Part I	Asset and Liability Statement
---------------	--------------------------------------

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
the VT San Antonio Aerospace Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of VT San Antonio Aerospace Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) Audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of VT San Antonio Aerospace Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of VT San Antonio Aerospace Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about VT San Antonio Aerospace Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of VT San Antonio Aerospace Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about VT San Antonio Aerospace Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at Year End) and Schedule H, Line 4(a) - Schedule of Delinquent Participant Transactions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of VT San Antonio Aerospace Inc. 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 15, 2021 we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than the derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting Disclosure under ERISA.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
the VT San Antonio Aerospace Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of VT San Antonio Aerospace Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) Audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of VT San Antonio Aerospace Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of VT San Antonio Aerospace Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about VT San Antonio Aerospace Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of VT San Antonio Aerospace Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about VT San Antonio Aerospace Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at Year End) and Schedule H, Line 4(a) - Schedule of Delinquent Participant Transactions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of VT San Antonio Aerospace Inc. 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 15, 2021 we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than the derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting Disclosure under ERISA.

VT San Antonio Aerospace Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020

1. Description of Plan

The following brief description of the VT San Antonio Aerospace Inc. 401(k) Plan ("the Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for complete information.

General

The Plan is a defined contribution plan, formed on January 1, 2003, covering substantially all employees of VT San Antonio Aerospace Inc. (the "Company"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and qualifies under Section 401(a) of the Internal Revenue Code (the "IRC"). The custodian and record-keeper of the Plan is Charles Schwab Trust Bank for the years ended December 31, 2021 and 2020.

General Eligibility

Company employees hired prior to the Plan's adoption were automatically eligible to participate. All employees at least eighteen (18) years of age are eligible to participate in the Plan after completing six months of service. The employees can enroll on the first day of the month after eligibility requirements are met.

Contributions

Participants may elect to make both pre-tax and Roth salary reduction contributions, subject to an annual limit of the lesser of 100% of the eligible compensation or \$19,500 in a calendar year. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participant contributions may not exceed the limits established by the Internal Revenue Service. A participant's pre-tax and Roth deferrals will be separately accounted for, as will gains and losses attributable to each. Participants who are at least age 50 or will attain age 50 before the end of a calendar year are eligible to defer additional amounts ("catch-up contribution") to the Plan. The maximum catch-up contribution that eligible participants can make was \$6,500 in 2021. Eligible employees may also contribute amounts representing distributions from other plans and certain IRAs. Participants direct the investment of their contributions into the various investment options offered by the Plan.

The Plan also allows the Employer to make discretionary matching contributions to participants. The Company Match is equal to 25% of the first 6% of compensation that a participant contributes to the Plan. As a result, discretionary non-elective matching contributions in the amount of \$346,825 were recorded for the year ended December 31, 2021. Contributions are subject to certain statutory limitations.

VT San Antonio Aerospace Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020

1. Description of Plan (Continued)

Contributions (Continued)

The Plan provides for the employer to make a nonelective profit sharing contribution every year; however, for the year ending December 31, 2021, no profit sharing contribution was made.

Investment Options

Upon enrollment in the Plan, a participant directs both the participant and Company contributions in any or all of the investment options offered by the Plan. Participants may change their investment options at will.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. No more than one loan per participant is allowed at a time. The loans are secured by the balance in the participant's accounts and bear a reasonable rate of interest as determined by the Plan Administrator based on Prime Rate plus 1%. Principal and interest are paid ratably through payroll deductions. During 2021, forty-two (42) new loans were made totaling \$370,362, at interest rates of 4.25%. Outstanding loan principal balances amount to \$763,967 and \$748,158 as of December 31, 2021 and 2020, respectively. The total outstanding loans mature through August 2025.

Participant Accounts

Each participant's account is credited with the participant's contribution, an allocation of the Company's discretionary contribution, and attributable Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their elective deferral contributions. Vesting in the Plan sponsor's match and profit-sharing contributions plus actual earnings thereon are determined under the following schedule:

Vesting Schedule	
Profit Sharing & Employer Matching Contributions	
Years of Service	Percentage
1	0%
2	50%
3	100%

VT San Antonio Aerospace Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020

1. Description of Plan (Continued)

Payment of Benefits

Vested benefits are paid to participants upon death, disability, retirement or termination of employment by either arranging for a rollover to another plan, lump sum payment, or installments.

Upon attaining age 59 1/2 a participant employed by the Company may elect certain in-service withdrawals from their vested account balance. Such distributions are subject to certain taxes, fees, and other restrictions. For terminated participants' account balances that are less than \$5,000, the plan administrator will automatically roll the amount into an IRA. If the participant's vested portion is greater than \$5,000, the participant may elect to maintain the vested portion in the Plan.

Forfeitures

Forfeitures occur when a participant terminates employment before becoming 100% vested with respect to the employer matching and profit-sharing contributions and earnings thereon. Forfeitures from a participant's employer contributions and the earnings thereon are used to reduce future employer contributions. For the plan year ended December 31, 2021, there was no application of forfeitures to employer matching contributions.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Distribution and loan fees are charged directly to the requesting participant's account. Investment related expenses are included in net appreciation of fair value of investments. For the year ended December 31, 2021, the Plan paid \$22,203 in administrative expenses.

CARES and SECURE Acts

In January 2020, Congress passed the "Setting Every Community Up for Retirement Enhancement Act of 2019" that contained the largest package of retirement system reform in over a decade. Many of the provisions of the SECURE Act are effective on January 1, 2020 and require significant changes to plan administration and recordkeeping.

The COVID-19 outbreak in the United States has caused business disruption through mandated and voluntary closings of businesses in numerous industries. As of March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") that included numerous employee benefit plan provisions to assist plan sponsors and participants.

VT San Antonio Aerospace Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020

1. Description of Plan (Continued)

CARES and SECURE Acts (Continued)

During 2020, the Plan allowed for CARES Act distributions which allowed participants to take up to \$100,000 of distributions from their retirement account from January 1, 2020 to December 31, 2020. Qualified individuals could spread the income evenly over a three-year period for income tax purposes unless they elect otherwise. Also, the CARES Act distributions do not incur the 10% early withdrawal penalty for distributions made before age 59 ½.

The Plan also allowed CARES Act Loans, which increased the loan limits until September 22, 2020. The limits were increased to the lesser of 100% of the participant's vested account balance or \$100,000 (reduced by the highest outstanding loan balance within the past twelve months).

The CARES Act allowed for loan payment deferments in 2020. The deferment of the loan payments was effective the date the participant elected through December 31, 2020. Interest continued to accrue during the deferment period.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Management Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Payment of Benefits

Benefits are recorded when paid.

Notes to Financial Statements
December 31, 2021 and 2020

2. Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value, except for the fully benefit-responsive stable value fund, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The fair value of the above investments is disclosed further at Note 9.

Purchases and sales of securities are recorded on a trade-date basis. Interest income and dividends are recorded on the ex-dividend date on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the plan agreement. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Excess Contributions

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. There were excess contributions payable of \$2,056 and \$13,975 for the years ended December 31, 2021 and 2020, respectively.

3. Information Prepared and Certified by Custodian (Unaudited)

The following information included in the accompanying financial statements and Schedule H, Line 4(i) – Schedule of Assets Held at Year End was obtained from data that has been prepared and certified to as complete and accurate by the custodian of the Plan in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations and Disclosure under the Employee Retirement Income Security Act of 1974:

3. Information Prepared and Certified by Custodian (Unaudited) (Continued)

December 31	2021	2020
Cash, noninterest-bearing	\$ 12,982	\$ 21,339
Investments (at fair value)	19,835,081	17,865,183
Investments (at contract value)	3,630,561	3,115,871
Total investments	<u>\$ 23,478,624</u>	<u>\$ 21,002,393</u>

Investment information is included in the Schedule H, Line 4(i)) – Schedule of Assets (Held at End of Year) – December 31, 2021. In addition, the custodian also certified the investment income totaling \$3,061,139 for the year ended December 31, 2021.

The Plan's independent auditors did not perform any auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Income Tax Status

The IRS has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. Tax years that remain subject to examination are 2018 and forward.

5. Plan Termination

Although as of December 31, 2021 the Company had not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their accounts and distributions will be made as soon as administratively practicable after the Plan terminates.

6. Related-Party Transactions

Related parties and parties-in-interest include the Plan Sponsor, employees of the Plan Sponsor who are owners, directors, executives or members of the investment committee, the third-party administrator and custodian, the investment advisor and the auditor. All Plan investments are managed by the Custodian and, therefore, qualify as party-in-interest transactions. During 2021, employees, including one or more of the related parties and parties-in-interest mentioned above, contributed to the plan and received an employer match. As of December 31, 2021, no amounts were owed to related parties and parties-in-interest. None of the transactions mentioned above were prohibited transactions

7. Risk and Uncertainties

The Plan invests in various investment securities. Financial instruments which potentially subject the Plan to concentrations of credit risk consist primarily of securities in which the Plan invests. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the near-term could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

8. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying Statements of Net Assets Available for Plan Benefits, except for the stable value fund which is recorded at contract value. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Notes to Financial Statements
December 31, 2021 and 2020

8. Fair Value Measurements (Continued)

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds, including money market funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily market value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021:

	Assets measured at fair value	Fair value hierarchy level		
		Level 1	Level 2	Level 3
Money market funds	\$ 14,760	\$ 14,760	\$ -	\$ -
Mutual funds	19,820,321	19,820,321	-	-
Total assets at fair value	\$ 19,835,081	\$ 19,835,081	\$ -	\$ -

8. Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020:

	Assets measured at fair value	Fair value hierarchy level		
		Level 1	Level 2	Level 3
Money market funds	\$ 10,526	\$ 10,526	\$ -	\$ -
Mutual funds	17,854,657	17,854,657	-	-
Total assets at fair value	\$ 17,865,183	\$ 17,865,183	\$ -	\$ -

*Investments that are measured at contract value have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented on the Statements of Net Assets Available for Benefits.

9. Guaranteed Investment Contract with Insurance Company

The Plan has entered into a fully benefit-responsive guaranteed investment contract with Lincoln Financial Group Trust Company ("Lincoln Financial"). The stable value account investment option is provided through a group annuity contract or group funding agreement. Under the terms of the group annuity contract or group funding agreement, a crediting rate is established for amounts invested in the fixed account. Participants may direct permitted withdrawal and/or transfer transactions of all or a portion of their account balance at contract value. Contract value represents contributions plus credited interest less participant withdrawals and fees. Contract value is also often referred to as "book value." Lincoln Financial considered this investment option to be fully benefit-responsive notwithstanding the liquidation value events under the group annuity contract or group funding agreement that limit the ability of the plan to transact at contract value.

The product described above is a group annuity contract/group funding agreement. The product does not operate like a mutual fund or bank collective trust fund. Information provided is based on Lincoln Financial's interpretation of certain requirements as applicable to group annuity products.

The Plan's asset is not the underlying assets in the Guaranteed Fund, but rather, the contract. Therefore, the Plan does not own such underlying assets, but rather owns a series of promises or guarantees that are embedded in the contract. The account is credited with earnings on the underlying investments and charged for the participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

9. Guaranteed Investment Contract with Insurance Company (Continued)

Because the guaranteed investment contract is fully benefit-responsive, contract value is the most reasonable estimate of fair value for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is present on the face of the statement of net assets available for benefits at stable value fund. Contract value, as reported to the Plan by Lincoln Financial, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

There are no reserves against the guaranteed investment for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2021 and 2020 was \$3,630,561 and \$3,115,871, respectively. The crediting interest rate is not based directly on the actual performance of the underlying securities in the Guaranteed Fund, but rather determined in the contract. Crediting interest rates are reviewed at least annually. The underlying risk of the Guaranteed Fund is assumed by Lincoln Trust who is obligated to support the interest guarantees. The only risk passed on to the client are: (1) Lincoln Trust's discretion to set the guaranteed rate of return and (2) Enforcement of surrender charges or market value charges that may be triggered if funds are withdrawn. The contract allows for withdrawal for benefit payments under the Company's benefit plan without penalty.

10. Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits as shown in the financial statements at December 31, 2021 and 2020 to Schedule H of Form 5500:

	<u>2021</u>	<u>2020</u>
Net assets available for benefits per the financial Statements	\$ 24,311,906	\$ 21,866,299
Add: excess contributions payable	2,056	13,975
Net assets available for benefits per Schedule H to Form 5500	<u>\$ 24,313,962</u>	<u>\$ 21,880,274</u>

The following is a reconciliation of net increase in assets available for benefits per the financial statements for the year ended December 31, 2021 to Schedule H of Form 5500:

Net increase in assets available for benefits per the financial statements	\$ 2,445,607
Less: prior year excess contributions payable	(13,975)
Add: current year excess contributions payable	<u>2,056</u>
Net income per Schedule H of Form 5500	<u>\$ 2,433,688</u>

11. Delinquent Participant Contributions

During 2021, the Plan Sponsor deposited 2,402,734 of participant contributions and loan payments; however, 2,024,178 was not deposited within the time frame recommended as the earliest date that they can be reasonably segregated from the employer's general assets. The Plan Sponsor intends to reimburse the Plan for the lost earnings and related excise taxes from the Plan Sponsor's assets and not from the Plan's Assets.

12. Evaluation of Subsequent Events

The Plan evaluated all events or transactions that occurred after December 31, 2021 through October, 14, 2022, the date these financial statements were available to be issued. In 2022, there was a significant market decline due to various factors, such as COVID-19, the Russian invasion of Ukraine, inflation, and global supply chain issues. These factors can materially affect participants' accounts and investment balances.
