Independent Auditors' Report

Participants and Administrator

Hubbell Incorporated Retirement Plan for Salaried and Hourly Employees

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Hubbell Incorporated Retirement Plan for Salaried and Hourly Employees (the "Plan") an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

Participants and Administrator

Hubbell Incorporated Retirement Plan for Salaried and Hourly Employees

Page 3

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Independent Auditors' Report

Participants and Administrator

Hubbell Incorporated Retirement Plan for Salaried and Hourly Employees

We were engaged to audit the accompanying statement of net assets available for benefits of Hubbell Incorporated Retirement Plan for Salaried and Hourly Employees (the "Plan") as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the 2020 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by The Northern Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2020 and for the year then ended, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2020 financial statements. Accordingly, we do not express an opinion on the 2020 financial statements.

Report on Form and Content in Compliance With DOL Rules and Regulations for 2020 Financial Statements

The form and content of the information included in the 2020 financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Hubbell Incorporated Retirement Plan For Salaried and Hourly Employees

Notes to Financial Statements
December 31, 2021 and 2020

1. Description of the Plan

The following description of the Hubbell Incorporated Retirement Plan for Salaried and Hourly Employees (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of Plan provisions.

General

The Plan is a defined benefit (non-contributory) plan which covers each salaried employee and each non-union hourly employee of Hubbell Incorporated (the “Company”) who is a member of a group to which the Plan has been extended by resolution of the Company’s Board of Directors. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan was amended to limit participation in the Plan to those who were employees prior to January 1, 2004.

The assets of the Plan are held in the Hubbell Incorporated Master Pension Trust (the “Master Trust”) which contains the assets of two pension plans of the Company. The Northern Trust Company (the “Trustee”) serves as trustee for the Plan and as custodian of the investments.

Administration

A Retirement Committee appointed by the Company and who serve without compensation is responsible for the general administration of the Plan and makes the final determination on all questions arising in connection with the interpretation, application, and administration of the Plan.

Funding Policy

All contributions to provide benefits under the Plan are made by the Company. The amount of the annual contribution is determined by the Company based on a computation made by an independent actuary. The Company’s contributions have equaled or exceeded the minimum funding requirement of ERISA for the years ended December 31, 2021 and 2020.

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

1. Description of the Plan (*continued*)

Retirement Benefits

For salaried employees, annual normal retirement benefits, which are payable at age 65, are generally equal to (a) .0085 of the participant's final average compensation (based on the average of the highest compensation amounts during any three consecutive calendar years within the ten full calendar years prior to retirement) multiplied by the number of years of credited service prior to retirement up to 35 years, plus (b) .0065 of the participant's final average compensation in excess of covered compensation, plus (c) 1.1% of the participant's final average compensation multiplied by years of service in excess of 35 years.

For hourly employees, annual normal retirement benefits, which are payable at age 65, are equal to a monthly benefit rate multiplied by a number of years of credited benefit service prior to retirement. For different groups, the monthly benefit rate may be fixed or it may vary according to the participant's final average compensation (based on the average basic hourly rates of compensation during the three full calendar quarters immediately preceding retirement).

In addition, there may be stipulated minimum retirement benefits, depending on number of years of service and the group in which the retiree is a member. The Plan also provides that any participant under a prior plan of the Company shall not have their benefits earned to date reduced under the Plan.

The Plan provides for the payment of lesser benefits if an employee elects early retirement after attaining age and credited service requirements, dependent on the group. Late retirement benefits are calculated in the same manner as normal retirement benefits and are based on credited service and final average compensation at the actual retirement date. Disability retirement benefits are available for active participants who become totally disabled while employed, provided they have the required years of credited service. In addition, certain optional forms of benefit payment are available to each participant.

Effective February 28, 2017, the Plan ceased crediting Credited Service to Participants for all purposes under the Plan. Effective December 31, 2020, the Plan was frozen and all benefit accruals under the Plan ceased.

1. Description of the Plan (*continued*)

Death and Disability Benefits

If an active married employee dies after being vested, a pre-retirement survivor annuity would be paid to the employee's surviving spouse. Active employees who become totally disabled receive annual disability benefits that are computed the same as normal retirement, with benefits based on either service accrued as of the date of disability, or projected to age 65, depending on the group of which the participant is a member, provided they have the required years of credited service. Disability payments are paid until normal retirement age, at which time disabled participants begin receiving normal retirement benefits computed as though they had been employed to normal retirement age with their annual compensation remaining the same as at the time they became disabled.

Investment and Other Expenses

Investment and other allowable Plan expenses are paid out of the Master Trust. Other unallowable expenses are paid by the Plan sponsor. Direct expenses are directly allocated to the Plan. Indirect expenses have been allocated to the participating plans on a percentage basis. The allocation is based on the preceding quarterly market value of the Plan's assets, net of actual contributions and benefit payments relating to the Plan for the subsequent quarter.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), which requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Fair Value Measurements

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist.

2. Summary of Significant Accounting Policies (*continued*)

Fair Value Measurements (continued)

Pursuant to U.S. GAAP guidance, alternative investments where fair value is measured using the Net Asset Value ("NAV") per share as a practical expedient is not categorized within the fair value hierarchy.

Investment Valuation and Income Recognition

The Plan's interest in the Master Trust investments are stated at fair value.

The Plan administrator determines the fair value measurement policies and procedures, subject to oversight by the Company's employee benefit committee. Those policies and procedures are reassessed at least annually to determine if the current valuation techniques are still appropriate. At that time, the unobservable inputs used in the fair value measurements are evaluated and adjusted, as necessary, based on current market conditions and other third-party information.

The income (reported on the accrual basis) and asset appreciation (depreciation) of the Master Trust have been allocated to the participating plans on a percentage basis. The allocation is based on the preceding quarterly market value of the Plan's assets, net of actual contributions and benefit payments relating to the Plan for the subsequent quarter. Refer to Note 6 for additional information about the Master Trust.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Participants whose retirement benefit has an Actuarial Equivalent Value of less than \$5,000 will have their balance paid out in a lump sum installment or automatically rolled over into an individual retirement account.

Effective January 1, 2019, the Plan was amended to allow for certain participants (as defined in the Plan documents) to elect to be paid out in a lump sum installment or in an immediate annuity option.

Recent Accounting Pronouncements

The Plan's management continuously monitors and reviews all current accounting pronouncements and standards from the Financial Accounting Standards Board (FASB) and other authoritative sources of U.S. GAAP for applicability to the Plan's operations. As of December 31, 2021, there were no new pronouncements, interpretations or staff positions that had or were expected to have, including those not yet adopted, a significant impact on the financial statements of the Plan.

2. Summary of Significant Accounting Policies (continued)

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is October 14, 2022.

3. Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Accumulated plan benefits for active employees are based on their years of service and monthly benefit rate on the date the benefit information is presented ("valuation date"). Benefits payable under all circumstances – retirement, disability, death and termination of employment – are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by an independent actuary and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the December 31, 2021 and 2020 valuations were (a) life expectancy of participants (2021; Sex distinct Pri-2012 mortality tables for annuitants, non-annuitants, and contingent survivors without collar or amounts adjustments, with generational projections from 2012 using Scale MP-2021 and 2020; Sex distinct Pri-2012 mortality tables for annuitants, non-annuitants, and contingent survivors without collar or amounts adjustments, with generational projections from 2012 using Scale MP-2020), (b) retirement age assumptions (2021 and 2020; 4% of employees will retire between ages of 55 and 59, 5% between ages 60 and 61, 9% at age 62, 12% between ages of 63 and 64, 15% at age 65, 25% at age 66, 30% between ages of 67 and 69, and 100% at age 70), (c) discount rate of 2.90% for 2021 and 2.60% for 2020 and (d) annual salary scale increase (rate of 0.00% for 2021 and 2020).

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

5. Plan Termination Priorities

In the event of discontinuance of the Plan, the assets then remaining shall be allocated as prescribed by ERISA and its related regulations, to the extent they will be sufficient after making provision for all administrative expenses, in the following order of preference:

- A. To provide for the payment of pensions to participants in the following two subcategories:
 - 1. Retired pensioners who were receiving benefits three years prior to termination.
 - 2. Participants who would have been receiving benefits three years prior to termination had they been retired.
- B. To provide for the payment required by the termination insurance provisions of ERISA.
- C. To provide for the payment of pensions to vested participants, whose vested pensions have not commenced.
- D. To provide for the payment of pensions to the remaining participants.

To the extent unfunded vested benefits exist, ERISA provides that such benefits are payable by the Pension Benefit Guaranty Corporation to participants up to specified limitations.

6. Interest in Hubbell Incorporated Master Pension Trust

The Plan's investments are in the Master Trust, which was established for the investment of assets of the Plan and one other Hubbell Incorporated sponsored retirement plan. Each participating retirement plan has an undivided interest in the Master Trust. The assets of the Master Trust are held by the Trustee.

The value of the Plan's interest in the Master Trust is based on the beginning of year value of the Plan's interest in the trust plus actual contributions and allocated investment income less actual distributions and allocated administrative expenses. At December 31, 2021 and 2020, the Plan's interest in the net assets of the Master Trust was approximately 70.9% and 71.9%, respectively. Investment income and administrative expenses (except for expenses directly related to a specific plan) relating to the Master Trust are allocated to the individual plans based upon average monthly balances invested by each Plan.

Notes to Financial Statements
December 31, 2021 and 2020

7. Risks and Uncertainties

The Master Trust invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

The global economic uncertainty associated with the COVID-19 pandemic has resulted in significant volatility in global financial markets. This volatility has affected, and may continue to affect, the value of the Plan's net assets available for benefits. The effects of economic and market conditions subsequent to December 31, 2021 are not reflected in these financial statements and future effects on the Plan's net assets available for benefits cannot be predicted due to uncertainty regarding the duration and scope of the pandemic and other changing market conditions.

8. Income Tax Status

The Plan obtained its latest determination letter on January 31, 2018, in which the Internal Revenue Service (the "IRS") states that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (the "IRC"). The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan and the related trust are currently designed and being operated in compliance with the applicable requirements of the IRC

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

9. Related Party Transactions

Fees paid by the Plan to the Trustee of the Plan, for services provided were approximately \$672,500 and \$642,900 in 2021 and 2020, respectively.

Effective date	December 1, 1972, as amended through January 1, 2020.

Salaried Participants

Eligibility for Benefits

Eligibility	All regular full-time and part-time salaried employees hired on or before December 31, 2003, from date of hire.
-------------	---

Background	Effective December 31, 2003, the salaried employees covered by the LCA Pension Plan were merged into this plan. Effective January 1, 2004, this Plan was amended to provide everyone with an identical benefit formula and identical benefits for post 2003 service. The accrued benefits as of December 31, 2003 were frozen and will be increased for changes in Final Average Pay. Post 2003 benefits for employees close to retirement, referred to as grandfathered participants (see below for definition), are set equal to the greater of the amount determined under the new benefit formula or their old benefit formula. Benefits for the grandfathered participants are covered in the "Benefit Formulas for Grandfathered Participants" and "Early Retirement Reduction Factors for Grandfathered Participants" sections of this summary.
------------	--

Effective February 28, 2017, no future service accruals will occur under the plan.

Effective December 31, 2020, benefits under the plan will be frozen.

Definitions

Grandfathered Participant	Each active participant who was age 50 or older with at least 10 years of Vesting Service as of December 31, 2003 is a Grandfathered Participant.
---------------------------	---

Frozen Benefit	The accrued benefit as of December 31, 2003.
----------------	--

Indexed Benefit	The Frozen Benefit multiplied by the greater of Final Average Pay at termination divided by Final Average Pay at December 31, 2003, or 1.

Rule of 76 Participants who were hired by Columbia Lighting in Spokane, Washington prior to January 1, 1993 whose age plus Accredited Service (which must be at least 15 years), totals 76 or more, are eligible for the Rule of 76. Participants who terminate as a result of layoff who have 15 years of Accredited Service and are within 24 months of the date on which they would have been eligible for the Rule of 76 are also eligible.

Retirement Dates

Normal Age 65 and 5 years of participation.

Early Age 55 and 10 years of service.

Late After normal retirement date.

Disability Six months following total and permanent disablement, if disabled after 15 years of service, or 10 years of service as of December 31, 2003 for Ohio Brass Wadsworth and Killark, and 8 years of service as of December 31, 2003 for Progress.

Retirement Benefits

Normal Benefits are determined as described below. However, credited service under the plan was frozen as of February 28, 2017, and benefits will be frozen as of December 31, 2020.

- (a) The sum of (i), (ii), and (iii) below:
- (i) The Indexed Benefit, plus
 - (ii) The sum of 0.85% of Final Average Pay plus 0.65% of Final Average Pay in excess of Covered Compensation multiplied by post 2003 Credited Service, subject to a service cap of 35 years offset by any pre 2004 service, plus
 - (iii) 1.10% of Final Average Pay multiplied by Credited Service in excess of 35 years.

The accrued Medical Supplement as of December 31, 2003 is included in the Frozen Benefit and does not need to be redetermined.

Early

Computed as in (a) above based on Credited Service and compensation to date of retirement. For all benefits except for grandfathered benefits noted below in items 11 and 12, and the benefits noted immediately below, the benefit is reduced by 0.6% for each of the first 60 months that early retirement precedes normal retirement date, plus 0.3% for each of the next 60 months that early retirement precedes normal retirement.

Non-grandfathered employees hired in Spokane, Washington prior to January 1, 1993 may become eligible for the Rule of 76. If so, then their early retirement benefit is equal to their Frozen Benefit reduced by 0.00% per month for the first 120 months and 0.25% for the next 72 months that the early retirement date precedes the normal retirement date, plus the excess of their total benefit over their Frozen Benefit, reduced as in the preceding paragraph.

Disability

Computed as in "Normal" above, based on projected service and compensation to normal retirement date for all divisions except as noted below.

Based on accrued service and compensation for employees in the Ohio Brass Wadsworth, Killark, and Progress Divisions who have not satisfied the 15 year service requirement.

Benefit Increase for Retirees

Benefits were increased effective January 1, 1985 depending on date of initial benefit commencement, as follows (does not apply to Devine Division):

Year of Commencement	Increase
Before 1979	16%
1979 - 1980	12%
1980 - 1981	6%
1982	3%

Death Benefits

Pre-Retirement

In the event of death of a vested employee prior to retirement his surviving spouse will be entitled to 50% of the benefit payable to the participant as if he had terminated employment on the day before death if active, retired at the earliest possible date under a 50% Joint and Survivor Option, and then died on the following day. There is a charge for participants who terminated prior to January 1, 2004 while covered by the Hubbell Salaried Plan. If the employee did not waive pre-retirement surviving spouse coverage and he survives until his benefits commence, his normal retirement benefit will subsequently be reduced by 0.2% for each full year after the employee's attainment of age 35 that such coverage was in effect. There is no charge for Ohio Brass Wadsworth accrued benefits as of January 1, 1989, Chance accrued benefits as of January 1, 1995, or Raco Salaried accrued benefits as of January 1, 1991 or Kerite benefits.

For the Kerite Division, if a terminated vested employee dies the surviving spouse will receive 50% of the benefit the employee would have received had he survived to his earliest retirement age and received his current vested accrued benefit as a retirement benefit. If such employee does not leave a surviving spouse or if such spouse dies, said benefit is payable to any surviving child(ren) until such child(ren) reaches age 18.

Post-Retirement

Unless a married participant elects otherwise, the normal form of benefit is a joint and 50% survivor annuity, actuarially reduced. Other benefits are based on elected options at retirement. For the Kerite Division, if no spouse survives, a Surviving Child's Benefit is payable as in "Pre-Retirement," above.

In addition, there is a \$3,500 lump sum benefit payable upon death of an employee who retired directly from active service after December 31, 2003.

Post-Retirement, Continued

The applicable lump sum death benefit amounts for pre-2004 retirements are as follows:

Division	Lump Sum Benefit
Bell	5,000
Chance Exempt	5,000
Chance Non-exempt	2,000
Christiansburg	3,000
Corporate	5,000

Early Retirement Reduction Factors for Grandfathered Participants

The reduction factors for early retirement benefits determined under the new formula are in item "Retirement Benefits, Early," above. The reduction for grandfathered benefits is equal to the more favorable of the factors determined in item "Retirement Benefits, Early," above, or the factors under the prior provisions summarized below:

For Hubbell Salaried The reduction is 0.3% per month plus an additional 0.2% per month for each month under age 60 that the early retirement date precedes the normal retirement date for the following locations: Anderson, Bryant, Christiansburg, Corporate, Industrial Controls, Kellems, Kerite (0.3% for all months), Key, Moultrie, Newtown Plastics, Ontario, Pulse, Wiring Device.

For LCA Lighting The reduction is 0.667% for the first 36 months and 0.333% for each of the next 84 months that early retirement precedes the Normal Retirement Date.

For Columbia Lighting Employees Hired Prior to December 31, 1993 in Spokane, Washington The reduction for benefits determined under "Benefit Formulas for Grandfathered Participants" (a) plus "Benefit Formulas for Grandfathered Participants" (b)(1) is 0.667% for the first 36 months and 0.333% for each of the next 84 months that early retirement precedes the Normal Retirement Date.

Eligibility for benefits determined under "Benefit Formulas for Grandfathered Participants" (a) plus "Benefit Formulas for Grandfathered Participants" (b)(2) or (b)(3) is based on the Rule of 76. If you are eligible for the Rule of 76, then the reduction for benefits is 0.00% for the first 120 months and 0.25% for the next 72 months that the early retirement date precedes the Normal Retirement Date. See "Definitions" for eligibility requirements for the rule of 76.

For Progress Lighting The reduction is equal to 1/180th for the first 60 months that early retirement precedes the Normal Retirement Date and 1/360th for the next 60 months.

Social Security Offset upon Termination or Early Retirement Based upon projected Social Security PIA at age 65 assuming continuation of covered employment at last rate of salary and assuming no further increases in Social Security benefits, neither automatic nor legislated.

Compensation Final Average Salary is based on highest three consecutive calendar years out of the past 10 year's annual earnings, including base salary, overtime, bonuses and commissions.

Future Increases in Maximum Benefits and Plan Compensation Limitations

Accrued benefits projected to be paid in future years are limited to the maximum presently allowed under IRC Section 415. Plan compensation is limited to the maximum presently allowed under IRC Section 401(a)(17). No provision is made for future increases in the maximum annual benefit or compensation limit.

Benefit Commencement Date

- Preretirement death benefit Later of death or age 55.
- Deferred vested benefit The later of age 65 or termination of employment.

Deferred vested participants who are already past age 65 and have not commenced their benefit are valued with an actuarial increase from age 65 to age 70.5

Deferred vested participants who are already past age 65 and cannot be located are assumed to have forfeited their benefits.
- Disability benefit Upon disablement.
- Retirement benefit Upon retirement.

Form of payment

50% of participants are assumed to elect the lump sum option. For those participants assumed to elect annuities, 25% are assumed to elect a 50% joint and survivor annuity, 25% are assumed to elect a 100% joint and survivor annuity, and 50% are assumed to elect a single life annuity.

Methods

Valuation Date	First day of plan year.
Funding Target	Present value of accrued benefits as required by regulations under IRC §430.
Target Normal Cost	Present value of benefits expected to accrue during plan year plus plan-related expenses expected to be paid from plan assets during plan year, as required by regulations under IRC §430.
Actuarial Value of Assets	Average of the fair market value of assets on the valuation date and the dates 12 and 24 months before the valuation date, adjusted for contributions, benefits, administrative expenses and expected earnings (with such expected earnings limited as described in IRS Notice 2009-22). The average asset value must be within 10% of market value, including discounted contributions receivable (discounted using the effective interest rate for the prior plan year).
PBGC Premium Funding Target	The Alternative Premium Funding Target was determined using the interest rate assumptions described in the Interest Rates section above under Not Reflecting Corridors.
Benefits Not Valued	All benefits described in the Plan Provisions section of this report were valued. We are not aware of any significant benefits required to be valued that were not.

Sources of Data and Other Information

Willis Towers Watson pension administration group, on behalf of Hubbell Incorporated, furnished participant data as of January 1, 2021. Information on assets, contributions and plan provisions was supplied by the plan sponsor. Data were reviewed for reasonableness and consistency, but no audit was performed. Based on discussions with the plan sponsor, assumptions or estimates were made when data were not available, and the data was adjusted to reflect any significant events that occurred between the date the data was collected and the measurement date. We are not aware of any errors or omissions in the data that would have a significant effect on the results of our calculations.
