Report of Independent Auditors

To the Administrators and Participants of the
Moxie Software, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Moxie Software, Inc. 401(k) Plan (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C) (“ERISA Section 103(a)(3)(C) audit”). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (“investment information”) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to or audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Auditor’s Report on the 2020 Financial Statements

The 2020 financial statements of Moxie Software, Inc. 401(k) Plan were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditor not to perform, and they did not perform, any auditing procedures with respect to the information certified by a qualified institution. Their report dated July 26, 2021, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and supplemental schedules, and (b) the form and content of the information included in the financial statements and supplemental schedules other than that derived from the certified information, were presented in compliance with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

Moxie Software, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020

1. Description of Plan

The following brief description of the Moxie Software, Inc. (the “Company”) 401(k) Plan (the “Plan”) is provided for general information only. Participants should refer to the Plan document for more complete description of the Plan’s provisions.

General. The Plan is a 401(k) salary deferral and profit-sharing plan covering substantially all employees of Moxie Software, Inc. (the “Company”) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Company is the Plan’s sponsor and serves as plan administrator. Employees are eligible to participate in the Plan upon reaching age 21.

Contributions. Each year, participants may contribute pretax annual compensation, as defined by the Plan. Participant may also elect to make Roth (after-tax) contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company may make contributions to the Plan in the form of discretionary matching or profit-sharing contributions, as defined in the Plan and as approved by the Board of Directors. Participants must complete at least 1,000 hours of service during the Plan year and be employed as of the last day of the Plan year to be eligible to receive any employer-paid contribution. No discretionary matching or profit-sharing contributions were made for the year ended December 31, 2021.

All contributions are subject to certain IRS limitations.

Participant Accounts. Each participant’s account is credited with the participant’s contribution and allocations of the Company’s contributions, if any, plan earnings and administrative expenses, and forfeitures of terminated participants’ non-vested accounts. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting. Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company’s contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after four years of credited service.

Payment of Benefits. Upon termination, participants or beneficiaries may elect to leave their account balance in the Plan or received their total benefits in a lump sum amount, life annuities, or installments over a period of years equal to the value of the participant’s vested interest in their account. The Plan allows for the automatic distribution of participant vested account balances that do not exceed \$5,000. During 2020, the Plan administrator approved the optional provision under the CARES act to offer coronavirus-related distributions (“CRD”). Participants may take a CRD if they have experienced adverse financial impact due to COVID-19, up to \$100,000, or up to 100% of their account balance, whichever is less.

1. Description of Plan (continued)

Notes Receivable from Participants. Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Notes receivable are secured by the balance in the participant's account and bear interest at the available market financing rates and must be repaid to the Plan within a five-year period, unless the proceeds are used for the purchase of a principal residence, in which case the maximum repayment period may be longer. Principal and interest is paid ratably through payroll deductions.

Forfeited Accounts. Forfeited balances of terminated participants' non-vested accounts may be used to reduce plan administrative expenses and/or to reduce the Company's matching contributions but cannot be used to reduce the Company's discretionary profit-sharing contributions. As of December 31, 2021 and 2020, there were no significant forfeitures. Also, during 2021, no forfeitures were used to reduce plan administrative expenses or to reduce Company contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company and Principal Life Insurance Company (collectively "Principal"), the trustee and the custodian of the Plan, respectively, certify the fair market value of all other investments. If available, quoted market prices are used to value investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. Summary of Significant Accounting Policies (continued)

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent notes receivable are reclassified as distributions upon the occurrence of a distributable event based upon the terms of the Plan document. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent events

The Plan has evaluated subsequent events through September 28, 2022, the date the financial statements were available to be issued.

3. Information Certified by the Plan's Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown on the statements of net assets available for benefits as of December 31, 2021 and 2020;
- Net investment activity and interest on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2021;
- Investment information included in the footnotes and supplemental schedule of assets (held at end of year) as of December 31, 2021 and 2020.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing the information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	<p>Inputs to the valuation methodology include:</p> <ul style="list-style-type: none"> • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.</p>
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for the assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds – Valued at the daily closing price reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts and common/collective trust – Units held in pooled separate accounts (“PSAs”) and the common/collective trust (“CCT”) are valued using the NAV practical expedient of the PSA/CCT as reported by the account managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the individual PSA/CCT, minus its liabilities, and then divided by the number of units outstanding. The NAV practical expedient of an individual PSA/CCT is calculated based on a compilation of primarily observable market information. There are no unfunded commitments, redemption frequency restrictions, redemption notice periods, or any redemption restrictions, except restrictions may be imposed to minimize short-term trading activity.

Moxie Software, Inc. 401(k) Plan
Notes to Financial Statements

4. Fair Value Measurements (continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present, by level within the fair value hierarchy, investment assets at fair value as of December 31, 2021 and 2020. As required by ASC820, investment assets are classified in their entirety based upon the lowest level of input that is significant to the fair value measurement.

Description	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ –	\$ –	\$ –	\$ –
Total investments in fair value hierarchy	\$ –	\$ –	\$ –	\$ –
Investments measured at NAV practical expedient:				–
Investments at fair value				\$ –

Description	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 5,347,881	\$ –	\$ –	\$ 5,347,881
Total investments in fair value hierarchy	\$ 5,347,881	\$ –	\$ –	\$ 5,347,881
Investments measured at NAV practical expedient:				9,300,041
Investments at fair value				\$ 14,647,922

5. Party-in-Interest Transactions

The Plan's PSAs and CCTs are managed by entities affiliated with Principal. Any purchases and sales of these funds are open market transactions at fair market value. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. Such transactions are permitted under the provision of the Plan and are exempt from the prohibition of part-in-interest transactions under ERISA.

Certain accounting and administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. In addition, the Company pays certain outside administrative expenses of the Plan.

6. Plan Termination

At the end of 2021, the Company was acquired and the Moxie Software, Inc. 401(k) Plan was merged into the 401(k) plan offered by the acquiring entity.

7. Tax Status

The Plan document is a volume submitter defined contribution plan that received a favorable opinion letter from the Internal Revenue Service dated March 31, 2014, which stated that the Plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (“IRC”). Although the Plan has been amended since the date of the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for the years prior to 2018.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefit.

During 2020, the World Health Organization (“WHO”) announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the “COVID-19 outbreak”) and classified this as pandemic, based on the rapid increase in exposure globally. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and has greatly contributed to significant instability in financial markets. Because the value of the Plan’s individual investments have and will continue to fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and the related impact on the Plan’s liquidity cannot be determined at this time.
