INDEPENDENT AUDITOR'S REPORT

To the Trustee and Participants of the
Catalent Pharma Solutions, LLC Pension Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of the Catalent Pharma Solutions, LLC Pension Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for plan benefits as of December 31, 2021, and the related statement of changes in net assets available for plan benefits for the year then ended, and the related notes to the financial statements including the accumulated plan benefits as of and for the year ended December 31, 2020 (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying 2021 financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

(Continued)

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedules of Form 5500, Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021 and Form 5500, Schedule H, Part IV, Line 4j - Schedule of Reportable Transactions for the year then ended are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Catalent Pharma Solutions, LLC Pension Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 30, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 1 – DESCRIPTION OF THE PLAN

The following brief description of the Catalent Pharma Solutions, LLC Pension Plan (the "Plan") provides only general information. Participants should refer to the plan document for a complete description of the Plan's provisions.

General: The Plan is a non-contributory defined benefit pension covering substantially all employees hired prior to December 31, 2002. The Plan provides for disability, retirement and death benefits to participants in proportion to an individual's compensation. The plan sponsor's funding policy is to contribute, at a minimum, the amount necessary to meet the funding standards required under Section 412 of the Internal Revenue Code but no more than the maximum tax deductible amount under Section 404 of the Internal Revenue Code. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA) and has met the ERISA minimum funding requirements.

Effective December 31, 2002, the Plan was frozen and there has been no further accrual of benefits under the Plan. Participants with accrued benefits at that date continue to participate in the Plan; however, no new participants may enter the Plan.

The Plan is a result of the spin-off due to the sale of Pharmaceutical Technologies and Services from Cardinal Health, Inc. to Catalent Pharma Solutions, Inc. (the "Company" or "Plan Sponsor").

Effective September 1, 2021, the Plan's service provider is Principal Life Insurance Company (Principal). Prior to September 1, 2021, the Plan's service provider was Comerica Bank and Trust, N.A (Comerica). Administrative expenses may be paid by the Company or by the Plan.

Eligibility: Prior to December 31, 2002, employees became eligible on January 1 or coinciding with the completion of 1,000 hours of service during a twelve-month period.

Vesting: A participant is credited with one year of continuous service upon completion of 1,000 hours during a plan year. A participant becomes 20% vested in the Plan after three years of service. Each year of service increases vesting by 20%. A participant who has completed seven years or more of continuous service with the Company is deemed fully vested in the Plan.

Retirement Benefits: Retirement benefits were determined under the formulas specified in the Plan, which becomes a payable equal to the following (a) plus (b) minus (c):

(a) 1% of the participant's average compensation times credited service.

(b) 0.5% of the participant's average compensation in excess of covered compensation, times credited service to a maximum of 35 years.

(c) The participant's deferred monthly benefit purchased or distributed under the prior plan, if any; and that provided under the Plan of a foreign subsidiary or affiliate, if based on employment included in credited service of this Plan.

Normal retirement age is attained once the participant reaches the age of 65 and has completed five years of service, as defined by the Plan; however, a participant may elect early retirement service if the participant attains at least age 55 and completes at least 10 years of service. The Plan provides certain benefits to disabled participants and certain benefits to spouses of vested participants who died prior to retirement.

(Continued)

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Administrative and Investment Management Expenses: The Plan's service provider fees are paid by the Plan and are reflected in the financial statements as administrative expenses of the Plan. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America on the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits and changes therein at the date of the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties: The Plan invests in various investments. Investments are exposed to various risks such as interest rate, credit, liquidity, overall market volatility risks, the ongoing global pandemic and international conflicts. Due to the risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for plan benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption processes, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported and disclosed in the financial statements.

Valuation of Investment: Plan investments are reported at fair value. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability.

The accompanying Statements of Changes in Net Assets Available for Plan Benefits present net appreciation/depreciation in fair value of investments, which includes unrealized gains and losses on investments held at December 31, 2021 and 2020, realized gains and losses on investments sold during the years then ended and management and operating expenses associated with the Plan's investments.

Security transactions are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date.

Payments of Benefits: Benefit payments to participants are recorded upon distribution.

NOTE 3 – FUNDING POLICY

Contributions to provide benefits under the Plan are made solely by the Company. The Company's funding policy is to make cash contributions to the Plan in amounts as determined by the Plan's independent actuary. The funding policy shall fix a minimum and a maximum contribution for each year. The Company satisfied the minimum funding requirements under ERISA for the years ended December 31, 2021 and 2020.

(Continued)

NOTE 4 – ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those estimated future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to services rendered by the employees to the valuation date. Accumulated plan benefits include benefits expected to be paid to: (1) retired or terminated employees or their beneficiaries; (2) beneficiaries of employees who have died; and (3) present employees or their beneficiaries. The Plan provides normal retirement benefits at the normal retirement age, which is the later of age 65 or completion of five years of service and has provisions for early retirement, death and disability benefits. Benefits payable under all circumstances – retirement, death, disability and termination of employment – are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

Aon Hewitt Associates, the Plan's actuary, estimated the actuarial present value of accumulated plan benefits, which is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits earned by the participants to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The actuarial present value of accumulated plan benefits as of December 31, 2020 is as follows:

Vested benefits:	
Participants currently in payment status	$ 23,424,937
Other participants	14,360,168
Total vested benefits	37,785,105
Nonvested benefits	10,365
Total actuarial present value of accumulated plan benefits	$ 37,795,470

The changes in the actuarial present value of accumulated plan benefits are as follows:

	2020
Actuarial present value of accumulated plan benefits as of December 31, 2019	$ 32,854,544
Interest accumulation	1,630,942
Benefits paid	(2,401,702)
Assumption changes	5,577,068
Other changes	134,618
	4,940,926
Actuarial present value of accumulated plan benefits as of December 31, 2020	$ 37,795,470

(Continued)

NOTE 4 – ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS (Continued)

The significant actuarial assumptions used in the December 31, 2020 valuation are:

Investment return	3.50%
Retirement age	Retirements are assumed to occur at various rates from age 55 to age 65
Mortality basis	Pri-2012 table projected generationally from 2012 with the MP-2020 improvement scale.

The change in actuarial assumptions was attributed to a change in the interest rate from 5.15% as of December 31, 2019 to 3.50% as of December 31, 2020.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

The actuarial present value of accumulated plan benefits as of December 31, 2021 has not yet been completed.

NOTE 5 –CERTIFIED INVESTMENTS

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, investments and net appreciation (depreciation) in the fair value of investments, interest and dividends were certified as complete and accurate by Comerica as of December 31, 2020 and for the period January 1, 2021 to August 31, 2021 and Principal for the period September 1, 2021 to December 31, 2021.

NOTE 6 – FAIR VALUE MEASUREMENTS

A fair value hierarchy has been established which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. Three levels of inputs are described below that may be used to measure fair value:

Level 1: Quoted prices in active markets for identical assets or liabilities.

Level 2: Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

(Continued)

NOTE 6 – FAIR VALUE MEASUREMENTS (Continued)

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Collective Trusts (held at December 31, 2020): Participation units of collective trusts are stated at the reported redemption values from the investment managers on the last business day of the Plan year based on the estimated net asset value per unit of the investments. The collective trusts are considered to have readily determinable fair values as the redemption values are published on a website accessible to the investor and transactions can be executed in a timeframe of a month or less (Level 2).

Exchange Traded Funds (held at December 31, 2020): The fair values of exchange traded funds are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1).

Mutual Funds (held at December 31, 2020): The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1).

Pooled Separate Accounts (held at December 31, 2021): The fair values of participation units held in pooled separate accounts are based on the net asset values reported by the fund managers as of the financial statement dates and recent transaction prices. Each pooled separate account provides for daily redemptions by the Plan with no advance notice requirements, and has redemption prices that are determined by the fund's net asset value per unit. As these investments have been measured at fair value by management, using net asset per share (or its equivalent) as a practical expedient, these values are not presented in a fair value hierarchy.

The following table sets forth the plan investment assets at fair value by level within the fair value hierarchy as of December 31, 2021:

	Fair Value Measurements at December 31, 2021 Using			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
* Pooled Separate Accounts	$ -	$ -	$ -	$ 41,131,502
Total	$ -	$ -	$ -	$ 41,131,502

(Continued)

NOTE 6 – FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth the plan investment assets at fair value by level within the fair value hierarchy as of December 31, 2020:

	Fair Value Measurements at December 31, 2020 Using			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Mutual Funds	$ 7,451,588	$ -	$ -	$ 7,451,588
Exchange Traded Funds	21,464,813	-	-	21,464,813
Collective Trust Funds	-	14,238,169	-	14,238,169
Total	$ 28,916,401	$ 14,238,169	$ -	$ 43,154,570

* Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statements of net assets available for plan benefits.

NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS

Parties in interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. The Plan's investment in the pooled separate accounts is managed by Principal. Principal is a service provider of the Plan, therefore, these transactions as well as any fees paid for by the Plan directly or indirectly qualify as party-in-interest transactions.

NOTE 8 – FEDERAL INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated April 3, 2015 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, Plan management believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

(Continued)

NOTE 8 – FEDERAL INCOME TAX STATUS (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the federal or state taxing authorities. The plan administrator has analyzed the tax positions by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

NOTE 9 – PLAN TERMINATION

On June 14, 2021, the Company authorized the termination of the Plan effective December 31, 2021. The plan termination was filed with the Internal Revenue Service on June 27, 2022 and with the Pension Benefit Guaranty Corporation (PBGC) on June 28, 2022. Plan settlement will occur upon receiving necessary government approvals, however the timing, nature and financial impact of the settlement has not yet been determined.

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

(a) Annuity benefits that former participants or their beneficiaries have been receiving for at least three years, or that participants eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under the Plan provisions in effect at any time during the five years preceding Plan termination.

(b) Other vested benefits insured by the PBGC (a U.S. government agency), up to the applicable limitations (discussed below).

(c) All other vested benefits (that is, vested benefits not insured by the PBGC).

(d) All non-vested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan and the amount of benefit protection is subject to certain limitations as of the date of a plan's termination.

NOTE 10 – SUBSEQUENT EVENTS

The Company has evaluated subsequent events for recognition and disclosure through October 11, 2022, the date which the financial statements were available to be issued.

Payment Form Election – Terminated Vesteds

More than age 65 or eligible to retire	Yes	No
Lump Sum	40%	5%
Deferred Life Annuity	60%	95%

Lump Sum Form Conversion Interest Rate	Same as Funding Interest rates above
Lump Sum Form Conversion Mortality	Current IRC section 417(e) table
Decrement Timing	Middle of year decrements with 100% retirement occurring at beginning of year.
Surviving Spouse Benefit	It is assumed that 80% of males and 50% of females have an eligible spouse, and that males are three years older than their spouses.
Benefit Limits	Projected benefits are limited by the current IRC section 415 maximum benefit of $230,000.
Valuation of Plan Assets	Smoothed fair market value of assets over the current and prior two years, adjusted for contributions, benefit payments, administrative expenses, and expected earnings. The average value of assets calculated in this manner is further limited to not less than 90% nor more than 110% of fair market value. A characteristic of this method is that the expected distribution of the value of plan assets is skewed toward understatement relative to the corresponding market values for expected long-term rates of return in excess of the third segment rate under IRC section 430(h)(2)(C)(iii).
Expected Return on Assets	
2019 Plan Year	5.80%
2020 Plan Year	5.15%

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Schedule SB, Part V—Summary of Plan Provisions

Effective Date and Plan Year	The plan was originally established effective as of August 6, 1986 and was most recently amended effective July 30, 2018. The plan year is the 12 month period commencing on January 1 and ending on December 31.
Type of Plan	Defined benefit.
Employer	Catalent Pharma Solutions, Inc.
Eligibility for Participation	An employee will become a participant on the January 1 or July 1 following or coinciding with the completion of 1,000 hours of service during a 12-month period. Participation was frozen at December 31, 2002, so no new entrants will join the plan after that date.
Service Considered	Vesting service, used to determine eligibility for benefits, consists of elapsed time from date of hire, but not less than the sum of elapsed time from January 1, 1991 and years of service as of January 1, 1991 under the plan in effect on December 31, 1986, assuming it had not changed. Credited service, used to determine the amounts of benefits, is the sum of (a) elapsed time from the later of January 1, 1991 and the participant's date of hire, and (b) the greater of the participant's credited service as of December 31, 1990 under the plan in effect on December 31, 1986 assuming it had not changed, and the elapsed time from the participant's date of hire to December 31, 1990. With the plan freeze at December 31, 2002, credited service is frozen. Participants can continue to accrue vesting service through termination, but no future credited service will be granted.
Covered Compensation	The maximum amount of compensation which may be taken into account in computing Social Security benefits at Social Security retirement age as provided in Table 1, Attachment I, of IRS Notice 89 70, and as adjusted from time to time in accordance with changes in the Social Security wage base.

Compensation Considered	For any calendar year after 1989, the total remuneration paid for personal services, as reported on Form W-2, but including any elective contributions that are not includable in gross income under Code section 401(k). For any calendar year before 1990, 12 times the monthly equivalent of the basic rate of compensation, including all forms of bonuses and commissions, received in that calendar year. The plan did not adopt EGTRRA and the compensation limit was frozen at $170,000. With the plan freeze at December 31, 2002, no compensation after 2002 will be considered.
Average Compensation	The average of the participant's annual compensation for the five consecutive calendar years during which the participant earned any credited service which produces the highest average.
Employer Contributions	Such amounts at such times as determined by the firm in accordance with a funding method and policy established by the firm.
Employee Contributions	Participant contributions are neither required nor allowed.
Accrued Benefit	An employee's "accrued benefit" as of any date is the monthly amount payable as a single-life annuity equal to (a) plus (b) minus (c): (a) 1% of the participant's average compensation times credited service. (b) 0.5% of the participant's average compensation in excess of covered compensation, times credited service to a maximum of 35 years. (c) The participant's deferred monthly benefit purchased or distributed under the Prior Plan, if any; and that provided under the plan of a foreign subsidiary or affiliate, if based on employment included in credited service under this plan.

Normal Retirement Pension

Normal retirement on or after normal retirement age, which is the later of age 65 or the date five years after the first day of the plan year in which the employee becomes a participant. The monthly pension is equal to the participant's accrued benefit payable on his normal retirement date, which is the first day of the month after the participant has attained his normal retirement age.

Early Retirement Pension

Early retirement on or after attainment of age 55 and completion of 10 or more years of credited service. If payments begin before normal retirement date, the amount is reduced according to the following factors:

Age	Early Retirement Factor
65	100%
64	100%
63	100%
62	100%
61	93.33%
60	86.67%
59	79.35%
58	72.71%
57	66.67%
56	61.18%
55	56.19%

Disability Retirement Pension

A participant who terminates employment due to a qualifying disability after completion of 10 or more years of service.

The monthly pension is equal to $20 times the participant's credited service. Payments begin after a six-month waiting period.

Deferred Vested Benefit

Termination of employment at any age, after completion of three or more years of service. Payments beginning on the earlier of the participant's normal retirement date, or, if eligible, unreduced early retirement date. The monthly pension is equal to the participant's accrued benefit, multiplied by the vesting percentage as shown below:

Participants whose accrued benefit is less than $60,000 may commence immediately regardless of age or service.

Years of Service	Vesting Percentage
7 or more	100%
6	80%
5	60%
4	40%
3	20%
Less than 3	0%

Death Benefit

If a participant's death occurs prior to retirement and if the participant's vesting percentage is greater than zero, the surviving spouse will receive a pension equal to the amount that would have been payable to the spouse if the participant had retired on the later of death and earliest retirement date, and then commenced to receive a 50% joint and survivor pension.

Unless the surviving spouse elects a later date, payments to the surviving spouse will begin on the later of the first day of the month on or following the participant's death, and what would have been the participant's earliest retirement date.

Automatic Forms of Payment

A married participant will receive his benefit in the form of a 50% joint and survivor pension unless he elects otherwise in writing. A single participant will receive his benefit in the form of a life only pension unless he elects otherwise.

Optional Forms of Payment

In lieu of the pension otherwise payable, a participant may elect to receive a reduced pension in the form of a 50%, 66⅔%, or 100% joint and survivor annuity, or a 10-year certain and life pension.

Lump Sum Option

Participants whose present value of accrued benefit is less than $5,000 may elect a one-time lump sum payment. Effective July 30, 2018, Participants whose present value of accrued benefit is less than $60,000 may also elect a one-time lump sum payment. Lump sum payments for participants whose present value of accrued benefit is less than $1,000 is automatic

Significant Events	The Catalent Pension Plan (former R.P. Scherer Corporation Employees' Retirement Income Plan) was spun off from the Cardinal Health Acquired Pensions Plan in conjunction with the April 10, 2007 divestiture.

Plan Changes Since the Prior Year

The funding valuation does not reflect any plan changes since prior valuation.

Other Information to Fully and Fairly Disclose the Actuarial Position of the Plan

Due to software limitations with the electronic filing process, information filed electronically cannot be controlled by the Enrolled Actuary. The values on the signed Schedule SB will govern to the extent there are any differences in the entries filed electronically and the actual data contained on the signed Schedule SB.

Under the American Rescue Plan Act of 2021 (ARPA), the stabilized interest rates for certain purposes will be adjusted once the ARPA stabilization is applied. By default, this stabilization would have applied starting with the 2020 plan year.

On September 28, 2021, Catalent Pharma Solutions, Inc. made an explicit election to apply the interest rate stabilization and extended shortfall amortization period under ARPA (for any purposes) to the Catalent Pharma Solutions, LLC Pension Plan for the 2021 plan year. Therefore, this Schedule SB reflects stabilized 2021 minimum funding interest rates with regard to ARPA.

Schedule SB, line 24—Change in Actuarial Assumptions

The funding valuation reflects the following non-prescribed assumption change:

- A change in the expected rate of return from 5.15% to 4.05%. This change was made to reflect the anticipated plan experience.

This change did not reduce the funding shortfall by more than the thresholds stated in Internal Revenue Code Section 430(h)(5); as such, approval of the Commissioner is not required.
