INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
East Texas Precast 401(k) Plan
Houston, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the East Texas Precast 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the East Texas Precast 401(k) Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of, and for the year ended December 31, 2021 stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section,

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of East Texas Precast 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about East Texas Precast 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements were available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the 2021 Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the East Texas Precast 401(k) Plan 's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about East Texas Precast 401(k) Plan 's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter – 2021 Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, line 4i – Schedule of Assets (Held at End of Year) and Schedule H, line 4a – Schedule of Delinquent Participant Contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of East Texas Precast 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 8, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE A – Description of Plan

The following description of East Texas Precast 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. *General* - The Plan is a defined contribution plan established January 1, 2007, covering all employees of East Texas Precast, LLC (except union employees) that have completed three consecutive months of service with at least 160 hours of service per month. Upon eligibility participants can choose to enter the Plan on the first day of the month coincident with or following the date such requirements were satisfied. The Plan operates as a Safe Harbor 401(k) Plan in order to satisfy certain non-discrimination testing requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and subsequent related amendments and revisions. Effective January 1, 2021 Gulf Shore Erectors, LLC, collectively with East Texas Precast, LLC known as the ("Company") entered into a participation agreement, electing to become a participating employer in the East Texas Precast 401(k) Plan, agreeing to be bound by, all of the elections granted under the provisions of the Plan.

2. *Contributions* - Qualified participants may elect to defer a percent of their salary at each pay period. A participant's contribution may not exceed an amount determined by the Internal Revenue Service each calendar year. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). Participants direct the investing of the contributions in any of the Plan's available investment options. For the years ending December 31, 2021 and 2020 the Company elected to make safe harbor matching contributions in an amount equal to the sum of (1) 100% of each eligible participant's 401(k) contributions (including "catch-up contributions") up to 5% of compensation for the plan year. For the year ended December 31, 2021, the Company made $189,654 in matching contributions.

3. *Participant Accounts*- Each participant's account is credited with the participant's contribution, the Company's safe harbor contribution and Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. *Vesting* - Participants are vested immediately in their voluntary contributions, including rollover contributions plus actual earnings thereon as well as in the Company's safe harbor contributions.

NOTE A – Description of Plan – continued

5. *Notes Receivable From Participants* – Participants who are active employees may borrow against their vested account balances a minimum of $1,000 up to a maximum amount equal to the lesser of 50% of their vested account balance or $50,000. The loans, in the form of promissory notes, are secured by the balances in the participant's account and bear interest at reasonable rates, which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions and generally repaid within 5 years.

6. *Payment of Benefits* - Subsequent to termination of service, a participant may request to receive payment either in a lump sum amount equal to the value of his or her vested account balance or to continue in the Plan in such a manner as though the employee had not terminated his eligibility, if the participant's account balance is greater than $5,000. If the participant's account balance is less than $5,000, the participant will receive payment in a lump sum amount. In addition to benefit payments made due to termination of service, the Plan also allows for hardship distributions from any account in which the participant is 100% vested. In-service distributions are permitted from all fully-vested participant accounts for participants who have attained age fifty nine and one-half.

7. *Forfeiture Accounts* – Participants possess a completely vested interest in any contributions they make, and the earnings thereupon, to their personal benefit account, as well as in their employer safe harbor matching contributions and their earnings thereupon. Ordinarily, the Plan would have no forfeiture balance, however, there were instances of over contributing to certain participants during the year. These over match amounts have been corrected in the individual accounts and those monies have been moved to the forfeiture account. The plan stipulates that forfeitures shall be used to reduce any employer contributions made. No forfeitures have been used to reduce employer contributions to date, and the amount of forfeitures reported were $24,775 and $24,902 as of December 31, 2021 and 2020, respectively.

NOTE B – Summary of Accounting Policies

Basis of Accounting

The financial statements have been prepared under the accrual method of accounting in conformity with generally accepted accounting principles (GAAP).

NOTE B – Summary of Accounting Policies - continued

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation

Investments in pooled separate accounts are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Benefit Payments

Benefits are recorded when paid.

Expenses

Investment related expenses are included in net appreciation of fair value of investments. Fees related to certain distributions are charged directly to the participant's account. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements.

Recently Issued Accounting Standards

Recent accounting pronouncements issued by the Financial Accounting Standards Board (FASB) did not or are not believed by management to have a material impact on the Plan's present or future financial statements.

NOTE C – Fair Value Measurements

FASB ASC Codification 820, Fair *Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. As of December 31, 2021 and 2020, all of the plans investments, with the exception of interest bearing cash measured at Level 1, are measured using NAV as a practical expedient.

Interest Bearing Cash: Interest bearing cash is valued at the market value of cash held by the Plan at year end and are measured at level 1.

Pooled separate accounts (PSA): Valued at fair value using the net asset value (NAV) as a practical expedient.

These funds are considered open-end mutual funds, meaning that the fund is ready to redeem its shares at any time and offers its shares for sale to the public, either through retail outlets or through institutional investors continuously. For institutional funds, NAV's are received daily from fund managers, and the managers stand ready to transact at these quoted amounts.

Were the plan to initiate a full redemption of the trust, the insurance company custodian (Ameritas Life) reserves the right to temporarily delay payment from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The insurance company custodian (Ameritas Life) transacts in these funds on a daily basis as part of the separate account trading activity.

The calculation of the NAV for funds composed of other funds (e.g., retirement target date funds) is essentially the same as the calculation of the NAV for any other fund: the total market value of assets across all underlying funds less any liabilities is divided by the outstanding shares. Again, this resulting NAV is published and/or the fund managers are ready to transact at the quoted prices.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE C – Fair Value Measurements - continued

The following tables summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2021 and 2020:

	2021	2020

NOTE D – Investments

The investments presented as of December 31, 2021 and 2020 were certified as complete and accurate by Ameritas Life Insurance Corp. as of December 31, 2021 and 2020 and for the year ending December 31, 2021. Ameritas Life Insurance Corp. also certified to the completeness and accuracy (including gains and losses on investments bought and sold, as well as held during the year) of $198,040 in net appreciation in the fair value of investments for the year ended December 31, 2021, respectively.

NOTE E – Transactions with Parties-In-Interest

Certain plan investments are units of pooled separate accounts managed by Ameritas Life Insurance Corp. Ameritas Life Insurance Corp is the custodian as defined by the plan and, therefore, these transactions qualify as party-in-interest transactions.

Certain administrative expenses and all audit fees of the Plan are paid by the Company. The Plan is not responsible for reimbursing the Company for any of these fees.

NOTE F – Plan Termination

Although the Company has not expressed any intent to do so, it has the right under the Plan to terminate the Plan, subject to provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

NOTE G – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE H – Tax Status

The IRS has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the internal revenue service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

NOTE I – Nonexempt Transactions and Delinquent Employee Deferral Transmittals

Participant contributions of approximately $2,782 were withheld from participants' pay during 2021 but were not remitted to the Plan within the time frame required by the Department of Labor. The Plan Administrator is currently in the process of making appropriate corrections.

NOTE J – Subsequent Events

Subsequent events have been evaluated through October 17, 2022, the date the financial statements were available to be issued. The Plan did not have any recognized or non-recognized subsequent events after December 31, 2021 that would require disclosure in the notes to the financial statements.
