INDEPENDENT AUDITORS' REPORT

Administrative Board
Tuality Healthcare Performance Retirement Plan – 403(b)
Portland, Oregon

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We were engaged to perform an audit of the financial statements of the Tuality Healthcare Performance Retirement Plan – 403(b), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Tuality Healthcare Performance Retirement Plan – 403(b)'s 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Disclaimer of Opinion on the 2021 Financial Statements

We do not express an opinion on the accompanying financial statements of Tuality Healthcare Performance Retirement Plan – 403(b). Because of the significance of the matters described in the Basis for Disclaimer of Opinion for the 2021 Financial Statements section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion on the 2021 Financial Statements

Tuality Healthcare Performance Retirement Plan – 403(b) has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Further, as described in Note 10 to the financial statements, the Tuality Healthcare Performance Retirement Plan – 403(b) has excluded from investments in the accompanying statement of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor’s Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not reasonably determinable. Accounting principles generally accepted in the United States of America require that the accounts and the related income and distributions be included in the accompanying financial statements.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Tuality Healthcare Performance Retirement Plan – 403(b)’s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan’s transactions that are presented and disclosed in the financial statements are in conformity with the plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the 2021 Financial Statements

Our responsibility is to conduct an audit of Tuality Healthcare Performance Retirement Plan – 403(b)’s financial statements in accordance with auditing standards generally accepted in the United States of America

and to issue an auditors' report. However, because of the matters described in the Basis of Disclaimer of Opinion on the 2021 Financial Statements section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of Tuality Healthcare Performance Retirement Plan – 403(b), and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) for the period from January 1 to December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion for the 2021 Financial Statements section of our report, it is inappropriate to and we do not express an opinion on this supplemental schedule.

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Tuality Healthcare Performance Retirement Plan – 403(b). As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. Further, Tuality Healthcare Performance Retirement Plan – 403(b) Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employers prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Tuality Healthcare Performance Retirement Plan – 403(b) has excluded from the 2020 financial statements certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded from the 2020 financial statements. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in 2020 financial statements.

In our report dated October 14, 2021, we indicated that because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements.

TUALITY HEALTHCARE PERFORMANCE RETIREMENT PLAN - 403(b)

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2021, and 2020

NOTE 1: DESCRIPTION OF PLAN

The following description of the Tuality Healthcare Performance Retirement Plan - 403(b) (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974, (ERISA). All permissible employees of Tuality Healthcare (the Organization), as defined in accordance with the universal availability standards are eligible to enroll on the first day of the month on or after the first hour of service as an eligible employee.

Contributions:

Each year, participants may contribute either a flat dollar amount of compensation per payroll or a percentage of compensation, as defined in the Plan, not to exceed the limits set forth by the Internal Revenue Service and other limitations specified in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also transfer or rollover funds into the Plan from other qualified or 403(b) plans. The Plan provides for automatic enrollment after 90 days of employment and payroll deduction of 6% of new eligible employees' compensation. Participants direct the investment of their contributions into various investment options offered by the Plan. Each pay period, the Organization has discretion whether to make a contribution equal to a percentage of each eligible participant's elective basic contributions made for the plan year. Contributions are subject to certain limitations. An employee becomes eligible for matching contributions after completing six months of full time service as defined by the Plan document.

The Plan also includes participant's hours of service if they worked for an employer that sponsored the Tuality Healthcare Performance Retirement Plan – 401(K) (for For-Profit Employees) in determining whether they have 1,000 hours of service and also for purposes of employment on the last day of the plan year.

Effective January 1, 2021 the Plan was amended to change the eligibility date for employer matching contributions. Employer matching contributions begin on the first day, on which the employee has completed at least six months of employment and is a working full time employee.

Participant accounts:

Each participant's account is credited with the participant's contribution, allocations of the Organization's contribution, and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

TUALITY HEALTHCARE PERFORMANCE RETIREMENT PLAN - 403(b)

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

As of December 31, 2021, and 2020

NOTE 1: DESCRIPTION OF PLAN (Continued)

Vesting:

Participants are immediately vested in their contributions plus actual earnings thereon. They are also fully vested in the Organization's matching and other discretionary contribution portions of their account plus actual earnings thereon.

Notes receivable from participants:

Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 reduced by the excess, if any, of the highest outstanding balance of loans from the Plan during the one-year period ending on the day before the date on which the loan is to be made, over the outstanding balance from the Plan on the date on which such loan is made or 50% of their account balance. Notes receivable to terminated participants and notes in default are treated as distributions to the participant. The notes bear a reasonable rate of interest and must be repaid over a period not to exceed five years unless used to purchase the participant's primary residence. The loans are secured by the balance in the participant's account and bear interest rates ranging from 3.25% to 5.50%. Principal and interest are paid ratably through bi-weekly payroll deductions.

The Plan allows terminated participants to make loan repayments.

Payment of benefits:

Following termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum payment or applied to the purchase of an annuity contract. For termination of service for other reasons, a participant may receive the value of the vested interest in their account as a lump-sum payment, or periodic installments, if so qualified. Amounts allocated to accounts of persons who, at the financial statement date, have elected to withdraw from the Plan but have not been paid totaled \$0 and \$0 as of December 31, 2021 and 2020, respectively.

Forfeited accounts:

As of December 31, 2021, and 2020, forfeited non-vested accounts totaled \$68,918 and \$1,651, respectively. These accounts will be used to pay future administrative costs or reduce future matching contributions.

TUALITY HEALTHCARE PERFORMANCE RETIREMENT PLAN - 403(b)

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

As of December 31, 2021, and 2020

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of management's review:

The Plan has evaluated subsequent events through October 14, 2022, the date the financial statements were available to be issued.

Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles, in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Basis of accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting, except for distributions paid to participants which are prepared on the cash basis of accounting.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2021, and 2020, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Investment valuation and income recognition:

The Plan's investments in shares of registered investment companies are stated at fair value as determined by quoted market prices, which represent the net asset value of shares held by the Plan at year-end.

The Plan also offers investments in guaranteed investment accounts (GIA) with New York Life. New York Life maintains the contributions in a general account which invests primarily in annuity and investment contracts issued by life insurance companies, banks, and other financial institutions. As such, they are subject to the risk that the institution will fail to meet its commitments. The minimum guaranteed rate of interest for the GIA contract is subject to change every six months, but will always fall within a range between 1% and 3%. These investments are reported at fair value, as determined by New York Life.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments sold as well as held during the year.

TUALITY HEALTHCARE PERFORMANCE RETIREMENT PLAN - 403(b)

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

As of December 31, 2021, and 2020

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payment of benefits:

Benefits are recorded when paid.

Administrative expenses:

Fees incurred for administrative services are paid by the Plan via a revenue-sharing arrangement in which the trustee receives compensation from the funds in which the Plan is invested. This compensation is credited to participant accounts as "Plan Service Credits". The trustee services agreement charges the Plan an annual fee based on the number of participant accounts. To the extent that the fees exceed the amount in the Plan service credits, the plan sponsor authorizes the trustee to deduct the remaining fees from participants' accounts.

NOTE 3: FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted market prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets in inactive markets, or other observable market data, and Level 3 inputs are only used when Level 1 or Level 2 inputs are not available. The Plan did not have any investments measured by Level 3 inputs for the plan years ended December 31, 2021 and 2020.

NOTE 3: FAIR VALUE MEASUREMENTS (Continued)

Level 1 Fair Value Measurements:

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year end.

Level 2 Fair Value Measurements:

The reported values for the guaranteed interest accounts with an insurance company are reported daily based on the valuation method disclosed in the contract as calculated by the stable value provider. The contracts are not actively traded. However, the significant observable inputs are generally considered obtainable and observable through the review of existing contracts and readily available financial information on the websites of the issuing financial institution. The fair value of the guaranteed investment accounts is the amount plan participants or plan sponsors would receive currently if they were to withdraw or transfer funds within the Plan prior to their maturity.

The following tables, set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020.

Fair Value Measurements at Reporting Date Using:				
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

Changes in fair value levels:

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period.

We evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2021 and 2020, there were no significant transfers in or out of Levels 1 or 2.

NOTE 4: RELATED PARTY AND PARTY-IN- INTEREST

ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan, or an employer whose employees are covered by the Plan. Certain Plan investments are shares of mutual funds managed by State Street Bank. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions under ERISA. Fees paid by the Plan for the investment management services amounted to \$285,025 for the year ended December 31, 2021.

NOTE 5: PLAN TERMINATION

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 6: TAX STATUS

The Plan terms have been drafted in reliance on the sample language provided by the Internal Revenue Service Procedure 2007-71. The plan administrator intends to apply for a determination letter on the Plan when the government opens such a program. The Plan is required to operate in conformity with the code to maintain its tax exemption. Plan management believes the Plan is currently designed and operated in compliance with the applicable requirements of the code. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United State of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE 8: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9: SUBSEQUENT EVENTS

As a result of the spread of COVID-19 coronavirus, economic uncertainties have arisen which have resulted in significant volatility in the investment markets. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

NOTE 10: RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2021 and 2020:
