INDEPENDENT AUDITOR'S REPORT

To the Trustees of
Dennis Group
401 (K) Profit Sharing Plan
Springfield, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the accompanying financial statements of Dennis Group 401 (K) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Dennis Group 401 (K) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Dennis Group 401 (K) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Dennis Group 401 (K) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Dennis Group 401 (K) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Dennis Group 401 (K) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of assets held at year end for the year ended December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DENNIS GROUP 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

1. DESCRIPTION OF THE PLAN

The following brief description of Dennis Group 401(k) Profit Sharing Plan (“the Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General - The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Participants are eligible to participate for purposes of salary deferrals and rollover contributions on their date of hire. Actual entry date is the first day of the Plan year or the first day of the seventh month of the Plan year coinciding with or next following the date of eligibility (date of hire).

The plan sponsor is Dennis Group LLC, a Massachusetts Company (“the Company”) with a primary mission of providing engineering, design and construction management services to the food processing industry.

Contributions - For 2021, eligible employees of the Company (participants) may contribute up to \$19,500 of pre-tax annual compensation as defined in the plan. Participants over the age of 50 can contribute a maximum of \$26,000. The Internal Revenue Service adjusts this maximum annually. Participants have sole discretion to direct their contributions into various investment options offered by the Plan.

Employer Profit Sharing Option – For the year ended December 31, 2020 and prior, the Company could make, on an annual basis, a profit-sharing contribution at the option of the plan sponsor’s Board of Directors. For the year ended December 31, 2020, the Company elected the option and contributed and \$1,100,000. During the year ended December 31, 2021, the Plan was amended to include a matching contribution and to eliminate the profit sharing contribution.

Rollovers - Participants may also contribute amounts representing distributions from other qualified benefit or contribution plans.

Participant Accounts – Each participant’s account is credited with the participant’s contribution and allocations of the Company’s contributions and plan earnings. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. All accounts are participant directed.

Notes Receivable from Participants – Participant loans may be granted based on financial hardship or a specified financial need. Participants can borrow from their fund accounts, a minimum of \$1,000 up to a maximum of \$50,000 or 50 percent of their account balance, whichever is less. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant loans fund. All loans must be repaid within five years; however, a longer term may be granted for the purchase of a primary residence. The loans are secured by the balance in the participant’s account and bear a reasonable rate of interest. Principal and interest is paid ratable through bi-weekly payroll deductions. The amount of any loans unpaid at the date of termination of employment is treated as a distribution to the participant. There were \$486,736 and \$329,880 in loans outstanding on December 31, 2021 and 2020, respectively.

1. DESCRIPTION OF THE PLAN (continued)

Investment Options – Upon enrollment in the plan, a participant may direct employee contributions into various mutual fund options provided by Great West Life Insurance Company. Each Participant shall direct the investment of his account among the permissible investments designated in the Service Agreement.

Payment of Benefits – On termination of service due to death, disability or retirement, a participant or beneficiary may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account, or a life annuity with monthly payments payable during the lifetime of the participant. Refunds of contributions in excess of the Section 401(k) limits are included in this category.

Investment Options – Upon enrollment in the plan, a participant may direct employee contributions into various mutual fund options provided by Great West Life Insurance Company. Each participant shall direct the investment of their account among the permissible investments designated in the Service Agreement.

Payment of Benefits – On termination of service due to death, disability or retirement, a participant or beneficiaries may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account, or a life annuity with monthly payments payable during the lifetime of the participant. Refunds of contributions in excess of the Section 401(k) limits are included in this category.

Vesting – Participants are immediately vested in their contributions, non-elective contributions, and actual earnings thereon. Vesting in the Company's contributions plus actual earnings thereon is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

Forfeited Accounts – Participant forfeitures are used by the Company to reduce the Company's administrative costs and/or its annual profit-sharing contribution.

2. SIGNIFICANT ACCOUNTING POLICIES

This summary of significant accounting policies of the Plan is presented to assist in understanding the Plan's financial statements.

The financial statements and notes are representations of the Plan's management, who are responsible for their integrity and objectivity. These accounting policies conform to generally accepted accounting principles and have been consistently applied in the preparation of the financial statements.

Basis of Accounting – The financial statements are prepared using the accrual method of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenditures are recognized when incurred rather than when collected or paid.

DENNIS GROUP 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

2. *SIGNIFICANT ACCOUNTING POLICIES (continued)*

Investments – Investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustees determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fair Value – Accounting Standards Codification provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under Accounting Standards Codification are described as follows:

- Level 1 valuations reflect quoted market or exchange prices for the actual or identical assets or liabilities in active markets
- Level 2 valuations reflect inputs other than quoted prices in Level 1 which are observable. The inputs can include some or all of the following into a valuation model:
 - quoted prices on similar assets in active markets
 - quoted prices on actual assets that are not active
 - inputs other than quoted prices such as yield curves, volatilities, prepayments speeds inputs derived from market data
- Level 3 valuations reflect valuations in which one or more of the significant valuation inputs are not observable in an active market, there is limited if any market activity, and/or are based on management inputs into valuation model.

Payment of Benefits – Benefits are recorded when payable under the terms of the plan. Refunds of contributions in excess of the Section 401(k) limits are included in this category.

Operating Expenses – All expenses of maintaining the Plan are paid directly by the Company, unless the forfeiture account is used, or a combination of both.

Accounting Estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual result may differ from those estimates.

Subsequent Events – Management has evaluated subsequent events through October 1, 2022, the date which the financial statements were available to be issued. See also Note 9.

3. INVESTMENTS

The Plan maintains policies and procedures to value instruments using the best and most relevant data available. In addition, the Plan has an investment management team that reviews valuation, including independent price validation for certain instruments. Further, in most instances, management develops internal valuations of the assets and instruments held in the Plan.

The following section describes the valuation methodologies the Plan uses to measure the financial instruments at fair value.

Mutual Funds – Valuation is done on a daily basis. The custodian receives net asset values directly from the fund companies for the calculation of unit values. These values are compared to daily valuations received by the custodian through the National Securities Clearing Corp (NSCC) to ensure the accuracy of the valuation.

Investments at December 31 2021 and 2020 were as follows:

<u>Description</u>	<u>Level 1</u>	<u>Total 12/31/2021</u>
Investments - Mutual funds	<u>\$ 71,495,713</u>	<u>\$ 71,495,713</u>
Total Investments	<u>\$ 71,495,713</u>	<u>\$ 71,495,713</u>

<u>Description</u>	<u>Level 1</u>	<u>Total 12/31/2020</u>
Investments - Mutual funds	<u>\$ 58,305,798</u>	<u>\$ 58,305,798</u>
Total Investments	<u>\$ 58,305,798</u>	<u>\$ 58,305,798</u>

The Plan has a fully benefit-responsive guaranteed investment contract with Great West Life Insurance Company (Great West). Great West maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administration expenses. The guaranteed investment contract issues are contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The Guaranteed Interest Fund for defined contribution plans is a Guaranteed Interest Account provided through a group annuity contract (“the Contract”). Under the terms of the Contract, a crediting rate is established for amounts invested in the GIA and participants may direct permitted withdrawal and/or transfer transactions of all or a portion of their account balance at Contract Value. Contract Value represents contributions plus credited interest less participant withdrawals and fees.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract.

DENNIS GROUP 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

3. *INVESTMENTS (continued)*

The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value as stipulated by Accounting Standards Codification. Contract value, as reported to the Plan by Great West represents contributions made under the contract, plus earnings, less participant withdrawals, and the administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract values for December 31, 2021 and 2020 is \$3,517,057 and \$4,737,210, respectively.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The average yields earned by the guaranteed investment contract are as follows:

<u>Average yields</u>	<u>2021</u>	<u>2020</u>
Based on actual earnings	1.15%	1.25%

4. *PLAN TERMINATION*

Although it has not expressed any interest to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in all their accounts.

5. *INCOME TAX STATUS*

The Plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter.

However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirement of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan has adopted Accounting Standards Codification, "Accounting for Uncertainty in Income Taxes." Accounting Standards Codification prescribes a comprehensive model for the financial statement recognition, measurement, classification and disclosure of uncertain tax positions. Management has not identified any uncertain tax positions and, therefore, no liability has been recorded in the financial statements.

The Organization's income tax filings are subject to audit by the Internal Revenue Service.

DENNIS GROUP 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

6. *CERTIFIED INVESTMENTS*

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years ended December 2021 and 2020, was obtained by the Plan administrator and agreed to or derived from information certified as complete and accurate by Great West Life Insurance Company (the custodian of the Plan).

7. *RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS*

Certain Plan investments are managed by Great West Life Insurance Company. Great West Life Insurance Company is the custodian and record keeper for the Plan and, therefore, these transactions qualify as party in interest transactions.

Great West Life Insurance Company provides certain administrative services to the Plan pursuant to a Service Agreement between the Plan. Great West Life Insurance Company receives revenue directly from mutual fund service providers for services Great West Life Insurance Company provides to the Plan. This revenue is used to cover and/or offset certain amounts owed to Great West Life Insurance Company for its administrative services to the Plan.

8. *RISKS AND UNCERTAINTIES*

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The financial markets and geographical area in which the Plan operates have been impacted by the effects of the Coronavirus Pandemic. While the effects and disruption caused by the pandemic are expected to be temporary, there is considerable uncertainty around the duration and the related financial impact that cannot be reasonably estimated as this time.

9. *SUBSEQUENT EVENTS*

Subsequent to the end of the year, The Plan was amended to include a matching contribution option. The Company will match a maximum of 5% of compensation for members that contribute at least 10% of their salaries to the Plan.
