Independent Auditors' Report

To the Administrative Committee and Management of the Ponce Bank Employee Stock Ownership Plan

Opinion

We have audited the financial statements of Ponce Bank Employee Stock Ownership Plan with 401(k) Provision (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Ponce Bank Employee Stock Ownership Plan with 401(k) Provisions as of December 31, 2021 and 2020, and the changes in its net assets available for benefits for the year ended December 31, 2021, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for 12 months from the date the financial statements are authorized for issuance.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule of Assets (Held at End of Year) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Ponce Bank Employee Stock Ownership Plan with 401(k) Provisions

Notes to Financial Statements

Years Ended December 31, 2021 and 2020

1. Plan Description and Basis of Presentation

The following brief description of the Ponce Bank Employee Stock Ownership Plan with 401(k) Provisions (the “Plan”) formerly known as the “Ponce Bank Employee Stock Ownership Plan” is provided for general information purposes only. Participants should refer to the Plan agreement for complete information. Ponce Bank together with Ponce Mortgage company, (collectively the “Company”), established the Plan effective as of January 1, 2017. The plan was amended as of January 1, 2021 to adopt the profit sharing provisions of the Ponce Bank 401(k) Plan (“401k Plan”), which was merged on January 29, 2021.

The Plan is intended to be an employee stock ownership plan within the meaning of Section 4975(e)(7) of the Code and is designed to invest primarily in Company Stock (as defined herein), which meets the requirements for qualifying employer securities under Code Section 409(l). The Plan also includes a cash or deferred arrangement under Section 401(k) of the Code, a discretionary contribution employer contribution feature and a matching contribution feature under 401(m). As of January 1, 2021, the Plan is intended to qualify as a safe harbor plan under Section 401(k)(12)(C) and provides for a qualified nonelective contributions as required therein. The Plan is administered by the Company. Pentegra Services, Inc. (“Pentegra”) acts as an independent plan trustee and Reliance Trust Co. (“Reliance”) acts as the custodian and record keeper. The Plan’s investment in PDL Community Bancorp’s common stock (“PDLB”) is held by the trustee of the Plan. Eligible employees are not eligible to make participant directed contributions into PDLB Stock.

On September 29, 2017, the Plan entered into a \$7,237,510 loan agreement with the Company, the proceeds of which were used to purchase 723,751 shares of PDLB at a price of \$10.00 per share for a total purchase price of \$7,237,510 and holds the common stock in a trust established under the Plan.

The borrowing is collateralized by the shares of PDLB and is guaranteed by the Company. The Company has no rights against shares of common stock once they are allocated to participants in accordance with the terms of the Plan. Accordingly, the financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to:

- a. the accounts of employees with rights in allocated common stock (allocated), and
- b. common stock not yet allocated to employees (unallocated).

On February 1, 2021, the Company completed the transfer of assets (\$8.5 million) from the previous 401(k) Plan administered by Fidelity Investments into this Plan, creating a combined 401k and ESOP plan (“KSOP”) administered by Pentegra.

Eligibility

Employees of the Company are eligible to participate in the Plan after 1 month of service and are over 21 years of age. Employer matching contributions and ESOP contributions will begin once the employees have met the requirement of 1 year with 1000 hours of service. Participants who do not have at least 1,000 hours of service during such Plan year or are not employed on the last working day of a Plan year are not eligible for an allocation of Company contributions for such year. The Plan now allows entry on a quarterly basis.

Contributions

Each year, participants may contribute up to 92% of pretax annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. All employees will be automatically enrolled with a flat elective deferral of 3%.

Ponce Bank Employee Stock Ownership Plan With 401(k) Provisions

The Company makes a “safe harbor” contribution to the Plan equal to at least 3% of each participant’s eligible compensation for the Plan year, as defined. Participants are immediately vested in their safe harbor contributions upon plan participation. For the year ended December 31, 2021 the company made a safe harbor match of 54,868.40 PDLB Stock at a value of \$10 per share (after a conversion rate of 1.39 the reported shares were 76,552.38). The stock was allocated into the ESOP fund in 2022. Additionally, the Bank under the approval of the Board of Directors may contribute cash or shares of company stock to the plan as part of an ESOP contribution. Employees must have met the eligibility requirements to participate in the ESOP portion of the plan to receive this contribution. Contributions are subject to certain Internal Revenue Service (“IRS”) limitations. Total employer contribution to the plan for 2021 was \$1.2 million.

The trustee also administers the payment of interest and principal on the loan.

The Company is obligated to make contributions in cash to the Plan which, when aggregated with the Plan’s dividends and interest earnings, equal the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on its loan.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant’s vested interest in his or her account. Distributions of a participant’s account balance shall be made in cash, except that distributions from the Participant’s Company Stock Account shall be made in Company Stock. In the event the participant’s account includes securities acquired with the proceeds of the exempt loan and such proceeds consist of more than one class of securities, the amount distributed shall include substantially the same proportion of each class of securities acquired with the proceeds of the exempt loan.

The distributions discussed above shall be based on the fair market value of each share multiplied by the number of shares credited to the participant’s company stock account, with appropriate adjustments to reflect intervening stock dividends, stock splits, stock redemptions, or similar changes to the number of outstanding shares. The fair market value of a share shall be determined as of the valuation date coinciding with or immediately following the date of the distribution request or, in the case of a transaction between the Plan and a disqualified person, determined as of the date of the transaction.

Voting Rights

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the trustee prior to the time that such rights are to be exercised. The trustee is not permitted to vote any allocated share for which instructions have not been given by a participant. The trustee is required, however, to vote any unallocated shares on behalf of the collective best interests of Plan participants and beneficiaries.

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. The account reflects the value of the Participant’s interest in the Plan. This Account shall include a Company Stock Account, which reflects the number of shares of Company Stock allocated to the Participant and an Investment account which reflects other investments allocated to the participant. The account represents the participants total economic interest in the plan.

Notes Receivable from Participants

Effective January 1, 2021, Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 reduced by the highest outstanding loan balance during the previous 12 months, or 50% of their vested account balance. The loans are secured by the balance in the participant’s account. The loan interest rate, determined quarterly, is set at 1% above the prime rate, as defined. Principal and interest is paid ratably through monthly payroll deductions. Interest rates as of December 31, 2021 were between (4.25%-6.50%).

Ponce Bank Employee Stock Ownership Plan With 401(k) Provisions

Vesting

If a participant's employment with the Company ends for any reason other than retirement, permanent disability, or death, he or she will vest in the balances in his or her account based on total years of service with the Company.

Participants are vested immediately in their 401K contributions and the Company's safe harbor non-elective contributions plus actual earnings thereon. Vesting in the Company's additional employer match or profit-sharing contribution portions of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service

ESOP portion of plan states that participants with less than 3 years of service are 0% vested. Participants are 100% vested after 3 years of service.

Diversification

Diversification is offered to all participants; the plan has several mutual funds available to invest in as well as placing funds into common stock. Each participant has their own account and can instruct where their contributions should be applied to. Participants are permitted to invest all or a portion of their company stock account into other investment options, however they are not permitted to move their balances in other investments and purchase common stock.

Forfeitures

Plan forfeitures are allocated to each participant's account based upon the relation of the participant's eligible compensation to total eligible compensation for the Plan year. There were no forfeitures allocated to participants during the year then ended December 31, 2021.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Put Options

In the event PDLB is distributed and is not publicly traded in the over-the-counter market or on a national securities exchange at the time of distribution, the participant, former participant or beneficiary shall have an option (the "Put") to require the Bank to purchase all of the shares actually distributed to such individual. The Put may be exercised at any time during the option period, 60 days following the day on which the participant or the beneficiary receives a distribution. The price paid for PDLB sold to the plan or the Bank pursuant to the Put shall be the fair value of each share multiplied by the number of shares to be sold under the Put, with appropriate adjustments to reflect intervening stock dividends, stock splits, stock redemptions, or similar changes to the number of outstanding shares. The fair value of a share shall be determined (A) as of the Valuation Date concurrent with or immediately preceding the date the Put is exercised, or (B) in the case of a transaction between the Plan and a disqualified person, determined as of the date of the transaction.

Ponce Bank Employee Stock Ownership Plan With 401(k) Provisions

Allocations

The financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to (a) the accounts of employees with rights in allocated stock ("allocated") and (b) stock not yet allocated to employees ("unallocated"), including shares that are committed to be released. Shares are released from collateral and become allocated generally in the period in which debt service is actually paid. Employer contributions made to the Trust in the form of cash or Company Stock for a Plan Year shall be allocated to the Accounts of Participants in the ratio of the Compensation of each Participant for the Plan Year to the total Compensation of all Participants for the Plan Year, provided that the Participant has completed 1,000 Hours of Service and is actively employed on the last date of the Plan Year.

Investment Valuation and Income Recognition

The shares of PDLB are reported at fair value. See note 4 for a discussion of the fair value measurements. Dividend income is accrued on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported on the average cost method. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Participant loans are classified as notes receivable from participants and are measured at their unpaid principal balance plus any accrued but unpaid interest. Notes receivable from participants are reported as investments on Form 5500. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Administrative Expenses

As provided in the Plan agreement, administrative expenses may be paid either by the Plan or by the Company. The Company paid the operating expenses of \$19 thousand for the Plan for the year ended December 31, 2021, and 2020.

Subsequent Events

Management has evaluated subsequent events through October 17, 2022, the date of the financial statements.

The Company allocated 54,868.40 Stock (after a conversion rate of 1.39 the reported shares were 76,552.38) shares to the ESOP fund settling the safe harbor contribution made during 2021.

Cost	\$ 1,775,200	\$ 5,307,510	\$ 7,082,710
Estimated fair value	\$ 1,865,735	\$ 5,578,193	\$ 7,443,928

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include: (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

PDL Community Bancorp common stock – The investment is considered a level 1 asset and is valued based upon unadjusted quoted prices in active markets.

Mutual funds – these investments are valued at the unadjusted closing price reported on the active market on which the individual securities are traded.

Ponce Bank Employee Stock Ownership Plan With 401(k) Provisions

Stable Value fund - The fair value of participation units held in the Reliance Trust Stable Value Fund (MetLife Series 25053, Class 0) is based on net asset value, as reported by the manager of the collective trust fund, Reliance Trust Company, and as supported by the unit prices of actual purchase and sale transactions occurring as of or close to the financial statement date. The Stable Value fund invests in the MetLife Group Annuity Contract 25053, which consist of separately managed investment portfolios in fixed income securities, and also enters into wrapper contracts, which are issued by third-parties and are designed to allow the Fund to maintain a constant net asset value. The fund provides for daily redemptions by the Plan at reported net asset value, with no advance notice requirements.

The fair market value of investments at December 31, 2021 are presented in the table below:

Investment	Fair Values			
	Level 1	Level 2	Level 3	Total
PDL Community Bancorp common stock	\$ 10,162,992	\$ -	\$ -	\$ 10,162,992
Mutual Funds	9,453,265	-	-	9,453,265
Sub total	<u>\$ 19,616,257</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 19,616,257</u>
MetLife GAC Fund*				720,170
Total				<u><u>\$ 20,336,427</u></u>

*In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient to fair value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There were no transfers between level 1, 2 and 3 for the year ended December 31, 2021.

5. Loans Payable

On September 29, 2017, the Plan entered into a \$7,237,510 loan agreement with the Company. The proceeds of the loan were used to purchase shares of PDLB. Unallocated shares are collateral for the loan. Shares are released from collateral and allocated to participants as payments of principal and interest are made. The number of shares released in any year is determined by multiplying the total number of shares of PDLB held in the loan suspense account by the total amount of principal and interest payments made on the acquisition loan for the year, of which is the expected total of all principal and interest payments remaining on the acquisition loan as of the beginning of the plan year. There were 96,500 shares (after conversion rate of 1.39 shares were 134,636.80) released and allocated for the Plan year ended December 31, 2021. The loan bears interest at a fixed rate of 2.60%.

Ponce Bank Employee Stock Ownership Plan With 401(k) Provisions

The agreement provides for the loan to be repaid over 15 years. The amortized value of the note payable as of December 31, 2021, was approximately \$4,455,458 determined by using interest rates currently available for issuance of debt with similar terms, maturity dates, and nonperformance risk. Scheduled principal payments during the next 5 years and thereafter are as follows:

2022	395,867
2023	406,160
2024	416,720
2025	427,555
Thereafter	<u>2,809,156</u>
Total	<u>\$ 4,455,458</u>

6. Company Dividends

There were no dividends paid by the Company to the Plan during the year ended December 31, 2021.

7. Related Party and Party-in-Interest Transactions

The Plan invests in shares of PDLB and has indebtedness guaranteed by the Company. These are related party and party in interest transactions. As described in Note 1, the Company pays all plan expenses. Pentegra is the trustee as defined by the Plan, and therefore these transactions also qualify as party-in-interest transactions. Pentegra manages Company contributions, invests cash received and makes distributions to participants. Plan investments are held by Reliance as custodian who is also the record keeper, and therefore these transactions qualify as party-in-interest transactions. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Fees paid to the Trustee totaled \$19 thousand for the year ended December 31, 2021.

8. Risks and Uncertainties

The Plan invests in various investment securities, which are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment, it is at least reasonably possible that changes in the value of the investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

9. Plan Termination

Although it has not expressed any intent to do so, the Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon termination of the Plan, the Company will direct the trustee to pay all liabilities and expenses of the Plan and to sell shares of PDLB held as collateral to the extent it determines such sale to be necessary in order to repay the loan. Subsequently, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the Internal Revenue Code (the "IRC"). In the event the Plan is terminated, participants would become 100% vested.

10. Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated June 27, 2018, stating that the Plan is qualified under the IRC and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification.

Ponce Bank Employee Stock Ownership Plan With 401(k) Provisions

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there were no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan is no longer subject to tax examinations for the years prior to 2018.
