INDEPENDENT AUDITOR'S REPORT

The Plan Administrator
KeystoneCare 403(b) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of KeystoneCare 403(b) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of KeystoneCare 403(b) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of KeystoneCare 403(b) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about KeystoneCare 403(b) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of KeystoneCare 403(b) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about KeystoneCare 403(b) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedules of Schedule H, Line 4a – Schedule of Delinquent Participant Contributions and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

GOLD GERSTEIN GROUP LLC

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
KeystoneCare 403(b) Plan

We were engaged to audit the accompanying financial statements of net assets available for benefits of KeystoneCare 403(b) Plan (the "Plan") as of December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of this financial statement in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the 2020 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Capital Bank & Trust Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statement. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executed investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2020, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2020 financial statement. Accordingly, we do not express an opinion on the 2020 financial statements.

GOLD GERSTEIN GROUP LLC

**Report on Form and Content in Compliance With DOL Rules and Regulations for 2020
Financial Statement**

The form and content of the information included in the 2020 financial statement, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

KeystoneCare 403(b) Plan

Notes to the Financial Statements

December 31, 2021 and 2020

Note 1. Description of the Plan

The following description of the KeystoneCare 403(b) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a Custodial Account Plan invested in mutual funds and is a type of retirement plan commonly referred to as a 403(b) plan or TSA ("Tax Sheltered Annuity") covering substantially all employees of KeystoneCare and its affiliated employers, Keystone Hospice and KeystoneCare Home Health, LLC (together "the employer"). The Plan's Board of Directors is responsible for oversight of the Plan. The Plan management determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Directors.

An employee becomes a participant in the elective deferral portion of the Plan on his/her first day of employment. An employee becomes eligible in the matching and non-elective portions of the Plan upon attainment of age 21 and one year of service, as defined by the Plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

In January 2020, Congress passed the Setting Every Community Up for Retirement Enhancement Act of 2019 (the "SECURE Act") that contained the largest package of retirement system reform in over a decade. Many of the provisions of the SECURE Act are effective on January 1, 2020 and may require significant changes to plan administration and recordkeeping.

The coronavirus disease 2019 ("COVID-19") outbreak in the United States has caused business disruption through mandated and voluntary closings of businesses in numerous industries. As of March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") that included numerous employee benefit plan provisions to assist plan sponsors and participants. Plan management did not adopt the provisions relating to CARES Act Distributions and Loans in 2020.

Notes to the Financial Statements

December 31, 2021 and 2020

Note 1. Description of the Plan *(continued)*

Contributions

Each year, participants may contribute up to the elective deferral limits as set forth in Section 402(g) of the Internal Revenue Code ("IRC"). Participants 50 years of age and over may make additional deferrals ("age 50 catch-up deferrals"). Any participant who has completed 15 years of service with the employer may make qualified organization catch-up deferrals which exceed the elective deferral limit. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (also called "rollover"). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants.

The employer may also contribute matching and non-elective contributions at its discretion. Participants must be employed as of the last day of the contribution period (i.e., December 31st) to be eligible for the sponsor contributions. Any matching contribution is based on participants' elective deferrals. Non-elective contributions made are unrelated to whether participants make any elective contributions. There were no non-elective contributions made by the employer in 2021 or 2020.

Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Vesting

Participants are immediately vested in the elective deferrals (including rollover contributions) plus earnings thereon. Matching and non-elective contributions, including earnings, become vested as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
At least 2 but less than 3	20%
At least 3 but less than 4	40%
At least 4 but less than 5	60%
At least 5 but less than 6	80%
6 or more	100%

Regardless of years of service, a participant becomes 100% vested at normal retirement, death or early retirement due to disability.

Note 1. **Description of the Plan** *(continued)*

Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of a) employer's contributions and, b) plan earnings, and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specified participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

On termination of service as a result of retirement or employment termination, a participant may elect to receive a lump-sum payment, to roll over their account to another qualified plan. If termination of service is due to death, the participant's beneficiary will receive a lump-sum payment for the entire amount of the account. A participant's spouse may elect to roll over the account to another qualified plan.

Forfeitures

At December 31, 2021 and 2020, there were \$3,435 and \$693 of forfeited non-vested accounts, respectively. These accounts can be used to pay reasonable plan expenses or to reduce future employer contributions. During 2021, \$-0- of forfeitures were applied to pay plan expenses or reduce future employer contributions.

Plan Termination

Although it has not expressed any intent to do so, the employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

KeystoneCare 403(b) Plan

Notes to the Financial Statements

December 31, 2021 and 2020

Note 2. Summary of Significant Accounting Policies

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the custodian. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is accrued when earned. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Participants may borrow from their account balance a minimum of \$1,000. Participants can borrow up to 50% of their vested account balance up to a maximum of \$50,000. No more than two loans outstanding are permitted at any time. Loans must be fully repaid through payroll deduction within five years. The loans are secured by the balance in the participant's account and bear interest based on rates available for similar loans from commercial lending institutions. The interest rate for outstanding loans is 5.25%. Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. Delinquent notes receivable from participants are recorded as distributions based on the terms of the Plan document.

Excess Contributions Payable

Amounts payable to participants for employer contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding corrective distribution. Such payable is distributed to the applicable participants prior to the following plan year end.

Payment of Benefits

Benefits are reported when paid.

KeystoneCare 403(b) Plan

Notes to the Financial Statements

December 31, 2021 and 2020

Note 2. Summary of Significant Accounting Policies *(continued)*

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the employer and are excluded from these financial statements. Included in administrative expenses are fees for certain participant transactions charged to the Plan. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Note 3. Information Prepared and Certified by the Custodian *(unaudited)*

The following information included in the accompanying financial statements was obtained or derived from information that has been prepared and certified as complete and accurate by the custodian:

	<u>2021</u>	<u>2020</u>
Investment at fair value - Mutual Funds	\$2,175,869	\$1,570,387
Notes receivable from participants	31,803	10,063
Net appreciation in fair value of investments	117,123	
Dividends	105,587	
Interest income on notes receivable from participants	1,171	

Notes to the Financial Statements

December 31, 2021 and 2020

Note 4. Related Party and Party-In-Interest Transactions

The Plan invests in shares of mutual funds managed by American Funds, an affiliate of Capital Bank & Trust Company, the custodian for the Plan. Transactions in such investments qualify as party-in-interest transactions which are exempt from the prohibited transaction rules. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments as they are paid through revenue sharing, rather than direct payment.

Fees paid by the Plan for administrative services amounted to \$9,625 in 2021.

Note 5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1") and the lowest priority to unobservable inputs ("Level 3" inputs).

The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosure*, are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

KeystoneCare 403(b) Plan

Notes to the Financial Statements

December 31, 2021 and 2020

Note 5. Fair Value Measurements *(continued)*

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. There have been no changes in the valuation methodologies used at December 31, 2021 and 2020. Following is a description of methodologies used for assets measured at fair value:

Mutual Funds: Valued at the daily closing price as reported by the funds. These funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following sets forth by level, within the fair value hierarchy, the Plan's investments at fair value at December 31:

Assets at Fair Values as of December 31, 2021

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	<u>\$2,175,869</u>	<u>\$-0-</u>	<u>\$-0-</u>	<u>\$2,175,869</u>
Total Investments at Fair Value	<u>\$2,175,869</u>	<u>\$-0-</u>	<u>\$-0-</u>	<u>\$2,175,869</u>

KeystoneCare 403(b) Plan

Notes to the Financial Statements

December 31, 2021 and 2020

Note 6. Tax Status

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code ("Code"). The IRS issued an advisory letter dated March 31, 2017 for volume submitter 403(b) Plan. The IRS stated that the pre-approved plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the advisory letter, the Plan administrator believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and therefore believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and to recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more-likely-than-not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7. Reconciliation of Financial Statements to Schedule H of Form 5500

(continued)

The following is a reconciliation of changes in net assets available for benefits per the financial statements for the year ended December 31, 2021 to Schedule H of Form 5500:

Corrective distributions

Corrective distributions per financial statements	\$11,831
Add: prior year excess contributions payable	-0-
Less: current year excess contributions payable	(11,831)
Corrective distributions per Schedule H of Form 5500	<u>\$ -0-</u>

Note 8. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, credit, and overall volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Delinquent Participant Contributions

As disclosed in the accompanying supplemental schedule of Schedule H, Line 4a – Schedule of Delinquent Participant Contributions, certain employee deferrals were not remitted to the Plan within the timeframe prescribed under Department of Labor (“DOL”) Regulation 29 CFR 2510.3-102. These late contributions are considered nonexempt prohibited transactions. Once completed, IRS Form 5330 (excise taxes), if applicable, will be filed.
