|---------------|--------------------------------------------------------|

You must complete this Part, in accordance with the instructions, to report the information required for **each person** who received, directly or indirectly, \$5,000 or more in total compensation (i.e., money or anything else of monetary value) in connection with services rendered to the plan or the person's position with the plan during the plan year. If a person received **only** eligible indirect compensation for which the plan received the required disclosures, you are required to answer line 1 but are not required to include that person when completing the remainder of this Part.

**1 Information on Persons Receiving Only Eligible Indirect Compensation**

- a** Check "Yes" or "No" to indicate whether you are excluding a person from the remainder of this Part because they received only eligible indirect compensation for which the plan received the required disclosures (see instructions for definitions and conditions)..... ☒ Yes ☐ No
- b** If you answered line 1a "Yes," enter the name and EIN or address of each person providing the required disclosures for the service providers who received only eligible indirect compensation. Complete as many entries as needed (see instructions).

| <b>Part I</b> | <b>Asset and Liability Statement</b> |
|---------------|--------------------------------------|

**1** Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

## Independent Auditor's Report

To the Plan Administrator  
National Public Radio, Inc. Retirement Plan  
Washington, DC

### *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit*

We were engaged to perform audits of the financial statements of the **National Public Radio, Inc. Retirement Plan** (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

### *Disclaimer of Opinion*

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

### *Basis for Disclaimer of Opinion*

Prior to January 1, 2009, records were maintained at a contract, not a plan level; therefore, management has not maintained, and TIAA and CREF did not provide, sufficient accounting records and supporting documentation relating to certain annuity contracts and custodial accounts issued to current and former employees, and supporting documentation is not adequate to assure the completeness and accuracy of the amounts included in the financial statements. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the financial statements have been affected by these conditions.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP), and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America (GAAS) and to issue an auditor's report. However, because of the matter described in the *Basis for Disclaimer of Opinion* section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

### ***Other Matter – Supplemental Schedule Required by ERISA***

The supplemental schedule of Schedule H, Line 4i, Schedule of Assets (Held at End of Year) as of the year ended December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

## Notes to the Financial Statements

---

### 1. Description of the Plan

The following description of the National Public Radio, Inc. (“NPR”) Retirement Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

**A. General**—The Plan is a defined contribution 403(b) plan with salary deferral provisions covering all NPR employees except nonresident aliens, leased employees, and independent contractors. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). NPR’s management is responsible for oversight of the Plan and determines the appropriateness of the Plan’s investment offerings, monitors investment performance, and reports to the Plan’s administrator.

**B. Contributions**—Employees may participate in the salary deferral portion of the Plan upon hire and may contribute up to the maximum amount allowed as defined in the Plan, subject to the limits established by the U.S. Internal Revenue Code (“IRC”). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans or Individual Retirement Accounts, known as rollover contributions.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation increasing 1% per year, to a maximum of 10%, and their contributions are invested in a designated balanced fund until changed by the participant.

Participants become eligible to receive NPR contributions on the first day of the month following the completion of two years of service in which the participant worked at least 1,000 hours each year. For those participants who are covered by a collective bargaining agreement between NPR and the Screen Actors Guild—American Federation of Television and Radio Artists, Washington-Baltimore local (“SAG-AFTRA”), NPR contributes an amount equal to 7% of a participant’s compensation earned. For those participants not covered by the collective bargaining agreement between NPR and SAG-AFTRA, NPR contributes an amount equal to 6.5% of a participant’s compensation earned.

During 2020, NPR made contributions to the Plan as outlined above through May 11, 2020. Between May 11, 2020, and March 31, 2021, NPR amended the Plan to suspend contributions in response to the Coronavirus-related impact on NPR’s operations. Effective March 31, 2021, the Plan was amended for NPR to resume its contributions into the Plan.

**C. Participant accounts**—Participants direct the investment of contributions into various investment options offered by the Plan. Each participant’s account is credited with the participant’s contributions, NPR’s contributions, and an allocation of earnings or losses from the investment options elected by the participant, and certain Plan expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

### 1. Description of the Plan (Continued)

**D. Vesting**—Participants are immediately vested in their voluntary contributions, rollover contributions, and NPR contributions plus actual earnings and losses thereon.

**E. TIAA Plan loans**—Until July 16, 2018, participants could borrow directly from TIAA, up to a maximum amount equal to the lesser of \$50,000 or 45% of their vested account balance, subject to any participant notes receivable outstanding. As these loans were issued directly from funds owned by TIAA and not from a participant's account, the loans are not considered assets of the Plan and are, therefore, excluded from the Plan's statements of net assets available for benefits. Adequate security is required and a portion of the participant's account is reserved, or held in collateral, to cover 110% of the outstanding loan in case of default. The collateral is held in the TIAA Traditional Fixed Annuity Account as either part of a Group Supplemental Retirement Annuity ("GSRA") contract or as a separate Retirement Loan contract. Interest rates on these loans ranged from 4.00% to 5.80% for the years ended December 31, 2021 and 2020.

At December 31, 2021 and 2020, there was \$349,352 and \$550,727, respectively, held within participant accounts in investments within the statements of net assets available for benefits, which served as collateral against outstanding TIAA Plan Loan balances. For the year ended December 31, 2021, defaulted TIAA Plan Loans totaling \$39,687 were included in benefits paid to participants and beneficiaries in the statement of changes in net assets available for benefits.

**F. Notes receivable from participants**—Participants may borrow against the participant contribution portion of their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the value of the vested interest in the participant's account in the Plan. The interest rates on all outstanding notes ranged from 4.25% to 9.18% for the years ended December 31, 2021 and 2020. Principal and interest is paid with the use of coupons no less than quarterly. For the year ended December 31, 2021, defaulted participant loans totaling \$31,851 were included in benefits paid to participants and beneficiaries in the statement of changes in net assets available for benefits.

**G. Payment of benefits**—Upon termination of service or upon death, disability, or retirement (age 65), the Plan allows for distributions in accordance with the appropriate provisions of the IRC and applicable state laws. A participant or beneficiary may elect to receive either a lump-sum amount equal to the value of the participant's vested account balance or annuitized payments of the participant's vested account balance over time. The Plan allows for in-service payment of benefits when a participant reaches age 59½. Participants may elect to withdraw from their vested accounts in the event of a proven financial hardship. Participants may only withdraw from the participant's elective contributions account in an amount equal to the lesser of 100% of their elective contributions account balance or the amount needed to satisfy the immediate and heavy financial need of the participant. If a participant terminates employment and the participant's account balance does not exceed \$5,000, the Plan Administrator may authorize the benefit payment without the participant's consent.

**H. Forfeited accounts**—Forfeited accounts totaled \$13,779 and \$13,456 at December 31, 2021 and 2020, respectively. Forfeited accounts may be utilized to reduce employer contributions or pay the Plan's administrative expenses. In 2021, no forfeitures were utilized.

### 1. Description of the Plan (Continued)

**I. Administrative expenses**— NPR has elected to pay most administrative expenses associated with the Plan, except for certain account and loan fees deducted directly from the individual participants' accounts and some allowable expenses paid by the Plan. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investment, as they are paid through revenue sharing, rather than a direct payment. If there are not enough funds generated by the revenue sharing arrangement, then NPR will pay the expenses by direct payment.

### 2. Summary of Significant Accounting Policies

**A. Annual reporting requirements**—Prior to January 1, 2009, TIAA and CREF maintained records at a contract, not Plan level. Neither the Plan sponsor nor TIAA and CREF, as custodians, have sufficient historical accounting records and supporting documents relating to certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009. As a result, the completeness and the accuracy of the annuity and custodial accounts, related investment income, and distributions related to these accounts, could not be determined.

**B. Basis of accounting**—The Plan's financial statements are prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America ("GAAP").

**C. Use of estimates**—The preparation of financial statements in conformity with GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**D. Investment valuation and income recognition**—Investments are reported at fair value, with the exception of fully benefit responsive ("FBR") investment contracts. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's oversight committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance companies. See Note 5 for additional information related to fair value measurements.

The Plan's FBR investment contracts with TIAA are valued at contract value (Note 6). Contract value equals the accumulated cash contributions and interest credited to the Plan's contracts less withdrawals. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**E. Notes receivable from participants**—Notes receivable from participants are measured at the unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded if the participant has met a distributable event in

### 2. Summary of Significant Accounting Policies (Continued)

#### E. Notes receivable from participants (Continued)

accordance with the Plan document. Notes receivable from participants held with TIAA that were deemed to have been distributed were \$6,256 for the year ended December 31, 2021.

**F. Payment of benefits**—Benefits are recorded when paid.

**G. Expenses**—Plan-paid and recordkeeping services expenses are reported as administrative expenses in the statement of changes in net assets available for benefits. Fees paid by NPR, if any, are excluded from these financial statements. Loan set up fees are paid by the participants and recorded as administrative expenses. Investment management fees are presented net of investment gains and losses in the statement of changes in net assets available for benefits.

**H. Recently issued accounting pronouncement not yet adopted**—In June 2022, the Financial Accounting Standards Board issued Accounting Standards Update 2022-03, *Fair Value Measurement of Equity Securities Subject to Contractual Sale Restrictions* (“ASU 2022-03”). ASU 2022-03 clarifies that a contractual restriction on the sale of an equity security is not considered part of the unit of account of the equity security, and, therefore, not considered in measuring the fair value of the equity security in accordance with Accounting Standards Codification (ASC) 820, Fair Value Measurements. It also requires disclosures for equity securities subject to contractual sales restrictions. ASU No 2022-03 is effective for the Plan’s fiscal year 2024. Management continues to evaluate the potential impact of this updates.

### 3. Concentration of Significant Investments

The Plan’s significant investments are as follows:

| December 31,             | Value         |               | Percentage of net assets |      |
|--------------------------|---------------|---------------|--------------------------|------|

| Fixed Annuity Contracts: |               |               |                          |      |
| Non-FBR                  | \$ 40,748,423 | \$ 40,438,139 | 9%                       | 10%  |

### 4. Information Certified by TIAA and CREF

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TIAA and CREF, a qualified institution, has certified that the following data included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Net investment income and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2021.

### 4. Information Certified by TIAA and CREF (Continued)

- Investment information included in the Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021, as shown on the ERISA-required supplemental schedule.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule, reading the disclosures relating to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP and assessing whether the supplemental schedules are in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

### 5. Fair Value Measurements

The framework for measuring fair value provides a three-tiered hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy is defined as follows:

- **Level 1**—Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- **Level 2**—Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from, or corroborated by, observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- **Level 3**—Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation method used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds—These investments are generally valued at the daily closing price as reported by the respective fund and these funds are required to publish their daily net asset value ("NAV") and to transact at that price. These Plan investments are deemed to be actively traded on a public exchange.

# National Public Radio, Inc. Retirement Plan

## Notes to the Financial Statements

---

### 5. Fair Value Measurement (Continued)

CREF registered investments—These variable annuity accounts are registered investments that invest principally in equity securities, fixed-income instruments and short-term investments in accordance with each portfolio's investment objectives. Account investments and fund holdings are primarily valued using market quotations or prices obtained from independent pricing sources that may employ various pricing methods to value the investments including matrix pricing. Money market account holdings are generally valued at amortized cost. On a daily basis, units in these investments are revalued to reflect performance of the underlying investments minus any fees and charges. Units may be redeemed on a daily basis, with no required notice period. Units may not be transferred out of the same account unless 90 calendar days have passed. The NAV is the basis for participant transactions and is published on the NASDAQ daily.

Fixed annuity contracts—The non-FBR fixed annuity contracts, composed entirely of TIAA-Traditional Annuity ("TIAA-TA"), are reported at fair value, as approximated by contract value. Fair value is determined using the discounted cash flow method. The TIAA-TA is not available for sale or transfer on any securities exchange, and is subject to various restrictions (Note 6).

Pooled separate account—The investment in the pooled separate account is stated at fair value as determined in accordance with the policies and procedures reviewed by the Investment Committee of the issuer. The NAV of the units held in the TIAA real estate pooled separate account is based on the market value of the underlying real estate holdings which are valued principally utilizing external appraisals and involve significant judgment. The NAV of the TIAA real estate pooled separate account is the basis for participant transactions and are published daily on the NASDAQ (Note 7).

Self-directed brokerage accounts—The self-directed brokerage accounts give participants the opportunity to actively manage their retirement contributions as participants have the ability to select from various registered company fund choices such as fixed income securities, equities and exchange traded funds, and mutual funds. These investments are generally valued at the daily closing price as reported by the respective fund and these funds are required to publish their daily NAV and to transact at that price. These Plan investments are deemed to be actively traded.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair value tables—The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of the end of 2021 and 2020.

| <i>December 31, 2021</i>          | Total                 | Fair Value Hierarchy Level |                      |                      |

### 6. Fixed Annuity Contracts with TIAA

TIAA offers the TIAA-TA through a variety of contracts. Such contracts are established between the participants and TIAA.

The contract options include Retirement Annuities (“RA”), Supplemental Retirement Annuities (“SRA”), and Group Supplemental Retirement Annuities (“GSRA”). No new contributions, transfers, or rollovers are permitted into these legacy options after June 28, 2018. Subsequent to June 28, 2018, the available contract options for new contracts include only Retirement Choice (“RC”) and Retirement Choice Plus (“RCP”) annuities.

Contributions to the annuity accounts are grouped by TIAA into “vintages” comprised of premiums received over defined time periods of one or more contiguous calendar months. The interest crediting rate for each vintage is determined, in part, by the net investment earnings rate of the TIAA assets supporting that vintage, minus a charge for administrative expenses and an amount set aside for contingency reserves. Crediting rates are also determined by the performance of investments contained in TIAA’s general account.

The TIAA-TA holdings within RA and RC contracts have liquidity restrictions and accounts balances may only be withdrawn via periodic payments up to 10 years. Furthermore, the RA and RC contracts do not allow lump-sum cash withdrawals and transfers must be spread over a multi-year period of annual installments. Because these provisions are considered to restrict participant’s “reasonable access” to their contract balances, RA and RC contracts are considered to be non-FBR.

The TIAA-TA holdings within the GSRA, SRA, and RCP contracts contain no liquidity restrictions and are immediately cashable once a participant terminates employment with NPR (unless the holdings are pledged as collateral on a Plan Loan). As a result, GSRAs, SRAs, and RCPs are considered to be FBR.

### 6. Fixed Annuity Contracts with TIAA (Continued)

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is supported by the investment performance of a large, diversified portfolio and is adjusted for contract liquidity, but it may not be less than 3%. Such interest rates are reviewed on a quarterly basis for resetting. The Plan Administrator is not aware of any events that limit the ability of the Plan to transact at contract value with the issuer as the TIAA-TA is fully and unconditionally guaranteed and backed by the claims-paying ability of TIAA.

The contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

During 2021, the crediting rates for the annuity contracts were:

| <b>Annuity Contract</b>      | <b>Rates</b> |
|------------------------------|--------------|
| GSRA FBR annuity contracts   | 3.00%        |
| RA non-FBR annuity contracts | 3.70%        |
| RC non-FBR annuity contracts | 3.95%        |
| RCP FBR annuity contracts    | 3.20%        |
| SRA FBR annuity contracts    | 3.00%        |

### 7. Pooled Separate Account with TIAA

The TIAA Real Estate Fund ("RE Fund") invests in real estate properties and related estate-related investments. As such, the value of this account is principally derived from the market value of the underlying real estate holdings or other real estate-related investments. Real estate holdings are valued principally using external appraisers, which are estimates of property values based on a professional's opinion. The account sometimes holds securities as well. These securities are generally priced using values obtained from independent pricing sources. The pooled separate account is stated at fair value as determined in accordance with the policies and procedures reviewed by the RE Fund's Investment Committee of Trustees.

The value of the units held in the pooled separate account is based on the market value of the underlying real estate holdings with TIAA which are valued principally utilizing external appraisals and involve significant judgment.

Further, as the RE Fund generally obtains appraisals on a quarterly basis, there may be circumstances in the period between appraisals or interim valuation adjustments in which the true realizable value of a property is not reflected in the RE Fund's daily NAV calculation or in the RE Fund's periodic financial statements. This disparity may be more apparent when the commercial and residential real estate markets experience an overall and possibly dramatic change in property values in a relatively short period of time between appraisals.

The RE Fund provides participants with a liquidity guarantee enabling the account to have funds available to meet participant redemption, transfer or cash withdrawals. TIAA guarantees that participants can redeem their accumulation unit value determined after their transfer or cash withdrawal request is received in good order.

### 7. Pooled Separate Account with TIAA (Continued)

TIAA limits the ability of participants to transfer funds into the RE Account. Specifically, individual participants are limited from making internal transfers into their account if, after giving effect to such transfer, the total value of such participant's account (under all contracts issued to such participant) would exceed \$150,000. A participant is not required to reduce his or her contract balance to a level at or below \$150,000 if the participant's account totals more than \$150,000.

### 8. Related Party and Party-In-Interest Transactions

TIAA and CREF is the record keeper and custodian. The Plan holds investments issued by TIAA and CREF and affiliates. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments. Therefore, transactions with TIAA and CREF qualify as party-in-interest transactions and are exempt from the prohibited transaction rules of ERISA. Notes receivable from participants are also exempt party-in-interest transactions.

### 9. Tax Status

The Plan operates under Section 403(b) of the IRC. The Plan has adopted a 403(b) Volume Submitter Plan to comply with certain regulatory requirements. The 403(b) Volume Submitter Plan received an IRS opinion letter dated August 7, 2017, stating that the form of the plan is acceptable under the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the opinion letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable provisions of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator does not believe its financial statements include any uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

### 10. Plan Termination

Although it has not expressed any intent to do so, NPR has the right under the Plan to reduce or discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants continue to be 100% vested in their employer contributions.

### 11. Risks and Uncertainties

The Plan may invest in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

### 11. Risks and Uncertainties (Continued)

The macroeconomic impacts stemming from the conflict in Ukraine, and the potential impact and duration of the COVID-19 pandemic, continuing supply chain issues and rising inflation has continued to cause volatility in the markets. Any future impact on investments or the Plan remains uncertain.

### 12. Subsequent Events

The Plan Administrator has evaluated subsequent events through October 17, 2022, the date the financial statements were available to be issued. The Plan Administrator is not aware of any subsequent events which would require recognition or disclosure in the financial statements.
