JR MANUFACTURING, INC. 401(K) PLAN

AUDIT REPORT
December 31, 2021 and 2020

A Business Partner, Wherever You are in the World

INDEPENDENT AUDITOR'S REPORT

To the Trustees of the JR Manufacturing, Inc. 401(K) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of JR Manufacturing, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 12, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

401(k) Plan

Notes to the Financial Statements
As of December 31, 2021 and 2020 and for the Year Ended December 31, 2021

NOTE 1 – PLAN DESCRIPTION

The following description of the JR Manufacturing (the “Company”) 401(k) Plan (the “Plan”) provides only general information. The Plan was restated effective January 1, 2019 and relevant provisions are noted below. Participants should refer to the Plan document for more complete information.

A. GENERAL

The Plan is a defined contribution plan covering all employees of the Company who are U.S. residents, have completed one year of eligible service, and are age 18 or older. Newly eligible employees will be entered into the Plan on the first day of the first or seventh month of the calendar year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended. The Plan Management Team determines the appropriateness of the Plan’s investment offerings, and monitors investment performance.

ELIGIBILITY

On December 20, 2019, the Setting Every Community Up for Retirement Enhancement Act of 2019 (“SECURE Act”) was enacted and signed into law. The SECURE Act no longer allows non-bargained 401(k) plans to exclude long-term part-time employees from participating in the Plan if they work at least 500 hours in each of three consecutive years. Service before 2021 will not be counted.

B. EMPLOYEE CONTRIBUTIONS

Under the Plan, participants are allowed to defer between one percent and one hundred percent of eligible compensation up to applicable ERISA contribution limits for the year. “Compensation” is defined as a participant’s W-2 earnings plus any section 125 earnings. Participants may change deferral elections on the first day of each quarter of the Plan year. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants will receive an automatic one percent increase in their deferral percentage on April 1, if the Participant has affirmatively elected to receive such increase.

C. EMPLOYER CONTRIBUTIONS

The Company may make a matching contribution equal to a discretionary percentage on behalf of eligible participants.

D. PARTICIPANT ACCOUNTS

Each participant account is credited with the participant’s contribution and allocations of employer contributions, Plan earnings, and distribution fees (if applicable). Allocations are based on participant earnings or account balances, or specific participant transactions, as defined.

E. NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of the vested account balance. Participants are allowed one loan at any given time. The loan is secured by the balance in the participant’s account and bears interest at a rate determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions and are recorded when received. Loan repayments may be made over a period not to extend beyond five years, unless such loan is used to acquire a principal residence in which the repayment period may be up to thirty years.

Notes to the Financial Statements
As of December 31, 2021 and 2020 and for the Year Ended December 31, 2021

NOTE 1 – PLAN DESCRIPTION – (CONTINUED) –

E. NOTES RECEIVABLE FROM PARTICIPANTS – (CONTINUED) –

On March 27, 2020, The Coronavirus Aid, Relief and Economic Security Act ("CARES Act") was enacted and signed into law. The CARES Act allowed participants affected by the coronavirus pandemic with an outstanding loan balance to defer the payments due between March 27, 2020, through December 31, 2020. Loan payments recommenced on January 1, 2021 and were subsequently re-amortized to reflect any suspended payments, adjusted for interest and the terms of the loan extended for one year.

The CARES Act increased the available loan amount to the lesser of \$100,000 (minus outstanding Plan loans of the individual) or 100% of the participant's vested account balance (in effect until September 22, 2020).

F. PAYMENT OF BENEFITS

On termination of service due disability, retirement, or other reasons, a participant can choose to have a distribution of his/her account balance equal to the value of his/her vested interest. In the case of early distribution at age 59 ½, and death, the participant or beneficiary may elect to withdraw all or some of his/her salary reduction contributions (including any earnings thereon).

The CARES Act provided for eligible Plan participants impacted by coronavirus access to their retirement savings via a coronavirus-related distribution ("CRD"). The CRD requires that a participant certify they have been impacted by COVID-19 to qualify. Through December 30, 2020, qualified participants were permitted to take a CRD of up to \$100,000 in the aggregate across all retirement plans. The CRD's were not subject to the early distribution penalty or mandatory income tax withholding. Participants still employed by the Company may elect to repay all or a portion of the CRD to the Plan within three years.

The CARES Act provided for minimum distribution requirements to be waived for any distribution required to be made in 2020. Participants had the option to elect to receive their minimum payment. Plan participants who had already received their required minimum distribution in 2020 prior to the enactment of the CARES Act had the opportunity to roll those funds back into their account.

G. VESTING

In the case of the employer's matching contributions, the Plan uses a graduated scale for vesting:

Full Years of Service	Vested Percentage
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

A participant becomes fully vested upon attainment of normal retirement age while an employee, death while an employee, or upon suffering a disability while an employee.

Notes to the Financial Statements
As of December 31, 2021 and 2020 and for the Year Ended December 31, 2021

NOTE 1 – PLAN DESCRIPTION – (CONTINUED) –

H. TERMINATION PRIORITIES

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contribution at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination or partial termination, each participant would become immediately 100% vested in their account balance.

NOTE 2 – ACCOUNTING POLICIES

A. FINANCIAL REPORTING FRAMEWORK

The accompanying financial statements are prepared according to accounting principles generally accepted in the United States of America ("GAAP"), as promulgated by the Financial Accounting Standards Board ("FASB") in the Accounting Standards Codification ("ASC").

B. BASIS OF ACCOUNTING

The financial statements of the Plan are prepared on the accrual basis of accounting.

C. USE OF ESTIMATES

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

D. INVESTMENT VALUATION AND INCOME RECOGNITION

The Plan's investments are stated at fair value (except for the fully benefit-responsive investment contract, which is stated at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 8 for a discussion of fair value measurements.

Investment income is recorded when earned, on an accrual basis, and allocated to each participant's account daily based on the number of shares held in each participant account. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. Dividends are recorded on the ex-dividend date. Interest income is recorded on an accrual basis.

E. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate risk, market risk, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The COVID-19 pandemic effects on the economy and financial markets in the future are uncertain. Subsequent changes in interest rates and volatility in financial markets could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits. Because of the uncertainty, Plan management is unable to estimate the total impact the pandemic will have.

As of December 31, 2021 and 2020 and for the Year Ended December 31, 2021*

NOTE 2 – ACCOUNTING POLICIES – (CONTINUED) –

F. NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at the unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

G. PAYMENT OF BENEFITS

Benefits are recorded when paid.

H. PLAN EXPENSES

The Plan Sponsor pays most of the expenses of administering the Plan. Expenses associated with loans and disbursements are paid by the individual participants.

J. SUBSEQUENT EVENTS

The Plan evaluated subsequent events through October 17, 2022, which is the financial statement issuance date. All items which are required for disclosure have been included in the accompanying financial statements and notes thereto.

NOTE 3 – FORFEITED ACCOUNTS

In accordance with Plan documents, forfeited funds can be used to restore returning participants' accounts and to reduce future employer contributions. Forfeitures of \$- were used to offset the employer match in the Plan year ended December 31, 2021. Forfeited, non-vested account balances amounted to \$5,601 and \$1,939 as of December 31, 2021 and 2020, respectively.

NOTE 4 – INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The Plan's investments are held in a trust fund administered by Voya Financial, Inc., the custodian of the Plan. The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by the custodian:

- Investments as shown in the Statements of Net Assets Available for Benefits as of December 31, 2021 and 2020.
- Investment income as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2021.
- Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021.

NOTE 5 – INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has entered into a traditional fully benefit-responsive investment contract with Voya Financial, Inc. The total contract value of the Plan's investment is \$376,250 and \$294,521 at December 31, 2021 and 2020, respectively. Voya Financial, Inc. maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is determined at least monthly.

JR Manufacturing, Inc.
401(k) Plan

Notes to the Financial Statements
As of December 31, 2021 and 2020 and for the Year Ended December 31, 2021

NOTE 5 – INVESTMENT CONTRACT WITH INSURANCE COMPANY – (CONTINUED) –

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Voya Financial, Inc., represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events outside the normal operation of the trust that cause a withdrawal would limit the Plan's ability to transact at contract value with Voya Financial, Inc. Examples of such events include, but are not limited to, partial or complete legal termination of the trust or a unit-holder, tax disqualification of the trust or a unit-holder, and certain trust amendments if issuers' consent is not obtained. However, as of December 31, 2021, the occurrence of an event outside the normal operation of the trust that would cause a withdrawal from an investment contract is not considered to be probable.

In addition, issuers of investment contracts have certain rights to terminate a contract and settle at an amount that differs from contract value. For example, certain breaches by the trust of its obligations, representations, or warranties under the terms of the investment contract can result in its termination at market value. Investment contracts may also provide for termination with no payment obligation from the issuer if the performance of the contract constitutes a prohibited transaction under ERISA or other applicable law. As of December 31, 2021, the Plan administrator does not believe the occurrence of such an event is probable. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

NOTE 6 – PARTY-IN-INTEREST

Certain Plan investments are shares of mutual funds managed by Voya Financial, Inc., the custodian of the Plan. Therefore, these investments qualify as party-in-interest transactions. Also, the Plan has notes receivable from participants that qualify as party-in-interest transactions. Investments in mutual funds managed by Voya Financial, Inc. and notes receivable from participants total \$8,980,411 and \$7,661,977 as of December 31, 2021 and 2020, respectively.

NOTE 7 – TAX STATUS

The Plan obtained its latest determination letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements, as the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

401(k) Plan**

*Notes to the Financial Statements
As of December 31, 2021 and 2020 and for the Year Ended December 31, 2021*

NOTE 8 – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits (except the fully benefit-responsive investment contract, see Note 5). The accounting framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

In accordance with the framework, the Plan groups assets and liabilities measured at fair value into three levels based on the markets in which the assets and liabilities are traded and the reliability of the assumptions used to determine fair value. These levels are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and December 31, 2020.

- *Pooled Separate Accounts:* separate accounts are valued at their "accumulation unit value" (AUV). The separate account is valued daily as the number of accumulation units held multiplied by the AUV. The AUV is determined daily based on the net asset value of shares of the underlying fund, the fund's dividends, and the Plan's contract account charges. Since the AUV is determined based on a combination of the fund NAV and the separate account charges, Level 2 was deemed the proper classification.

The following table classifies the investments measured at fair value on a recurring basis by level within the fair value hierarchy as of December 31, 2021:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Pooled Separate Accounts	\$ -	\$ 10,421,600	\$ -	\$ 10,421,600
Total assets in fair value hierarchy	\$ -	\$ 10,421,600	\$ -	10,421,600
Investment measured at contract value				376,250
Total Investments				\$ 10,797,850
