Independent Auditor's Report

To the Trustees of
Baltimore-Washington Construction and Public Employees
Laborers' District Council Defined Contribution Retirement Plan

Opinion

We have audited the accompanying financial statements of Baltimore-Washington Construction and Public Employees Laborers' District Council Defined Contribution Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Baltimore-Washington Construction and Public Employees Laborers' District Council Defined Contribution Retirement Plan as of December 31, 2021 and 2020, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Baltimore-Washington Construction and Public Employees Laborers' District Council Defined Contribution Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Baltimore-Washington Construction and Public Employees Laborers' District Council Defined Contribution Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Baltimore-Washington Construction and Public Employees Laborers' District Council Defined Contribution Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Baltimore-Washington Construction and Public Employees Laborers' District Council Defined Contribution Retirement Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets (held at year end) at December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

BALTIMORE-WASHINGTON CONSTRUCTION AND PUBLIC EMPLOYEES
LABORERS' DISTRICT COUNCIL DEFINED CONTRIBUTION RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2021 AND 2020

NOTE 1 - DESCRIPTION OF PLAN

The Baltimore-Washington Construction and Public Employees, Laborers' District Council (the "Council") Defined Contribution Retirement Plan was established on January 1, 2012, under an agreement between Construction Contractors Council-AGC Labor Division, Inc., and Laborers of employers who have collective bargaining agreements either individually or through membership in an employers' association which requires that payment be made to this fund.

The following brief description of the Baltimore-Washington Construction and Public Employees, Laborers' District Council Defined Contribution Retirement Plan (Plan) is provided for general information purposes only. Participants should refer to the Plan agreement and booklet "Summary Plan Description" which are available at the plan administrator's office.

General

The Plan is a defined contribution retirement plan which covers employees of participating employers with jobs in the Washington, DC metropolitan area who are subject to the collective bargaining agreements described above. Eligibility requires employees of participating employers to complete an "eligibility year of service," which is comprised of a period of twelve consecutive months during which the participant completes 1,000 or more "hours of service," as defined in the plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is administered by a Board of Trustees consisting of Trustees appointed by the Union and Trustees appointed by the employer association, each having equal voting power. The Board is responsible for oversight of the Plan and determines the appropriateness of the Plan's investments and monitors investment performance.

Contributions

Contributing employers contribute to the Plan in accordance with the Collective Bargaining Agreement covering each eligible participant, subject to limits determined by the Internal Revenue Code. Eligible participants may request to the trustee of the Plan to make rollover contributions.

Vesting Provisions

Participants are fully vested immediately in employer contributions made on behalf of the participants, plus actual earnings thereon.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited with the participant's employer's contribution and an allocation of Plan earnings (losses). Administrative expenses are allocated in an equitable manner based upon the source and nature of expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Unallocated assets in the Plan, which are a component of the Plan's cash and investments, at fair value totaled \$86,930 and \$70,643, as of December 31, 2021 and 2020, respectively.

Payment of Benefits

Upon termination of service due to death, disability or retirement, the Plan provides for retirement benefits to be paid in a single lump sum. Participants are permitted to make hardship withdrawals if certain criteria, as defined in the plan document, are met. For termination of service for other reasons, as defined in the plan document, a participant may receive the value of the vested interest in their account as a lump sum distribution. Through a modification of the Plan effective June 1, 2019, a participant's account attributable to employer contributions credited on or after June 1, 2019 shall not be distributed to the participant on account of termination of employment unless the participant has attained age 59 ½.

Notes Receivable from Participants

Participants may not borrow funds from their accounts.

Plan Termination

Although it has not expressed any intent to do so, the bargaining parties have the right under the Plan to discontinue its operations at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting which recognizes income in the period it is earned and expenses in the period which they are incurred.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual amounts could differ from those estimates.

Employers' Contribution Receivable

This amount represents employer contributions attributable to the plan year and received shortly after the close of the plan year and amounts management expects to collect from delinquent contributing employers based on management's assessment of the credit history with participating employers and current relationship with them. Based on management's assessment, no allowance for credit losses have been recorded as of December 31, 2021 and 2020.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the trustee and investment advisor.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Income Tax Status

The Internal Revenue Service has determined and informed the Plan by a letter dated October 22, 2013, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC) for tax exempt status. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed, and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, the Plan is qualified, and the related trust is tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Income Tax Status (Continued)

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Administrative Expenses

The Plan's expenses are paid by the Plan. Expenses incurred in connection with the general administration of the Plan that are paid by the Plan and allocated to participant account are recorded as deductions in the accompanying statements of changes in net assets available for benefits.

Payment of Benefits

Benefits are recorded when paid.

Related Party and Party-in-Interest Transactions

The Laborers' District Council Pension and Disability Trust Fund No. 2 is a defined benefit pension plan covering Laborers' under collective bargaining agreements. Certain Trustees of the Plan are also Trustees of the Laborers' District Council Pension and Disability Trust Fund No. 2.

Laborers' District Council Combined Account is a checking account owned by the Baltimore-Washington Construction & Public Employees Laborers' District Council and managed by a third party administrator, Benesys. The purpose of this account is to receive employer contributions required under collective bargaining agreements and distribute the contributions to designated trust funds. The contributions to the Plan are received through this account.

As the result of a clerical error in 2018, the Plan paid an invoice in the amount of \$6,500 that was payable by the Laborers' District Council Pension and Disability Trust Fund No. 2. This amount was receivable from the Laborers' District Council Pension and Disability Trust Fund No. 2 as of December 31, 2020.

In 2020, as a result of a clerical error, contributions to the Plan in the amount of \$63,192, were transferred from the Laborers' District Council Combined Account to the Laborers' District Council Pension and Disability Trust Fund No. 2. This amount was receivable from the Laborers' District Council Pension and Disability Trust Fund No. 2 as of December 31, 2020.

Subsequent Events

The Plan evaluated events through the date that the financial statements were available to be issued. The Plan is not aware of any significant events that occurred subsequent to the statement of net assets available for benefits date, but prior to October 15, 2022, that would have a material impact on the financial statements.

NOTE 3 - FAIR VALUE MEASUREMENTS

Financial assets and liabilities valued using Level 1 inputs are based on unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 unobservable inputs have the lowest priority. Level 2 inputs are based on quoted market prices for substantially similar assets in active markets. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. There are no Level 3 investments in the Plan.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Common Stocks, Exchange Traded Funds, Mutual Funds, Preferred Stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

Fixed Income: Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings. When quoted prices are not available for identical or similar bonds, the bond is valued under a discounted cash flows approach that maximizes observable inputs, such as current yields of similar instruments, but includes adjustments for certain risks that may not be observable, such as credit and liquidity risks or a broker quote if available.

The following tables present the Plan's fair value hierarchy for assets measured at fair value on a recurring basis as of December 31, 2020:

	Quoted Market Prices in Active Markets (Level 1)	Other Observable Inputs (Level 2)	Unobservable Inputs (Level 3)	Total
<u>2020</u>				
Common Stocks	\$ 416,336	\$ -	\$ -	\$ 416,336

NOTE 4 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the bargaining parties have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would continue to be 100% vested in their entire accounts.
