of interest income from participant loans earned at each year-end but not received until the following year.
- Accrual of the Plan expenses and management fees incurred at year-end but not paid until the following year.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Notes Receivable From Participants

Participant loans are classified as notes receivable from participants and are measured at the unpaid principal balance. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. Defaulted loans are deemed distributed and recorded as benefits paid to participants in the statement of changes in net assets available for benefits. During 2021, the Plan had no deemed distributions.

Fair Value Measurement

The Plan has determined the fair value of investments using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Skjodt-Barrett Contract Packaging, LLC 401(k) Plan

Notes to Financial Statements

The Plan had a concentration in individual investment funds greater than 10% in four funds totaling \$1,729,266 and \$1,424,051 at December 31, 2021 and 2020, respectively, as elected by participants.

Payment of Benefits

Benefits are recorded when paid.

3. Information Certified by the Plan's Custodian

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA as of December 31, 2021 and 2020, and for the year ended December 31, 2021. Accordingly, the following investment information included in the accompanying financial statements and supplemental schedule as of and for the year ended December 31, 2021, was obtained and derived from the information supplied to the Plan administrator and certified as complete and accurate by the Plan's custodian, Great-West Life & Annuity Insurance Company (Great-West). The investment information as of December 31, 2020, was supplied and certified as complete and accurate by Massachusetts Mutual Life Insurance Company (MassMutual), the Plan's former trustee which was acquired by Great-West on December 31, 2020:

Skjodt-Barrett Contract Packaging, LLC 401(k) Plan

Notes to Financial Statements

Trust Company, LLC Plan Document, as then designed, was in compliance with the applicable requirements of the IRC. The determination letter has not been updated for any Plan amendments. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, no provision for income taxes is included in the Plan's financial statements.

The Plan reviews its tax positions for uncertainty and records a provision for tax positions which may not be sustained based on their technical merits if examined by taxing authorities. At December 31, 2021 and 2020, there were no matters requiring a provision for uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
