Independent Auditor's Report

Plan Administrator of
Kärcher North America, Inc. 401(k) Savings Plan
Denver, Colorado

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Kärcher North America, Inc. 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or are derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Kärcher North America, Inc. 401(k) Savings Plan

Notes to Financial Statements

1. Plan Description

The following description of the Kärcher North America, Inc. 401(k) Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan’s provisions.

General

The Plan was established on July 1, 1987, by Windsor Industries, Inc. The plan sponsor is Kärcher North America, Inc. (the “Plan Sponsor” or the “Company”) and includes the following participating employers, all under common control: Kärcher Floor Care, Inc.; Castle Rock Industries, Inc.; Windsor Industries, Inc.; Professional Chemicals Corporation; WOMA Corporation and T & G Management Services, Inc. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The Plan is a qualified defined contribution plan available to eligible employees, as defined in the Plan Document.

Trustee and Administration of the Plan

The trustee of the Plan is T. Rowe Price Trust Company (“T. Rowe Price” or “Trustee”). The recordkeeper of the Plan is T. Rowe Price Retirement Plan Services, Inc. The administrator of the Plan is the Company. The Trustee holds all assets of the Plan in accordance with the provisions of the trust and service provider agreements with the Company.

Eligibility

Employees are eligible to participate in the Plan upon hire. The Plan does not allow collectively bargained employees, non-resident aliens, residents of Puerto Rico, or leased employees to participate in the Plan. Participants enter the Plan the first of the month once the eligibility provisions are met. Employees hired or rehired are automatically enrolled in the Plan unless they affirmatively elect not to participate or affirmatively elect a different deferral rate. Automatically enrolled participants have their deferral rate (on a pre-tax basis) set at 3% of eligible compensation.

Contributions

Each year, eligible participants may elect to have a portion of their salary deferred and contributed to the Plan on a pre-tax or after-tax (“Roth”) basis up to 70% of their eligible compensation, subject to certain Internal Revenue Code (“IRC”) limitations. Participants who reach age 50 before the end of the plan year may make catch-up contributions to the Plan subject to certain IRC limitations.

Effective January 1, 2021, the Company amended the Plan to include a Safe Harbor matching provision. During the year ended December 31, 2021, the Company matched 100% of each participant’s deferred compensation not in excess of 4% of the participant’s compensation. In addition, at the discretion of the Plan Sponsor, a discretionary non-elective employer contribution (profit sharing contribution) may also be made. Employees must be employed on the last day of the Plan year to be eligible for the discretionary non-elective employer contribution. There was no discretionary non-elective employer contribution made to the Plan for the year ended December 31, 2021.

Kärcher North America, Inc. 401(k) Savings Plan

Notes to Financial Statements

Rollover Contributions

Participants may also contribute amounts representing distributions from other qualified plans as rollover contributions.

Participant Accounts

Each participant's account is credited or charged with: investment earnings or losses; payments of benefits; net appreciation or depreciation in the fair value of the applicable investments; employer contributions; participant contributions; rollover contributions; and administrative expenses incurred in the operation and maintenance of the Plan and its investments. Investment earnings or losses are allocated to each participant's account in the proportion that the balance of each participant's account bears to the total balance of all participants in each investment fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account, after being credited or charged with the activity described above.

Investment Options

Participants may direct the investment of their account balance into various investment options offered by the Plan. The Plan offers various registered investment companies and a common/collective trust. Participants may change their investment directions at any time subject to such restrictions and procedures as are established by the recordkeeper and the investment fund prospectus. The 401(k) Advisory Board determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Vesting

Participants are immediately vested in their voluntary pre-tax, Roth, catch-up and rollover contributions, and Safe Harbor matching contributions plus actual earnings thereon. Discretionary non-elective employer contributions and previous discretionary matching contributions are on a three-year vesting schedule. Participants vest 20% after one year of service, as defined by the Plan Document, 40% after two years of service and are fully vested at three years of service.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. A participant note is secured by the balance in the participant's account and bears interest at prime plus one percent determined at the time of the borrowing and is fixed for the duration of the note. The maximum term of the note is five years, or up to a 15 year term if the borrowing is to be used to acquire a principal residence. Principal and interest are paid ratably through payroll deductions. A participant may only have one loan outstanding at any time. The interest rate on outstanding participant loans as of December 31, 2021 ranged from 4.25% to 6.50%.

Payment of Benefits

Distributions from the Plan may be made upon death, disability, retirement, or termination of employment under one of the following methods of distribution: a lump sum cash payment, partial cash payment or through a rollover to another qualified plan or individual retirement account ("IRA"). Immediate lump sum distributions are to be made to terminated participants if the

Kärcher North America, Inc. 401(k) Savings Plan

Notes to Financial Statements

participant's balance is \$1,000 or less. Amounts over \$1,000 but less than \$5,000 will be rolled over to a qualified IRA in the name of the participant. These mandatory distributions will apply unless another form of distribution is elected. In-service distributions at age 59½ of the participant's vested account balance are also allowed by the Plan if certain criteria are met.

Hardship Withdrawals

Participants may also withdraw an amount not to exceed the balance in their elective deferral rollover, prior employer matching, and qualified non-elective contribution accounts, subject to certain penalties, to satisfy one of the immediate and heavy financial needs as described in the Plan Document.

Forfeitures

Forfeited accounts may be used to reduce administrative expenses or future employer contributions. Forfeited non-vested accounts were de minimis as of December 31, 2021 and 2020. During the plan year ended December 31, 2021, no forfeitures used to reduce employer contributions or to reduce administrative expenses.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. For further discussion on valuation see Note 3, *Fair Value Measurements and Disclosures*.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income and capital gains are recorded on the ex-dividend date. The net appreciation or depreciation in the fair value of investments consists of the realized gains or losses and the unrealized appreciation or depreciation on investments and reinvested capital gains. Other income consists primarily of administrative fee credits allocated to participants.

Kärcher North America, Inc. 401(k) Savings Plan

Notes to Financial Statements

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Any accrued, but unpaid interest was de minimis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Contributions

Participant contributions are recognized in the period during which the Company makes payroll deductions from the participant's compensation. Employer contributions are recognized in the period during which the related participant contributions are deducted from the participant's compensation.

Payments of Benefits

Benefits are recorded when paid. There were no benefit payments pending at December 31, 2021 or 2020.

Expenses of the Plan

Fees (primarily recordkeeping fees and loan origination fees) are charged directly to each participant's account and are included in administrative fees. Plan expenses of \$99,897 were paid by the Plan during the year ended December 31, 2021. Under the service provider agreement with T. Rowe Price, certain revenue sharing rebates received from certain mutual funds held by the Plan reduce recordkeeping fees. Fees in excess of rebates are charged to the Plan. Investment related expenses (in the form of an expense ratio) are included in net appreciation in fair value of investments. All other expenses of the Plan for the year ended December 31, 2021 were paid by the Company and have been excluded from these financial statements.

3. Fair Value Measurements and Disclosures

The Financial Accounting Standards Board Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels. Level 1 inputs are the highest priority and consist of unadjusted quoted prices in active markets the Plan has the ability to access for identical assets and liabilities. Level 2 inputs are inputs for quoted prices for similar assets or liabilities in active markets; inputs for quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. Level 3 inputs are the lowest priority and are unobservable and significant to the fair value measurement of an asset or liability.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Kärcher North America, Inc. 401(k) Savings Plan

Notes to Financial Statements

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020:

Registered Investment Companies (Mutual Funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Common/Collective Trust Fund: The T. Rowe Price Stable Value Common Trust Fund is a stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the NAV of the units of the bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the fund, the issuer reserves the right to require a 12 to 30 month notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis:

<i>As of December 31, 2021</i>	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 60,396,560	\$ -	\$ -	\$60,396,560
Total assets in the fair value hierarchy	\$ 60,396,560	\$ -	\$ -	\$60,396,560
Investments measured at net asset value (a)				5,090,495
Total investments at fair value				\$65,487,055

<i>As of December 31, 2020</i>	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 53,963,366	\$ -	\$ -	\$ 53,963,366
Total assets in the fair value hierarchy	\$ 53,963,366	\$ -	\$ -	\$ 53,963,366
Investments measured at net asset value (a)				6,613,648
Total investments at fair value				\$ 60,577,014

- (a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Plan Benefits.

Kärcher North America, Inc. 401(k) Savings Plan

Notes to Financial Statements

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2021 and 2020. There are no participant redemption restrictions for these investments; the redemption notice period, if any, is applicable only to the Plan:

<i>Investment Type</i>	<i>Fair Value - December 31, 2021</i>	<i>Fair Value - December 31, 2020</i>	<i>Unfunded Commitments</i>	<i>Redemption Frequency</i>	<i>Redemption Notice Period</i>
Stable Value - Common/Collective Trust	\$ 5,090,495	\$ 6,613,648	None	Daily	12 to 30 Months

4. Income Tax Status

The Plan was amended and restated in its entirety effective January 1, 2021. The underlying pre-approved defined contribution plan received an opinion letter from the Internal Revenue Service (“IRS”) dated August 19, 2020, stating that the form of the pre-approved defined contribution plan, as then designed, was acceptable under Section 401 of the IRC and therefore exempt from federal income taxes under the provisions of Section 501(a) of the IRC.

The plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable provisions of the IRC. The plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date; therefore, no provision for income taxes has been included in the Plan’s financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

5. Certified Investment Information

The Plan Sponsor has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee, a qualified institution, has certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the accompanying Statements of Net Assets Available for Plan Benefits as of December 31, 2021 and 2020;
- Interest earned on notes receivable from participants and net investment income as shown in the accompanying Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2021;
- Investment information in Notes to Financial Statements as of December 31, 2021 and 2020 and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) - as of December 31, 2021.

Kärcher North America, Inc. 401(k) Savings Plan

Notes to Financial Statements

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing the certified investment information with the related information presented and disclosed in the financial statements and supplemental schedule, reading the disclosures relating to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP and whether the supplemental schedule is in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

6. Transactions with Parties-In-Interest and Related Parties

The Plan invests in shares of registered investment companies and units of a common/collective trust managed by an affiliate of the Trustee. Certain investment fees are paid to T. Rowe Price and reflected within the net investment income for the year. The Plan also issues loans to participants that are secured by the vested balance of the participants' accounts. Loan origination and distribution processing fees are paid to T. Rowe Price. As such, these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

7. Concentrations, Risks and Uncertainties

The Plan provides for various investments in registered investment companies and a common/collective trust. Investments, in general, are exposed to various risks such as interest rate, credit and overall market volatility risk. Additionally, the value, liquidity and related income of the investment securities are sensitive to changes in economic conditions in interest rates. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

The macroeconomic impacts stemming from the conflict in Ukraine, and the potential impact and duration of the COVID-19 pandemic, continuing supply chain issues and rising inflation have continued to cause volatility in the markets. Any future impact on investments or the Plan remains uncertain.

There were three investments that individually represented more than 10% of investments held as of December 31, 2021. There were four investments that individually represented more than 10% of investments held as of December 31, 2020. See the supplemental Schedule H, Line 4i- Schedule of Assets (Held at End of Year) for the complete listing of investments held as of December 31, 2020.

8. Subsequent Events

The Plan has evaluated subsequent events through October 14, 2022, the date the financial statements were available to be issued. There were no events or transactions discovered during this evaluation that would require recognition or disclosure in the financial statements.
