Independent Auditor's Report

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Martin Specialty Coatings, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise of the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of Martin Specialty Coatings, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Martin Specialty Coatings, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Martin Specialty Coatings, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Martin Specialty Coatings, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Report on Compiled 2020 Financial Statement

Plan management is responsible for the accompanying financial statement of Martin Specialty Coatings, Inc. 401(k) Plan, which comprises the statement of net assets available for benefits as of December 31, 2020. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statement nor were we required to perform any procedures to verify the accuracy of completeness of the information provided by plan management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on the financial statement.

MARTIN SPECIALTY COATINGS, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

1. Description of Plan

Effective January 1, 1996, Martin Specialty Coatings, Inc. (the “Sponsor”) adopted Martin Specialty Coatings, Inc. 401(k) Plan (the “Plan”). The following description of the Martin Specialty Coatings, Inc. 401(k) Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

(a) General. The Plan is a defined contribution plan covering all employees of the Sponsor. The Plan is subject to the universal availability rule; therefore, all employees eligible to contribute under the universal availability rule are eligible to contribute to the Plan. Employees who are employed on the last day of the Plan year or who have completed more than one hour of service during the Plan year are eligible to receive employer contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

(b) Employee contributions. Participants are permitted to contribute up to the maximum deferral amount indicated by the Internal Revenue Service (IRS), to the Plan on a tax-deferred or post-tax ROTH basis. Transfers from qualified plans are allowed under the provisions of the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan.

(c) Employer contributions. The Company provides a matching contribution calculated on a year of service formula. The company will match 100% of deferrals up to:

Less than 1 year	0.00%
1 - 4 years	1.50%
5 - 9 years	2.25%
10 - 14 years	3.00%
15 - 19 years	3.75%
20 - 24 years	4.75%
25+ years	6.00%

(d) Participant accounts. Each participant’s account is credited with the participant’s voluntary contribution, employer matching contributions and Plan earnings, which are allocated proportionately among all participants based on their investment in each fund.

(e) Vesting. Participants are fully vested in their employee contributions plus actual earnings thereon. Vesting in employer matching contributions is subject to a six (6) year graded vesting schedule.

- (f) **Forfeitures.** Forfeitures of non-vested Company contributions are used at the Company's discretion. At December 31, 2021 and 2020, the balance in the forfeitures account was \$4,027 and \$3,303, respectively.
- (g) **Payment of benefits.** On termination of service due to death, disability, retirement, or upon attaining age 59½, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or a partial withdrawal of at least \$1,000 or more. If a participant incurs a financial hardship, he or she may request a distribution from his or her salary deferral account only.
- (h) **Notes receivable from participants.** Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or ½ of the current value of the vested interest of the participant's account. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through semi-monthly payroll deductions.

2. **Summary of Significant Accounting Policies**

- (a) **Basis of accounting.** The financial statements of the Plan are prepared under the accrual method of accounting, except for the cash basis recording of benefits paid.
- (b) **Investment valuation and income recognition.** Investments are reported at fair value, (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 4 for discussion of fair value measurements.
- Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.
- (c) **Use of estimates.** The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of Plan assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.
- (d) **Payment of benefits.** Benefits are recorded when paid.
- (e) **Administrative expenses.** Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

(f) Notes receivable from participants Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

3. Information Certified by the Custodian

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2021 and 2020, and net changes in fair value of mutual funds for the year ended December 31, 2021, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Plan's custodian.

4. Fair Value Measurements

FASB ASC #820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC #820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 or 2020.

Pooled separate account: The shares of the underlying fund are valued at net asset value (NAV) on a daily basis.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2021 and 2020:

Assets at Fair Value as of December 31, 2021

	Level 1	Level 2	Level 3	Investments Measured at NAV	Total
Pooled separate accounts	\$ -	\$ -	\$ -	\$ 2,425,649	\$ 2,425,649
Total assets at fair value	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 2,425,649</u>	<u>\$ 2,425,649</u>

Assets at Fair Value as of December 31, 2020

	Level 1	Level 2	Level 3	Investments Measured at NAV	Total
Pooled separate accounts	\$ -	\$ -	\$ -	\$ 2,299,785	\$ 2,299,785
Total assets at fair value	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 2,299,785</u>	<u>\$ 2,299,785</u>

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2021 and 2020, respectively.

December 31, 2021	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Pooled Separate Accounts	\$ 2,425,649	N/A	Daily	N/A

December 31, 2020	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Pooled Separate Accounts	\$ 2,299,785	N/A	Daily	N/A

5. Plan Termination

Although it has not expressed any intent to do so, the Company has reserved the right to terminate the Plan or reduce or cease contributions subject to the provisions of ERISA. However, no such action may deprive any participant or beneficiary under the Plan of any vested right.

6. Fully Benefit-Responsive Investment Contracts

The Plan invests in a traditional investment contract. The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The investment contract held by the Plan is a guaranteed investment contract in which the issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer and is declared in advance. The rates are periodically reviewed for resetting.

Generally, the issuer processes distributions and transfers from the investment within a reasonable period of time after a participant request is received in good order. However, under certain conditions, as described in the Account Rider of the Group Annuity Contract, transfers from the Fixed Income Account may be limited or deferred, and distributions may be subject to a market value adjustment.

7. Plan's Tax Status

The Company adopted a Prototype Standardized Profit-Sharing plan with a cash or deferral arrangement which received a favorable opinion letter from the Internal Revenue Service (IRS) on March 31, 2014, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income tax has been included in the Plan's financial statements.

8. Party-In-Interest

The Plan Sponsor is party to an agreement with Equitable Life Insurance Company. Under this agreement, these parties provide investment management services to the Plan. The above transactions qualify as party-in-interest transactions.

9. **Reconciliation of Financial Statements to Schedule H of Form 5500**

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2021, to Schedule H of Form 5500:

	<u>2021</u>	<u>2020</u>
Net assets available for benefits per the financial statements	\$ 2,501,080	\$ 2,591,418
Less-amounts accrued for employer match receivable	(1,109)	(1,019)
Less-amounts accrued for participant contributions receivable	(4,303)	(2,810)
Net assets available for benefits per Schedule H to the Form 5500	<u>\$ 2,495,668</u>	<u>\$ 2,587,589</u>
Participant contributions per the financial statements	\$ 225,734	
Add-prior year participant contribution receivable	2,810	
Less-current year participant contributions receivable	(4,303)	
Participant contributions per Schedule H to the Form 5500	<u>\$ 224,241</u>	
Employer contributions per the financial statements	\$ 83,890	
Add-prior year employer contribution receivable	1,019	
Less-current year employer contributions receivable	(1,109)	
Employer contributions per Schedule H to the Form 5500	<u>\$ 83,800</u>	

The differences noted above are a result of the Form 5500 being prepared on the cash-basis method of accounting and the financial statements being prepared on the accrual-basis.

10. **Subsequent Events**

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transaction and events that affect the financial statements. Subsequent events have been evaluated through October 14, 2022, which is the date the financial statements were available to be issued.
