GITSIT Solutions, LLC 401(k) Plan (formerly Kondaur Capital Corporation 401(K) Plan)

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of the GITSIT Solutions, LLC 401(k) Plan (formerly Kondaur Capital Corporation 401(K) Plan) (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Audit of the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4(i)—Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

GITSIT Solutions, LLC 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of the GITSIT Solutions, LLC 401(k) Plan (formerly Kondaur Capital Corporation 401(K) Plan) (the Plan) provides only general information. Participants should refer to the Plan document and adoption agreement for a more complete description of the Plan's provisions. Effective on December 30, 2021, the Plan changed its name from Kondaur Capital Corporation 401(K) Plan to GITSIT Solutions, LLC 401(k) Plan.

General: The Plan is a qualified defined contribution plan covering employees of GITSIT Solutions, LLC (formerly Kondaur Capital Corporation Inc.) (the Company, Employer) and is available to all employees who have attained the age of 21 and completed two months of employment. Participation may begin on the first day of the month following meeting eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's Administrative Committee is responsible for oversight of the Plan. The Plan is intended to be a qualified defined contribution plan that satisfies the requirements of section 401(k) of the Internal Revenue Code (the "IRC").

Fidelity Management Trust Company ("Fidelity" or "the Trustee"), as the trustee, has the authority to hold, manage and protect the assets of the Plan in accordance with the provisions of the Plan. The recordkeeping administrative services are performed by Fidelity Investments Institutional Operations Company, Inc., an affiliate of the Trustee.

Contributions: Participating employees may contribute up to 75% of their eligible annual compensation, as defined in the Plan document, subject to certain IRC limitations. Contributions can be made on both a pre-tax (before federal and state taxes are withheld) and/or Roth (after-tax) basis through payroll deductions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions, subject to certain IRC limitations. Participants may also contribute amounts representing distributions from other qualified plans, which are reflected as rollover contributions in the statement of changes in net assets available for benefits.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation, and their contributions are invested in a designated balanced fund until changed by the participant. The Company may make discretionary matching and non-elective contributions. The Company did not make any discretionary matching or discretionary non-elective contributions during the year ended December 31, 2021.

Participant accounts: Each participant's account is credited with the participant's contributions and Company discretionary matching and non-elective contributions, if any, as well as allocations of Plan earnings, and charged with withdrawals and an allocation of administrative expenses and Plan losses, as applicable. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Administration: The assets of the Plan are held by Fidelity. Fidelity acts as the trustee and custodian for the Plan. The recordkeeping administrative services are performed by Fidelity Investments Institutional Operations Company, Inc., an affiliate of the Trustee.

GITSIT Solutions, LLC 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Vesting: Participants are vested immediately in their voluntary contributions plus actual earnings thereon. Vesting in the Company's discretionary matching and non-elective contributions is based upon a participant's number of years of service as defined by the following schedule:

Years of Service	Vested Percentage
Less than one year	0%
One year but less than two years	25%
Two years but less than three years	50%
Three years but less than four years	75%
Four years or more	100%

Benefits attributable to each participant will become fully vested in the event of death, disability or normal retirement.

Forfeitures: Participants who terminate their employment prior to the completion of the minimum number of applicable years forfeit their unvested employer contributions. Forfeitures may be used to pay Plan administrative expenses or reduce future employer contributions. For the year ended December 31, 2021, no forfeitures were applied towards reducing employer contributions. There were unused forfeiture amounts of \$11,286 and \$7,704 as of December 31, 2021 and 2020, respectively.

Mutual fund fees: Investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees, which are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940, are annual fees deducted to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of investment earnings activity and thus not separately identifiable as an expense.

Plan termination: Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the discontinuance of employer contributions or Plan termination, participants would remain fully vested in their accounts.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. A participant may have a maximum of two notes outstanding at any one time. Notes must be repaid within five years unless such loan is for the purchase of a participant's primary residence, in which case the repayment period shall be no more than ten years. The notes are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. As of December 31, 2021, the notes outstanding had interest rates of 4.25% to 6.50%. Principal and interest are paid ratably through payroll deductions.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from the estimates.

GITSIT Solutions, LLC 401(k) Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Management determines the collectability of notes receivable from participants on a periodic basis. This determination is made based on the terms of the Plan document and the related Plan policies and procedures. Those notes receivable from participants that are deemed to be uncollectible are written-off and included as benefits paid to participants in the financial statements and the Form 5500 for financial reporting purposes in the year the determination is made. Amounts recovered on notes receivable from participants previously deemed uncollectible are reported as a reduction of benefits paid to participants in the financial statements and the Form 5500 for financial reporting purposes in the year the recovery is made.

Administrative expenses: Certain expenses incurred for maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Payment of benefits: Employees may receive their benefits at their normal retirement date in the form of a lump-sum payment. Benefits are also provided in a lump-sum payment in the event of death, disability, or termination of employment. Benefits are recorded when paid.

Subsequent events: The Plan has evaluated subsequent events through October 17, 2022, the date the financial statements were available to be issued.

GITSIT Solutions, LLC 401(k) Plan

Note 3. Information Certified by Fidelity Management Trust Company (Trustee)

The following is a summary of the Plan's assets information as of December 31, 2021 and 2020, and for the year ended December 31, 2021, included throughout the Plan's financial statements and supplemental schedule that was prepared by or derived from information provided by Fidelity, the trustee of the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets at December 31:

	2021	2020
Investments, at fair value:		
Money market fund	\$ 664,660	\$ 498,111
Mutual funds	7,247,264	7,005,764
Notes receivable from participants	50,757	102,209

The Plan's trustee also certified to the completeness and accuracy of \$148,597 of net appreciation in fair value of investments, \$921,764 of dividend and interest income related to the aforementioned securities and \$4,807 of interest income from notes receivable from participants for the year ended December 31, 2021.

Note 4. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). FASB ASC 820 also provides that fair value may be measured at the net asset value (NAV) provided by the issuer for certain entities that calculate NAV per share. The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

GITSIT Solutions, LLC 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Money market fund: Valued using the amortized cost method as permitted by Rule 2a-7 under the Investment Company Act of 1940, which approximates fair value. The money market fund held by the Plan is deemed to be actively traded.

Mutual funds: Valued at the daily closing price as reported by the fund. Shares of mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2021 and 2020:

Description	Investments at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 7,247,264	\$ -	\$ -	\$ 7,247,264
Money market fund	664,660	-	-	664,660

Changes in fair value levels: The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Note 5. Tax Status

The Plan adopted a non-standardized form of a prototype plan sponsored by Fidelity. The prototype plan has received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014 as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Notes to Financial Statements

Note 5. Tax Status (Continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021 and 2020, and for the year ended December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

Note 6. Related Party Transactions

Certain Plan investments are managed by the Trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions as defined by ERISA. Additionally, notes receivable from participants are considered exempt party-in-interest transactions. Administrative expenses paid by the plan to the Trustee, and its affiliates, also qualify as party-in-interest transactions.

Note 7. Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits. Users of these financial statements should be aware that the financial markets' volatility may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2021, may not necessarily be indicative of amounts that could be realized in a current market exchange.

Note 8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2021 and 2020, to Form 5500:

	2021	2020
Net assets available for benefits per the financial statements	\$ 7,975,194	\$ 7,615,768
Less participant contributions receivable	(12,513)	(9,684)
Net assets available for benefits per the Form 5500	<u>\$ 7,962,681</u>	<u>\$ 7,606,084</u>

The following is a reconciliation of the net increase in net assets available for benefits per the statement of changes in net assets available for benefits in the financial statements, to the net income per Form 5500 for the year ended December 31, 2021:

	2021
Net increase in net assets available for benefits per the financial statements	\$ 359,426
Add prior year participant contributions receivable	9,684
Less current year participant contributions receivable	(12,513)
Net income per the Form 5500	<u>\$ 356,597</u>

Independent Auditor's Report

Plan Administrator and Participants

GITSIT Solutions, LLC 401(k) Plan (formerly Kondaur Capital Corporation 401(K) Plan)

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of the GITSIT Solutions, LLC 401(k) Plan (formerly Kondaur Capital Corporation 401(K) Plan) (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Audit of the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4(i)—Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

GITSIT Solutions, LLC 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of the GITSIT Solutions, LLC 401(k) Plan (formerly Kondaur Capital Corporation 401(K) Plan) (the Plan) provides only general information. Participants should refer to the Plan document and adoption agreement for a more complete description of the Plan's provisions. Effective on December 30, 2021, the Plan changed its name from Kondaur Capital Corporation 401(K) Plan to GITSIT Solutions, LLC 401(k) Plan.

General: The Plan is a qualified defined contribution plan covering employees of GITSIT Solutions, LLC (formerly Kondaur Capital Corporation Inc.) (the Company, Employer) and is available to all employees who have attained the age of 21 and completed two months of employment. Participation may begin on the first day of the month following meeting eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's Administrative Committee is responsible for oversight of the Plan. The Plan is intended to be a qualified defined contribution plan that satisfies the requirements of section 401(k) of the Internal Revenue Code (the "IRC").

Fidelity Management Trust Company ("Fidelity" or "the Trustee"), as the trustee, has the authority to hold, manage and protect the assets of the Plan in accordance with the provisions of the Plan. The recordkeeping administrative services are performed by Fidelity Investments Institutional Operations Company, Inc., an affiliate of the Trustee.

Contributions: Participating employees may contribute up to 75% of their eligible annual compensation, as defined in the Plan document, subject to certain IRC limitations. Contributions can be made on both a pre-tax (before federal and state taxes are withheld) and/or Roth (after-tax) basis through payroll deductions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions, subject to certain IRC limitations. Participants may also contribute amounts representing distributions from other qualified plans, which are reflected as rollover contributions in the statement of changes in net assets available for benefits.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation, and their contributions are invested in a designated balanced fund until changed by the participant. The Company may make discretionary matching and non-elective contributions. The Company did not make any discretionary matching or discretionary non-elective contributions during the year ended December 31, 2021.

Participant accounts: Each participant's account is credited with the participant's contributions and Company discretionary matching and non-elective contributions, if any, as well as allocations of Plan earnings, and charged with withdrawals and an allocation of administrative expenses and Plan losses, as applicable. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Administration: The assets of the Plan are held by Fidelity. Fidelity acts as the trustee and custodian for the Plan. The recordkeeping administrative services are performed by Fidelity Investments Institutional Operations Company, Inc., an affiliate of the Trustee.

GITSIT Solutions, LLC 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Vesting: Participants are vested immediately in their voluntary contributions plus actual earnings thereon. Vesting in the Company's discretionary matching and non-elective contributions is based upon a participant's number of years of service as defined by the following schedule:

Years of Service	Vested Percentage
Less than one year	0%
One year but less than two years	25%
Two years but less than three years	50%
Three years but less than four years	75%
Four years or more	100%

Benefits attributable to each participant will become fully vested in the event of death, disability or normal retirement.

Forfeitures: Participants who terminate their employment prior to the completion of the minimum number of applicable years forfeit their unvested employer contributions. Forfeitures may be used to pay Plan administrative expenses or reduce future employer contributions. For the year ended December 31, 2021, no forfeitures were applied towards reducing employer contributions. There were unused forfeiture amounts of \$11,286 and \$7,704 as of December 31, 2021 and 2020, respectively.

Mutual fund fees: Investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees, which are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940, are annual fees deducted to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of investment earnings activity and thus not separately identifiable as an expense.

Plan termination: Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the discontinuance of employer contributions or Plan termination, participants would remain fully vested in their accounts.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. A participant may have a maximum of two notes outstanding at any one time. Notes must be repaid within five years unless such loan is for the purchase of a participant's primary residence, in which case the repayment period shall be no more than ten years. The notes are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. As of December 31, 2021, the notes outstanding had interest rates of 4.25% to 6.50%. Principal and interest are paid ratably through payroll deductions.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from the estimates.

GITSIT Solutions, LLC 401(k) Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Management determines the collectability of notes receivable from participants on a periodic basis. This determination is made based on the terms of the Plan document and the related Plan policies and procedures. Those notes receivable from participants that are deemed to be uncollectible are written-off and included as benefits paid to participants in the financial statements and the Form 5500 for financial reporting purposes in the year the determination is made. Amounts recovered on notes receivable from participants previously deemed uncollectible are reported as a reduction of benefits paid to participants in the financial statements and the Form 5500 for financial reporting purposes in the year the recovery is made.

Administrative expenses: Certain expenses incurred for maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Payment of benefits: Employees may receive their benefits at their normal retirement date in the form of a lump-sum payment. Benefits are also provided in a lump-sum payment in the event of death, disability, or termination of employment. Benefits are recorded when paid.

Subsequent events: The Plan has evaluated subsequent events through October 17, 2022, the date the financial statements were available to be issued.

GITSIT Solutions, LLC 401(k) Plan

Notes to Financial Statements

Note 3. Information Certified by Fidelity Management Trust Company (Trustee)

The following is a summary of the Plan's assets information as of December 31, 2021 and 2020, and for the year ended December 31, 2021, included throughout the Plan's financial statements and supplemental schedule that was prepared by or derived from information provided by Fidelity, the trustee of the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets at December 31:

	2021	2020
Investments, at fair value:		
Money market fund	\$ 664,660	\$ 498,111
Mutual funds	7,247,264	7,005,764
Notes receivable from participants	50,757	102,209

The Plan's trustee also certified to the completeness and accuracy of \$148,597 of net appreciation in fair value of investments, \$921,764 of dividend and interest income related to the aforementioned securities and \$4,807 of interest income from notes receivable from participants for the year ended December 31, 2021.

Note 4. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). FASB ASC 820 also provides that fair value may be measured at the net asset value (NAV) provided by the issuer for certain entities that calculate NAV per share. The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Note 4. Fair Value Measurements (Continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Money market fund: Valued using the amortized cost method as permitted by Rule 2a-7 under the Investment Company Act of 1940, which approximates fair value. The money market fund held by the Plan is deemed to be actively traded.

Mutual funds: Valued at the daily closing price as reported by the fund. Shares of mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2021 and 2020:

Description	Investments at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 7,247,264	\$ -	\$ -	\$ 7,247,264
Money market fund	664,660	-	-	664,660
Total investments at fair value	<u>\$ 7,911,924</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 7,911,924</u>

Description	Investments at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 7,005,764	\$ -	\$ -	\$ 7,005,764
Money market fund	498,111	-	-	498,111
Total investments at fair value	<u>\$ 7,503,875</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 7,503,875</u>

Changes in fair value levels: The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Note 5. Tax Status

The Plan adopted a non-standardized form of a prototype plan sponsored by Fidelity. The prototype plan has received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014 as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Note 5. Tax Status (Continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021 and 2020, and for the year ended December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

Note 6. Related Party Transactions

Certain Plan investments are managed by the Trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions as defined by ERISA. Additionally, notes receivable from participants are considered exempt party-in-interest transactions. Administrative expenses paid by the plan to the Trustee, and its affiliates, also qualify as party-in-interest transactions.

Note 7. Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits. Users of these financial statements should be aware that the financial markets' volatility may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2021, may not necessarily be indicative of amounts that could be realized in a current market exchange.

Note 8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2021 and 2020, to Form 5500:

	2021	2020
Net assets available for benefits per the financial statements	\$ 7,975,194	\$ 7,615,768
Less participant contributions receivable	(12,513)	(9,684)
Net assets available for benefits per the Form 5500	<u>\$ 7,962,681</u>	<u>\$ 7,606,084</u>

The following is a reconciliation of the net increase in net assets available for benefits per the statement of changes in net assets available for benefits in the financial statements, to the net income per Form 5500 for the year ended December 31, 2021:

	2021
Net increase in net assets available for benefits per the financial statements	\$ 359,426
Add prior year participant contributions receivable	9,684
Less current year participant contributions receivable	(12,513)
Net income per the Form 5500	<u>\$ 356,597</u>
