Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Linfield University Defined Contribution Retirement Plan (Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of the Linfield University Defined Contribution Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Linfield University Defined Contribution Retirement Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Linfield University Defined Contribution Retirement Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Linfield University Defined Contribution Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Linfield University Defined Contribution Retirement Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by qualified institutions. In our report dated October 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations under ERISA.

Linfield University Defined Contribution Retirement Plan (formerly Linfield College Defined Contribution Retirement Plan) (Section 403(b) Plan)

Notes to Financial Statements

December 31, 2021 and 2020

Note 1: Description of the Plan

General

The following description of the Linfield University Defined Contribution Retirement Plan (Section 403(b) Plan) (Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions. Effective July 1, 2020, the Plan's name was changed from Linfield College Defined Contribution Retirement Plan to Linfield University Defined Contribution Retirement Plan.

The Plan is a 403(b) defined contribution plan covering all employees of Linfield University (Linfield) except for students that are enrolled at Linfield who are regularly attending classes and working on a temporary basis, as defined in the Plan Document. The Plan has an effective date of July 1, 1976.

The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA), as amended. Linfield is the Plan's sponsor and serves as the Plan Administrator. Teachers Insurance and Annuity Association (TIAA) serves as the issuer of the TIAA Traditional Annuity Contract held by the Plan. College Retirement Equities Fund (CREF) serves as the issuer of CREF variable annuities held by the Plan. TIAA, FSB, The Variable Annuity Life Insurance Company (VALIC), and Standard Insurance Company (Standard) serve as the custodians of most annuity assets and as recordkeepers of the Plan.

Eligibility

Employees are eligible to participate in the Plan on the first day of employment provided they are not a student. Eligible employees can make elective deferrals into the Plan upon employment. Employees are eligible to receive employer contributions if they are 21 years of age and after completing one year of service with Linfield.

Employees are eligible to receive credit for service performed for an institution of higher education immediately prior to hire by Linfield, provided the employee received an employer contribution under the prior employer's retirement plan in the 12-month period immediately preceding the employee's hire by Linfield. Notwithstanding any provision in the Plan to the contrary, eligible employees may make a one-time irrevocable election to decline participation in the Plan for purposes of making elective deferrals and receiving employer contributions.

Linfield University Defined Contribution Retirement Plan (formerly Linfield College Defined Contribution Retirement Plan) (Section 403(b) Plan)

Notes to Financial Statements December 31, 2021 and 2020

Contributions

Eligible employees can defer up to 100% of their compensation into the Plan, up to the maximum allowed by the Internal Revenue Code (IRC). Participants are allowed to make additional catch-up contributions to the Plan if they are 50 years of age or older as of the end of the Plan year.

Effective July 1, 2019, the Plan was amended and restated with the following changes occurring to employer contributions:

- (1) Faculty members hired on or after July 1, 2019, the employer contribution is equal to 9.00% of faculty member's eligible compensation. Faculty members hired prior to July 1, 2019, the employer contribution will continue at 12.00% of faculty member's eligible compensation.
- (2) For all other non-faculty employees, employer contributions are equal to 9.00% of eligible compensation.

Effective October 1, 2020, the Plan was amended to make employer contributions discretionary. As of October 1, 2020, discretionary employer contributions were suspended. Effective November 1, 2021, discretionary employer contributions of 3.00% of eligible compensation were reinstated.

Contributions are made to the Plan each pay period. Additionally, participants are permitted to make rollover contributions to the Plan from other qualified retirement plans. Linfield, at its discretion, may make postretirement contributions on behalf of eligible participants.

During 2021 and 2020, the Plan received Plan Servicing Credits in the Revenue Credit Account. This account is credited with excess revenue generated by the Plan. Funds are typically credited quarterly, but may be allocated at any time and are considered Plan assets. The credits may be used to pay Plan expenses or any excess funds available may be allocated to Plan participants. This credit has been offset against administrative fees and expenses in the accompanying financial statements. Credits contributed to the Plan during 2021 and 2020, were \$100,354 and \$76,360, respectively. Credits of \$36,000 and \$56,378 were used to pay Plan expenses during 2021 and 2020, respectively. Unallocated credits included as Plan assets were \$173,594 and \$111,431 at December 31, 2021 and 2020, respectively, and will be used to pay Plan expenses or allocated to participants during 2021.

Participant Accounts

Each participant's account is credited with employee contributions, Linfield's contributions, Plan earnings and an allocation of administrative expenses. Allocation of expenses are based on account balances, as defined by the Plan Document. Participants may direct their contribution into a variety of investment options offered by Teachers Insurance and Annuity Association, College Retirement Equities Fund (TIAA-CREF). The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Linfield University Defined Contribution Retirement Plan (formerly Linfield College Defined Contribution Retirement Plan) (Section 403(b) Plan)

Notes to Financial Statements December 31, 2021 and 2020

All contributions, including elective deferrals, are made to TIAA-CREF. Additionally, hardship distributions and loans are only permitted from accounts invested with TIAA-CREF. Participants are allowed to leave their investments in The Variable Annuity Life Insurance Company (VALIC) and The Standard Insurance Company (Standard) but no new funds are permitted to be contributed and invested with these custodians.

Vesting

Prior to July 1, 2019, participants are immediately fully vested in their employee and employer contributions and earnings thereon. Effective July 1, 2019, the Plan was amended and restated and vesting in the employers contribution is based on years of continuous service. A participant is fully vested after five years of service. The nonvested balance is forfeited upon termination of services. Forfeitures are used to reduce employer contributions.

Forfeited Accounts

At December 31, 2021, there were four forfeited nonvested accounts totaling \$10,726. At December 31, 2020, there were no forfeited nonvested accounts. There were no employer contribution reductions from forfeited nonvested accounts during 2021 and 2020.

Notes Receivable From Participants

Participants may borrow the lesser of 50% of their account balance or \$50,000. Loans are secured by the remaining balance of the participant's account and bear an interest rate as determined by the funding vehicle. The maximum loan term is five years unless the purpose of the loan is for the purchase of a primary residence, in which case the term of the loan can be extended to 15 years. Principal and interest payments are due in equal payments on the last day of the quarter. As of December 31, 2021, outstanding loans had interest rates ranging from 4.25% to 7.38%, maturing through 2031.

Payment of Benefits

Participants may receive all or a portion of their account balance upon reaching retirement age or termination of employment but no later than the participant reaching age 70.5, the required beginning date. Benefits may be paid in the form of a single lump sum or may be paid under optional forms, including the following: (a) payments over a fixed time period; (b) life annuity with or without a term certain; or (c) joint and survivor annuity. If a participant dies or becomes disabled before distributions to the participant begin, the distribution of benefits may be elected at any time commencing no later than the month in which the participant would have attained 70.5.

Linfield University Defined Contribution Retirement Plan (formerly Linfield College Defined Contribution Retirement Plan) (Section 403(b) Plan)

Notes to Financial Statements December 31, 2021 and 2020

Linfield can make at their discretion, distributions to participants meeting the distribution requirements for small account balances. Account balances less than \$5,000 but greater than \$1,000 may be distributed in the form of a direct rollover to an individual retirement account designated by the Plan Administrator. Account balances less than \$1,000 may be distributed in a single lump-sum cash payment to the participant or beneficiary.

Hardship Withdrawals

Under certain conditions, participants, while still employed by Linfield, are permitted to withdraw, in a single sum, the employee contribution portion of their account balance. These conditions include unreimbursed medical expenses, the purchase of the participant's principal residence, the payment of postsecondary education tuition, the payment of burial or funeral costs of immediate family members, the payment of natural disaster clean-up on the participant's principal residence, or to prevent eviction or foreclosure from the participant's principal residence. A participant's right to make deferrals to the Plan will be suspended for six months after the receipt of a hardship withdrawal.

Plan Termination

Although it had not expressed an intention to do so, Linfield has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual method of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Linfield University Defined Contribution Retirement Plan (formerly Linfield College Defined Contribution Retirement Plan) (Section 403(b) Plan)

Notes to Financial Statements December 31, 2021 and 2020

Valuation of Investments and Income Recognition

The Plan is funded by individually controlled TIAA, CREF, VALIC, and Standard investments. Contributions are allocated to the various investment options based on the individual participant elections.

The TIAA Fully Benefit-Responsive Traditional Annuity is recorded at contract value. The TIAA and VALIC Nonbenefit-Responsive Traditional Annuity contracts, as well as the Standard guaranteed insurance contract, are recorded at fair value. Fair value, as reported to the Plan by TIAA, VALIC and Standard, represents contributions made under the contract, plus interest at the contract rate, less funds to pay withdrawal benefits and administrative expenses. The investment contracts with TIAA, VALIC and Standard contain liquidity restrictions that require withdrawals and transfers from the investment contracts to other investment options available to the Plan to be spread over a period of 10 annual installments or 5 annual installments for withdrawals after a participant's termination of employment.

The nonbenefit-responsive contracts are recorded at fair value, which approximates contract value as estimated by TIAA, VALIC and Standard. At December 2021 and 2020, the fair value of the nonbenefit-responsive contracts totaled \$20,971,387 and \$21,500,153, respectively.

Certain events limit the ability of the Plan to transact at contract value with the issuer of the TIAA Traditional Annuity. Such events include the following: (1) amendments to the Plan Documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

CREF Variable Annuity Accounts

Participants purchase accumulation units in the variable annuity contracts and their value is calculated daily. Variable annuity accounts, except for the money market account, are recorded at their estimated fair value, which is based upon the underlying value of the assets. The money market account is recorded at amortized cost, which approximates fair value. The amortized cost of an instrument is determined by valuing it at its original cost and thereafter amortizing any discount or premium from its face value at a constant rate until maturity.

Mutual Funds

Quoted market prices, if available, are used to value investments. Mutual funds are valued at the market quoted net asset value (NAV) of shares held by the Plan at year-end.

Linfield University Defined Contribution Retirement Plan (formerly Linfield College Defined Contribution Retirement Plan) (Section 403(b) Plan)

Notes to Financial Statements December 31, 2021 and 2020

Pooled Separate Account

The pooled separate account is valued at the NAV per accumulation unit of the investment as provided by the insurance company. The NAV of this account is based on the underlying assets owned by the fund, minus liabilities, divided by the units outstanding. The NAV is not a publicly quoted price in an active market. The NAV is used as a practical expedient to estimate the fair value of the pooled separate account. There are no unfunded commitments or redemption notice periods.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Plan Tax Status

The Plan, together with the investment vehicles, is intended to comply with the applicable requirements of Section 403(b) of the IRC.

The Plan has not requested or obtained a determination letter, as the Internal Revenue Service does not generally provide this service for individual 403(b) plans. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, is not subject to tax.

Notes Receivable

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

In 2020, the Plan Sponsor adopted the *Coronavirus Aid, Relief, and Economic Security Act* (CARES Act) provisions for loan relief to 1) delay certain required loan repayments for one year and 2) increase loan limits to the lesser of \$100,000 or 100% of the participant's vested balance for coronavirus-related loans. The CARES Act provided for the increased loan limit for coronavirus-related loans issued from March 27, 2020 through September 22, 2020. The one-year suspension of loan repayments applies to qualified participants' loan payments due between March 27, 2020, and December 31, 2020. Following the suspension period, these loans will be re-amortized over the remaining period of the loans, plus the suspension period.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Linfield University Defined Contribution Retirement Plan (formerly Linfield College Defined Contribution Retirement Plan) (Section 403(b) Plan)

Notes to Financial Statements December 31, 2021 and 2020

In 2020, the Plan Sponsor implemented *Coronavirus Aid, Relief, and Economic Security Act* (CARES Act) provisions for coronavirus-related distributions (CRD). Through December 30, 2020, qualified participants are permitted to take a CRD of up to \$100,000 from the Plan. Participants who take a CRD have the option to have the distribution taxed over a three-year period, with the ability to recontribute up to the full amount of the distribution within three years and not be subject to federal income tax as a result. The Plan also waived minimum distribution requirements for any distribution required to be made in 2020.

Administrative Expenses

Administrative expenses are paid by the Plan or Linfield, at Linfield's discretion.

Transfers Between Fair Value Hierarchy Levels

Transfers in and out of Level 1 (quoted market prices), Level 2 (other significant observable inputs) and Level 3 (significant unobservable inputs) are recognized on the period ending date.

Reclassifications

Certain reclassifications have been made to the 2020 financial statements to conform to the 2021 financial statement presentation. These reclassifications had no effect on changes in net assets available for benefits.

Note 3: Certification by Plan Custodians

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodians, as qualified institutions, have certified the following information included in the accompanying financial statements and ERISA required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020
- Investment income and interest income from notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2021 and 2020
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of December 31, 2021

The Plan's independent auditors did not perform procedures with respect to this certified investment information, except for comparing such information to the related information included in the financial statements and ERISA required supplemental schedule.

Note 4: Reconciliation of Financial Statements to Form 5500

Differences between the Annual Return/Report of Employee Benefit Plan (Form 5500) filed with the Internal Revenue Service and the accompanying financial statements are primarily attributable to classification differences.

Note 5: Disclosures About Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities

Recurring Measurements

The following tables present the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2021 and 2020:

2021				
Fair Value Measurements Using				
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

(A) In accordance with Subtopic 820-10, certain investments that were measured at net asset value (NAV) per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits. The value is determined using the NAV as a practical expedient.

Linfield University Defined Contribution Retirement Plan (formerly Linfield College Defined Contribution Retirement Plan) (Section 403(b) Plan)

Notes to Financial Statements December 31, 2021 and 2020

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended December 31, 2021. The Plan had no liabilities measured at fair value on a recurring basis. Additionally, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis. For assets classified within Level 3 of the fair value hierarchy, the process used to develop the reported fair value is described below.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy.

Fair value determinations for Level 3 measurements of securities are the responsibility of the Business Office. The Business Office contracts with a pricing specialist to generate fair value estimates on a monthly or quarterly basis. The Business Office challenges the reasonableness of the assumptions used and reviews the methodology to ensure the estimated fair value complies with accounting standards generally accepted in the United States of America.

Level 3 Activity

		Fixed Annuity and Guaranteed Insurance Contracts
2021		
Purchases	\$	1,978,629
Sales		(3,228,448)
2020		
Purchases	\$	992,424
Sales		(1,558,033)

Linfield University Defined Contribution Retirement Plan (formerly Linfield College Defined Contribution Retirement Plan) (Section 403(b) Plan)

Notes to Financial Statements December 31, 2021 and 2020

There were no transfers into or out of the Level 3 for the years ended December 31, 2021 and 2020.

As the fixed annuity and guaranteed insurance contracts are valued at fair value, which approximates contract value, there are no realized or unrealized gains or losses for these investments included in the net increase in net assets available for benefits.

Unobservable (Level 3) Inputs

The following tables present quantitative information about unobservable inputs used in recurring Level 3 fair value measurements:

	Fair Value at December 31, 2021	Valuation Technique	Unobservable Inputs
Fixed Annuity Contracts	\$ 20,310,574	Discounted cash flow	Contractual interest rate
Standard Insurance Contract	\$ 660,813	Income approach	Cost of capital for the principal market Various actuarial assumptions Prevailing fixed income investment rates
	Fair Value at December 31, 2020	Valuation Technique	Unobservable Inputs
Fixed Annuity Contracts	\$ 20,780,149	Discounted cash flow	Contractual interest rate
Standard Annuity Contracts	\$ 720,004	Income approach	Cost of capital for the principal market Various actuarial assumptions Prevailing fixed income investment rates

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following tables summarize investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2021 and 2020. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan:

	December 31, 2021			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Period
Pooled separate account	\$ 1,746,058	N/A	Daily	None

	December 31, 2020			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate account	\$ 1,533,349	N/A	Daily	None

Note 6: Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association or relatives of such persons.

Certain Plan investments are managed TIAA-CREF, VALIC and Standard. TIAA-CREF, VALIC and Standard are the custodians as defined by the Plan and, therefore, these investments and investment transactions qualify as party-in-interest transactions.

Additionally, the Plan Sponsor, Linfield, is a party-in-interest to the Plan; however, there were no transactions with the Plan Sponsor other than the funding of contributions to the Plan and payment of certain administrative expenses on behalf of the Plan.

The Plan invests in various funds of the Plan's recordkeeper and custodian and fees for recordkeeping services paid by the Plan to the recordkeeper, custodian, and other parties-in-interest were \$257,799 and \$246,668 for the years ended December 31, 2021 and 2020, respectively.

(formerly Linfield College Defined Contribution Retirement Plan)
(Section 403(b) Plan)

Notes to Financial Statements
December 31, 2021 and 2020

Note 7: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Given the volatility of current economic conditions, the values of assets recorded in the financial statements could change rapidly, resulting in material future adjustments in investment values that could negatively impact the Plan.

Note 8: Subsequent Events

Subsequent events have been evaluated through October 12, 2022, which is the date the financial statements were available to be issued.
