Retirement Plan Administrative Committee of ABM Industries, Inc.
OneSource Employees' Retirement Pension Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of OneSource Employees' Retirement Pension Plan, an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements.)

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of OneSource Employees' Retirement Pension Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about OneSource Employees' Retirement Pension Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of OneSource Employees' Retirement Pension Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about OneSource Employees' Retirement Pension Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of OneSource Employees' Retirement Pension Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 28, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations under ERISA.

Sincerely,

1. Description of the Plan

The following brief description of the OneSource Employees' Retirement Pension Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined benefit plan, which was frozen by International Service System, Inc. ("ISS") effective April 30, 1989. ISS subsequently changed its name to OneSource Holdings, LLC (the "Company"). The Company is a wholly-owned and indirect subsidiary of ABM Industries, Inc. ("ABM"). The Plan was available to all non-union employees who had been employed by ISS for the specified time, as defined by the Plan.

In June 1993, ISS acquired National Cleaning Group, Inc. ("National"). Effective December 31, 1993, the Retirement Plans for Employees of National Cleaning Contractors, Inc. and its Participating Affiliated Companies ("Salaried Plan") and the Retirement Plan for Hourly-Paid Employees of National Cleaning Contractors, Inc. and its Participating Affiliated Companies ("Hourly Plan") were frozen and merged into the ISS Plan. Hereafter, the three plans are collectively referred to as the Plan. All participants of National's Salaried Plan and Hourly Plan remain subject to the rules of their originating plan documents before the merger.

The Plan is administered by the Retirement Plan Administrative Committee at ABM, which was appointed by the Board of Directors of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Pension benefits

At December 31, 2021 and 2020, all participants are fully vested in the Plan and eligible to receive retirement benefits upon attaining retirement age. As the three plans are frozen, no additional benefits have been earned after April 30, 1989 for participants of the ISS Plan and after December 31, 1993 for participants of National's Salaried Plan and Hourly Plan. However, nonvested participants at that date were eligible to vest in benefits accrued to that date upon completion of the vesting service requirement.

For salaried participants, normal retirement benefits for each year of eligible service are equal to 0.85% of the first \$9,000 of compensation plus 1.5% of any portion of compensation over \$9,000. For hourly participants, members who attain the normal retirement age are entitled to receive an annual pension benefit up to a maximum of \$48 for each year of service after January 1, 1990. For the ISS Plan's original participants at April 30, 1989, normal retirement benefits are 1.5% of defined compensation multiplied by benefit accrual years (not in excess of 30 years), less 83-1/3% of the employee's projected Social Security benefit. The ISS Plan provides that in no event shall the Social Security offset result in a participant receiving less than 30% of the participant's normal retirement benefit.

The Plan's normal retirement age is 65 years. Early retirement benefits are available at a reduced amount, beginning at age 55 or as early as age 50 if required years of service have been credited.

2. Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated Plan benefits at the date of the financial statements. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are held by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company, the Custodian, and are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit payments

Benefit payments are recorded when paid to terminated participants or retirees.

Administrative expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan document. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan. In addition, certain investment related expenses are included in net appreciation of fair value of investments.

3. Funding Policy

Contributions to provide benefits under the Plan are made solely by the Company. The Company's funding policy is to make cash contributions to the Plan in the amount as determined by Principal Life Insurance Company (the "Actuary"). During 2021, the Company did not make contributions to the Plan as there were no minimum funding requirements based on funded status as of the beginning of the plan year. The Plan is considered fully funded for ERISA requirements.

4. Actuarial Present Value of Accumulated Plan Benefits

Accumulated Plan benefits are those future periodic payments, including lump-sum distributions, which are attributable under the Plan's provisions to vested participants whose benefit was calculated when the Plan was frozen. Accumulated Plan benefits include vested benefits expected to be paid to (1) retired or terminated participants or beneficiaries, (2) beneficiaries of participants who have died, and (3) active participants or their beneficiaries.

OneSource Employees' Retirement Pension Plan
Notes to Financial Statements

The actuarial present value of accumulated benefits is determined by the Actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The Plan's benefit information date is a December 31 approach for the presentation of the present value of accumulated Plan benefits.

The significant actuarial assumptions used in the valuation as of December 31, 2021 and 2020 include (a) a discount rate of 5.0% for 2021 and 4.75% for 2020, (b) return on investment rates of 5.0% for 2021 and 3.32% to 5.47% for 2020, (c) no adjustments are made for administrative expenses, (d) inflation rate of 2.40% for 2021 and 2.25% for 2020, (e) all employees will retire by the age of 65; and (f) mortality will occur as stated in the RP 2012 Fully Generational Mortality Table with a Scale MP-2021 and 2020. During 2021, the calculation was refined to apply late benefit factors to participants over the age of 65 on a more specific individual basis. This change resulted in a larger actuarial present value and has been reflected as a component of the changes in assumptions below. The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated Plan benefits.

Under the above assumptions, the actuarial present value of accumulated Plan benefits, as of December 31, 2021 and 2020, were as follows:

	<u>2021</u>	<u>2020</u>
Actuarial present value of accumulated Plan benefits:		
Participants currently receiving payment	\$ 1,495,251	\$ 1,611,857
Vested benefits – active and terminated participants	<u>5,954,062</u>	<u>5,351,385</u>
Total actuarial present value of accumulated Plan benefits	<u>\$ 7,449,313</u>	<u>\$ 6,963,242</u>

Changes in the actuarial present value of accumulated Plan benefits for the year ended December 31, 2021, were as follows:

Actuarial present value of accumulated Plan benefits at December 31, 2020	<u>\$ 6,963,242</u>
Increase (decrease) during the year attributable to:	
Interest accumulation	350,694
Benefits paid to participants	(280,803)
Assumption changes	384,269
Benefits accumulated	<u>31,911</u>
Net change	<u>486,071</u>

Actuarial present value of accumulated Plan benefits at December 31, 2021 \$ 7,449,313

5. Unaudited Information Certified by Qualified Institution

The accompanying financial statements as of December 31, 2021 and 2020 and for the year ended December 31, 2021, include the following unaudited information that was obtained from data prepared and certified to as complete and accurate by the Qualified Institution:

	<u>2021</u>	<u>2020</u>
Statements of Net Assets Available for Benefits		
Cash	\$ -	\$ 28,196
Investments at fair value	<u>8,283,677</u>	<u>7,942,166</u>

Statement of Changes in Net Assets Available for Benefits	
Net appreciation in fair value of investments	\$ 608,400
Interest, dividends and other income	59,888

The Plan's investment appreciation includes gains and losses on investments bought and sold, as well as held during the year. Additionally, the information included in Note 6 was certified by the Qualified Institution.

6. Fair Value Measurements

Fair value as defined under U.S. GAAP is an exit price, representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. U.S. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include:

Level 1: Observable inputs such as quoted prices in active markets.

Level 2: Inputs other than quoted prices in active markets that is either directly or indirectly observable.

Level 3: Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2021 and 2020. The following is a description of the valuation methodologies used for assets measured at fair value.

Money market funds

This investment is in public investment vehicles valued using the Net Asset Value ("NAV") provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within Level 1 of the valuation hierarchy.

Mutual funds

These investments are public investment vehicles valued using the NAV provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within Level 1 of the valuation hierarchy.

Pooled separate accounts

The Plan invests in pooled separate accounts for which quoted prices are not available in active markets for identical instruments. The Plan utilizes the NAV of units, as determined by the qualified institution, as the estimated fair value. Because quoted prices in active markets for identical assets are not available, these prices are determined using observable market information such as quotes from less active markets and/or quoted prices of securities with similar characteristics.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020:

	2021			Fair Value
	Level 1	Level 2	Level 3	
Money market funds	\$ -	\$ -	\$ -	\$ -
Mutual funds	-	-	-	-
Investments measured at NAV (a)				<u>8,283,677</u>
Total investments at fair value	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 8,283,677</u>
	2020			Fair Value
	Level 1	Level 2	Level 3	
Money market funds	\$ 51,017	\$ -	\$ -	\$ 51,017
Mutual funds	<u>7,891,149</u>	<u>-</u>	<u>-</u>	<u>7,891,149</u>
Total investments at fair value	<u>\$ 7,942,166</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 7,942,166</u>

(a) In accordance with Topic 820, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2021. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value at December 31, 2021	Fair Value at December 31, 2020	Unfunded Commitments	Other Redemption Restrictions	Redemption Notice Period
Pooled Separate accounts	\$ 8,283,677	\$ -	None	Daily	None

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net appreciation in fair value of investments in the statement of changes in net assets available for benefits.

7. Exempt Party-In-Interest Transactions

Fees paid by the Plan for the investment management services were approximately \$4,800 for the year ended December 31, 2021 and qualify as exempt party-in-interest transactions.

8. Tax Status

The Internal Revenue Service ("IRS") has informed the Company by a determination letter dated July 23, 2012, that the Plan as amended and its related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could be material to the financial statements.

10. Plan Termination

Although it has not expressed any intentions to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of termination, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

Priority I - To each participant's accrued benefit derived from the participant's voluntary contributions.

Priority II - To each participant's accrued benefit derived from the participant's mandatory contributions made under any provision.

Priority III - To the extent permitted by ERISA, to provide accrued benefits for each participant who prior to the effective date of the termination of the Plan had begun to receive benefits at least three years prior, begun to receive retirement or disability benefits at least three years prior, or would have been eligible to receive retirement benefits at least three years prior.

Priority IV - To all other participants to the extent such benefits are guaranteed or would be guaranteed pursuant to ERISA taking into account applicable dollar limits.

Priority V - To provide the vested accrued benefits which are in excess of the amounts covered in Priority IV.

Priority VI - To provide all other accrued benefits under the Plan.

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation ("PBGC") if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations, and may also depend on the financial condition of the Company and the level of benefits guaranteed by the PBGC.

11. Subsequent Events

The Plan has evaluated subsequent events through October 13, 2022, the date the financial statements were available to be issued.
