Financial Statements As Of December 31, 2021
And 2020

Together With Independent Auditors' Report

INDEPENDENT AUDITORS' REPORT

To the Participants, Plan Administrators and Benefits Committee of the
Maxwell 401(k) Plan :

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Maxwell 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

- The amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditors' Report (Continued)

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Maxwell 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Maxwell 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Independent Auditors' Report (Continued)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Maxwell 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Maxwell 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Independent Auditors' Report (Continued)

The supplemental schedules of Schedule H, Line 4i - Schedule of Assets Held for Investment Purposes as of December 31, 2021, is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Report on the Compilation of the Financial Statements

Plan management is responsible for the accompanying financial statements of Maxwell 401(k) Plan (an employee benefit plan), which comprise the statement of net assets available for benefits as of December 31, 2020, and the related notes to the financial statements in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statements nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on these financial statements as of and for the year ended December 31, 2020.

MAXWELL 401(K) PLAN

Notes To Financial Statements
For The Years Ended December 31, 2021 and 2020

Page -8-

(1) Description Of The Plan

The following brief description of the Maxwell 401(K) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution benefit plan in which substantially all employees of the Maxwell 401(K) Plan (the "Employer") are eligible to participate after attaining the age of 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

Contributions

Each participant may elect to reduce his or her compensation and have such amounts contributed to the Plan as pre-tax contributions. Such contributions are excluded from a participant's taxable compensation in accordance with the provisions of Section 401(k) of the Internal Revenue Code (IRC). Employer matching contributions are discretionary and will be allocated to all eligible employees on the last day of the year. There were no employer matching contributions during the years ended December 31, 2021 and 2020.

The IRC imposes certain restrictions on the amount of annual additions to an individual participants accounts, as well as an aggregate limit on contributions and requires compliance with certain nondiscrimination tests. The annual limit on a participant's before-tax contributions was \$19,500 for 2021 and 2020.

Plan participants who are age 50 or more by the close of the Plan year, may elect to make catch-up elective deferrals up to \$6,500 for 2021 and 2020. These elective deferrals are for eligible participants whose elective deferrals have been restricted by either a statutory ceiling or by a plan limit.

The Plan also allows rollover contributions, within IRS parameters, of part or all of a "qualified total distribution" received by a participant from a qualified plan of a previous employer.

Participant Accounts

Separate accounts are maintained for each participant and are credited with the participant's contributions, employer matching, and rollover contributions, if any, including the allocations of earnings and losses to these accounts. Participants direct the investment of their accounts by electing the percentages they wish to allocate between investment alternatives. Participants can change their investment allocations at their discretion by communicating directly with the Plan custodian via the internet.

Notes Receivable From Participants

Participants may borrow from their fund a minimum of \$1,000 and up to a maximum of \$50,000 or 50% of their vested account balance. Each loan is secured by the participant's vested interest and is made from that participant's account. Loans must be repaid within five years. Interest rate is determined at the time of the loan application. All loans are repaid from payroll withholding installments.

Vesting

Participants are always 100% vested in contributions they make and any earnings thereon. Participants have a vested and non-forfeitable interest in his or her matching and extra contributions of 100% after one year of service. Participants are credited for a year of service for each calendar year in which the participant completes 1,000 hours of service. Participants also became fully vested in all of their accounts in the event of retirement after age 65, upon death or disability or if the Plan was terminated.

Non-vested balances of participants who terminate prior to becoming fully vested may be used to reduce future employer matching contributions and Plan expenses at the end of the Plan year.

Payment Of Benefits

At the time of a participant's retirement or termination of employment because of disability or termination of employment for reasons other than retirement, death or disability, a participant is entitled to receive a lump sum payment of the full amount of his or her before-tax contribution accounts plus the vested portion of his or her matching accounts.

A participant may choose either a distribution with the mandatory 20% withholding for tax or a rollover distribution for the full amount to another qualified plan. If the total benefit is \$5,000 or less, it may be automatically distributed to the participant.

Under certain conditions defined in the Plan, participants may be granted hardship withdrawals from vested account balances the Plan administrator. Such premature withdrawals may result

in the participant having to pay a 10% excise tax in addition to the regular income taxes on amounts withdrawn.

Death Benefits

If an active employee dies, the participant becomes fully vested. The participant's account balances are paid in a lump sum to the beneficiary.

Administration And Expenses

Fees for the investment managers and certain record keeping, administrative, and custodian fees are paid out of assets of the Plan. Employer personnel perform various administrative services. The expenses incurred by the Employer are not significant and are not included in the accompanying financial statements.

(2) Summary Of Accounting Policies

Basis Of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use Of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Contributions Receivable

Participant contributions receivable arise from participant contributions that are withheld from employee's salary, but have yet to be remitted to the Plan by the Employer. Employer contributions receivable arise from matching or discretionary contributions that are to be remitted to the Plan by the Company for wages that have been previously paid to employees. There were no employer contributions during 2021 and 2020.

The Plan's policy for charging off uncollectible contributions is when future receipts are deemed improbable. As of December 31, 2021 and 2020, all contributions receivable were considered fully collectible, therefore, there was no provision for uncollectible amounts.

Investment Valuation And Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Fair Value Measurements

The Plan follows *Fair Value Measurements* accounting standard, which among other things requires enhanced disclosures about investments that are measured and reported at fair value and establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the standard are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds: The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at their price. The mutual funds held by the Plan are considered to be actively traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Payment Of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has performed an evaluation of subsequent events through October 17, 2022, which is the date the financial statements were available to be issued, and has considered any relevant matters in the preparation of the financial statements and footnotes.

Effective June 15, 2022, the Plan was restated to comply with recent legislative and regulatory changes.

(3) Financial Data Certified By The Investment Company Administered Trust Fund

The plan administrator has elected the method of compliance permitted by Section 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA for the years ended December 31, 2021 and 2020. Accordingly, as permitted under such election, Millennium Trust Company, LLC. ("Millenium") has certified all financial data relative to the investment assets, transactions, and income.

(4) Investments

The following table presents the Plan's fair value hierarchy for those assets measured at fair value on a recurring basis as of December 31, 2021:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

(5) Plan Termination

Although the Employer intends to continue the Plan and to make discretionary contributions, the Employer reserves the right to terminate the Plan at any time, and its continuance is not guaranteed. The Employer also has reserved the right to amend or otherwise modify the Plan, or to discontinue any further contributions or payments under the Plan, by a resolution of its Board. In the event of a termination of the Plan or discontinuance of contributions, the account of each affected participant shall become non-forfeitable.

(6) Income Tax Status

The Plan is an adoption of a regional prototype plan, which has received a notification letter from the Key District Director having jurisdiction with the Plan. The Internal Revenue Service permits the employer to rely on the notification letter. Therefore, the employer will not submit the Plan to the Internal Revenue Service for an advance determination as to whether the Plan meets the qualification requirements of section 401 of the Internal Revenue Code of 1986 with respect to the Plan's initial qualification.

The prototype plan has been amended since receiving the determination letter. However, the plan administrator believes the Plan is designed and is currently being operated in compliance with applicable provisions of the IRC.

The Plan follows *Accounting for Uncertainty in Income Taxes* accounting standard which requires the Plan to determine whether a tax position (and the related tax benefit) is more likely than not to be sustained upon examination by the applicable taxing authority, based solely on the technical merits of the position. The tax benefit to be recognized is measured as the largest amount of benefit that is greater than fifty percent likely of being realized upon settlement, presuming that the tax position is examined by the appropriate taxing authority that has full knowledge of all relevant information. During the years ended December 31, 2021 and 2020, the Plan evaluated its tax positions to determine the existence of uncertainties, and did not note any matters that would require recognition or which may have an affect on its tax status.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. The Plan commenced in 2020, and is subject to U.S. federal tax audits on its Form 5500 by taxing authorities for all returns filed. The years subsequent to this year contain matters that could be subject to differing interpretations of applicable tax laws and regulations. Although the outcome of tax audits is uncertain, the Plan believes no issues would arise.

(7) Party-In-Interest Transactions

Millenium is the Trustee as defines by the Plan. MTG LLC d/b/a Betterment Securities provides record keeping, operational services and is the custodian. Therefore, these transactions qualify as party-in-interest transactions. All these transactions are exempt from the prohibited transaction rules of ERISA.

(8) Risks And Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of

investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Additionally, some investments held by the Plan are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in the U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

(9) **Reconciliation Of Financial Statement To Form 5500**

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

	<u>2021</u>	<u>2020</u>
Net assets available for benefits per the financial statements	\$ 2,005,840	\$ 296,461
