Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Summit Medical Center, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021 and the related statement of changes in net assets available for benefits for the year then ended and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from either agents on behalf of a qualified institution or a qualified institution as of and for the year ended December 31, 2021 stating that the certified investment information, as described in *Note 3* to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the "Auditor's Responsibilities for the Audit of the 2021 Financial Statements" section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by either agents on behalf of a qualified institution or a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified to by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the “Auditor’s Responsibilities for the Audit of the 2021 Financial Statements” section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the “Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements” section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by either agents on behalf of a qualified institution or a qualified institution agrees to, or is derived from, in

all material respects, the information prepared and certified to by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified to by agents on behalf of the qualified institution. In our report dated October 12, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and, accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the certified information, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1: Description of the Plan

General

The following description of Summit Medical Center, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan sponsored by Summit Medical Center, LLC (the Company) for the benefit of its employees upon hire, except for those employees covered by a collective bargaining agreement, leased employees, and any employees who are non-resident aliens who received no earned income from services performed within the United States. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA).

On December 31, 2020, Empower Retirement, LLC (Empower) acquired the retirement business of Massachusetts Mutual Life Insurance Company (MassMutual). Empower is an affiliate of Great-West Life & Annuity Insurance Company (Great-West).

Effective with the transfer of plan assets in September 2021, Fidelity Management Trust Company (Fidelity) is the trustee of the Plan and Fidelity Workplace Services, LLC (FWS) serves as the record-keeper. Prior to the transfer of plan assets to Fidelity, Talcott Resolution Life Insurance Company (formerly named Hartford Life Insurance Company) served as plan custodian and Great-West served as administrative agent of the Plan. Great-West and MassMutual (an affiliate of Empower) also served as the Plan's record-keeper and investment advisor.

Contributions

The Plan permits eligible employees through a pre-tax salary deferral election to have the Company make annual contributions of up to 80% of their eligible compensation. Employee rollover contributions are also permitted. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Company makes discretionary matching contributions, which were 100% of employees' salary deferral amounts on the first 3% of employees' compensation for 2021 and 2020. Employees must have worked 500 hours to receive an allocation of the Company's matching contributions. The Company's profit-sharing contributions are discretionary as determined by the Company's Board of Directors. No profit-sharing contributions were made for 2021 or 2020. Contributions are subject to certain limitations.

Effective January 1, 2020, the Plan was amended to change the description of eligible compensation to exclude bonuses.

Participant Investment Account Options

Each participant has the option of directing their contributions into any of the various investment options offered by the Plan and may change the allocation daily.

Summit Medical Center, LLC 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions, and plan earnings and is charged with an allocation of administrative expenses.

Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in the Company's contribution portion of their accounts plus earnings thereon is based on years of continuous service. Participants must work 1,000 hours during the plan year to receive a vesting credit for the year. A participant is fully vested after three years of continuous service. A participant will become fully vested while employed for reasons of death, disability, or attainment of retirement age.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate is equal to the prime rate. Principal and interest are paid ratably through monthly payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or other reasons, a participant may receive a lump-sum amount equal to the value of the vested interest in their account or roll the vested account balance into another qualified plan.

Forfeited Accounts

At December 31, 2021 and 2020, forfeited nonvested accounts totaled approximately \$57,200 and \$19,600, respectively. These accounts will be used for any permissible method, including restoring forfeitures, reducing future company contributions, or paying plan expenses. Also, in 2021 and 2020, approximately \$100 and \$2,600, respectively, of forfeited nonvested accounts were used to reduce company contributions and pay plan expenses.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the

Summit Medical Center, LLC 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

portion of net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Quoted market prices, if available, are used to value investments. Mutual funds and money market mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year-end.

Pooled separate accounts are valued at estimated fair value as provided by MassMutual.

Fully benefit-responsive investment contracts are valued at contract value. Contract value represents contributions made under the contract, plus interest at the contract rate, less participant withdrawals and administration expenses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan at the Company's discretion.

Note 3: Certification of Plan Custodian and Trustee

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the administrative agents to the Plan's custodian and trustee, qualified institutions, have certified the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020
- Investment income and interest income on notes receivable from participants as shown in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2021
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of December 31, 2021

Fidelity, the trustee of the Plan, certifies as of December 31, 2021 and for the period from September 1, 2021 through December 31, 2021. Great-West, as agent to Talcott Resolution Life Insurance Company, the custodian of the Plan, have certified the above information as of December 31, 2020 and for the period from January 1, 2021 through August 31, 2021.

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

Note 4: Related-Party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

Certain plan investments are shares of mutual funds and money market mutual funds managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Certain fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid through revenue-sharing rather than a direct payment. The Company directly pays certain fees related to the Plan's operations.

The Plan paid approximately \$3,700 and \$5,200 of record-keeping fees to MassMutual and Fidelity, respectively, during the year ended December 31, 2021. The Plan also paid approximately \$2,600 of administration fees to The Allocation Company during the year ended December 31, 2021. The Company provides certain administrative services at no cost to the Plan.

Note 5: Disclosures About Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. The hierarchy comprises three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets
- Level 3** Unobservable inputs supported by little or no market activity and significant to the fair value of the assets

Recurring Measurements

The following table presents the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31:

	Fair Value	Fair Value Measurements Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
2021				
Mutual funds	\$ 4,857,836	\$ 4,857,836	\$ -	\$ -
Money market mutual fund	<u>57,210</u>	<u>57,210</u>	<u>-</u>	<u>-</u>
Total assets in the fair value hierarchy	<u>\$ 4,915,046</u>	<u>\$ 4,915,046</u>	<u>\$ -</u>	<u>\$ -</u>
2020				
Pooled separate account	<u>\$ 3,879,503</u>	<u>\$ -</u>	<u>\$ 3,879,503</u>	<u>\$ -</u>

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended December 31, 2021 and 2020. The Plan had no liabilities measured at fair value on a

Summit Medical Center, LLC 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, investments are classified within Level 1 of the valuation hierarchy. Investments, including mutual funds and money market mutual funds, are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of investments with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections, and cash flows. Such investments are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, investments are classified within Level 3 of the hierarchy. The Plan held no Level 2 or Level 3 investments at December 31, 2021. The Plan held no Level 1 or Level 3 investments at December 31, 2020.

Note 6: Investment Contract with Standard – 2021

In 2021, the Plan entered into a fully benefit-responsive investment contract with Standard Insurance Company (Standard) in the form of a group annuity contract that includes a guaranteed fixed account as an investment option. Standard maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The group annuity contract issuer is contractually obligated to repay the principal and a specific interest rate that is guaranteed to the Plan.

As described in the basis of accounting disclosure, because the group annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. Contract value, as reported to the Plan by Standard, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: 1) termination of the contract, 2) spin-offs, 3) divestitures, 4) layoffs, 5) corporate relocation, 6) partial or total plan termination, 7) retirement incentive programs, and 8) the liberalization of plan withdrawal or transfer rules. Standard may terminate the contract with 30 days of advance written notice to the contract owner for reasonable cause, which includes the contract owner's failure to abide by state or federal law, failure to reduce performance necessary to comply with the terms of the contract, plan disqualification, and full or partial termination of the Plan. Upon termination by Standard, a market value adjustment may apply. The plan administrator does not believe the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Summit Medical Center, LLC 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

Other than the specific termination clauses discussed above, the group annuity contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The carrying value of the guaranteed fixed account, considered a traditional investment contract, is \$50,289 at December 31, 2021.

Note 7: Investment Contract with Custodian – 2020

In 2010, the Plan entered into a fully benefit-responsive investment contract with TRLIC. TRLIC maintains the contributions in a general account. The account is credited with interest at the contract rate and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate guaranteed to the Plan.

As described in the basis of accounting disclosure, because the guaranteed investment contract is fully benefit-responsive, contract value was the relevant measurement attribute for that portion of net assets available for benefits. Contract value, as reported to the Plan by TRLIC's administrative agent, Great-West, represented contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants were able to direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise.

Certain events limited the ability of the Plan to transact at contract value with the issuer. Such events included the following: 1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), 2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, 3) bankruptcy of the Company or other company events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or 4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to written request of discontinuance and must be 90 days from the date of the request. However, effective with the change to Fidelity, as discussed in *Note 1*, the Plan terminated its contract with TRLIC in 2020.

The carrying value of the guaranteed investment contract, considered a traditional investment contract, was \$847,791 at December 31, 2020.

The contract was terminated with the transfer of plan assets to Fidelity during 2021.

Note 8: Other Receivables

Certain operational issues related to the definition of compensation were identified that resulted in calculating a qualified nonelective contribution (QNEC) payable to the Plan. This receivable is

Summit Medical Center, LLC 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

included in other employer contributions receivable on the accompanying statements of net assets available for benefits. The Company intends to correct these operational issues and fund the QNEC through the IRS' Voluntary Correction Program (VCP), which is in process with the Plan's ERISA counsel. The amounts included an estimate of lost earnings and will be funded to the Plan upon completion of the VCP. Management does not believe there will be a significant effect from these operational issues that has not already been considered in the Plan's financial statements.

Note 9: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

Note 10: Tax Status

Effective September 1, 2021, the Plan operates under a nonstandardized adoption agreement in connection with a prototype retirement plan and trust/custodial document sponsored by Fidelity Management & Research Company, LLC. This prototype plan document has been filed with the appropriate agency. The Plan has not obtained or requested a determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Through August 31, 2021, the Plan operated under a nonstandardized adoption agreement in connection with a prototype retirement plan and trust/custodial document sponsored by CCH Incorporated dba ftwilliam.com. This prototype plan document has been filed with the appropriate agency. The Plan has not obtained or requested a determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax-exempt through August 31, 2021.

Note 11: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

Additionally, the outbreak of the SARS-CoV-2 virus and the incidence of COVID-19, which was declared a pandemic by the World Health Organization on March 11, 2020, has led to adverse impacts on the U.S. and global economies. Economic uncertainties have arisen that have resulted in significant volatility in the investment markets and may continue to impact the value of plan

assets. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

Note 12: Subsequent Events

Subsequent events have been evaluated through October 13, 2022, which is the date the financial statements were available to be issued.
