Independent Auditor's Report

To the Committee Members of the NAPA - American Anesthesiology, Inc.
401(k) Retirement Savings Plan
Melville, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of the NAPA - American Anesthesiology, Inc. 401(k) Retirement Savings Plan ("Plan" or "the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued on next page)

Independent Auditor's Report (Continued)

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

(Continued on next page)

Independent Auditor's Report (Continued)

Auditor's Responsibilities for the Audit of the 2021 Financial Statements (Continued)

In performing an audit in accordance with GAAS, we:

Exercise professional judgment and maintain professional skepticism throughout the audit.

Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at Year End) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The

information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1. Description of the Plan

The following description of the NAPA - American Anesthesiology, Inc. 401(k) Retirement Savings Plan ("Plan" or "the Plan") provides only general information. The Plan covers eligible employees of American Anesthesiology, Inc. and/or its related Companies (collectively "Employer" or "the Employer"). Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a 401(k) deferral plan covering all full time employees of the Employer who have reached age 21. The Plan is subject to the provisions of ERISA.

Contributions:

Employees may elect to defer a percentage of their eligible compensation in the Plan. Pre-tax contributions are limited to the lesser of 60% of eligible or \$19,500 in 2021 or as thereafter adjusted by the Secretary of the Treasury. There is an option to designate contributions as Roth Deferral Contributions.

Employees may also make additional deferrals and after-tax contributions.

Employees who are participants and who have attained the age of 50 before the end of the plan year are eligible to make catch-up contributions.

There are provisions in the Plan for the Employer to make matching contributions, discretionary matching contributions and discretionary non-elective contributions.

Total contributions for participants, excluding rollover contributions, are limited to the lesser of \$57,000 or 100% of annual compensation.

Participants' accounts:

Each participant's account is credited with the participant's elective deferral contribution and the

Forfeited accounts:

At December 31, 2021, forfeited nonvested accounts totaled \$183,464. These accounts will be used to reduce future employer contributions. Employer contributions were reduced by \$190,964 in 2021 for forfeited nonvested accounts.

NOTES TO FINANCIAL STATEMENTS - ContinuedNOTE 1. Description of the Plan - continued

Vesting:

If a participant's employment with the Employer ends for any reason other than retirement, permanent disability or death, he or she will vest in the balances in his or her account based on total years of service with the Employer. Participants vest 30% after 1 Year of Service, 60% after 2 Years of Service and 100% after 3 Years of Services, with a Year of Service being defined by the plan document.

Investment options:

Upon enrollment in the Plan, a participant may direct the Employer's contributions in any increments, in any of twenty-eight investment options. Participants may change their investment options daily.

Payment of benefits:

Upon termination of service due to death, disability, retirement, or any other reason, a participant or his/her beneficiaries may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or in periodic payments.

Notes receivable from participants:

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loan is secured by the remaining balance in the participant's account and bears interest at a rate commensurate with local prevailing rates. The interest rate charged during the 2021 plan year was 4.25% to 6.50%, which was a reasonable rate of interest as required by the Plan. Principal and interest is paid ratably on at least a quarterly basis over a five-year period. If the loan is for the purchase of a principal residence, it may then be repaid over a ten-year period.

NOTE 2. Summary of significant accounting policies

Method of accounting:

The financial statements have been prepared using the accrual basis of accounting.

Use of estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS - ContinuedNOTE 2. Summary of significant accounting policies - continued

Excess contributions payable:

Amounts payable to participants for contributions in excess of amounts allowed by the IRS, if any, are recorded as a liability with a corresponding increase in benefits paid to participants. The Plan distributes such excess contributions to the applicable participants prior to March 15 of the following year.

Investment valuation and income recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians and insurance company.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits:

Benefits are recorded when paid.

Expenses:

Expenses of maintaining the Plan are paid by either the Plan's trustee (through an expense offset arrangement), the Plan, or the Employer. Expenses that are paid by the Plan's trustee or the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation or depreciation in fair value of investments.

NOTES TO FINANCIAL STATEMENTS - ContinuedNOTE 3. Expense offset arrangement

The Plan has an expense offset arrangement with the Plan's trustee to offset plan operating expenses against compensation paid to the Plan's trustee by certain investment funds and fund service providers. This offset arrangement provides first for the payment of Plan trustee fees. Any excess revenue shall then be used to pay any qualified expense for administration of the Plan as determined by the Plan Administrator. Qualified expenses may include, but are not limited to, legal fees, auditing fees, consulting fees and other trustee fees. If any excess remains, then such excess will be distributed at the direction of the Plan Administrator. For the years ended December 31, 2021, none of the excess was credited to the participants' accounts.

NOTE 4. Subsequent events

The Plan has evaluated subsequent events through October 17, 2022 which is the date that the financial statements were available to be issued.

NOTE 5. Information certified by Trustee

The Plan has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, all information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2021, as well as earnings on investments for the year ended December 31, 2021, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company (the trustee of the Plan).

NOTE 6. Tax status

The Plan has received a determination letter from the IRS dated June 15, 2017, stating that the prototype adopted by the Plan is qualified under the IRC Section 401(a). Thus, the Plan is qualified under IRC Section 401(a) and the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

The Plan is subject to routine audits by tax authorities. Currently, there are no audits in progress for any tax periods. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2021.

NOTES TO FINANCIAL STATEMENTS - ContinuedNOTE 7. Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows.

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021.

Mutual funds and Exchange Traded Funds (ETF): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common and preferred stocks and publicly traded partnerships and joint ventures: Valued at the closing price reported on the active market on which the individual securities are traded.

Collective trust funds: Valued at net asset value (NAV) of units held by the Plan at year end. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the Plan less its liabilities if applicable.

NOTES TO FINANCIAL STATEMENTS - Continued**NOTE 7. Fair value measurements - continued**

Group annuity contract: The Plan's investment in the Invesco Stable Value Fund is valued at contract value (See Note 8).

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019:

	Fair Value as of December 31, 2020		
	Level 1	Level 2	Total
Investments at fair value:			
Mutual funds (including ETF's)	\$ 294,991,165	\$ -	\$ 294,991,165
Collective trust funds	150,406,361	26,163,424	176,569,785
Interest bearing cash	21,494,065	-	21,494,065
Common stocks	69,214,901	-	69,214,901
Rights and warrants	224,519	-	224,519
Preferred stocks	466,345	-	466,345
	<u>\$ 536,797,356</u>	<u>\$ 26,163,424</u>	<u>\$ 562,960,780</u>
Investments measured at NAV:			
Collective trust funds			351,472,025
Total Investments			<u>\$ 914,432,805</u>

Fair value of investments that calculate net asset value:

The collective trust fund investments in the State Street Target Retirement Funds, the State Street International Stock Selection Fund, the State Street Russell Small Cap Index Non-Lending Series fund, the State Street U.S. Bond Index Securities Fund, and the State Street S&P Index C Fund, which are collective trusts, are managed by State Street Global Advisors Trust Company. The funds' investments are valued at fair value each day that the New York Stock Exchange ("NYSE") is open and, for financial reporting purposes, as of the report date should the reporting period end on a day that the NYSE is not open. Fair value is generally defined as the price a fund would receive to sell an asset or pay to transfer a liability in an orderly transaction between market participants at the measurement date. By its nature, a fair value price is a good faith estimate of the valuation in a current sale and may not reflect an actual market price. The investments of the funds are valued pursuant to the policy and procedures developed by the Oversight Committee and approved by the Board. The Committee provides oversight of the valuation of investments for the Funds.

NOTES TO FINANCIAL STATEMENTS - Continued**NOTE 7. Fair value measurements - continued**

Equity investments (including registered investment companies that are exchange-traded funds) traded on a recognized securities exchanged for which market quotations are readily available are valued at the last sale price or official closing price, as applicable, on the primary market or exchange on which they trade. Equity investments traded on a recognized exchange for which there were not sales of that day are valued at the last published sale price or at fair value. Investments in registered investment companies (including money market funds) or other unitized pooled investment vehicles that are not traded on an exchange are valued at that day's published net asset value ("NAV") per share or unit.

NOTE 8. Investment contracts

The Plan invests in the Invesco Stable Value Trust, which is a collective trust fund (the "Fund") managed by the Invesco Trust Company, whereby the Plan owns an interest in the Fund's underlying investments. The Plan's investment in the Fund at contract value was \$25,642,881 as of December 31, 2021. The Plan's investment policy allows for the Fund to invest in wraps. Wrap contracts operate similarly to guaranteed investment contracts, except that the Plan (via the Fund) purchases government-backed, asset backed, mortgage-backed, or corporate bonds, which are held in the Plan's trust. To enable the Plan to realize a specific known value for the assets, if it needs to liquidate them to make benefit payments, wrap contracts utilize a benefit-responsive "wrapper" contract with a third-party bank or insurance carrier that provides market and cash flow risk protection to the Plan. The "wrapper" contract enables the Plan to execute participant transactions at contract value without regard to the appreciation or depreciation in the day-to-day value of the underlying assets. These contracts, often referred to as synthetic investment contracts, meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value.

The effective yields on these contracts represent the crediting rate, less the "wrapper" fee paid to the bank or insurance carrier. Wraps do not expire as assets are sold or mature; instead, the wrap remains intact and the maturity of the contract is open-ended. The underlying investments are valued at quoted redemption values on the last business day of the Plan's year-end. Contract value represents the contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. At December 31, 2021 the contract value of the Fund's wrap contracts was \$10,846,992,479.

Wrap contracts accrue interest using a formula called the "crediting rate." Wrap contracts use the crediting rate formula to convert market value changes in the covered assets into income distributions in order minimize the difference between the market and contract value of the covered assets over time. Using the crediting rate formula, an estimated future market value is calculated by compounding the Fund's current market values at the Fund's current yields to maturity for a period equal to the Funds' durations. The crediting rate is the discount rate that equates the estimated future market value with the Fund's current contract values. Crediting rates are reset on a monthly or quarterly basis. The wrap contracts provide a guarantee that the crediting rate will not fall below 0%.

NOTES TO FINANCIAL STATEMENTS - Continued**NOTE 8. Investment contracts - continued**

The crediting rates, and hence the Fund's return, may be affected by many factors, including purchases and redemptions by participants. The precise impact on the Fund depends on whether the market value of the covered assets is higher or lower than the contract value of those assets. If the market value of the covered assets is higher than their contract value, the crediting rate will ordinarily be higher than the yield of the covered assets. Under these circumstances, cash from new investors will tend to lower the crediting rate and the Fund's returns, and redemptions by participants will tend to increase the crediting rate and the Fund's returns.

If the Fund experiences significant redemptions when the market value is below the contract value, the Fund's yield may be reduced significantly, to a level that is not competitive with other investment options. This may result in additional redemptions, which would tend to lower the crediting rate further. If redemptions continued, the Fund's yield could be reduced to zero. If redemptions continued thereafter, the Fund might have insufficient assets to meet redemption requests, at which point the Fund would require payments from the wrap issuer to pay further shareholder redemptions.

The Fund and the wrap contracts purchased by the Fund are designed to pay all participant-initiated transactions at contract value. Participant-initiated transactions are those transactions allowed by the Plan (typically, this would include withdrawals for benefits, loans, or transfers to non-competing funds within the Plan). However, the wrap contracts limit the ability of the Fund to transact at contract value upon the occurrence of certain events. These events include:

- The Plan's failure to qualify under Section 401(a) or Section 401(k) of the Internal Revenue Code.
- Any substantive modification of the Plan or the administration of the Plan that is not consented to by the wrap issuer.
- Complete or partial termination of the Plan.
- Any change in law, regulation, or administrative ruling applicable to the Plan that could have a material adverse effect on a fund's cash flow.
- Merger or consolidation of the Plan with another plan, the transfer of plan assets to another plan, or the sale, spin-off, or merger of a subsidiary or division of the plan sponsor.
- Any early retirement program, group termination, group layoff, facility closing, or similar program.

At this time, Plan management does not consider the occurrence of these events probable.

NOTE 9. Transfers from other retirement plans

On January 1, 2021, all of the assets and liabilities of the American Anesthesiology, Inc. retirement plan were transferred to this plan as part of a business acquisition

NOTE 11. Plan termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

NOTE 12. Transactions with parties-in-interest

Fees incurred during the year for legal, accounting, and other services rendered by parties-in-interest were based on customary and reasonable rates for such services.

NOTE 13. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

On March 11, 2020, the World Health Organization pronounced the coronavirus (COVID-19) outbreak a pandemic. Citizens and the economies worldwide have been significantly impacted by the pandemic. The duration and impact are unknown, but so far have been expansive. While it is premature to accurately predict how the coronavirus will ultimately affect the Plan's operations because the disease's severity and duration are uncertain, it is reasonably possible that the Plan's 2021 financial results and beyond could be significantly impacted.
