Independent Auditor's Report

To the Trustees
Kitsap Mental Health Services 403(b) Retirement Plan
Bremerton, Washington

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Kitsap Mental Health Services 403(b) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Fax: 206-382-7700
www.bdo.com

Two Union Square, 601 Union Street
Suite 2300
Seattle, WA 98101

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the

financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Kitsap Mental Health Services 403(b) Retirement Plan

Notes to Financial Statements

1. Description of Plan

The following description of the Kitsap Mental Health Services 403(b) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of Plan provisions.

General

The Plan was adopted effective January 1, 1988, by Kitsap Mental Health Services (the Employer). The Employer is the sponsor of the Plan. The Plan has been subsequently restated. The Plan is a qualified defined contribution retirement plan covering all eligible employees of the Employer. The Plan is subject to the applicable provisions of the Internal Revenue Code (IRC) and the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Custodians and Administration of the Plan

The custodians and recordkeepers of the Plan are Principal Trust Company (Principal), The Variable Annuity Life Insurance Company (VALIC), and The Lincoln National Life Insurance Company (Lincoln). The administrator of the Plan is the Employer. Certain employees of the Employer serve as trustees for the Plan. The third-party administrator of the Plan is Definiti. The custodians hold all assets of the Plan in accordance with the service provider contracts with the Employer. The trustees determine the appropriateness of the Plan's investment offerings and monitor investment performance.

Eligibility

All employees are immediately eligible to participate in the Plan unless they are non-resident aliens or students performing services described in IRC section 410(b)(3)(C). Employees that are expected to work less than 20 hours per week are excluded from the Plan until such time that they reach 1,000 hours in a Plan year. To participate in the Employer non-elective contributions, employees must be employed on the last day of the Plan year and complete one year of service, which consists of at least 1,000 service hours. The last day and 1,000 hours requirements are applied pro-rata for each six-month allocation period. An eligible employee can enter the Plan immediately. Plan entry for Employer non-elective contributions is January 1 and July 1 of each year.

Contributions

Participant Contributions - Each year, participants may contribute up to 100% of eligible compensation, as defined in the Plan, as either pre-tax or Roth contributions through payroll deductions. The Plan also allows for catch up contributions for participants aged 50 years or older, as well as rollover contributions from other qualified plans.

Employer Contributions - The Employer may make a discretionary non-elective contribution to the Plan each year. Any non-elective contribution is allocated based upon eligible compensation, as defined by the Plan. The Employer made discretionary contributions of 4% of eligible compensation for the year ended December 31, 2021.

Contributions are subject to certain limitations of the IRC. Participants direct the investment of their contributions into various investment options offered by the Plan.

Kitsap Mental Health Services 403(b) Retirement Plan

Notes to Financial Statements

Participant Accounts

Each participant's account is credited with the participant's contributions, Employer contributions, as applicable, and an allocation of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant eligible compensation, participant contributions, or account balances, as defined. The benefit to which participants are entitled is the vested portion of their accounts.

Vesting

Participants are 100% vested in their voluntary contributions to the Plan and related earnings at all times. Contributions from the Employer and related net earnings become vested to the participant based on the following schedule of years of service:

<i>Vesting Service (in years)</i>	<i>Vesting Percentage</i>
Less than 2	-%
2, but less than 3	20
3, but less than 4	50
4, but less than 5	75
5 years or more	100

Additionally, a participant becomes 100% vested when the participant reaches normal retirement age (65), dies while in the service of the Employer, or becomes disabled while a participant.

Payment of Benefits

Upon termination of service, a participant or the participant's beneficiary, upon their consent, will receive a lump-sum amount equal to the value of the participant's vested interest in their account provided their vested account balance is in excess of \$5,000. Vested benefits of \$1,000 or less will be paid out in a lump-sum distribution with or without the participant's consent. Benefits of less than \$5,000 but more than \$1,000 may be automatically rolled into an individual retirement account designated by the Plan administrator. Distributions are generally only allowed after termination of employment with the Employer; however, distributions can be made during a participant's employment upon attainment of age 59½ or under certain hardship provisions, as defined in the Plan.

Forfeitures

The portion of a terminated participant account that is not vested (forfeitures) will be used to reduce employer contributions to the plan or pay expenses of the Plan. As of December 31, 2021 and 2020, forfeited non-vested accounts totaled \$14,044 and \$12,003, respectively. For the year ended December 31, 2021, \$22,983 and \$60,996 was used to reduce Employer contributions and to pay Plan expenses, respectively.

Kitsap Mental Health Services 403(b) Retirement Plan

Notes to Financial Statements

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, reduced by the highest outstanding loan balance in their account during the prior 12-month period. Loans are secured by the balance of the participant's account and bear interest at prime plus 1%. The maximum loan term is five years unless the loan qualifies as a home loan, in which case the Plan administrator may permit a longer repayment term. Participants may have no more than two outstanding loans at any given time. Principal and interest are paid ratably through payroll deductions, except for loans held by VALIC, which are paid directly by the participants.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ materially from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are stated at their unpaid principal balance plus any accrued but unpaid interest. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. No allowance for credit losses had been recorded as of December 31, 2021 or 2020. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Notes to Financial Statements

Administrative Expenses

Administrative expenses related to operating and maintaining the Plan, and certain investment and transaction fees, are paid by the Plan. Certain investment expenses which are charged within investments are presented net of the appreciation (depreciation) in fair value of investments. Additionally, the Employer pays certain expenses of the Plan, including fees for the annual audit of the Plan. Expenses paid by the Employer are excluded from these financial statements.

Subsequent Events

The financial statements and related disclosures include an evaluation of events up through and including October 17, 2022, which is the date the financial statements were available to be issued.

3. Certified Investment Information

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal, VALIC and Lincoln, qualified institutions, have certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown on the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020;
- Net investment income and interest income on notes receivable from participants as shown on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2021;
- Investment information included in Note 4;
- Investment information included in the schedule of assets (held at end of year) as of December 31, 2021, as shown on the ERISA-required supplemental schedule.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

4. Fair Value Measurements

Accounting Standards Codification (ASC) 820, Fair Value Measurements, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Kitsap Mental Health Services
403(b) Retirement Plan
Notes to Financial Statements

Level 2: Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Separate Accounts: Investment interest in the separate accounts are variable-dollar annuities. Units held in separate accounts are valued at NAV. The NAV, as provided by the insurance company, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying assets, less any liabilities, and then divided by the number of units outstanding. The NAV's unit price is quoted in a market that is not active. However, the unit price is based on underlying investments, which are traded in active markets. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. There are no unfunded commitments and the investments can be redeemed on a daily basis.

Fixed Annuity Contracts: The non-fully benefit responsive (NFBR) fixed annuity contracts, composed of the VALIC Fixed Account Plus and Lincoln Fixed Account, are reported at fair value, which is approximated by contract value. Fair value is determined using a discounted cash flow model. The contract value equals the accumulated cash contributions and interest credited to the Plan's contracts, less withdrawals. The fixed annuity contracts are not available for sale or transfer on any securities exchange. The fixed annuity accounts are subject to various restrictions. See Note 5.

The preceding methods described may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

* In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items present in the statements of net assets available for benefits.

The following table summarizes investment strategies for the variable annuity contracts valued at NAV:

VALIC Fixed Account Plus	\$ 1,084,560	Discounted cash flow/theoretical transfer (exit price)	Risk-adjusted market rates	2.15% to 4.5%
Lincoln Fixed Account	\$ 41,970	Transfer value	Crediting Rates	3%

5. Fixed Annuity Contracts

As discussed in Note 4, fixed annuity contracts consist of investment options available to participants including the VALIC Fixed Account Plus and Lincoln Fixed Account.

VALIC Fixed Account Plus

The Plan holds a fixed annuity account with VALIC that is credited with a guaranteed minimum rate of interest that is determined monthly. The minimum guaranteed rate depends on the year the account was established. VALIC declares a “current” interest rate at the beginning of each month applicable to contributions received during that month. The current rate declared is guaranteed until the end of that calendar year for contributions received that month. A new rate is established January 1 of each calendar year and guaranteed for that entire calendar year. The contractually guaranteed minimum interest rate is applicable for the lifetime of the contract.

The fixed account may be withdrawn at a rate of 20% annually. Any transfers back to the fixed account may be subject to new crediting interest rates. Withdrawals are subject to a surrender charge if more than 10% of the balance is withdrawn. Surrender charges are equal to the lesser of 5% of all deposits into the account in the last 60 months or 5% of the amount withdrawn. The fixed annuity contract is not considered to be a fully benefit-responsive investment contract as defined by ASC 962.

Lincoln Fixed Account

The Plan also holds the Lincoln Financial Group Fixed Account. The Fixed Account is held in the insurance company’s general assets and pays a guaranteed minimum rate of interest of 1.75%. Participants are only allowed to withdraw up to 25% of the Fixed Account value in any one year and are limited to 12 transfers per year. Based on this provision, which is considered to restrict the participants’ “reasonable access” to their contract balances, the Fixed Account balances are not considered to be fully benefit-responsive as defined by ASU 962.

Kitsap Mental Health Services 403(b) Retirement Plan

Notes to Financial Statements

6. Related-Party and Party-in-Interest Transactions

Certain Plan investments are managed and/or sponsored by the custodians. Therefore, these transactions qualify as party-in-interest transactions. Participant loan and distribution processing fees are paid to the custodians by participants. The Plan paid for third party administrator fees and investment advisory fees which qualify as party-in-interest transactions. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. Certain management fees in the form of an expense ratio charged to each investment option are paid by the Plan and deducted from earnings on investments. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

7. Risks and Uncertainties

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and participant account balances.

8. Plan Termination

Although it has not expressed any intention to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

9. Income Tax Status

The Plan has adopted a volume submitter prototype plan sponsored by its third-party administrator which received a favorable opinion letter from the IRS dated March 31, 2017, which stated that the prototype Plan, as then designed, satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. Although the Plan has been amended since the date of the opinion letter, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.
