THE RETIREMENT COMMITTEE
PENINSULA HUMANE SOCIETY & SPCA
RETIREMENT PLAN
Burlingame, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of the **PENINSULA HUMANE SOCIETY & SPCA RETIREMENT PLAN (the Plan)**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- the information in the accompanying 2021 Financial Statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the 2021 Financial Statements.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date of this report.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material, if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 Financial Statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by qualified institutions. In our report dated October 11, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Peninsula Humane Society & SPCA Retirement Plan

Notes to Financial Statements

Note 1 - Plan Description:

The following description of the Peninsula Humane Society & SPCA Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

a. General

The Plan is a defined contribution plan sponsored by Peninsula Humane Society & SPCA (the Employer), a California non-profit corporation to provide benefits to eligible employees, as defined in the Plan document. The plan was established on January 1, 1987 and most recently restated effective August 1, 2019, to comply with OneAmerica's Financial Partners, Inc. 403(b) volume submitter plan document. The restatement was to align the Plan with OneAmerica's Financial Partner, Inc. volume submitter plan that received a favorable opinion letter from the Internal Revenue Service (IRS) regarding the qualified status of the volume submitter plan. The Plan includes the employees of Pacific Animal Initiative (PAI). The Plan is an elective 403(b) contribution plan invested in variable and fixed annuity contracts. The Retirement Committee is responsible for the oversight of the Plan. The Plan Administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the Internal Revenue Code and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan was most recently amended effective January 1, 2020, to exclude bonuses from eligible compensation.

b. Eligibility

All employees are eligible to make an elective deferral upon hire. All employees who have reached the age of 18 and have completed six months of employment are eligible to receive employer matching and nonelective contributions on the first day of the calendar month following the date of eligibility.

c. Contributions

Eligible employees may contribute up to 100% of pretax annual compensation, as defined by the Plan, not to exceed the amount allowable under current income tax regulations. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Plan includes a Roth option allowing deferral of after-tax dollars. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers), subject to approval by the Plan Administrator. Contributions are subject to limitations.

Peninsula Humane Society & SPCA Retirement Plan

Notes to Financial Statements

The Employer may make discretionary nonelective and matching contributions. There is a nonelective contribution at a rate of 2 2/3% of the eligible participant's eligible compensation, and a matching contribution at a rate equal to 33% of the participants' elective deferrals up to 4% of the employee's eligible compensation, inclusive of the nonelective contributions.

d. Participant Accounts

The Plan assets are held in contracts with American United Life Insurance Company (AUL) and The Variable Annuity Life Insurance Company (VALIC). Each participant's account is credited with the participant's salary deferral contribution, the participant's qualified rollover contributions, the Employer nonelective and matching contributions, Plan earnings or losses thereon, and charged with administrative expense allocations. Earnings and administrative expense allocations are based on participant account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

e. Vesting

Participants are immediately vested 100% in their contributions and the Employer's nonelective and matching contributions plus actual earnings or losses thereon.

f. Participant Investment Options

Upon enrollment in the Plan, participants must direct their account balance in a variety of investment choices made available through AUL as more fully described in the Plan's literature. Participants may change their investment options any time throughout the year, including VALIC funds.

g. Notes Receivable from Participants and Policy Loans

Notes Receivable from Participants

The Plan allows participants to borrow funds from their AUL fund accounts not less than \$1,000 and up to the lesser of \$50,000 or 50% of their AUL account balance. The loans are secured by the participant's remaining vested balance. A participant may have no more than six loans outstanding at one time. No new loans will be issued to a participant unless all outstanding loans for that participant, including deemed-distributed loans, are current. The Plan Administrator will establish a reasonable rate of interest, with a return comparable to the rates being charged by lending institutions in the same geographic locale as the Employer. Loans must be repaid to the Plan within a five-year period, unless the loan is used for the purchase of a principal residence in which case the maximum repayment period is 15 years. Outstanding loans with AUL as of December 31, 2021, carry interest rates of 4.25% per annum with various maturities through January 2032.

Peninsula Humane Society & SPCA Retirement Plan

Notes to Financial Statements

Policy Loans

Participants may borrow from their VALIC fund accounts using a portion of their plan account as security for the loan. The Plan Administrator has concluded that these loans are not plan assets and that such arrangements are exempt transactions. VALIC allows participants to borrow a minimum of \$1,000 up to a maximum of equal to the lesser of \$50,000 or 50% of the vested portion of their account balance. Loan terms range from one to five years, except for loans to purchase a primary residence. The loans are secured by their vested balance in the participant's account and the interest rate is determined by VALIC. As of December 31, 2021 and 2020, there were seven and six policy loans, respectively, totaling \$15,252 and \$17,356, respectively with interest rates of 2 - 3% per annum.

h. Payment of Benefits

A participant with a vested account of \$5,000 or less upon termination receives his or her vested balance paid out in a lump sum distribution. A participant with a vested account over \$5,000 may, upon termination of service due to severance from employment, death, disability, or retirement, elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Upon hardship or attaining age 59 ½, a participant may elect to receive a lump-sum amount, equal to the value of the participant's vested interest in his or her account. The individual agreements governing the investment options may further restrict the payout options.

There were no participant requests to withdraw from the Plan as of December 31, 2021 and 2020 that had not been paid as of those dates.

i. Plan Custodians

The Plan approved vendors are American United Life Insurance Company (AUL) and The Variable Annuity Life Insurance Company (VALIC), (collectively, the Custodians).

Note 2 - Significant Accounting Policies:

a. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

b. Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Peninsula Humane Society & SPCA Retirement Plan

Notes to Financial Statements

c. Investment Valuation and Income Recognition

Investments of the Plan are held by the Custodians and are invested based solely upon instructions received from participants. The Plan's investments are reported at fair value as of the last day of the Plan year, except for fixed annuity contracts which are reported at contract value as described in Note 5. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Employer's Retirement Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, Custodians and insurance companies. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on an ex-dividend date. The net appreciation (depreciation) in fair value of investments in the Statement of Changes in Net Assets Available for Benefits include the Plan's gains and losses on investments bought and sold as well as held during the year.

The market volatility of equity-based investments may substantially impact the value of such investments at any given time. It is likely that the value of the Plan's investments, both in total and in individual participant accounts, has fluctuated since December 31, 2021. Management fees and operating expenses charged to the Plan by the Custodians are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction to net appreciation (depreciation) in fair value of investments.

d. Notes Receivable from Participants (Participant Loans)

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are recorded as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2021 or 2020.

e. Payment of Benefits

Benefits are recorded when paid.

f. Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

g. Subsequent Events

The Plan Administrator has evaluated subsequent events from December 31, 2021 through October 14, 2022, the date the financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure.

Note 3 - Certified Information:

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by AUL and VALIC (the Custodians of the Plan).

Note 4 - Fair Value Measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Peninsula Humane Society & SPCA Retirement Plan

Notes to Financial Statements

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2021 and 2020.

Variable annuity contracts:

Variable annuity contracts held with VALIC are valued at the net asset value (NAV) per share as reported by each Fund, based on the market values of the underlying fund investments. The amount or frequency of transfers of all or part of the account value between various investment options during the purchase or payout period is not limited for transactions less than \$5,000. However, to hinder short-term trading, if an investor sells fund shares valued at \$5,000 or more, whether through an exchange, transfer or any other redemption, the investor will not be able to make a purchase of \$5,000 or more in that same fund for 30 calendar days. This policy applies only to investor-initiated trades of \$5,000 or more and does not apply to the plan-level or employer-initiated transactions; purchase transactions involving transfers of assets or rollover; retirement plan contributions, loans and distributions; Roth IRA conversions or IRA recharacterizations; systematic purchase or redemptions; or trades of less than \$5,000. Withdrawals of all or a portion of the account value may be done at any time during the purchase period if it is allowed under federal and state law and allowed under the plan. There are no restrictions regarding the frequency or minimum amount of the withdrawals.

Variable annuity contracts held with AUL are valued at the Accumulation Unit value as reported by AUL, based on the market value of the underlying mutual fund. The value of an Accumulation Unit reflects the income, gains, and losses and Investment Option Change before giving effect to any additions, withdrawals, or transfers. Certain withdrawals under the contract are subject to a withdrawal charge.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021, and 2020.

As of December 31, 2021	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

As of December 31, 2020	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Investments measured at net asset value (or its equivalent) using the practical expedient (a)	-	-	-	\$ 9,352,826
Investments, at fair value	-	-	-	\$ 9,352,826

- (a) In accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statement of Net Assets Available for Benefits.

Investments Measured Using the NAV (or its equivalent) per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the NAV (or its equivalent) per share practical expedient as of December 31, 2021 and 2020, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Categories	<u>2021</u>		<u>2020</u>		Unfunded Commitments	Redemption Frequency	Redemption Notice Period (number of business days)
	Number of Funds	Valuation	Number of Funds	Valuation			
Variable annuities (a)	69	\$ 10,882,525	76	\$ 9,352,826	n/a	no limit	1

- (a) Significant investments include equity variable annuities that seek growth of capital through investment in domestic and international common stocks and equity-related securities by investing in a diversified portfolio selected to track the overall market for common stocks publicly traded in the United States, as represented by a broad stock market index, and a diversified portfolio of common stocks that present the opportunity for exceptional growth and managed asset allocation funds that provide the highest return over time consistent with an emphasis on both capital growth and income by adjusting its investment in stock and bond funds based on the targeted retirement date.

Note 5 - Fixed Annuity Contracts:

The Plan has traditional fixed annuity guaranteed investment contracts with VALIC and AUL. The Custodians maintain the contributions in a general account. The respective account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Custodians are contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The crediting interest rate is based on a formula agreed upon with the issuer. For VALIC contracts, the interest rate may not be less than 2% on accounts established on or after December 1, 2003, and 3% for accounts established before December 1, 2003. Effective January 1, 2011, contracts issued to new participants have indexed guaranteed minimum interest rates. Such interest rates are reviewed on a monthly basis for resetting. For the AUL contract, the interest rate may not be less than 0%. The Guaranteed Rate of 1.0% for 2021 and 2020, is declared annually for the subsequent calendar year.

The VALIC guaranteed investment contracts do not permit the insurance company to terminate the agreement prior to the scheduled maturity date. The AUL guaranteed investment contract permits the insurance company to terminate the agreement if the Guaranteed Rate for the subsequent calendar year is not accepted by the Plan.

These investment contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value, which is the relevant measure because contract value is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the Custodians, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuers' ability to meet their financial obligations. The issuers' ability to meet their contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events may be different under each contract and include: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, and (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with participants.

Peninsula Humane Society & SPCA Retirement Plan

Notes to Financial Statements

In addition, certain events allow the issuers to terminate the contracts with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

Note 6 - Related-Party Transactions and Party-in-Interest Transactions:

Certain Plan investments are managed by the Custodians or affiliates of the Custodians therefore, these transactions qualify as party-in-interest transactions. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the party-in-interest prohibition.

Certain administrative functions are performed by officers or employees of the Employer. No such officer or employee receives compensation from the Plan.

AUL provides certain administrative services to the Plan pursuant to a Record Keeping Agreement with the Plan which are included in Administrative expenses in the Statement of Changes in Net Assets Available for Benefits.

Note 7 - Plan Termination:

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 8 - Tax Status:

The Plan has adopted a 403(b) volume submitter plan sponsored by OneAmerica Financial Partners, Inc. (OneAmerica), an affiliate of AUL. The OneAmerica plan has received a favorable opinion letter dated November 22, 2017 from the Internal Revenue Service as to the form of the plan being acceptable under section 403(b) of the Internal Revenue Code. This opinion on the acceptability of the form of the plan is not a ruling or determination as to whether the Plan qualified under Code section 403(b). The Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable provisions of the Internal Revenue Code.

Peninsula Humane Society & SPCA Retirement Plan

Notes to Financial Statements

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

Note 9 - Risks and Uncertainties:

The Plan provides for various investment options in any combination of variable and fixed annuity contracts offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

The TIAA-CREF Lifecycle Idx 2020 I represented 11% of Plan assets as of December 31, 2021. The AUL Stable Value Account represented 10% of Plan assets as of December 31, 2021.

The TIAA-CREF Lifecycle Idx 2020 I represented 11% of Plan assets as of December 31, 2020. The AUL Stable Value Account represented 12% of Plan assets as of December 31, 2020.
