INDEPENDENT AUDITOR'S REPORT

To the Trustees, Plan Administrator, and Participants of
Professional Packaging Systems, LLC 401(k) Profit Sharing Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Professional Packaging Systems, LLC 401(k) Profit Sharing Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section –

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Professional Packaging Systems, LLC 401(k) Profit Sharing Plan and Trust and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Professional Packaging Systems, LLC 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Professional Packaging Systems, LLC 401(k) Profit Sharing Plan and Trust's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Professional Packaging Systems, LLC 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Professional Packaging Systems, LLC 401(k) Profit Sharing Plan and Trust. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 15, 2021, we indicated that *(a)* because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and *(b)* the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. DESCRIPTION OF THE PLAN

The following description provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Professional Packaging Systems, LLC (the "Company") January 1, 1995, under the provision of Section 401(a) of the Internal Revenue Code ("IRC"), which includes a qualified cash or deferred arrangement as described in section 401(k) of the IRC, for the benefit of eligible employees of the Company. The Plan is subject to the provisions of Employment Retirement Income Security Act of 1974 ("ERISA").

Plan Administration

Great-West Life & Annuity Insurance Company and Great-West Trust Company, L.L.C. (together "Great-West") is the custodian of the Plan's investment assets. Great-West holds the Plan's investments and executes investment transactions at the direction of plan participants, receives contributions, interest and dividend income, pays administrative expenses, and makes distributions to participants. Great-West Life & Annuity Insurance Company, conducted under Empower Retirement ("Empower"), is the recordkeeper and maintains participant account information. The Plan also uses the services of a third-party administrator, Definiti, LLC (the "TPA") to perform annual compliance testing, prepare the Plan's Form 5500, and assist the plan administrator in day-to-day activities of the Plan. The plan administrator is an employee appointed by the Company. Two officers of the Company serve as trustees of the Plan. The trustees have the authority to execute contracts, deeds, or other instruments, and to exercise the powers and duties set forth in the Trust Agreement. For investment advisory services, the Plan consults with Commonwealth Equity Services, LLC.

Eligibility

Employees of the Company become eligible to participate in the Plan upon completing six full consecutive calendar months of employment and attaining 21 years of age. Eligible employees may commence contributing to the Plan on the entry date concurrent with or next following the satisfaction of eligibility requirements. Effective January 1, 2021, Plan entry dates are January 1, April 1, July 1, and October 1. The Plan excludes collectively bargained employees and employees who are nonresident aliens who receive no compensation from the Company which constitutes U.S. source income.

Contributions

Each year, participants may contribute up to the maximum annual limits established by the Internal Revenue Code (the "Code"). Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Roth deferrals are not permitted under the Plan. For the year ended December 31, 2021, the maximum deferral limit is $19,500 and the catch-up limit is $6,500. Participants may also contribute amounts representing distributions from other qualified plans, as defined.

The Company may contribute to the Plan, on behalf of each eligible participant, a discretionary matching contribution. For the year ended December 31, 2021, the Company elected to make a discretionary matching contribution of 50% or 100% of an employee's contributions limited to $3,000 or $4,500, depending on the employee's group.

Contributions are based on compensation as defined by the Plan. Effective October 7, 2021, the definition of compensation was amended to exclude amounts received as Christmas bonuses.

Investment Options

Participants direct the investment of their contributions into various pooled separate account investment options offered by the Plan through Great-West.

Participant Accounts

Each participant's account is credited with (a) the participant's contributions and rollovers, if any, (b) allocations of the Company's discretionary contribution, if any, and (c) Plan earnings (losses). Transaction fees, such as those related to loans and distributions, are paid from the account of the participant who made the transaction. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their salary deferrals and rollover contributions, if any, plus actual earnings thereon. Vesting in the Company contributions portion of a participant's account is based on years of continuous service as follows:

Company Contribution Vesting Schedule

Years of Service	Vesting Percent
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

However, a participant's vesting percentage increases to 100% if, while employed with the Company, the participant dies or becomes disabled.

Forfeited Accounts

The Plan provides that non-vested portions of the Company contributions be forfeited by terminated participants and used to pay administrative expenses of the Plan or to reduce future Company contributions. Forfeited amounts available to be offset against Plan expenses or future Company contributions are $973 and $708 at December 31, 2021 and 2020, respectively. For the year ended December 31, 2021, $7,557 of forfeited accounts were used to reduce Company contributions.

Recent Legislative Changes to Plan Provisions

In March 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"). The Plan implemented the participant loan and distribution relief provisions of the CARES Act effective March 27, 2020 in accordance with various dates prescribed by the law. The CARES Act provisions allowed increased participant loan limits, extension of certain loan repayments, coronavirus-related distributions, repayment of coronavirus-related distributions, and waiver of required minimum distributions.

In 2020, the provider of the volume submitter plan document adopted by the Plan adopted on behalf of all adopting employers a good faith amendment to implement hardship distribution provisions of the Bipartisan Budget Act of 2018 and the Setting Every Community Up for Retirement Enhancement Act effective for plan years beginning after December 31, 2018. These changes relaxed some of the previous hardship distribution rules.

Notes Receivable From Participants

Prior to March 2020, participants were allowed to borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The term of the note could not exceed five years, except in the case of a loan used to acquire a participant's principal residence, for which the term could not exceed 30 years. During 2020, participant loans were administered by the Plan under the provisions of the CARES Act.

The notes are secured by the balance in the participant's account and bear interest at the prime rate plus one percent. Notes receivable from participants, as of December 31, 2021 and 2020, bear interest rates of 4.25% to 6.50%. Maturities at December 31, 2021, are May 2022 through December 2026, and maturities at December 31, 2020, are January 2021 through May 2025. Principal and interest are paid ratably through monthly payroll deductions.

Benefit Payments

The normal retirement age is 65, as defined by the Plan. On termination of service due to death, disability, or termination of employment, participants may receive their distribution as a lump-sum payment or elect to transfer their account balance into an individual retirement account or another qualified plan. Participants who have attained the age of 55 may take an in-service withdrawal of vested employer contributions, and after attaining the age of 59-1/2 may take an in-service withdrawal of deferral contributions. In the event of hardship due to an immediate and heavy financial need, as defined by the Plan and as modified by recent legislation, a participant may request a hardship withdrawal from deferral and employer contribution accounts. During 2020, distributions under the provisions of the CARES Act were made available through the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies employed in the preparation of the accompanying financial statements are as follows:

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for the fully benefit responsive group annuity contract, which is stated at contract value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability (i.e., the exit price) in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value and contract value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The Plan presents, in the statement of changes in net assets available for benefits, the new appreciation (depreciation) in fair value of its investments which consists of realized gains or losses on investments bought and sold during the year and unrealized appreciation or depreciation on those investments held at year end.

Payment of Benefits

Benefit distributions are recorded when paid. At December 31, 2021, there were no benefits approved for payment but not paid.

Excess Contributions

For the years ended December 31, 2021 and 2020, amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") totaled $27,256 and $55,593, respectively, and were recorded as a liability with a corresponding reduction to contributions. The Plan distributed these excess contributions to the applicable participants prior to March 15, 2022 and 2021, respectively.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2021 and 2020, no allowance for credit losses has been recorded.

Administrative Expenses of the Plan

The Company pays certain expenses of maintaining the Plan, which are excluded from these financial statements. Asset-based administrative fees are allocated against participant accounts, and participants pay loan and withdrawal fees.

Recently Issued Accounting Pronouncements

Adopted in 2020

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update No. 2018-13, "Fair Value Measurement (Topic 820): Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement" ("ASU 2018-13"). ASU 2018-13 modifies the disclosure requirements on fair value measurements including the consideration of costs and benefits. The main provisions remove disclosure requirements including (1) The amount of and reason for transfers between Level 1 and Level 2 of the fair value hierarchy, (2) The policy for timing of transfers between Levels, (3) The valuation process for Level 3 fair value measurements, and (4) For non-public entities, the changes in unrealized gains and losses for the period included in earnings for recurring Level 3 fair value measurements held at the end of the reporting period. Modifications include (1) In lieu of a rollforward for Level 3 fair value measurements, a non-public entity is required to disclose the transfers into and out of Level 3 of the fair value hierarchy and purchases and issues of Level 3 assets and liabilities, (2) For investments in certain entities that calculate net asset value, an entity is required to disclose the timing of liquidation of an investee's assets and the date when restrictions from redemption might lapse only if the investee has communicated the timing to the entity or announced the timing publicly, and (3) The amendments clarify that the measurement uncertainty disclosure is to communicate information about the uncertainty in measurement as of the reporting date. No additional disclosures to Topic 820 are required for non-public entities. The amendments in this update were adopted by the Plan effective January 1, 2020, and had no effect on its financial statements.

Not Yet Adopted

Other recently issued accounting standards that have been issued or proposed by the FASB or other standards-setting bodies are not expected to have a material impact on the Plan's financial position or results of activity.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted, quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB Accounting Standards Codification ("ASC") 820 are described as follows:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

a. quoted prices for similar assets or liabilities in active markets;
b. quoted prices for identical or similar assets or liabilities in inactive markets;
c. inputs other than quoted prices that are observable for the asset or liability;
d. inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is the description of the valuation methodologies used for the Plan's assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Pooled Separate Accounts: Valued at the net asset value ("NAV") or equivalent based on units of the pooled separate accounts. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is generally based on the fair value of the underlying investments held by the pooled separate account less its liabilities. This practical expedient is not used when it is determined to be probable that the pooled separate account will sell the investment for an amount different than the reported NAV.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets as of	**December 31, 2021**	December 31, 2020
Investments measured at net asset value*	**$ 7,074,863**	$ 6,085,463
Total Investments at fair value	**$ 7,074,863**	$ 6,085,463

* In accordance with FASB ASC 820-10, pooled separate account investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2021 and 2020, respectively. There are no redemption restrictions for these investments.

December 31, 2021	**Fair Value**	**Unfunded Commitments**	**Redemption Frequency (if Currently Eligible)**	**Redemption Notice Period**
Pooled Separate Accounts	**$ 7,074,863**	n/a	Immediate	None

December 31, 2020	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Pooled Separate Accounts	$ 6,085,463	n/a	Immediate	None

4. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan has a fully benefit responsive group annuity contract with Great-West Life & Annuity Insurance Company, valued at $426,915 at December 31, 2021 and $376,575 at December 31, 2020. The insurance company maintains the contributions in a general account, which is credited with earnings and charged for participant withdrawals and administrative expenses.

Since the group annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. The group annuity contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the Plan's ability to transact at contract value with the insurance company. Such events include the following: (1) premature termination of the contracts by the Plan, (2) plant closings, (3) layoffs, (4) Plan termination, (5) bankruptcy, (6) and early retirement incentives. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. The insurance company may not terminate the contract at any amount less than the contract value.

The insurance company is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the insurance company. Such interest rates are reviewed on a quarterly basis for resetting. The crediting rate of the product will be established based on the earnings of the underlying assets in the entire medium-long term portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The average yield earned by the Plan for the group annuity contract is derived by averaging the quarterly gross interest rates for the fund over the year. The average for 2021 and 2020 is 1.20%. The actual average yield earned by the Plan for the group annuity contract is derived by averaging the Plan's quarterly interest rates. That average is 1.20% for 2021 and 2020.

5. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The Plan investment offerings are various pooled separate accounts which invest in equity, fixed income, and target date funds and a fully benefit–responsive investment account. The objective of those investment vehicles invested in equity investments is to approximate the risk and return characterized by various indexes; to seek long term capital appreciation; provide diversified exposure representative of various segments of the U.S. or foreign equity market; and/or to seek income. The objectives of the investment vehicles invested in fixed income is to provide investment results that approximate the overall performance of certain bond indices and/or to provide a predictable rate of return while preserving the safety of capital and minimizing market risk. The objective of the investment vehicles invested in target date funds is to provide various levels of asset allocations which become more conservative over time so participants can hold the same fund before and after selected retirement dates. These investment vehicles are generally redeemable at net asset value under agreements with the underlying investment vehicles. However, it is possible that these redemption rights may be restricted by these investment vehicles in the future in accordance with underlying agreements.

Due to the nature of the investments held by the investment vehicles, changes in market conditions and the economic environment may significantly impact the net asset value of the investment vehicles, and consequently, the fair value of the Plan's interest in the investment vehicles. Furthermore, changes in the liquidity provisions of the funds may significantly impact the fair value of the Plan's interest in the investment vehicles.

During 2020, the spread of the COVID-19 coronavirus became a global pandemic, creating disruptions to business operations and economic uncertainties in most industries. The financial impact of the pandemic on the Plan will be dependent on the duration of the disease, related operational restrictions on the Company, and the overall economy, which, in the opinion of management, cannot be reasonably estimated at this time.

6. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the following data included in the accompanying financial statements and supplemental schedule was obtained or derived from information supplied to the plan administrator and was certified as complete and accurate by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, the custodian of the Plan.

	2021	2020
Investments at fair value	**$ 7,074,863**	**$ 6,085,463**
Investments at contract value	**426,915**	**376,575**
Notes receivable from participants	**148,243**	**113,148**
Net appreciation in fair value of investments	**752,347**	
Interest on investments	**3,687**	
Participant loan interest	**6,680**	

7. RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Plan investments are offered and managed by Great-West Life & Annuity Insurance Company. Great-West Trust Company, LLC, an affiliate of Great-West Life & Annuity Insurance Company, is the custodian as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions that are exempt under ERISA. During 2021, fees paid by the Plan for the investment management services are included in net appreciation in fair value of investments.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their discretionary employer contribution accounts.

9. TAX STATUS

Effective January 1, 2021, the Plan was amended and restated with the adoption of the Definiti LLC Pre-Approved Defined Contribution Plan. The "Cycle 3" restatement is an amendment and restatement to bring the Plan into compliance with the legislative and regulatory changes set forth in IRS Notice 2017-37 (i.e., the six-year pre-approved plan restatement cycle). Definiti LLC received a favorable opinion letter dated June 30, 2020 from the IRS stating that the form of the plan is acceptable under the Internal Revenue Code Section 401. No Plan provisions were modified as a result of the Cycle 3 restatement. The Plan Administrator believes the Plan, as adopted and amended, is designed and is being operated in compliance with the applicable provisions of the Code, and therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions. However, there are currently no audits for any tax periods in progress.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2021 and 2020, to net assets per Schedule H of Form 5500:

Net assets per Schedule H of Form 5500	**$ 7,650,021**	$ 6,575,186

The following is a reconciliation of the increase in net assets available for benefits per the financial statements for the year ended December 31, 2021, to net income per Schedule H of Form 5500:

		2021
Increase in net assets available for benefits per the financial statements		**$ 1,103,172**
Less:	Excess contributions paid out in 2021, recorded as a reduction of participant contributions in 2020	**(55,593)**
Add:	Excess contributions paid out in 2022, recorded as a reduction of participant contributions in 2021	**27,256**
Net income per Schedule H of Form 5500		**$ 1,074,835**

11. SUBSEQUENT EVENTS

The Plan Administrator has evaluated events and transactions occurring after December 31, 2021, the statement of net assets available for benefits date, through October 17, 2022, the date the financial statements were available to be issued.

Section 112 of the Setting Every Community Up for Retirement Enhancement ("SECURE") Act became effective January 1, 2021. Under this provision, certain part-time employees may become eligible to defer earnings under a 401(k) plan beginning in 2024. The Plan will be amended for these provisions prior to the required amendment deadline in 2022.
